HEBER.

SHORT COURSE SESSION.

Geo. W. Moore Sent to Industrial School - Probate Business. Special Correspondence. Heber City, Wasatch Co., May 30.—Judge Booth came up last evening, held a night session of court, disposed of several cases, adjourned court until 10 o'clock, and returned to Provo this morning.

The following cases were disposed of in quick order: Estate of John McNeely, deceased; petition for final distribution was granted.

Estate of Henry Coe, deceased; the annual account of the administrator was approved.

The case of Bagley vs Bagley, an order was entered for the sale and distribution of the property. In this case the plaintiff, Mrs. Bagley, was granted a divorce from her husband, and the order was deferred until now, when the order was made.

Case of the state of Utah vs George W. Moore, charged with being an Industrial school for incorrigibility. His mother testified that her son was beyond her control and had formed many bad habits. She felt some good may result from the restraining influence of the state school.

SPRINGVILLE.

School Commencement - Reception and Banquet to Graduates.

Special Correspondence. Springville, Utah Co., May 28.—The graduating exercises of the eighth grade were held last night in the Latter-day Saints' meeting house. A full house greeted the graduates or "banquets," as they called themselves, when they marched in and took their places. The sight was beautiful as they stood there with their class colors, heliostopes and banners.

The program was made by Judge J. E. Booth, Hon. W. W. Roylance, Principal N. C. Nielsen, Principal S. P. Eggerston of Provo. The class was complimented highly on the presentation of the exercises. Trustee Mover presented the diplomas as signed by the school board, and advised the pupils to now enter the high school, which will commence with a two-year course next year.

Principal L. E. Eggerston, under whose charge the schools have been the past three years, was congratulated and thanked for his work. He said that the schools have made it. It is but right here state that every one in Springville is pleased and happy that Mr. Eggerston will stay with us another year. He will not only be superintendent of our schools and teacher of the high school.

ALUMNI BANQUET.

In the afternoon an alumni banquet was given in room "D" attended by the association and many guests. W. E. Eggerston, chairman and trustee, presided. He presented a most interesting response to a number of appropriate toasts. The most important business transacted was the appointment of a committee to devise methods and secure means for the erection of a memorial building or a monument in honor of Dr. Maeser. The question was brought up by Samuel A. King and found ready acceptance. The association then elected a few enthusiastic speakers the motion was unanimously carried, and the following committee was appointed for the purpose of carrying out the plan: Mr. Smoot, Jesse Knight, R. C. Mover, H. Brimhall, Provo, George Sutherland, Edward H. Snow, St. George; M. L. Shepherd, Beaver; David Evans, Hatch; John L. Taylor, City; W. Taylor, Coalville; Jos. R. Murdoch, Charleston; Charles Haag, Paris, Idaho; Mrs. A. W. McCune, Salt Lake City; Alma Greenwood, Fillmore. After the banquet the committee met and elected Joseph B. Keeler secretary and fixed Wednesday, June 18, at 10 o'clock, as the time for holding the banquet. The committee will now organize and train the preliminary business. The meeting will be held in the academy.

ALUMNI OFFICERS.

At the business meeting held in the afternoon, the following officers were elected for the ensuing year: J. D. Swenson, president; Mrs. D. Foster Crook, first vice president; Edwin H. Swenson, second vice president; Fred Glazier, treasurer; Jean Clara Holbrook, secretary; C. S. Jarvis, corresponding secretary; Nephi Packard and Alma Greenwood, executive committee.

MEMORIAL DAY.

Memorial day was observed by a large procession of citizens to the cemetery in the forenoon, under the leadership of Marshal Kellogg and aids. There the G. A. R. ritual was observed at the grave of Comrade Drake, and the graves of the departed loved ones of citizens were covered with flowers. Interesting services were held in the tabernacle in the afternoon; Mayor T. N. Taylor presiding, and a fine program was rendered.

LOGAN.

CACHE COUNTY GRADUATES. Excellent Showing Made by Schools - Funeral of N. E. Peterson. Special Correspondence. Logan, May 28.—The closing exercises of the district schools of Cache county were held in the various towns Thursday, May 23. Creditable programs were rendered, and there were many evidences of the progress that had been made.

CACHE COUNTY GRADUATES.

Following are the names of the graduates: Smithfield, J. D. Harding, principal—Marie Langton, Florence Kockley, Inez A. Wilson, Lakeland, Florence Reed, Laura Elvina Christensen, Joseph Guik, Theo. Chambers, Rebecca V. Hale, Leonard S. Miles, Joseph H. Hind, John E. Gutke, R. J. Hamner, H. A. Thomas, Nellie Smith, Joseph Noble, Annie Hillyard, Sylvester Charles Low, Charles Ora Kockley.

OUR NEIGHBORS.

DRIGGS, IDAHO. FROM TETON VALLEY. Serious Ravages of Diphtheria—Vote For School Bonds—Coal Mine. Special Correspondence. Driggs, Fremont Co., Idaho, May 27.—The Teton valley is showing up in good shape, like a green lawn everywhere. Grass was never better and the recent storms proved a great benefit, though there was some loss with the sheep run.

Sheep shearing is going on in earnest now, several different locations are running the shearing, and there is no injury to the range, they benefit the settlers by bringing in ready money. The wool clip will almost double the amount of last season.

The farmers are encouraged over the outlook for an abundant crop this season. There is more snow in the mountains than for three years. The crocks are swelling with high water and people are irrigating.

The Teton creamery building is up and partly roofed. It is built of sandstone and has a credit to the valley when finished.

VOTE FOR SCHOOL BONDS.

A meeting will be called on June 2 at 8 o'clock in the evening at the school house in this district to build a \$2,000 school house this summer. Most people are in favor of bonding. This is a large sum of money and a new school building is much needed.

RAVAGES OF DIPHTHERIA.

Teva Todd, the 12-year-old daughter of Mr. and Mrs. J. M. Todd of this place, died of heart failure Sunday evening, caused by the effects of diphtheria. There have been 12 deaths from diphtheria this spring, and it has worked a great and ugly havoc upon the people. One thing that makes it bad here is there is no doctor in the entire valley and we have no telephone connection with the outside world. There are over 500 people in the country and one would naturally suppose that a doctor could do well here. This disease was brought into the valley this spring by a team of horses that was but little sicker.

NEW COAL MINE.

The county commissioners have allowed the new coal mine which is located in the Pack Saddle creek, this valley. The mine was discovered last fall and many tons were hauled out to St. Anthony last winter. The vein is located in an excellent quality. The vein is nine feet and will be easily worked. This is the only belt of coal in this section that has proved of good quality. It is located in the valley and is worked together on the telephone question and it is likely we can talk with the outside world by next autumn.

We will have a new coal service in the future. The new contractors are putting on top rigs and excellent hoists.

Conference of the Teton Stake was held at the Teton Stake on May 27. The Apostles John W. Taylor and Hyrum M. Smith were present from Salt Lake. The conference was a most interesting one and a good feeling existed. The Pratt ward choir sang the hymn, "The new organ, which Andrew Carnegie gave them, made delightful music for the occasion.

TOURISTS-SHEETS NEUTRAL.

Milton L. Sheets and Miss Mattie Toles left today for Salt Lake to attend the Y. M. and Y. L. M. I. conference on June 12, 13, and 14. They intend getting married. The young couple have the congratulations of this community.

The Driggs town site has been replatted and a map must be set for those who buy lots. Several new buildings are going up and our junction city will show up well this season.

BOISE, IDAHO.

STATE MEDICAL LAW VALID. So Declared by the Supreme Court in Lengthy Opinion. Boise, Idaho, May 28.—The medical law of this state has been declared constitutional by the supreme court in a lengthy opinion rendered in the case of Dr. Inman of Lewiston, arrested for practicing without a license and convicted. The doctor applied to the judge of the second district court for a writ of habeas corpus and it was refused. He then applied to the supreme court and this application is disposed of in the opinion handed down today. The case is one of the most important of the last session of court. In denying the writ, the court goes at considerable length into the constitutional points raised by counsel for the petitioner. They are for the most part disposed of separately. The court holds that a legislative enactment providing for a state board of medical examiners and authorizing the governor to appoint the members thereof is not in violation of the constitution. His concurrence of the senate, does not constitute section 1, of article 3, nor section 6 of article 4 of constitution of Idaho. Says the court:

"The constitution of Idaho, supra points out the manner of filling offices whose appointment or election is not otherwise provided for by law. But in the act in question the legislature has provided for the filling of offices by the election for the appointment by the governor. The manner provided in said medical bill of the appointment of the members of the board is in violation of the constitution. The court holds that a legislative enactment providing for a state board of medical examiners and authorizing the governor to appoint the members thereof is not in violation of the constitution. His concurrence of the senate, does not constitute section 1, of article 3, nor section 6 of article 4 of constitution of Idaho. Says the court:

WILSON, WYOMING.

JACKSON HOLE COUNTRY. Awakening to New Conditions of Thrift and Prosperity—Late Spring Special Correspondence. Wilson, Uinta Co., Wyo., May 22.—Spring, gentle spring, where art thou? Sleep late November, under winter's white mantle, all things continue almost as they were, except that the valley is nearly a month later than last year, but those who were ready to take advantage of the three weeks of good weather we have been favored with, have been busy in the valley. The grain, now jubilant over the moisture that has fallen in the past few days—and is still coming in protracted showers—is in the shape of rain, hail and snow.

The ranchers here are awakening to the fact that there is more money in improving their ranches and raising hay to carry their stock over the winter than depending on tourists and hunting parties for employment as guides, cooks and teamsters and having to buy hay for their stock to drive their stock out into the Teton Basin to be wintered. There has been and will be more plowing done this season on this (west) side of Snake river than in any one year in the last four or five years. Settlers are finding out that they can just as well raise their own grain, potatoes, small fruits, and all kinds of hardy garden "wases" as to depend on our neighbors over the hill, who are no more favored in the matter of climate than we, and no nearer heaven, the elevation of Victor, High Horn, being almost the same, except a 2,000 feet.

Stock on the range are rapidly regaining the flesh they lost in the winter of '31, and are beginning to show signs of thrift and prosperity are evident on every hand except in the outlying ranges, where the style of outfitting is such that they are less comfortable inside than a posserby would suspect. One thing that adds to their charm is the fact that they are being sold at a price outside the range, they are very generally a people given to hospitality, and are not forgetful to entertain their guests.

Last year our sawmill put out 600,000 feet of lumber as against 175,000 in 1931.
