Noise Basin Road. A map of the definite location of the Boise Basin railroad, noted in the "News" a couple of months ago, has been filed in the Boise land office for transmission to the secretary of the interior. The section covered by the map extends from the mouth of Moore's creek to the junction of Moore's creek and Grimes' creek, a distance of about 13 miles. This procedure is necessary in order to obtain the right of way over government land. The map was filed by N. M. Hulick, the president of the company.

CHARLES H. ROBERTS, "W J. STRICKLEY," "CHARLES BLINK."

Mothers everywhere praise One Minute Cough Cure for the sufferings it has relieved and the lives of their little ones it has saved.

The Oregon Short Line has commenced work on a spur from Woods creek through the fields to the new brick yard.

D. W. Aldridge, general western agent for the Chicago & Northwestern at Denver, is expected to arrive here tomorrow morning.

Another thirty-five miles of work on the new Southern Pacific cut-off has been let. Col. George Stone, of California, is the successful bidder.

Circulars signed by President E. T. Jory, in which he appointed H. G. Williams general manager of the Utah Fuel company to succeed W. G. Sharp.

Under the changes to be brought about by the new cut-off on the Southern Pacific Reno will be the southernmost point after Wadsworth is abandoned.

"Keep Your Eye on Us! Watch Us Grow!" is the slogan on the New Year's card received by the "News" from the headquarters of the San Pedro, Los Angeles & Salt Lake road in Los Angeles.

The "News" is in receipt of a handsome New Year's card from the freight department of the Union Pacific at Omaha. The general earmarks of the artistic hand of Alfred Darlow are apparent on the design.

Mr. Hood, the first Pullman car to be turned out of the Denver shops, was completed last week. It took two and a half months to build it and it is said to be equal to any of those turned out in Illinois. The California, of the same pattern, will be ready in a few days.

Joseph Blahon not only succeeds Darlow Miller as chief of the traffic department of the Great Northern railway, but also has been elected president of the Northern Steamship company, and president of the Great Northern Express company two offices which Mr. Miller also filled.

Over \$200,000,000 represents the orders for new equipment given by the railroads of the United States in 1919. This means that 105,000 cars and 4,300 locomotives will be under construction, increasing the carrying capacity of American railroads by 5,000,000 pounds.

The Railway Age gives the figures of the equipment ordered by the San Pedro, Los Angeles & Salt Lake during the past year as 125 flats of 30,000 pounds capacity, of the American Car and Foundry company; 150 flats and 100 box, of 30,000 pounds capacity, of the Pullman company; 50 H. & M. ballast cars, of the Pullman company; 2 combination, 4 coaches, 3 chair, 3 parlor, all of Pullman company, 1 four-passenger car. The locomotives ordered were 3 simple eight-wheeler, 5 two-wheelers, of the American Locomotive company.

Lewis Cokerham, Goshen, Ind.: "Do Witt's Little Early Risers never build a man's vitality and give him the work thoroughly and make me feel like a boy." Certainly, through, gentle, Godbe-Pitts Drug Co., corner First South and Main streets.

W. G. SHARP GOES EAST. Is Presented With Gold Watch and Chain by Employes of Company.

W. G. Sharp, who until the first of the year was general manager of the Pleasant Valley Coal company, leaves for New York tonight, where he will enter upon his duties with the Fairmont coal company.

Down at Castle Gate on Saturday night the employes of the four coal camps owned by the Utah Fuel company gathered to spend the departing general manager on his way and to express the regret they felt that he was leaving them. There were twenty-five to thirty men, including superintendents, officials and miners, from each camp.

The banquet was held in Castle Hall, the opera house and lodge rooms of the local Knights of Pythias. The hall was tastefully decorated for the occasion with evergreens and flowers.

The guest of honor was met at the depot and escorted to the hall where there was an impromptu reception held until 8:30 when the invited guests adjourned to the hall below and proceeded to take their seats at the tables which were set for 200 banquets.

Hon. Joseph R. Sharp, superintendent of the Pleasant Valley mines was toastmaster, while Mr. Williams acted in the capacity of master of ceremonies. During the evening Mark M. Braffett, counsel for the coal company made the complimentary speech and later handed to Mr. Sharp a gold watch and chain. Mr. Sharp also was the recipient of a similar gift from the employes. Needless to say Mr. Sharp responded in his usual gracious manner.

Then followed a number of speeches from officials and miners, all of whom paid the highest tribute to Mr. Sharp's qualities and at the same time expressed their regret that he was leaving them. It was long after midnight when the happy gathering finally broke up.

It is understood that Mr. Sharp's salary in his new position will be \$30,000 a year.

POCATELLO ITEMS. Smokeless Caloric Installed on Short Line Engine No. 582.

Special Correspondence. Pocatello, Jan. 5.—Mr. and Mrs. W. H. Remington and daughter Bessie are back in Pocatello. Mr. Remington is the patentee of a smokeless caloric, the name of a device for using coal dust so fine as to pass through a 30 screen wire mesh. Engine 582 has been supplied with their device and a load of coal dust, and on her trial trip yesterday between here and Ross Fork she maintained a continuous steam pressure of 160 pounds.

Wm. Cochrane, of this city has been granted a patent on an automatic screen door fastener.

Frank J. Hatch, formerly with the O. S. L., has been promoted to chief dispatcher of the Cripple Creek Short Line in Colorado. And Chas. King, formerly chief dispatcher here, is now train master of the same road. News from Diamondville, says Bert Pinney is shortly to accept a position as chief clerk in Superintendent Clark's office at Cheyenne.
