

PAID ADVOCATES OF RECIPROCITY.

THE RECEIPT IS EXHIBITED

Money Was Given to F. B. Thurber for Advancing a Reduction on Cuban Products—Caused a Sensation.

Washington, June 11.—F. B. Thurber, president of the Exporters' association, the witness who has been wanted by the committee on Cuban relations, was before the committee today.

Thurber produced a copy of a voucher for \$2,800, showing that that sum had been paid by the military government of Cuba by authority of Gov. Wood of the United States Exporters' association.

Thurber is president. Thurber testified that he had received the acknowledgment that it was one of three amounts and had received from the payments he had received from the same source.

The witness said he thought \$30,000 worth of literature had been circulated, and he had received a contribution of \$2,500 from Mr. Havemeyer of the sugar trust, he having solicited that gentleman for a substantial subscription.

In response to questions by Senator Teller, Mr. Thurber said he had been active in the effort to secure a reciprocal arrangement with Cuba. He had come to Washington originally at the instance of the Export association and also of Cubans who were favoring reciprocity.

He was not, he said, under salary from the Export association, but before the ways and means committee, I told Mr. Havemeyer that I had been asked if I was representing him and asked him for a subscription. He gave me a check toward meeting our expenses.

Following is a copy of the receipts which Mr. Teller submitted as having been given by Mr. Thurber to the Cuban government, and which the witness admitted to be genuine:

Form 8, voucher No. 31, abstract B, account of month of April, 1902, \$2,800, April 2, 1902.—The United States military government of the island of Cuba, to the United States Exporters' association, for sending third edition of 90,000 circular letters and accompanying publications to leaders of thought in the United States, advocating a reduction in the duties upon Cuban products, with a reduced rate of duty on the duties upon American products imported into Cuba—\$2,800.

Received payment—United States Exporters' association, F. B. Thurber, president, April 2, 1902.

To service as per bill attached (see above) in support of the applications of the inhabitants of the island of Cuba for reciprocal tariff relations with the United States—\$2,800. Under the authority of Gen. Wood March 28, 1902.

The document bears the following endorsement: "Headquarters, Department of Cuba, Havana, April 10, 1902. The services herein charged for having been performed under the verbal directions and authority of the military governor, this voucher, as submitted, is approved, and the auditor is authorized to pass the same, by direction of the military government."

"FRANK MCCOY, Aide-de-Camp. Paid by check No. 403, April 11, 1902, for \$2,800, on Banco Nacional de Cuba."

In reply to other questions, Mr. Thurber said that three bills similar to that which he had rendered by him, and that all had been paid out of the Cuban treasury. He said that the receipt of his first sum was given to Senator Platt, and that he had not tried to avoid appearing before the committee, stating that he had been absent from his home most of the time since the receipt of his first sum to appear.

Prof. H. W. Wiley, chief of the chemical division of the agricultural department, followed Mr. Thurber on the stand. His testimony was devoted to an exposition of the European cartel bounty on sugar, which he contended had been the cause of the entire reduction in the price of sugar which has taken place throughout the world in the last two years.

Quoting the price of best sugar at Hamburg at 2.65 for June, 1900, he showed that it had fallen since that time to 1.35, or 50 per cent. He said that depression in sugar is world-wide, and advocated the meeting of the European duty with a similar duty by the United States. On this point he said among other things: "Since England is the greatest consumer of bountied sugar among the nations of the earth, and the United States the second, it is evident that if these two countries should join in countervailing not only bounties but cartel bounties, instant prosperity would at once come to the sugar-growers of the world."

COMMENTS OF SENATORS. Washington, June 11.—The testimony given today before the committee on Cuban relations by F. B. Thurber, showing that between \$3,000 and \$3,000 had been paid out of the Cuban treasury under the direction of Gov. Gen. Wood for the promotion of the effort to secure reciprocity between the United States and Cuba, caused a sensation in the senate today.

The news of Mr. Thurber's statement reached the senate chamber about the time that body had convened, and when Senator Teller, whose examination had developed the facts, made his appearance on the floor he was immediately surrounded by senators from both sides of the chamber, who pressed great anxiety to know all that had occurred. Copies of the one voucher produced were eagerly sought, and the demand was not satisfied until 50 or more copies had been typewritten and circulated in the senate chamber.

Much interest was also manifested on the part of the members of the house and some of the best sugar advocates of that body pointed out that Mr. Thurber had not in his testimony before the ways and means committee indicated any connection with the Cuban government in his effort to create sentiment in this country favorable to concessions to Cuba.

Opinions as to the ultimate effect of the testimony are as varied as the predilections and prejudices of the senate, but the immediate results are seen in the decision reached during the afternoon to have two caucuses in the early future. The first of these will be held by the best sugar Republican senators tomorrow and the second by all the Republican senators Friday and Saturday. Senator Burrows is responsible for the statement that the best sugar men will meet, and Senator Aldrich for the announcement that there will be a general conference before the close of the week.

MISS AMANDA MOORE

Miss Moore Suffered for Years with Catarrhal Dyspepsia—Ordinary Remedies Failed to Cure—Peruna Made Her Well and Strong.

Miss Amanda Moore, Marshall, Tex., writes: "I have suffered for several years past with acute dyspepsia and trying several remedies without any help, decided that it was my fate to suffer through this life. Last winter I took Peruna for a severe catarrh, the effects of a cold and you can imagine my joy when I found that this wonderful remedy not only cured my catarrh but helped my dyspepsia."

"I took three bottles and found myself well and strong. I can now eat heartily and have gained twelve pounds and have good reason to praise Peruna."—Miss Amanda Moore.

For the most acute cases of dyspepsia and the most chronic and stubborn cases of catarrh of the stomach Peruna is an unfailing cure.

as to whether he had consulted Mr. Havemeyer of the sugar trust in the preparation of the literature, Mr. Thurber said: "After making my argument before the ways and means committee, I told Mr. Havemeyer that I had been asked if I was representing him and asked him for a subscription. Dyspepsia is Catarrh of the Stomach.

Many Women Have Catarrh of the Stomach and Do Not Know It. Pe-ru-na Cures Catarrh Wherever Located.

Mr. E. E. Gaston, of Milton, Iowa, in a recent letter to Dr. Hartman, says: "My wife has been sick with stomach trouble for almost three years."

"During that time we doctored with three of the best doctors in this part of the country, but they did her no good. She fell off in flesh from 154 pounds to 80 pounds, and was unable to do anything; in fact, was confined to her bed a good part of the time. Everything she ate she would throw up, even water. The last doctor we had examined her and said she had cancer of the stomach, and said he could do her no good except to give her something to relieve the pain, and that he would not advise us to have an operation performed. This coming from one whom I have always had great confidence in, you cannot imagine my feelings and thoughts."

"It was then we decided to quit doctoring and try Peruna, and from the beginning it helped her. She is now able to do all the housework. She is gaining in flesh and I think will soon be back to her former weight."

"To make a long story short, we owe her life to Peruna, for I am satisfied had we not tried it she would now be in the grave."

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be glad to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

The entire issue of bonds has been unwritten and an offering will soon be made to the public in the principal cities of the United States, a large stock having been placed in Europe."

This ends the last danger of a strike on the South Side Traction lines. Committees of the Teamsters' union and of the team owners and employers met at the Hotel Northern hotel, talked the arbitration plans and adopted them. "NAUGHTY TWOS" HAVE AN EVENING

Senior Class of the High School at The Old Theater. SONGS WELL RENDERED. Jokes Appreciated, Catches Well Taken—Entire Program Good and Surprised Juniors.

"Tis well to be amused, but when amusement does destruction bring, 'tis better."

That is the motto of the senior class of the Salt Lake High school. Last evening in the Theater they illustrated the force and beauty of their chosen sentiment. For two solid hours they amused an audience that packed the old house to sweltering, and 'twas well. But this amusement brought instruction to the duck-clad junior class, and 'twas better.

The "naughty twos" had their inhaled to the public eye, abbreviated and their chance for jesting and singing and say frolicking had come. They did all this to their hearts' content, and to the entertainment of their many friends. The whole evening went with a dash and a go that was highly pleasing.

On the evening previous the dignified seniors had been compelled to sit in the dress circle and see themselves held up to the public eye, abbreviated and their chance for jesting and singing and say frolicking had come. They did all this to their hearts' content, and to the entertainment of their many friends. The whole evening went with a dash and a go that was highly pleasing.

On the evening previous the dignified seniors had been compelled to sit in the dress circle and see themselves held up to the public eye, abbreviated and their chance for jesting and singing and say frolicking had come. They did all this to their hearts' content, and to the entertainment of their many friends. The whole evening went with a dash and a go that was highly pleasing.

"NAUGHTY TWOS" HAVE AN EVENING

Senior Class of the High School at The Old Theater. SONGS WELL RENDERED. Jokes Appreciated, Catches Well Taken—Entire Program Good and Surprised Juniors.

"Tis well to be amused, but when amusement does destruction bring, 'tis better."

That is the motto of the senior class of the Salt Lake High school. Last evening in the Theater they illustrated the force and beauty of their chosen sentiment. For two solid hours they amused an audience that packed the old house to sweltering, and 'twas well. But this amusement brought instruction to the duck-clad junior class, and 'twas better.

The "naughty twos" had their inhaled to the public eye, abbreviated and their chance for jesting and singing and say frolicking had come. They did all this to their hearts' content, and to the entertainment of their many friends. The whole evening went with a dash and a go that was highly pleasing.
