Business in Stocks Immense

Enormous Volume of Transactions Makes Today a Record Breaker.

Market Was Sensational

Ajax, Daly-West and Lower Mammoth Made Great Gains - The Week on the Exchange.

Today's business on the mining exchange was a fitting and proper close for a week of sensations and surprises to the mining world.

Business on the exchange during the past week has been of a booming nature. Stimulated by Daly-West, the whole list moved up in prices.

A week ago yesterday the "News" stated that a deal to effect a consolidation of the Daly-West and Quincy was on.

Notwithstanding these great gains the stocks which are known to be only prospects have moved but little, and the market has a much better tone about it which permits of the coming of a permanent advance.

Today Ajax was traded in to the extent of over 23,000 shares, and advanced to 61.

The articles of incorporation of the Charles Paraffine Oil company, capitalized at \$275,000, in 60-cent shares, have been filed.

Local Settlements. One and a half bullion settlements in this city for the week ending yesterday amounted to \$331,500.

Notices of Location. (Special to the "News.") Provo, March 29.-The following notices of mining locations have been filed with the county recorder.

Manager Ed Loose of the Grand Central was up from Provo yesterday.

The Conklin sampler reports the receipt of two cars of Ajax ore and one of Lower Mammoth.

George W. Small, the mining engineer formerly with Capt. De Lamar, has returned from an extensive tour of mining properties in Mexico.

Seven cars of concentrates from Senator Clark's Ohm Hill property are en route to the Germania smelter from the Taylor and Orbin sampler.

John A. Kirby, superintendent of the Daly-West, is in the city conferring with Manager Bamberger regarding the development of the great property.

The Savanna company operating property adjoining the Grand Gulch in northern Arizona, has a car of high grade copper ore en route to the local market.

George K. Fisher mechanical engineer in charge of the erection of the big United States company's smelter stated today that work on the plant is progressing as rapidly as can be expected.

Word has been received in this city that the Tesora mine has been practically closed down, only a few men being kept at work above the 300-foot level.

In the case of the American Mining company vs the Boston and Seven Devils company the court has ruled that the court should not quash the service of summons.

Lower Mammoth, 300 at 4.00; 500 at 4.15; 1,000 at 4.30; 1,500 at 4.45; 2,000 at 4.60; 2,500 at 4.75; 3,000 at 4.90; 3,500 at 5.05; 4,000 at 5.20; 4,500 at 5.35; 5,000 at 5.50; 5,500 at 5.65; 6,000 at 5.80; 6,500 at 5.95; 7,000 at 6.10; 7,500 at 6.25; 8,000 at 6.40; 8,500 at 6.55; 9,000 at 6.70; 9,500 at 6.85; 10,000 at 7.00.

MR. M'CORNICK ON DALY-WEST DEAL

Expresses Delight at Success of Merger Negotiations.

CAPITAL 180,000 SHARES.

Quincy Stockholders Will Receive 30,000 and Deed Property to the Daly-West Company.

Mr. W. S. McCormick is feeling in a complacent mood today as the result of the Daly-West and Quincy settlement.

He has every right to do so, for it was not till his return from San Francisco that the two differing interests were made to fuse, and order made to proceed out of chaos.

McCormick this morning, "and it has already had a good effect upon the mining industry of the state, as well as upon business generally.

People began to feel that there was absolutely no mining stock that was safe from litigation. Here was Daly-West that rose to \$45 a share.

The Laura May Gold, Silver and Copper Mining company of this city filed articles of incorporation in the county clerk's office this morning.

Concentrates. The Laura May Gold, Silver and Copper Mining company of this city filed articles of incorporation in the county clerk's office this morning.

New Oil Companies. The Gold Dividend Oil company has filed articles of incorporation with the county clerk.
