

LOOKING INTO NEW SURVEYS.

J. B. Berry, Consulting Engineer For Short Line, Arrives in City.

HE CAME IN LAST NIGHT.

Going Over Joint Survey Matters, Also Looking Into Data Pertaining To Proposed Cut-off.

J. B. Berry, chief engineer for the Union Pacific and consulting engineer for the Oregon Short Line, arrived in this city in special car No. 3 last night, and as the car was returned today it is evident that he contemplates staying in Salt Lake for some days.

The object of his visit is said to go thoroughly into the joint survey matters pertaining to the locations below Caliente and through to Los Angeles with Resident Engineer Ashton of the Oregon Short Line. Mr. Berry also while here will look exhaustively into the data pertaining to the proposed cut-offs which have been occupying so much space in the papers during the last few days.

Regarding these matters, however, the expert engineer is not talking for publication.

\$30,000,000 IN BOND.

Atchison, Topeka and Santa Fe 12 Year 4 Per Cent Debentures.

New York, Jan. 11.—An issue by the Atchison, Topeka & Santa Fe Railway of \$30,000,000 serial debentures, bearing interest at 4 per cent and running 12 years, will be announced possibly next week, according to a statement published by the Herald.

The issue is for the purpose of reimbursing the company's capital account for certain extensions and purchases, and for providing for largely increasing the line's equipment. It will be required at the rate of \$2,500,000 annually. Reports of a proposed bond issue were current in Wall Street on Friday afternoon and caused considerable speculation. It was not until after the close of the market that the exact nature of the proposed transaction was learned.

The specific properties which were purchased by the Atchison some time ago, but were never taken into the system, having been carried up to the present on treasury funds, are, together with their cost:

Santa Fe, Prescott & Phoenix, \$2,823,103; Gulf, Beaumont & Kansas City, \$1,970,908; Pecos Valley and Northwestern, \$2,387,526. Total, \$6,591,542. It is stated that the serial debentures will be secured by stocks of the acquired property and also by equipment purchases and to be purchased.

General mortgage bonds amounting to \$17,000,000 and adjustment bonds of \$20,000,000 provided for under the terms of the reorganization of the Atchison remain unsold and will be used for the retirement of the new issue it is presumed.

The general mortgage bonds mentioned are available to the extent of \$16,000,000 annually.

SIX HUNDRED MILES OF RAILS.

Big Order of Steel for Orient Line in Mexico.

Kansas City, Mo., Jan. 11.—A cablegram from London received from President A. E. Stilwell, of the Kansas City, Mexican and Orient railroad announced that Chief Engineer N. P. Paret, has sailed for home after having arranged for the shipment of 600 miles of rails for the Orient line in Mexico, which were bought and paid for by the Mexican subsidy. These rails were bought, delivered at Port Stillwell and Tampico, at almost \$10 per ton less than the lowest delivered price obtainable from American mills. They will come from Belgium manufacturers and the first shipment is now due at Tampico. The first shipment for Port Stillwell is now enroute.

About one-fifth of the 1,600 miles of line has been graded without the issuance as yet of bonds and, the officials say, without incurring any indebtedness other than for current expenses. They say that with rails bought and laid, the reconstruction of the line, the right of way secured for about four-fifths the distance, they still have available several million dollars of construction company capital from stock sold by Mr. Stilwell in London.

The bridging is now in for the line between Anthony, Kansas and Fair-

Scrofula

Is commonly inherited. Pale, weak, puny children are afflicted with it in nine cases out of ten.

And yet it may develop so slowly as to cause little, if any, disturbance during the whole period of childhood.

It may then produce dyspepsia, catarrh and marked tendency to consumption before manifesting itself in much cutaneous eruption or glandular swelling.

Common indications of it are: bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, wasting and general debility.

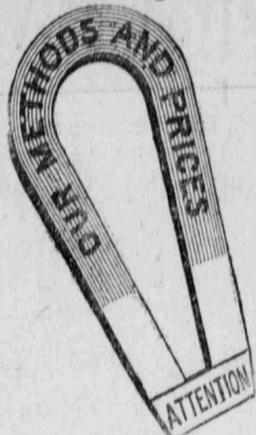

Many medicines are said to eradicate scrofula but

Hood's Sarsaparilla and Pills

Do eradicate it, positively and absolutely. This statement is based on thousands of permanent cures.

Accept no substitute.

The Drawing Power.

Excellence is the drawing power which attracts attention to our Three Crown Baking Powder. Those who use it find it the very best article on the market. It is true it is sold at a low price, but its excellence has not been affected by cutting down the price of it. It is made for high quality, as well as for real worth. If you want the best baking powder, our Three Crown brand offers you that article and at a price which means a great deal to you in the way of economy.

HEWLETT BROS. CO.

view, Oklahoma, and grading is progressing rapidly from Anthony north to Ward Harper, Kansas.

Not Yet Cleaned Up.

The wreck on the Rio Grande Western at Roy has not yet been cleaned up and trains are running on a temporary track which has been built round it. Five of the cars were burned to save the trouble of picking them up but the two engines have not yet been moved. Another engine is reported as being in the ditch at Dry Creek between Sandy and Draper.

Short Line Baggage.

A comparative statement of baggage handled at Salt Lake during 1900 and 1901 by the Oregon Short Line shows that that road has been doing a big passenger business and is continually growing in popularity with the traveling public. The increase over last year is: Received, 5,443; forward, 7,926; and total, 13,369 pieces of baggage, or an increase all along the line of fully 15 per cent.

Railroad Statistics.

The bureau of statistics figures that the railway mileage of the United States was, in 1820, 23 miles; in 1840, 2,818; in 1850, 9,021; in 1860, 30,626; in 1870, 52,922; in 1880, 93,262; in 1890, 166,654; and in 1900, 194,321; and the addition of the mileage constructed for this year, estimated by the Railway Age at 5,057 miles, brings the grand total for 1901 to 199,378 miles. It is only in more recent years that statistics of operation are available. According to the Bureau of Statistics figures, the number of passengers carried was, in 1887, 428,000,000; in 1890, 520,000,000; in 1893, 620,000,000; and in 1900, 584,000,000. The growth in the freight business is shown by the figures which state the number of tons of freight carried one mile: These figures are: for 1883, 39,000,000,000; for 1887, 61,000,000,000; for 1890, 79,000,000,000; for 1893, 88,000,000,000; and for 1900, 141,000,000,000 tons. While the length of railroads and amount of freight tonnage have been increasing, the cost of transportation has greatly decreased. The average cost of freight transportation is given by the bureau of statistics figures at 1.24 cents per ton per mile in 1882; 1.03 cents in 1887; 93-100 cents in 1890; 84-100 cents in 1895; 80-100 cents in 1897; and 75-100 cents in 1900.

Railway President Dying.

New York, Jan. 11.—John P. Pidoock, president of the Georgia Northern railroad, who underwent a surgical operation at White House, N. J., about three months ago, was very weak today and his physician said death was expected at any moment. Complications, one of which was drowsy, followed the surgical operation and hope of recovery was abandoned several weeks ago. Mr. Pidoock was married on the day the operation was performed.

Life Position for Wisker.

New York, Jan. 11.—Engineer John M. Wisker, who was arrested after Wednesday's accident in the New York Central tunnel, is reported to be in better mental and physical condition than he had been at any time since the wreck. The news that ball would be accepted and that he would probably be able to leave the Tombs today cheered him very much. C. C. Paulding of the law department of the New York Central and a nephew of Senator Dewey, called at the coroner's office and expressed his desire to go bail for Wisker. The coroner said last night that he would not accept from the New York Central. Mr. Paulding said that it was the intention of the railroad company to give Wisker a life position in the yards and that he would enter upon his new duties as soon as the coroner released him. All of the injuries were reported today to be doing as well as could be expected.

SPIKE AND RAIL.

T. M. Schumacher is still in New York.

C. E. Johnson, of the Nickle Plate at Denver, is in the city.

The name of Jersey, Colo., on the Toledo freight, has been changed to Pullman.

Local freight men say that the rate war story published yesterday by the Denver Republican is a "pipe dream."

Now the anti-pass agreement has been broken and all reports are that it is old law regarding promises and p's cruses?

The Hill-Harriman fight is growing interesting. According to reports the Hill interests are now in a position to gobble up the major portion of the Trans-Pacific freight.

The Utah Fuel company has closed a lease with the Rio Grande Western for the old paper mill site on Twelfth and Eleventh East. The premises are to be converted into a coal yard.

The New York Central will change its motive power in the Park avenue tunnel and electricity is to be substituted for steam on all local trains and soon the trunk line trains will be hauled in and out of the Grand Central depot by less dangerous methods.

E. E. Drake of the Rock Island and U. S. Devol of the Colorado Midland returned this morning from Boise. They report that all the conversation on the streets of the capital of Idaho hinges on the two words, Thunder Mountain.

The Denver Republican rate expert overlooked the fact that the Cheyenne gateway was still open to the C. B. & Q., and also that there was an open gateway at Denver. George J. Gould is not going to precipitate a rate war in the face of existing conditions, especially after recent experiences.

D. J. Lindsay of the Chicago & North-

western returned this morning from a trip to Reno, Nev. He states that everybody is talking Southern Pacific cut-offs there and that Reno is feeling in good fettle consequent to the rumor that the division headquarters and terminal shops are to be moved from Wadsworth as soon as the Brown cut-off is finished.

FRIENDS DIE SAME NIGHT.

Buried the Same Day and Remains Rest in Same Locality.

One of those strange coincidences for which there seems to be no accounting has been disclosed in the death of two lifelong friends, Mrs. Esther Wainwright Bennion and Mother Tibbitts. During the week both have been laid to rest in the city cemetery. Both were full of years and honors; both died on the same night, their spirits taking flight almost in the same hour. Their funerals were held on the same day, and they were buried close together.

An account of the funeral of Mrs. Tibbitts has already been published. The obsequies of Mrs. Bennion were held at the Taylorville ward house on Thursday morning, after friends had viewed the remains at the residence of Mr. Bennion, a son of the deceased. The services were largely attended and were presided over by the ward bishopric. The opening prayer was offered by Elder H. W. Naisbitt and the speakers were Elders Pantzer and Haigh, Apostle M. P. Cowley, who preached the funeral discourse, and President Frank Y. Taylor of the Granite Stake, Elder Joseph E. Taylor of the Salt Lake Stake presidency, and Elder H. W. Naisbitt. The benediction was pronounced by Elder John M. Cannon and the graves were dedicated by Bishop Heber Bennion.

The deceased was a woman of fine character and unbounded faith and leaves a large family and numberless friends. There are eight children, fifty grandchildren and thirty-two great-grandchildren. Mrs. Bennion crossed the ocean to this country on the first ship that ever brought a company of "Mormons" to the New World. With her husband she went to Nauvoo and with him she came to Utah in 1847, and settled in Taylorville, as named after Father Taylor, another of the late President John Taylor.

\$10.00 Hats for \$3.50.

Special Sale, Monday, Tuesday and Wednesday. Any hat in the Store regardless of cost, \$10.00 each. WOMEN'S CO-OP, 44 South Main St.

WARD ENTERTAINMENTS.

A farewell party will be given in the seventeenth ward assembly hall Monday evening, in honor of Elder Winslow F. Smith, son of Apostle John Henry Smith. The entertainment will consist entirely of dancing and as Elder Smith is one of the most popular young men of the ward it is anticipated that a large number of his friends will be present to bid him good-bye and God-speed in his mission to Germany for which he will depart in a few days.

A complimentary reunion and reception to returned missionaries, combined with a farewell reception to Elder John D. Naisbitt, who leaves Wednesday, January 15, 1902, to take a mission to the Southern States, will be held in the Twenty-second ward new annex, Monday evening January 13, commencing at 8 o'clock when the following attractive program will be rendered: Missionary hymn..... Choir invocation. Iano solo..... Mr. John Selly male quartet, "The City Choir." Messrs. E. Brain, A. Beesley, T. Doxey and James Morgan. Fancy piece..... Danby Andrews Song..... "Little Winne De Hooge Speech of Welcome..... Mr. John Kingdon Soprano solo, "He Was a Prince"..... Mrs. Claribel R. Pike Recitation..... Miss Lena Mackintosh Lute..... Mrs. Solomon and Mrs. Ella Ridges. Fancy dance..... Little Ethel and Mabel Beesley Characteristic Comedies..... Mr. Joe Scheffer Farewell remarks..... Mr. J. G. Nebeker Eulogistic solo..... Mr. Lon Haddock

\$10.00 Hats for \$3.50.

Special Sale, Monday, Tuesday and Wednesday. Any hat in the Store regardless of cost, \$10.00 each. WOMEN'S CO-OP, 44 South Main St.

PETE WANTS ANOTHER GO.

Mexican Says Burns Knocked Him Out Fairly.

Both Jimmy Burns and Mexican Pete were around as usual today and neither looked any the worse for their fight last night. Burns said he had little to say. The punches Pete gave him caused him but little trouble and he said he was confident all along that he could beat the Mexican.

Pete said he was never so surprised in his life as he was last night when he landed repeatedly on Burns' wind and kidneys and saw no effect whatever. He said that he had believed no man could stand them as long as Burns did.

"Another thing," said he, "I did not mind on that fellow's punch. I thought he could not hit but I have changed my mind. He has an awful punch and put me out fairly. I have no excuse but would like to meet him again, but under different conditions. Burns can certainly take punishment; I never saw a man who could stand so much."

SKULL WAS FRACTURED.

James Cragun of Wellsville Dies at Holy Cross Hospital.

James Cragun, of Wellsville, who was brought down from the Bear river canal a couple of days ago suffering from a fractured skull, died at the Holy Cross hospital last night. The unfortunate man came by his death from the effects of a rock falling on his head while at work on the canal. His relatives have been notified of his demise, including his brother, who was operated upon for appendicitis at the same hospital some months ago.

THEY PAY THE BILL.

Park City Men Settle for Goods at Ogden.

Ogden, Utah, Jan. 11.—W. E. Thomas and C. K. Campbell were arrested today by Officer Habertson. The men were wanted in Park City for obtaining a bill of goods amounting to \$68.35. The unsatisfactory feature about the transaction was that they overlooked the payment for the goods. The men, after being arrested, got into communication over the telephone with Sheriff Blair of Park City for obtaining the money at police headquarters here the sheriff ordered their release.

FORGOT THE PAPERS.

Deputy Sheriff Schultz of Sweetwater county, Wyoming, came to Ogden last night for the purpose of taking back to Wyoming John Rowan, who is wanted to answer to the charge of obtaining money under false pretenses. The sheriff, however, forgot to bring requisition papers with him so Rowan is a guest of sheriff Layne until the arrival of the legal requisites.

SHURTLEFF GOES FREE.

Court Considered He Had Been Sufficiently Punished.

SIMON AND GATES CONVICTED.

Mrs. Leah Champey Obtains Restoring Order Against Her Fickle Husband.

Contrary to general expectation, Frank Shurtleff, the slayer of Mrs. Jane Wilson at Holiday on June 29, last, and whom a jury on the 10th of last month found guilty of involuntary manslaughter, will suffer no penalty. So ruled Judge Stewart this morning, and, as young Frank has been out on bond all the time since his arrest, he has suffered no punishment except such remorse as may have afflicted his conscience for a rash and what is believed to have been a thoughtless, though none the less lamentable deed.

In overruling Attorneys Prick and Edwards' motion for a new trial this morning the court suspended time of passing sentence on Shurtleff. The court, in exercising this clemency, admonished the youthful law-breaker that he was only allowed his liberty under pledge of good behavior, and that should he again offend, the straight and narrow path he should pass, the balance of his minority within the confines of the state reform school.

Shurtleff's offense is also punishable by a term up to one year in the county jail, but the court could not see that any end of justice would be subserved by the infliction of a jail sentence, and believes that the stern lesson that the young man has been taught will not be effaced from his memory during his lifetime.

COURT NOTES.

The case against Frank Hale, of selling liquor without a license, was today continued for the term.

Judge Morse this morning made a setting of twenty-eight jury cases, commencing Jan. 27, and ending Feb. 13.

Judge Stewart took an adjournment this morning till next Friday. On Monday and Tuesday he will set Summit county cases at Conville.

For acting as interpreter of French to English in the trial of Edmund Tammist Attorney D. B. Richards was today allowed by the court the sum of \$3.

Sam Brookbank has been ordered to show cause why he should not pay court costs, attorney fees and temporary alimony in the divorce suit brought by his wife, Mary Brookbank.

In the cases of Sigmund Simon and Harry Gater, found guilty of breaking fish ordinances by the presence of women in saloons or wine rooms between the hours of 7 p. m. and 7 a. m., Judge Stewart today overruled the motion to dismiss the cases for lack of jurisdiction, and found the defendants guilty as charged. They were ordered to appear for sentence on Saturday, Jan. 18.

OBSCENE PICTURE EXHIBITS.

Shameful Business Indulged in by Saloonkeepers.

Yesterday afternoon the attention of the police was called to the fact that certain saloons in this city were violating the ordinances by exhibiting in slot machines pictures of an obscene and vile character.

The report came in from perfectly reliable sources and the police were apparently greatly surprised at the disclosures which were made.

Detective Sheets said he suspected that some of the saloons were engaging in that kind of practice, but he was never able to detect them in the act of exhibiting the pictures. He said he would look into the matter, however, and see that it was stopped. He accordingly made a round up of the saloons where it is known the slot machines are, and warned them to remove all indecent pictures. He also notified the dealers that if any more complaints were made he would be arrested and prosecuted to the full extent of the law.

MORGAN AND HUNTER AGAIN.

Abe Hunter and "Bill" Morgan will be tried in Judge Diehl's court Monday on the charge of petit larceny. They are accused of stealing a wash tub and board from a commercial street house. He pleaded not guilty. Morgan admitted the articles were found on his wagon, but denied stealing them.

Both men have been arrested many times before.

WESTERN LEAGUE CONTRACTS.

Attorney E. A. Silberstein yesterday drew up a contract for the Western League baseball clubs.

Contract of Western League of Professional Baseball clubs with baseball players for services. Made necessary by defects in old contract which were (1) lack of mutuality, (2) ineffectiveness of option clause and (3) difficulty in showing the special value of the player's services (necessary before the court will grant a remedy in case of "jumping" of contract) and (4) minor defects in contract enlarging players' rights.

This contract is the outcome of the suits brought last summer by the Western League against Kostal and Bradley of the Lagoon Baseball club.

It will now be almost impossible for a ball player to jump his contract without the consent of the club itself. Mr. Silberstein is the general attorney for the Western League, which position he held in Denver before coming to practice law in Salt Lake City.

Stops the Cough and works off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No cure, No pay. Price 25 cents.

LATE LOCALS.

T. P. Rigby, the mining engineer, has removed from the McCormick building to the Dooley block.

Apostles John W. Taylor and Hyrum M. Smith left today for Emery county to attend the Emery Stake conference.

Prof. Marcus E. Jones expects the lake will be lower the coming summer than it was during the summer of 1901.

The friends of Miss Emma Nielson will be gratified to learn that she is improving in health and gaining strength at Santa Catalina Island.

Presidents Joseph F. Smith, John R. Winder and Anthon H. Lund went to Provo today to attend the Utah Stake conference. They will return tomorrow evening.

Hugh Anderson has received \$3,500 from the Firemen's Fund and the Scottish Union and National insurance companies as their share in the university fire losses.

Rev. Dr. Washard will address tomorrow afternoon's men's meeting in the Y. M. C. A. rooms. Mr. T. H. Gilbert will sing, and a French horn will assist in the music.

The ladies auxiliary of the Calcedonian club will celebrate Burns' anniversary January 25th, at the Federation of Labor hall. A concert and banquet will be the entertainment for the evening.

The Liberty Park Methodist and the Phillips Congregational churches propose to continue the week of prayer meetings through another week, both churches working together.

Mrs. Robert Coleman and Miss Coleman leave for southern California tomorrow. They will be absent for about a month, and while away will visit Los Angeles, Coronado beach and other points of interest.

Mr. and Mrs. Alfalfa Young are under quarantine at their home. A child which had just recovered from scarlet fever was seized with diphtheria. Fortunately the case is not a dangerous one.

Ninety-five head of horses, bought in the north by Moncreiff Bros. for the English government, passed through this city last night, for Grand Junction, where they will be inspected ere shipment is made to the steamer.

R. D. B. Brown, a "tax ferret" from Bloomfield, la., as referred to by Hon. William Glassman, when talking on his famous "tax bill," is in this city endeavoring to introduce his system into Utah. Mr. Brown has been in Salt Lake before on a similar errand, but did not meet with marked success.

The January thaw is on. It began yesterday afternoon, when the setting sun found the unpaved streets a sea of mud, and it is muddy again today. The mild weather is encouraging local building operations, which will be rushing until the next cold snap shows up.

There is a school with sixty soldiers held for two hours every day in the Fort Douglas chapel, with Chaplain Marvin as the instructor. The government furnishes the books, and the general field of the English branches is covered as thoroughly as can well be expected with the facilities provided.

Miss May Anderson, secretary of the Primary association, was very busy today mailing copies of the new primary paper published for the benefit of the thousands of mothers who belong to the association. The office of the association is 203 Templeton building. Mention of the new publication will be found elsewhere in this issue.

M. K. Parsons returned yesterday from the north, where he has been looking after cattle interests. He says there is a prospect of a good live stock year, and that the butchers are calling for, and good beef cattle for slaughtering are bringing on the hoof 4 1/2 for steers, and 3 1/2 for cows. There is considerable activity in the slaughtering market.

It is reported from the fact that the school officers are not given that enthusiastic and energetic support that the secretary of war would like. In fact the officers much dislike to go to school; they had all they wanted of that sort of thing at West Point and at the post graduate schools at Forts Leavenworth and Riley, and Fort Monroe. All officers below the rank of major are liable to this scholastic conscription.

The funeral of the late William G. Jackson, assistant editor of the Herald, was held this afternoon at the undertaking parlors of S. D. Evans, where Dean Eddie conducted the services. There was a large attendance of newspaper men and other friends, with numerous floral tokens of esteem and regard. The embalmed remains will be shipped to Simcoe, Ont., for interment.

A resident of West First South street near the river thought he had a burglar caged in his woodshed sure this morning. So he quickly and quietly called in several of his neighbors with clubs to help him nail the prowler.

After the most elaborate preparations had been made the owner of the shed ventured to timidly open the door, when out bounded a great cat with a hideous "a-a-a." This was the burglar, and there was much merriment thereat in the ward in short order at the householder's expense.

General Manager Murray returned last evening from his northern business trip, and is busy answering several large sized hay mows of correspondence. He stated this morning that the R. M. Bell Telephone company had acquired the exchange at Billings, Mont., which has a telephone exchange of 100 lines, the understanding having been that as soon as the Rocky Mountain company's wires had reached town, the transfer should be made. The new line to Frisco, in this state, was completed today, and branch lines to various mining properties will now be constructed.

There was a street car accident on First street near A yesterday noon, which might have resulted more seriously. A delivery wagon from a First South street firm, which was going along the side of the car on the south side of the road, deliberately turned to the north side in front of the street car. The car struck the horse, laying him out hors du combat, and the collision swung the wagon around, scattering the contents of the shed in several windows. Two of the passengers did some tall dodging to escape being cut, but no one was hurt, nor was any further damage done to the car. The driver of the delivery wagon got his animal up and drove off. Superintendent of Police G. W. Evans, who is in trouble is occasioned along the lines of the road by reckless drivers of motor wagons, whose attention that should be given to where they are driving, is too often given to reading newspapers.

The six boxes in which they can neither see properly nor be seen.

PERSONALS.

Mrs. Charles H. McGurrin of Kalamazoo, Mich., is visiting in this city for several weeks with Mrs. F. E. McGurrin.

David Keith has gone to Tonopah on a mining trip. He will return may take his proposed San Francisco trip.

CHURCH NEWS.

SALT LAKE STAKE. Regular services of the Church of Jesus Christ of Latter-day Saints will be held tomorrow at 2 o'clock in the Tabernacle; Sunday schools in the various wards at 10 a. m., and meetings in the city ward assembly rooms and adjacent wards as follows:
