Makes a Demand on China for It Sovereignty.  
CHING REFUSES THE TERMS.

Japan Sends War Vessels to Chinese Waters—Believes United States and England Will Stand by Her.

Peking, April 23.—Russia has demanded that China sign an agreement practically ceding to her the sovereignty of Manchuria and excluding other nations from that country. The Russian charge d'affaires, M. Pianon, has informed Prince Ching, president of the foreign office, that no further steps in the evacuation of Manchuria will be taken until this agreement is signed. Prince Ching refused the Russian terms, but his refusal probably pleased Russia as well as his acceptance would have done, because other alternatives would be the relinquishment of Chinese sovereignty in Manchuria.

There were no accidents, a number of amusing incidents occurred. One of them happened during the president's visit to Geysersland a few days ago. The president and Mr. Burroughs, who was on skis and started to race down hill. The snow was soft, and Mr. Burroughs, who had never used a ski before, soon found himself with his head in the snow and his feet in the air. He had hardly struggled to his feet when the president repeated the performance. Neither one was hurt, but Maj. Picher secured excellent photographs of the extraordinary feat which he has promised to have distributed upon.

Sensational Developments in Post-office Investigation.  
MRS. TYNER IS IMPLICATED.  
She is Charged With Riffing Her Husband's Official Sale of Valuable Papers and Records.

Washington, April 23.—A most sensational development of the investigation of postoffice department affairs occurred just before the department closed today, when Postmaster General Payne announced the summary dismissal of James N. Tyner, assistant attorney-general for the postoffice department, coupling with the announcement the startling charge that all the papers and records in the safe of the latter's office had been abstracted by Mrs. Tyner, wife of the discharged official, with the assistance of others. The postmaster general stated that Mrs. Tyner has refused the demand of the government for the return of the papers taken, and said the circumstances in the case would be submitted by him to the department of justice tomorrow morning. Other sensational developments are expected. The question of arrests will be based on immediately by Atty.-Gen. Knox.

**LETTER OF DISMISSAL.**  
The facts are told tersely in the letter of dismissal sent by Postmaster General Payne late yesterday afternoon and made public tonight. The letter follows: "James N. Tyner, Assistant Attorney-General of the Postoffice Department. Sir: You are hereby removed from the office of assistant attorney-general for the postoffice department. I deem it proper to give you the reasons for this summary action on the part of the department. Early in the month of March I communicated to you, through a mutual friend, a request for your resignation. After a painful interview with you, and a more painful one with Mrs. Tyner, I requested you to modify the demand for your resignation, so that it might take effect on May 1, 1903; with the proviso, however, that you were given leave of absence from the time of the acceptance of the resignation to the date of its taking effect, with the request that you were not in any way to undertake to discharge the duties of the office.

**PAPERS ARE GONE.**  
"Late yesterday afternoon Mrs. Tyner came to the office of the assistant attorney-general for the postoffice department, and went through the main office to the private office, closing the door behind her. She then unlocked the door entering from the public hall into the private room, and removed the key. Mrs. Barrett, whose son was formerly assistant in your office, and whose conduct is now under investigation by the department. She also admitted, in the same manner, G. G. Hamner, who is now in the employ of the Mosler Safe company, with whom she had made an arrangement to meet her at the department. At her direction Mr. Hamner opened the safe in the room and she took therefrom all papers, records and articles of every kind and carried them away with her.

**MRS. TYNER HAS NERVE.**  
"Immediately upon learning what had been done, I directed the fourth assistant postmaster general to send two inspectors to your house to demand, in the name of the postmaster general, the delivery of any papers, documents, or any materials which had been abstracted from the safe. This demand was made by Mrs. Tyner, and she likewise refused to permit the inspectors to see you or to see and examine the papers in her presence. Mrs. Tyner further stated to the postoffice inspectors that she committed this act with your knowledge and by your direction. Further comment on this transaction on my part is not necessary.

**CUBAN TREATY RATIFICATIONS**  
Present indications are that they will be Todious.  
Havana, April 24.—According to present indications there will be tedious delays in the ratification of the final treaties between Cuba and the United States. While there is no opposition to the proposals of the United States, there is a disposition among the members of the senate that the treaties now being negotiated remain without ratification until the American Congress has confirmed the reciprocity treaty. Some senators affect indifference in the matter on the ground that the senate of the United States is likely to alter or postpone the ratifications reached, as it did in the case of the reciprocity treaty.

**SAFE LEFT EMPTY.**  
When the inspector returned Mrs. Tyner had left. The safe on being examined was found to be empty. The affair created great excitement among the investigating officials, but the news was concealed carefully from the public. Two inspectors were dispatched to the Tyner residence to recover the papers. Mrs. Tyner refused to give them up, saying she was acting under the direction of her husband. She told the inspectors, so they reported, that they had a right to the papers, as Mr. Tyner

**IT IS ACCEPTED.**  
"Washington, March 5, 1903. "James N. Tyner, Assistant Attorney General Washington: "My Dear Sir—I have your letter of today tendering your resignation of the position of assistant attorney general of the postoffice department. I regret the serious affliction which has come to you, and which is of such a serious character as to preclude your performing my duties here. I trust that this will give you rest and freedom from care, and will be of material aid in bringing improvement to your condition, which is at the present time of such a serious nature as to render impossible any labor on your part.

**Eugene Field's**  
Views on Ambition and Dyspepsia.  
"Dyspepsia," wrote Eugene Field, "often incapacitates a man for endeavor and sometimes extinguishes the fire of ambition." Though great despite his complaint Field suffered from indigestion all his life. A weak, tired stomach can't digest your food. It needs rest. You can only rest it by the use of a preparation like Kodol, which relieves it of work by digesting your food. Rest soon restores it to its normal tone. Strengthening, Satisfying, Enriching, Invigorating.

General Payne late this afternoon to a large number of newspaper correspondents. In a voice that trembled with emotion he said that he regretted to have to say that he had found it necessary to remove from office the assistant attorney general of the department, and after speaking in a general way about the facts already developed said the story which he then read in a most feeling tone. Then he announced that he could say nothing further on the subject, and that he preferred not to be asked any questions. He was asked if any arrests will be made as the result of the abstraction, and if anyone else in the office was involved. It is fully realized, however, he added, would be in the hands of the department of justice tomorrow, and what further steps will be taken will be decided by the attorney general and submitted. The case, however, he added, would be in the hands of the department of justice tomorrow, and what further steps will be taken will be decided by the attorney general and submitted.

**WE GUARANTEE THAT VINOL WILL AID DIGESTION.**  
Vinol is the greatest aid to digestion that we have ever known. It is because Vinol acts so beneficially upon the stomach that it accomplishes so much good. Vinol contains the active curative principles that are found in cod-liver oil, without any oil or grease. These medicinal elements act so favorably upon the stomach, that this organ obtains for itself the elements necessary for creating new flesh, muscle tissue and for making rich red blood. When the stomach acts easily and naturally, a desire is created for good simple food and a good appetite is the sure result.

**THE SMITH DRUG CO., DRUEHL & FRANKEN, DRUGGISTS**  
was still assistant attorney general, and, moreover, insisted that the papers were all of a private character. The inspectors reported that Mrs. Tyner declared the papers belonged solely to them, and she announced emphatically that she did not purpose to have her papers removed from the custody of the inspectors. Other pressure, it is understood, was brought to bear both on Mr. and Mrs. Tyner, but both unequivocally refused to deliver the papers or even to sign a receipt for them.

**Decision Concerning Bankruptcy.**  
Chicago, April 24.—"The filing of a petition in bankruptcy, followed by seizure and by adjudication in bankruptcy, is a seizure of the property by the law for the benefit of creditors and an appropriation of it to the payment of the debt of the bankrupt. It is a seizure of the property by legal process, equal in rank to and of the same force and effect as by execution and attachment."

**TREYER'S RESIGNATION.**  
"Office of the Assistant Attorney General for the Postoffice Department, Washington.  
"H. C. Payne, Postmaster General: "Dear Sir—Last the effects of the light stroke of paralysis which recently disabled my left leg partially, and my left arm totally may prevent me from performing my duties here. I trust for some time to come as assistant attorney general for the postoffice department. I deem it proper to tender my resignation of said office, to take effect May 1, 1903.

We are very proud of the fact that doctors so generally indorse Ayer's Cherry Pectoral. There are two reasons for this: First, we send the formula to any physician upon request; and, second, the physician sees for himself that the medicine is all we claim for it. We make no extravagant claims. We raise no false hopes.
