DEAL WITH THE LIQUOR QUESTION

Council Committee Considers Robinson's New Ordinance.

The city council committee on municipal laws last evening considered the new liquor ordinance introduced by Robinson several weeks ago, and after making a few changes, decided to recommend it for passage on Monday night. The retail liquor dealers were represented at the meeting by Messrs. Woolf, Levy and Weber. The druggists' association sent Messrs. Druehl, Frank and Reed to look after its interests.

DEALERS ARE REPRESENTED

The license for the sale of bottled goods by restaurant keepers was raised from \$50 to \$100 per quarter, and that of druggists from \$50 to \$100. The ordinance provides that liquor licenses shall be issued only to the proprietor of the saloon making the application, which will do away with the brewery companies taking out so many licenses for other persons. It also prohibits the sale of liquor to minors, and has a very strict clause regulating the frequency of second doses. Before the doctor's license on Sundays is prohibited. Any violation of the ordinance are punishable by revocation of the license.

COMMITTEE ON STREETS.

The streets committee decided to report favorably upon the petition of the Church of Jesus Christ of Latter-day Saints to narrow East Temple street from 26 feet to 20 feet from curb to curb, to plant a double row of trees on each side of the street and pave the block with asphalt.

What to Do Until the Doctor Arrives.

"One of my children was taken with croup and I was unable to get a doctor in time," says S. B. Elzer, of a Bennett, Mo. "I telephoned for a doctor, then gave a dose of Chamberlain's Cough, Cholera and Diarrhoea Remedy, and a few minutes later a second dose. Before the doctor came the child was relieved." For sale by all druggists.

AWARD SUSTAINED.

Judge Booth yesterday afternoon sustained the award of the arbitrators in the case of Joseph N. Jensen vs. the Deep Creek Farm and Livestock company and rendered judgment in favor of plaintiff accordingly. The action was brought on a contract for the leasing of certain sheep, and the matter was submitted to the arbitrators by the terms of the contract.

The Best Remedy for Croup.

[From the Atchison, Kan., Daily Globe.] This is the season when the woman knows the best remedies for croup in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost sure to be lost, in case of croup, as a revolver is sure to be lost in case of a burglar. There is a remedy, known as fashioned remedy for croup, known as hay syrup and tula, but some modern mothers say that Chamberlain's Cough Remedy is better. It does not cost so much. It caused the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy to a child who is coughing at night, and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by all druggists.

FOR CLEAN CARS.

City Physician King After the City Railway Company. City Physician King proposes to see that the Consolidated Railway and Power company takes some action toward keeping its cars clean. If the present ordinance does not give the city physician power to compel the company to clean its cars, Dr. King will take steps toward having an ordinance passed which will give him such authority.

Sanitary Inspector Woodard, of the health office, called on Supr. Reed yesterday and asked permission to place a placard in each car containing the position of the health ordinance relative to expelling dirt in street cars and other public places. Mr. Reed refused to grant such permission, saying that there was not room for the card, and that some of the cars have such signs in them.

After the result of Mr. Woodard's efforts were made known to Dr. King, that official sent the following letter to City Atty. Nye asking for advice in regard to the matter: "Salt Lake City, Utah, Nov. 25, 1902.—Mr. George L. Nye, City Attorney; Dear Sir:—In view of the threatened action of the Consolidated Railway and Power company in this city and the need of promoting the cleanliness thereof, I respectfully request that you advise me what power, if any, the health commissioner has to compel a corporation to clean up its cars. If the power is lacking, will the present city ordinance kindly advise me the best way to proceed in order to secure the immediate cleaning of the cars and enforce measures in the future. I have tried to secure place in each car for signs directing attention to the ordinance prohibiting expelation in the street cars, but have been denied the space. Conditions are such as to require immediate action, and I ask that you aid me as much as possible. Respectfully requesting your cordial co-operation, I remain, very respectfully, "J. C. E. KING, "Health Commissioner."

SUSPECTED HOLDUPS.

B. H. Gardner and James Hughes Arrested on Suspicion. Last evening Detectives Chase and Gillespie arrested two suspected holdups in B. H. Gardner and James Hughes. The men are said by the officers to be ex-cons, that they served time together in Kansas, and that it is more than likely they have been mixed up in the recent robberies and holdups in this city.

The men were questioned very closely by the authorities this morning and told different and conflicting stories. They swore that they did not know each other, but the officers are positive that the men are old companions, and it is known that they served time together.

The reason given by the police that they are the right men, is the fact that one is short while the other is tall. Did you ever hear of a holdup that was not committed by a "tall man and a short man?" This morning E. M. Norris and C. M. Swenson, who were held up and robbed on Monday night, were asked to call at the police station to identify the men. Mr. Swenson was absent, and it is said there were other victims present.

Neither suspect was positively identified, but Hughes looked like one of the men who had been seen hustling back into jail, to eat Uncle Sol's Thanksgiving soup, and to chew on the Thanksgiving bun.

HARD LINES.

Laboring Man With Pneumonia Nearly Dead from Exhaustion. Jacob Schwendinger, a laborer aged 64 years, was found in a cellar on South Temple and Sixth East streets this morning nearly dead as a result of exhaustion. The unfortunate man was found suffering from a severe attack of pneumonia. The police were notified of his condition and Officer Sperry, with the patrol wagon, proceeded to the place and brought the man down to the police station. Dr. King was notified and after taking the matter up with Dr. May, he was admitted to the hospital, to which place he was taken in the patrol wagon.

Pitiable Plight of Percy Knight, a Former Salt Laker.

Word has been received from Seattle of an accident wherein Percy Knight, formerly chief electrician of the Utah Light and Power company, came in contact with a live wire and burnt both hands so severely that they had to be amputated near the wrists. Mr. Knight was at work on a new building when he fell from the roof and received a shock which resulted in his death. The current was finally shut off and Mr. Knight was released and taken to the hospital, where the operation was performed. The unfortunate man left Salt Lake about a year ago, and he has many friends here who will be grieved to learn of his misfortune.

BUY LAND IN MEXICO.

Selt Laker Purchase 4,000 Square Miles for a Cattle Ranch. E. J. Hazenbarth, J. D. Wood and W. S. McCormick are interested in a recent purchase of nearly 4,000 square miles of land in northern Chihuahua, to be used as a big cattle ranch. The tract begins 16 miles west of El Paso on the New Mexican border and runs west to the Arizona line. The country is especially adapted to grazing and will support a great many head of cattle.

Another Goes to Her Rest.

Madame Susannah de Klujery, a quaint character who has resided in Salt Lake for the past 20 years, passed away at her residence, 164 South Fourth West last night under sad circumstances. The anxiety and care of watching an invalid, her husband, St. Mark's hospital caused her health to fail and at this critical juncture the devoted mother contracted typhoid fever. She died at 10 o'clock this morning at the bedside of her boy at the age of 82 years. Her husband, Frank Holding, was run over by some box cars while playing around the Short Line yards last week and lost both of his legs were cut off. He was taken to the hospital, where he was joined by his mother, who spent nearly all her time at the bedside of her boy until the final collapse came.

Died at the Asylum.

Thomas Roach of Morgan died at the insane asylum at Provo yesterday from the effects of spinal meningitis and facial erysipelas. The unfortunate man was brought down to the Holy Cross hospital about two weeks ago, but his intense suffering drove him insane. He was removed to a padded cell in the county jail a raving maniac and from that place was conveyed to Provo a few days ago.

FATAL SHOOTING IN RAILROAD CAMP

One Man Dares Another to Shoot Off His Hat.

Special Correspondence. Eureka, Utah, Nov. 25.—Whisky and a gun in the hands of a foolish man caused the death of William Dryburn, engineer at Mahoney's railroad camp at Doremas, 16 miles south of Eureka last Tuesday evening, about 10 o'clock. Several of the men at the camp were in a tent and Barney Dunne, night boss at the camp, who was under the influence of liquor at the time, picked up a 30-30 Winchester rifle, and began bragging about his ability as a marksman, when Dryburn questioned his artistic ability with a gun, and placing his hat on top of his head, said: "If you are such a crack shot, see if you can shoot my hat off." Dunne took aim at the hat cover and fired. Dryburn was seen to utter and pitched forward on the floor. The bullet, which was a "soft nose," hit the man in the forehead and tore the top of the skull off. The wounded man lingered about two hours when death came to relieve his sufferings.

As soon as Dunne realized what he had done he went to his tent and revealed the rivet of an officer to whom he surrendered.

As soon as the shooting occurred a messenger was sent to Eureka for a doctor and an officer. Dr. Hensel and Officer Joseph Phillips left immediately for the camp, but owing to the long distance did not arrive until after the victim of braggadocio was dead. Officer Phillips placed Dunne under arrest and brought him to Eureka, where he was placed in the county jail to await the arrival of the sheriff of Tooele county, where the crime was committed.

When seen at the jail by a "News" representative Dunne seemed to realize his serious predicament, but would not talk about the case.

Dunne came to Utah from Illinois, where he has a family. He claims to be a nephew of Edward Corrigan, the well known horseman of Chicago, and is said to be a jolly good natured fellow, even when under the influence of liquor.

Dryburn was about 55 years of age, and has a son living somewhere in the east. The remains were left at the railroad camp to await the action of the coroner's jury of Tooele county.
