The Taylor and Brunton sampler reports the receipt of six cars of ore from Bingham, four from Frisco, and four from Tintic; also 10 cars of concentrates from Ophir canyon.

Ajax sold around 47, Daly West at 43.50 and Lower Mammoth as low as 1.50 from which it recovered to 1.55 at the close.

When seen today Mr. Knight was very joyful over having secured the shipment which was also bid for by the American Smelting & Refining company and others.

It is generally the opinion of mining men and brokers that the reason given in the special dispatches from London and New York, for the rapid decline in silver prices yesterday is not the true reason and there is consequently a great lack of confidence in the assertions that the metal will not go much if any lower.

Special dispatches from New York received in the city this morning state that silver was higher today in London and that in New York the white metal was quoted at 51.
