MINING STOCK MARKET ACTIVE

Trading Continues Fair but Prices Go Lower.

CENTURY STILL SHRINKING.

From 31 the Stock Sold to 24 1/2 Today - Ontario and Daly-Webb Share in Business.

This morning's business on the mining exchange reached nearly the same totals recorded yesterday, and the character of the trading was similar. It was mostly of a professional nature, and few outside orders for stocks were filled. As has been the case for some weeks the lower priced and purely speculative stocks were mostly dealt in and the dividend paying stocks participated to a very limited extent.
