

ASPEN TUNNEL IS AGAIN OPEN

Gangs Succeed in Clearing Away Debris of Four Slides.

IMPROVEMENTS AT OGDEN.

Rio Grande Putting in Pipe Lines and Being Machinery—Wool Season Backward.

Last night the big force of men and a steam shovel which have been at work on the landfills at the east portal of the Aspen tunnel succeeded in clearing away the debris after having been at work for nearly a week.

The work connected with the opening up of the main line has been a distinctly strenuous undertaking and the gangs have been working day and night since the first slide occurred.

R. G. W. IMPROVEMENTS.

Considerable Money is Being Spent in the Ogdén Yards.

The Rio Grande has been making some extensive improvements in the Ogdén yards since the first of the month. The Pintauch plant owned by the company has had a large force of men at work under Foreman George Lochhead Jr., making extensive improvements in the pipe line system running from the plant to the depot grounds.

THREE CLIPS SOLD.

Cold Weather Puts a Stop to Shearing Operations in Utah.

Railroad men who have returned from the south report that shearing operations are at a standstill owing to cold weather. During the past week three small clips ranging from 15,000 pounds each were sold at Black Rock.

In Provo Canyon.

The Rio Grande announces that the Upper Falls resort in Provo canyon is rapidly being put into shape for the summer business.

A Typical Case.

Shippers generally for the past few months have been making life a burden to the average railroad man owing to the non-delivery of freight within a reasonable period.

Meeting in Portland Tuesday.

The regular meeting of the Transcontinental Passenger association takes place in Portland on Tuesday on which occasion a number of the leading general passenger agents of the west will convene and talk over the situation and decide on rates for the summer.

SPIKE AND RAIL.

Arrangements are being made for an old folk's excursion to American Fork. Dispatching is the authority for the statement that Canada is to have another transcontinental railroad.

Rio Grande trains No. 5 and 1 came yesterday in two sections, owing to excessively heavy passenger business.

C. S. Mitchell, claim agent for the Rio Grande system, came in from Denver yesterday in order to be present at the meeting.

Erwin Teas, general agent for the Vanderbilt lines at Denver, is numbered among the visiting railroad men.

The Milwaukee, Northwest and Rock Island today have every available man out in the field looking after wool shipments.

The Oregon Short Line ran a special out on Salt Lake this morning at 8 a. m. on the occasion of the U. of U. pilgrimage to Provo.

Collector General Rogers of the Colorado Midland and a party of friends arrived in Salt Lake this morning from the coast. They go east on No. 6.

As predicted, Frank Groesbeck, assistant ticket agent for the Rio Grande here, found a youngster with a yellow dog at the end of a string awaiting him when he came down to the office this

morning. Numerous other boys with dogs showed up during the day in order to claim the reward. Groesbeck's pup, however, is still missing.

President Burt, Chief Engineer Burt and other prominent Union Pacific officials are at Aspen tunnel to personally direct the work of clearing up the four landfills at that point.

P. B. Parker, agent for the Union Pacific at Rawlins, has resigned in order to take a position on the construction work of the St. Louis, Memphis & Southeastern, a new road being built by the Frisco.

The passenger department of the Pennsylvania line is out with a preliminary announcement regarding the annual grand lodge meeting and reunion of B. P. O. E. at Baltimore, July 21-23. Special trains composed of Pullmans and diners will ply between Chicago and Baltimore on July 19 and 20.

J. F. Dunn, superintendent of motive power and machinery, Oregon Short Line, has returned from a five weeks' trip to the Pacific coast.

Twelve cars of coal were ditched on the Rio Grande near Castella Springs last night owing to the breaking of a car. No one was hurt although the wreck was a bad one and occasioned the abandonment of No. 3 last night.

SOCIAL AND PERSONAL.

Mrs. Ella Wheeler Wilcox was the guest for a short time yesterday of the Ladies' Literary club and a large number were present to meet the distinguished author. She addressed the club briefly on the subject of women's clubs, declaring her hearty approval of such organizations.

Tonight the members of Mrs. Iglehart's choir will enjoy an unique entertainment in the shape of a "Trip Around the World." The hostesses of the evening will be Mrs. Baker, who has home

A special meeting of the Ladies' Literary club was held yesterday afternoon at the close of the meeting of the current session, and the following ladies were nominated for the several offices for the ensuing year: For president, Mrs. A. C. Ewing and Mrs. F. D. Bickford; first vice president, Mrs. Arthur Bird; second vice president, Mrs. M. L. Ritchie; recording secretary, Mrs. C. H. McMahon; d. m. s. Jessup; corresponding secretary, Mrs. Charles Watson; treasurer, Mrs. E. B. Critchlow; critic, Mrs. Gertrude Librarian; Miss Yardley; historian, Mrs. Jeanette; Mrs. Cain and Mrs. Wigham; directors, Mrs. Tuttle, Mrs. Fabian, Mrs. F. B. Stephens, Mrs. Ledyard M. Bailey. The election will be held on May 9.

A reception and dance will be given in honor of Mr. and Mrs. T. M. Solomon at the Ladies' Literary clubhouse next Wednesday evening, the affair being under the auspices of the E. F. Peixotto lodge.

Mr. and Mrs. John Wilhart announce the engagement of their daughter, Miss Flora Dreher to Mr. Charles Billings, manager of the Bradstreet agency in this city. The wedding will take place some time next month at the residence of the bride's parents.

A delightful surprise party took place last evening at the residence of L. C. Marzler, 48 east Eleventh South street. The young people of Farmers ward planned the surprise on Miss Amosa and Miss Mattie Marzler. Refreshments were served, and a delightful time was enjoyed. There were present: Miss Marion Clawson, Miss Jennie O'Bray, Miss Myrtle Bartley, Miss Amy Stewart and Lovina Krueger, Miss Gladys Orvell, Miss Bertha Ksengier, Miss Ella Christopherson, Miss Van Sant, Miss Lillie Bradford, the Misses Kaife Woodberry and Loreta Woodberry, Miss Lillie McFarland, Miss Emma Gabbott, Miss May Riches, Mr. Wm. Winder, Mr. Joseph Maynes, Mr. Thos. Hare, Mr. Walter Christopherson, Mr. Joseph Tingey, Mr. Arvin Bishop, Mr.

Preparations for the bazaar to be given in the Twenty-eighth ward, commencing May 4, are progressing nicely. How 1,000 Chicagoans Got Well at my Risk.

On Jan. 11, 1903, I published in the Chicago papers the names and addresses of one thousand people in that city whom I had cured of chronic diseases in just the last six months.

Since then several thousand other Chicagoans have written for my help. The offer I made to all of them is the offer I make to you.

Simply send me this coupon, or write me a postal stating which book you need. I will then mail you an order, good at any drug store, for six bottles of Dr. Sloop's Restorative. You may take it a month on trial. It succeeds, the cost is \$5.00. If it fails, I will pay the druggist myself. And your mere word shall decide it.

My Restorative is the remedy that cured those thousand people in one city in one-half year. And I have in my office the records of nearly 50,000 sick ones whom it has cured in the past twelve years.

And my Restorative is the only remedy so sure, even in difficult cases, that anyone dare offer it on terms like mine. If you need help—whether the trouble is trifling or severe—you need the best help—this book.

The usual way for treating weak vital organs is to doctor the organs themselves. My way is to strengthen the inside nerves—to bring back the power that makes the organ do its duty. This nerve power never leaves the vital organs, and it is nerve weakness alone that makes the organ weak.

I treat the weak organ like a weak engine—I give it the power to act. The result is always a cure, say when a cause like cancer makes a cure impossible. Such causes are so rare that I willingly take the risk.

MACHINISTS WANT MORE PAY

Those in Pocatello Make Demands Upon Employers.

A STRIKE IS THREATENED.

Second Conference This Afternoon With Superintendent Dunn of the Oregon Short Line.

(Special to the "News.") Pocatello, Ida., April 18.—The machinists' union, comprising all the metal workers on the Oregon Short Line, has a committee now interviewing L.F. Dunn at the office of Master Mechanic D. J. Malone, where they have been in session since 9 o'clock this morning, to consider a demand of an increase of wages. At a union meeting last night it was resolved to strike, and the answer of Mr. Dunn is anxiously awaited by all parties concerned.

As yet no definite action has been taken by the machinists' union and a second conference is in progress at the master mechanics' office with J. F. Dunn, superintendent of motive power and machinery, who, while not granting the demand of the committee, who work for an increase to 40 cents an hour for machinists, boilermakers and blacksmiths, and 25 cents an hour for fitters and riveters, who have said he would be guided by the action of the other western roads who contemplate a raise of pay for shopmen.

Applications for pardons of Marion A. Brasher and Others Considered Today.

The board of pardons was in session for an hour this morning and heard three applications for pardon, after which it adjourned until this afternoon, so that the governor could attend a meeting of irrigators in his office at 11 o'clock. The applications heard this morning were: Marian A. Brasher, convicted of involuntary manslaughter and sentenced by Judge Morse to four months in the county jail; Yasulios Pappos, convicted of assault and battery; F. M. Blanchard, convicted of forgery.

The application of George Pappin, who was convicted of malicious destruction of property, was withdrawn as he has been ordered released by Mayor Thompson.

This afternoon the board will hear the application for pardon of John J. Johnson, convicted of a felony; and the applications for parole of E. P. Johnson, grand larceny, and R. G. Russell, felony.

INCREASED MORTALITY.

Nineteen Deaths Reported for the Week—Contagious Diseases.

The mortality in Salt Lake City for the week ending April 18 shows a slight increase as compared with last and a decrease of five as compared with the same week of last year. Nineteen deaths were reported for the week, 11 males and 8 females. The births reported show an increase of 5 over last week and are but one less than double the number reported for the corresponding week of last year, being 111 males and 24 females. These figures represent an annual birth rate of 29 per 1,000 of the estimated population.

In the class of scarlet fever in quarantine; during the week 4 new cases developed and none having been discharged, left 19 cases in detention with warning signs. There were 11 deaths and 8 females. These figures represent an annual birth rate of 29 per 1,000 of the estimated population.
