

O. S. L. BUYING MORE REALTY

Paying Out Options Which Expire On January 31.

IS EQUAL TO TWO BLOCKS.

Property Sought to be Secured in Half a Block Wide and Four Long.

Judging from present appearances Mr. Link, the agent for the Oregon Short Line, is securing options in the aggregate upon two city blocks of realty north of the Oregon Short Line depot.

The contemplated purchases of the Short Line embrace the entire west half of the blocks which lie between Third and Fourth West and Fifth North and First North streets, taking in a portion of the Morrison, Merrill Lumber company's big yards, a number of private residences, the Anheuser Busch bottling works and a portion of the property owned by the Utah Soap factory.

Among those holders who have already sold outright or have accepted options are: W. A. Nebeker, John Hager, Ernest Nebeker, Desert Savings bank, Rosella N. Stokes, Friedland W. Richards and Elias A. Smith, and others.

These are a number of theories being advanced as to the action of the Short Line in buying up property in the city which will cost several hundred thousands of dollars, among which is the revival of the old story regarding the erection of modern and up-to-date shops in Salt Lake.

RIO GRANDE CONSTRUCTION.

Gangs of Men Secured and Now Waiting to Go to Work in Utah.

The long deferred work on the Layton cut-off on the Rio Grande main line between Salt Lake and Ogden will be commenced soon as the weather permits. With this object in view one gang of 50 Greeks has already arrived in Salt Lake, and are being taken care of while more men are on their way here.

SOUTHERN PACIFIC CHANGE.

Commencing Sunday S. P. Trains Enter Ogden via Brigham City.

Enter present plans are carried out on and after Sunday the Southern Pacific trains will leave the main line at Ogden and transfer to the Ogden branch of track from that point to Brigham City, thence over the Oregon Short Line tracks into Ogden.

THE BRAKEMAN'S STORY.

How Mike Came to Stay with the Runaway Train.

When railroad men congregate around the stove there is generally a good story or two on tap. The following yarn was furnished at Hegney's yesterday by a florid, jolly-faced brakeman who had more out of the story than is apparent in cold type.

AMUSEMENTS.

The ticket sale for the Salt Lake Symphony orchestra concert, which occurs at the Salt Lake Theater one week from tonight, opened at the Salt Lake Theatre last evening.

SPICE AND RAIL.

George Perkins of the Colorado Midland is in Denver.

Contracting Agent McCarthy of the Oregon Short Line has returned from a trip east.

Commercial Agent Foley of the Illinois Central is expected to return from Chicago tomorrow.

The Florence Roberts company goes to Park City over the Rio Grande tomorrow and after playing there will continue east via Echo.

General Agent C. A. Walker and Traveling Agent J. H. Mandersfield of the Chicago & Northwestern, have gone south on business here.

The Rock Island has placed an order for 25 locomotives, to be divided among the following cities: Salt Lake, Ogden, Provo, Panguitch, and Hatch.

SOUTH TEMPLE PAVING.

New Petition Will Likely Reach the Council Next Monday.

A new petition for the paving of South Temple street from the State to Eighth East street probably will be presented to the city council on Monday night by Councilman Clark on behalf of the residents and property owners on that street.

The petition is signed by about one-half of the abutting property owners. The estimated cost of the paving is about \$150,000.

Anna Held arrives from Denver

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rhus, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous. The thing to do is to take

Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure

Hood's Sarsaparilla permanently cured J. G. Lines, Philadelphia, Pa. He had suffered for some time, and Miss Alvina Vetter, Box 212, Algona, Wis., of pimples on her face and back and chafed skin on her body, by which she had been greatly troubled. There are more testimonials in favor of Hood's than can be published.

Hood's Sarsaparilla promises to cure and keeps the promise.

next week in his private car Olympic. This car was originally made for the use of President McKinley and in it he made his tour of California and the West. It was also in this car that the body of the martyred president was taken from Buffalo to Washington.

It is reported in railroad circles that a movement is on foot to draw the Ogden-Washington line into the "community of interests" arrangement of the Pennsylvania, the Reading and the Baltimore & Ohio. The crowd engineers have suggested for a connecting line between the West Virginia Central and the Western Maryland from Cherry Run, W. Va., to Cumberland, Md.

Work was commenced yesterday in extending the Arkansas Valley & Western (Frisco) from Empi, Okla., toward Denver, Colo. The contract for the extension has been let for as far as Ayard, Okla., a town on the Panhandle branch of the Santa Fe, 60 miles west of Empi. It is expected that the line will be completed by the end of the month. The extension also had a force of graders ready there for an extension to a Denver connection.

DEATH OF JOHN B. FORBES.

Well Known Salt Lake Business Man Succumbs to Heart Failure.

John B. Forbes, secretary and financial manager of the Salt Lake Hardware company, died suddenly at 5 o'clock this morning in his rooms at the Richelieu block, corner of Second and Third streets. He had been feeling sick at his stomach, and immediately fell over and became unconscious.

Capt. Goodspeed, his companion, and for years his associate, hastened to his room and found him lying on the floor. He was taken to the hospital, but he died before a physician could be called. He was 54 years old and unmarried. He came from the east 29 years ago, and for a long time was associated with the late George A. Lowe of Salt Lake hardware company. He was attending to business yesterday as usual, and as a general thing his health has been fair, but his heart was not strong, and his sudden failure was caused by a rupture of the heart.

MRS. COUTLER'S VOPE.

Lady Member of the House Tells Why She Supported Smoot.

Mrs. Mary G. Coutler, the lady member of the house from Weber county, complains that she is still being annoyed by unfavorable criticisms as to her vote in favor of Hon. Reed Smoot for United States senator. It is almost impossible to say that criticisms come from members of her own sex. No man, be he Republican or Democrat, has yet been heard to question her right to vote as she did nor to impugn her motive in so doing.

RELATING TO OSTEOPATHY.

S. B. No. 51, by Hamberger, (by request).

The act to regulate the practice of osteopathy in the state of Utah by establishing a board of osteopathic registration and examination. The board is to consist of five members, appointed by the governor, to serve four years. To be eligible for membership on the board a candidate must have received a certificate from the Utah osteopathic society, a reputable school of osteopathy, and that he is engaged in the practice of osteopathy in the state of Utah. The board will be allowed a secretary at \$1,200 per annum, and a per diem compensation of \$10 a day for each member for time actually spent in service of the state. A bond of \$500 will be required of the treasurer of the board.

REGULATING LICENSES.

An applicant for a license is required to pay a fee of \$25, and to present a diploma from a standard school of osteopathy and to pass an examination in "osteopathy, anatomy, physiology, histology, pathology, diagnosis, hygiene, surgery," and all other subjects taught in all well founded schools of osteopathy. Each applicant who secures a certificate is required to have his license recorded in the office of the county recorder in the county in which he proposes to practice. Licensed osteopaths are entitled to state recognition and reference to the reporting of contagious diseases, births, deaths, etc.

NEW BILLS INTRODUCED.

S. B. No. 52 by Lawrence. Amending the statutes so as to allow administrators and executors to lease or give options on mining claims.

S. B. No. 53, by Lawrence, amending section 280 of the Revised Statutes relating to the practice with reference to replies to counter claims.

SUPPORT OMNIBUS BILL.

The following telegram was sent to the Arizona territorial legislature:

"The state senate of the Utah Legislature acknowledges greeting of the twenty-second legislative session of Arizona, and with pleasure will give to the bill which we have this day passed memorial endorsing that omnibus statute bill now pending before the United States senate, and have requested our representatives to heartily urge its passage."

COMMITTEE REPORTS.

The committee on live stock reported favorably on S. B. No. 39, by Johnson, an act making sheriffs live stock inspectors and providing a penalty for shipping live stock from the state without inspection.

Senator Hamberger's bill No. 5, providing for the care and treatment of habitual drunkards at county expense, was reported favorably by the committee on county and municipal corporations.

The committee on salaries reported favorably on Senator Hamberger's bill No. 39, amending it by fixing the salary of the supreme court stenographer at \$1,200 instead of \$1,000, as recommended in the original bill.

Senate resolution No. 2, by Lewis, was

CONDITIONS PUT ON FOOD MAKERS

Their Products Must be Labeled In Full.

CLAUSE IS BEING OPPOSED.

Opposition of Manufacturers Shows Suspicion—Statehood for Oklahoma, New Mexico and Arizona.

A requirement that is likely to be expected of those who manufacture food stuffs is that they label every can or package with a complete list of every ingredient contained in the contents of the package. This will be the work of the manufacturers, if senate bill H. R. 10,747, which is now before the house, is passed, for which there is every likelihood, as the senate committee on manufactures and commerce will report favorably on the bill, with the conditions already stated.

This requirement applies to all food stuffs, whether simple, compound, mixed or blended. The bill was taken up by the committee on manufactures and commerce yesterday afternoon.

There was no one present outside of the committee, except Food and Dairy Commissioner Heiner and Secretary of State Hammond. There are several agents here, representing California manufacturers, and a number of them are here to fight against the clause being put in the bill requiring them to label their packages of food stuffs, as already indicated. They are giving a hearing to the committee later this afternoon, but it is not believed that they will accomplish their object, for, as Senator Loose put it, "their very opposition to the clause has determined the work for its insertion into the bill."

DISTRICT ATTORNEYS.

Committee Concludes to Kill the Whitmore Bills.

The district attorneys have won. Their offices will not be abolished. This is the result of a report of the legislative committee on judiciary, which was adopted by the legislature, and there is every reason to believe it will be.

The committee met yesterday afternoon to consider the Whitmore bills, that are aimed at the offices of district attorneys, and after a careful canvass of the bills and the situation, the former were turned down in toto.

The position of Senator Murdoch was that the district attorneys were just as necessary as district judges, "and moreover," said he, "let us give the young men of the state a chance to climb the ladder of success, and now is adorning the Supreme bench of the state." Senator Murdoch had reference to Justice McCarthy, who was elevated to the Supreme bench in the last election.

"We saw the need of district attorneys so clearly," said Senator Johnson, "that it did not take us long to decide to report adversely on the Whitmore bills."

BREAKING ALL RECORDS.

Smallpox Situation Such in Salt Lake as January Report.

The smallpox record in this city will undoubtedly go glimmering this year if the pace set by the month of January is kept up. At the close of office hours yesterday there had been 75 cases of the disease reported to the board of health, and the remaining cases of the disease reported to the board of health yesterday were 17 who had the disease; 18 cases; 22 cases; 18 to 25 years; 25 cases; 25 to 45 years; 28 cases; 45 to 65 years; 4 cases; over 65 years; only one case.

Twenty-two cases out of the 22 non-residents who caught smallpox were male and one was a woman. Twenty-two cases of smallpox were reported to the board of health yesterday, and 16 of them were between the ages of 18 and 25, and 7 were between 25 and 45 years of age. All of them were whites.

NEW CASES OF SMALLPOX.

Three cases of smallpox were reported to the board of health today and one late yesterday afternoon. They are Mrs. E. J. Brain and baby, residing at 427 North Second West street; Miss Adams, 872 Fourth street; and Miss Mrs. Taylor, 704 West Third North street.

SMALLPOX AT HERRIMAN.

County Superintendent of Schools Ashton received word today that there are three cases of smallpox in Herriman, Utah, and that the disease has not been interfered with and is still open.

OBJECTS TO DISCRIMINATION.

To the Editor:

To an intelligent person reading the papers the last few days and reports of the proceedings before the senate committee on the pure food bill, it would look as though the manufacturers of baking powder in the State of Utah were a lot of scoundrels and were trying to rob the public by imposing on them articles of food unfit to eat, on behalf of the manufacturers of this state, we desire to enter our protest against such injustice and the discrimination which is being used against us. The only objection particularly we have entered against the food bill is a clause in section 30, which gives the

Ayer's Cherry Pectoral

Consumption can certainly be cured. Not all cases, but very many. Ayer's Cherry Pectoral is the principal medicine. The oldest doctor knows from experience. The youngest, just from college, knows from theory. Both uphold us.

25c. Per Bottle. J. C. AYER & CO., Lowell, Mass.

Introduced. It provides for the printing of the senate docket.

The committee on irrigation and agriculture reported favorably on house joint resolution No. 9 by Representative Condon extending a welcome to the irrigation congress to be held in Ogden.

S. B. No. 27, by Lawrence, providing for the transfer of articles of incorporation from the office of the auditor to that of the secretary of state, under the provisions of the rules was read the second and third time and passed by the senate.

On request of Senator Sherman, S. B. No. 47, by Lewis, relating to the Lewis and Clark expedition, was transferred to the committee on manufactures and commerce.

MEMORIAL IS PASSED.

The Johnson joint memorial to congress in favor of the admission of Oklahoma, New Mexico and Arizona, as states, was reported favorably by the committee on federal relations. On motion of Senator Bennett the rules were suspended and the memorial passed. Senator Sherman cast the only negative vote.

Several amendments were recommended by the committee on agriculture and irrigation, to Senator C. P. Larsen's grasshopper bill that the senate decided to have the bill reprinted.

REJOICING IN SANDY.

New Meeting House Will Soon be Ready for Dedication.

The people of Sandy are highly gratified over the fact that the contract has been let for the completion of their meetinghouse, the cornerstone of which was laid 10 years ago on March 27 next. The basement of the building will be finished up for classrooms and a Sunday school room. The building will also have a steam heating plant. It has been partially completed, and it will now be finally completed. It is expected that the work will be done by March 27, and on that date dedicatory exercises will be held, and the new prominent church officials will be present.

CANAL PRESIDENTS MEET.

Consolidation Scheme May Have to be Abandoned After All.

The presidents of the South Jordan and Salt Lake Canal companies and the East Jordan Irrigation company held a protracted session at the office of Angus M. Cannon today. The meeting was for the purpose of reaching, if possible, some definite understanding in the matter of consolidating the three companies in order to further the projected Utah Lake irrigation scheme. Despite the fact that the meeting lasted several hours, during which time the matter was thoroughly discussed, no agreement was reached and finally an adjournment was taken subject to the call of the president of the respective companies. It is believed that the merger proposition will have to be abandoned and some other scheme hit upon which will meet the desired end without a consolidation such as was at first proposed.

EDUCATION THIS TIME.

Commercial Club Now Takes Up the Cause of Education.

The educational committee of the Commercial club meets tonight, at the club rooms, to meet prominent local educators and other citizens and members of the Legislature to talk over prospects of educational legislation. A special point will be made of manual training work in the schools, as a very desirable thing, and particularly as experience during the current year in the Salt Lake public schools shows that manual training in the public schools, Mr. Doble having the boys on the west side, and Miss Florence B. Jessup the boys from the east side. Under their instruction, marked progress has been made. Miss Jessup is a graduate of what is considered the best manual training school in the country, The Denver Manual Training High school, and stood first in her class. She came here highly recommended by the superintendent of the New York public schools, and the faculty of the School of Applied Design for Women in New York.

SUIT AGAINST THOS. NIPPER.

Emma J. Keen Prays Judgment for \$17,022.15.

Emma J. Keen, of Colorado, today filed suit in the U. S. district court against Thomas J. Nipper, of Salt Lake, praying judgment against defendant for the sum of \$17,022.15, with interest and costs.

The suit arises out of a partnership in a sheep transaction, wherein plaintiff alleges that on Nov. 1, 1891, she entered into a partnership with Nipper, putting in \$5,000 against \$10,000 of defendant. In August, 1893, plaintiff alleges that defendant sold the sheep and increased for \$7,000, and subsequently failed to make an equitable distribution of the proceeds so that \$17,022.15 is still due plaintiff.

OPTION ON IRON CLAIMS.

Theory is That the Steel Trust is Responsible Agent for Its Failure.

J. C. Cutler, Jr., agent for the Taylor estate, remarked this morning that notwithstanding the failure of the Buhl-Kimberly syndicate to materialize on the recently expired option, the seven valuable properties were there all the same, and there are several New York

Will Make Affidavit

New Loops of Life for a Iowa Postmaster.

Postmaster R. H. Randall, Dunlap, Ia., says: I suffered from indigestion and the usual evils for years. Finally tried Kodol, I soon knew I had found what I had long looked for. I am better today than in years. Kodol gave me a new lease of life. Anyone can have my affidavit to the truth of this statement. I would like to see you. This enables the system to assist its suppliers in gathering every organ and restoring health.

Kodol makes You Strong.

Prepared only by E. C. LITTLE & CO., Chicago. Each bottle contains 2 1/2 times the dose.

food commissioner the power, if he felt so disposed, to discriminate against one product in favor of another, which would be unfair, and all we wish is that the food commissioner's duty shall be fully defined as the home manufacturer should receive the same treatment as those who ship in from outside, and we wish to see that Mr. Heiner and Mr. Love, seeing the justice in this, said they were willing to eliminate the clause.

The morning papers come out and say that strenuous efforts were made to get the manufacturers before the senate committee, but they were afraid to appear, which is ridiculous and entirely uncalled for. The justice of our position being apparent made it unnecessary for our appearance, and we sincerely protest against such language being used against the manufacturers of baking powder in the State of Utah, for we claim and can demonstrate the fact that the baking powders made in this state are just as healthful and good deal purer than those that are imported and sold at a higher price, and we are perfectly willing that the senate and house pass a law demanding that all baking powder manufacturers in Utah and elsewhere who import into this state shall have their formulas printed in large letters on the labels, but we do heartily protest against making the manufacturers of Utah so people can see what they are using?"

CHANGE OF NAME.

Matter Was Discussed Fully at the Episcopal Convocation.

At the Episcopal convocation which closed yesterday afternoon, the discussion was quite general on the proposition to change the name of the church, some suggesting one name and some another, the idea being to recommend the adoption of some title which would be comprehensive and sufficiently universal in its character to meet every requirement of the church in this country.

Dean Eddie called up the question by moving the convocation proceed to its consideration and expressed the opinion that this district ought to have its part in the forward movement to correct the name which nearly everybody believed to be inadequate and misleading.

Rev. A. Miller of Ely, Nev., favored the name "American Catholic church." Mr. Phillips, a layman of Provo, thought the best designation was that of the creed, "The Holy Catholic church," that if we believed in it as we asserted whenever we repeated it, we should not prove our belief by discarding other names and holding to that.

Rev. Mr. Gunn of Montrose was in favor of effecting a change as soon as a fair consideration of the matter could be had. His motion was supported by prominent church officials will be present.

CHURCH NOTES.

The meeting of the home missionaries of the Salt Lake stake of Zion will be held in room 201 L. D. S. university, Wednesday, Jan. 28, 1903, at 7:30 p. m. Send in your report of visits if you cannot attend.

L. E. O. HUNSAKER, Clerk of Stake.

THE HOME MISSIONARIES OF THE GRANITE STAKE OF ZION WILL PLEASE TAKE NOTICE THAT THE REGULAR MONTHLY MEETING OF SAID MISSIONARIES WILL BE HELD AT 7:30 P. M. IN MILL CREEK MEETINGHOUSE ON WEDNESDAY, JAN. 28, 1903. ALL MEMBERS OF SAID BODY ARE REQUESTED TO BE PRESENT AND REPORT.

THOS. ALSTON, Stake Clerk.

THE MONTHLY MEETING OF THE GRANITE STAKE OF ZION WILL CONVEY IN THE FARMER WARD MEETINGHOUSE ON SATURDAY, JAN. 31, 1903, AT 10 O'CLOCK A. M. THE HIGH COUNCIL OF THE STAKE WILL MEET AT 9 A. M. OF SAID DAY IN THE SAME PLACE.

FRANK Y. TAYLOR, JAMES I. MILLER, EDWIN BENNETT, Stake Presidency.

There will be a Relief society conference of the Jordan stake held at Draper ward house Monday, Feb. 2. Meeting commences at 10 a. m. and at 1 p. m. A good attendance is desired.

MARIONA BARTMAN, President.

HILDA LARSON, AGNES CUTLER, Counselors.

SALT LAKE HIGH PRIESTS.

The regular monthly meeting of the High Priests of the Salt Lake Stake of Zion will be held in the Assembly Hall, Saturday, Jan. 31, 1903, at 10 o'clock a. m. The High Council of the stake will meet at 9 a. m. of said day in the same place.

DAVID MCKENZIE, WILLIAM ASPER, HAMILTON G. PARK, Presidency.

WEATHER REPORT.

Record at the local office of the weather bureau for the 24 hours ending at 6 a. m. today:

Barometric reading at 6 a. m., 29.19 inches; temperature at 6 a. m., 26 degrees; maximum, 33; minimum, 23; mean, 43, which is 14 degrees above normal.

Precipitation for the 24 hours ending at 6 a. m., 31 inch.

Barometric reading at the first of the month, 1.74 inch, which is .44 inch above normal.

FORECASTS TILL 6 P. M. THURSDAY.

Local forecast for Salt Lake City and vicinity:

Light snow tonight followed by clearing Thursday; colder tonight.

For Utah: Forecasts taken at Denver, Colo.

Rain or snow tonight followed by clearing Thursday; colder.

WEATHER CONDITIONS.

The storm is now central over Utah, Colorado and Wyoming. Pressure is rising rapidly along the north Pacific coast. Precipitation has occurred over Washington, Oregon, California, Idaho, Nevada, Utah, eastern Montana, the Dakotas and Illinois. Winnemucca reports 1.32 and Los Angeles 1.42 inch during the past 24 hours. It is colder over the upper Missouri valley and the middle Rocky mountain slope, and warmer over northern Texas.

L. H. MURDOCK, Section Director.

MRS. BOULTER'S FUNERAL.

Impressive and Well Attended Services Held Yesterday at Sandy.

The funeral of Mrs. Eliza Boulter, of Sandy, was held in the meetinghouse at that place yesterday afternoon and was attended by a large gathering of friends and relatives. The deceased was the wife of John M. Boulter and was 40 years of age. She had been ill health for some time and on last Friday it became necessary for her to undergo an operation. The operation was performed at St. Mark's hospital. She was unable to survive the ordeal and died on Saturday. Mrs. Boulter has been in Utah 27 years, and was born in England, where she was converted to the Latter-day Saints' faith.

COMMITTED TO THE ASYLUM.

Mrs. Jemelia Farruth of Murray was examined as to her sanity today by Deputy County Clerk Eldredge and Drs. Mayo and Odell, and committed to the insane asylum at Provo.

ADJUDGED BANKRUPT.

Judge Marshall, on the findings of Referee Baldwin, today adjudged the following as bankrupts: A. H. Parsons, Salt Lake; Alex. Ranquist, merchant, Payson; Thomas McEvoy, liveryman, Salt Lake; B. A. Montgomery, farmer, Weber; Robt. W. Davidson, locomotive engineer, Tucker.

EDUCATORS IN SESSION.

The joint committee from the University of Utah and Agricultural College are holding a meeting in Governor Wells' office this afternoon, discussing the advisability of altering the courses in the two institutions so that there will be no conflict in the studies taught. An agreement will probably be reached whereby the recommendations for appropriation from the two institutions will be altered in accordance with the new courses adopted by the committee. The committee is composed of Dr. Kingsbury, Trustees Sharp, Pierce and Lund of the University of Utah, and President Kerr, and Trustees McCornick, Adams and McAlister of the Agricultural.

LATE LOCALS.

The "dip" last night in the electrical lighting service was due to a slip on the Telluride lines, which, however, was shortly thereafter repaired.

The death of John Lyle, the pioneer silk manufacturer, occurred at the Holy Cross hospital yesterday afternoon. A few days ago Mr. Lyle underwent an operation for cancer, but the disease had become so serious that slight hope was entertained for his recovery. He was well known in this city. He had been carried on the silk business for many years. The funeral arrangements have not yet been completed.

A MAGNIFICENT DISPLAY OF DRAPERIES, CURTAINS, COVERINGS, CARPETS AND RUGS

Will open up at our store in a few days; so do not buy until you see it.

Our buyer has just returned from an extended tour in the East, where he has inspected the samples for this spring's trade, in this line, at all the principal markets. As a result he has made some very large purchases of very fine goods in all the latest styles.
