Mexican Bandits Hold Up the Potomac-Torin Stage.

VICTIMS' EFFECTS RIFLED.

Edison: Plaint That They Put Up a Hard Fight—Traces Out and Horses Turned Loose.

Los Angeles, Cal., March 12.—A dispatch from Tucson, Ariz., to the Herald says: Mexican bandits held up the stage which runs between Potomac and Torin on the Yaqui river in Sonora, on last Tuesday night, killing all of the six passengers. Among them was Filiberto Ybarado, a wealthy Mexican, who owns a number of ranches along the Yaqui river. The authorities at Guaymas were at once notified. Ybarado and his wife had taken the

run wild. The cover of the stage and the body were both shot full of holes. It is thought by the Guaymas authorities that the perpetrators of the deed were some of the bandits who had taken refuge in the mountains back of the Yaqui river and were laying for Alvarado. Friends of the murdered ranch owner say that he had little money with him at the time. Alvarado had been married only two months. With him were Señora Julia Berlo and her daughter, Señora Dolores, both of prominent families in that country and both of whom were murdered.

A MYSTERY OF THE OCEAN

Unknown Steamer Goes Under Off Point Reyes.

GAVE SIGNALS OF DISTRESS.

Just Before Going Down Forever Sounded Three Long Blasts and Frantically Threw Lifebuoys.

San Francisco, March 12.—Great mystery attaches to the disappearance and identity of a steamer which is reported to have sent up signals of distress off Point Reyes last night and which suddenly disappeared as if swallowed up by the sea. Just before her disappearance, the observers say, the steam siren of the distressed vessel sounded three long blasts and lanterns were swung on the port side in a frantic manner, indicating the great excitement which must have prevailed on board the vessel. To the watchers at Point Reyes lighthouse it looked as if those on board were preparing to disembark.

Chap. Jorgensen of the lighthouse ordered his crew to get a lifeboat ready and, with his men, launched the boat and spent several hours cruising in the vicinity of the spot where the ship was supposed to have gone down, but nothing of any wreckage or any other signs of the vessel was found and the search was given up.

FREE TO EVERYONE.

Read and Learn How You May Procure It.

The question of why one man succeeds and another fails, is a problem that has puzzled philosophers for centuries. One man strolls rich and powerful, while his neighbor who started with seemingly no money, and better opportunities, is in poverty and obscurity. No man can win success who is suffering from an irritating and nerve-racking disease and the man who has qualified for success seldom finds the best remedy to eradicate the trouble.

A person afflicted with serious cases of hemorrhoids or piles is handicapped in the race for power and advancement. It is impossible to concentrate the mental energies when this dreadful trouble is worrying the vital forces. To show how easily this success-destroying trouble can be overcome, we publish the following letter from a prominent Indianapolis man.

"When I received the former letter and booklet on 'Piles, their nature, cause and cure' I was in a critical condition, due to the number of seven hemorrhoids which had formed on the rectum culminating in a large tumor on the outside resembling a nut. I suffered the most excruciating pain, could not get no rest day or night. After reading the booklet I sent to my druggist that he should get me a box of Pyramid Pile Cure just at that time. However, I obtained a pack of a box from my brother-in-law and began their use. Five pyramids completely cured me. I procured a box later, but have had no occasion to use them. I have been waiting to see that the cure was permanent, before writing you of my success. I believe Pyramid Pile Cure to be the greatest and best cure on the market, and see you to obtain a box of my grateful thanks for this invaluable remedy. I take great pleasure in recommending its use to any sufferer along this line. It also makes his wife, if you wish for reference, my name, not but fatally injured. The man escaped."

age from Potomac to Torin and the bandits no doubt thought that he carried a large sum of money with him. The stage carried very little mail and very few valuables, so that Alvarado must have been the mark for their hands. The hold-up took place about half way between the two towns, but just how the stage was attacked will never be known, as all of the passengers and driver were killed. They were picked up the same afternoon of the tragedy and the circumstances give evidence that they put up a fight, else they would not have all been killed. Their bodies were rifled of everything of value on them. The traces had been cut and the horses had been allowed to
