

INSULTED HIS FATHER-IN-LAW

The Latter Took a Shotgun and Blew His Head Off.

DOMESTIC TROUBLE CAUSE.

Victim Lay on an Operating Table When He Was Shot—Undergoing Operation for Gunshot Wound.

Bluffton, Ind., July 12.—John Terrill, a farmer living near Petroleum, today killed his son-in-law, Melville Wolfe, firing the charges of both barrels of a shotgun into Wolfe's head as he lay on an operating table.

Wolfe had deserted his wife and baby and a suit was brought to compel him to support them. Early today Wolfe drove past the Terrill home, shouting insulting remarks and shaking his fist at Terrill.

When Wolfe came by again Terrill shot him in the leg. Wolfe was hurried to Petroleum, placed on an operating table and preparations were made to amputate his leg.

While a crowd stood around watching the surgeon Terrill broke in the door. He drove the crowd from the room at the point of his gun, and with the remark, "I am going to get him now," fired both barrels into his son-in-law's head. Wolfe was terribly mangled. At the time Terrill fired Wolfe was half unconscious.

After the shooting Terrill climbed into his buggy, reloaded his shotgun and holding the crowd that had formed hastily at bay, drove to the sheriff's residence and surrendered.

Physicians from the hospital succeeded in restoring most of those who had been hurt to consciousness and the remainder were taken to the hospital. Here it was found that Slaughter was so badly shocked and burned that he may die.

PITCHED INTO "MORMONS"

Rev. A. K. Wright of Boise Makes Them Theme of a Sermon in Denver.

He Declared They Will Soon Have Ten Senators in the United States Senate.

Denver, Colo., July 12.—The local pulpits of Denver were today occupied by visiting clergymen, delegates to the Christian Endeavor convention. Rev. R. J. Campbell of London preached at the Central Presbyterian church and thousands who wished to hear him were turned away for lack of standing room. During the afternoon large meetings for men and women and boys and girls were held in the largest churches. A temperance rally was held at night at the People's tabernacle. Rev. A. J. Wright, of Boise, Idaho, created a sensation at a meeting at Trinity church by denouncing "Mormonism" and declaring that the political leaders of Idaho and Utah and some other states had formed alliances with the "Mormon" church. He predicted that there would soon be seen 10 "Mormons" in the United States senate.

The remains will be brought to this country for burial.

After Mental Exertion—No Rest. Nervous, Irritable and Wretched.

Dr. Miles' Nervine Saved My Life.

There is little joy in living when the disordered nerves prevent sleep and rest; when one wakes from a restless night more tired than the night before, and is forced to drag through the routine of daily duties without energy, ambition or interest. This condition is due to a disordered nervous system which may be speedily regulated and strengthened by Dr. Miles' Restorative Nervine. This restorative medicine has a wonderful record of cases. Supposing that it does the exact element needed for the restoration of the nerve force and vitality, its good effects are felt after the first few doses.

"I have used your remedies myself and in my family for the past seven years and it is not too much to say that they saved my life. The tired feeling I used to have after giving a few music lessons has left me entirely and instead of lying in bed three or four hours trying to get sleep and then getting up and walking the floor until morning, I can now go to bed and sleep eight, ten and twelve hours without any trouble. When I think of my former nervous, wretched, irritable state I want to tell everyone what Dr. Miles' Nervine has done for me. I can do as much work now in a day as used to take a week to accomplish. I think Dr. Miles' Nervine is the best remedy for nervousness and general debility on earth."—L. D. EDWARDS, Front Street, Boston, Mass.

Heavy Electric Storms in Nebraska. Beaver City, Neb., July 12.—A terrific electrical and windstorm prevailed here this afternoon, doing much damage to small buildings and windmills. The wheat crop, just ready for harvest, was damaged. The Salvation army of Kansas and Nebraska, now holding a camp meeting here, suffered much loss. Ninety of their tents were blown down. Commander Holland was struck by the falling tent pole and sustained a serious injury. The camp was flooded.

NEGRO RIOT IN NEW YORK. It Was Necessary to Call Out the Forces to Suppress It.

New York, July 12.—A riot which required the services of three police companies to suppress broke out tonight in the negro quarter in West Sixty-second street. The trouble was precipitated by the attempt of Policeman Connor to arrest a man named Johnson, leader of a gang of negroes, who were making a disturbance in the street.

The policeman secured his prisoner after a sharp fight, and was dragging him to the station house, when he was assailed by a mob, and volleys of bricks and stones were hurled at him from the roofs of adjoining tenements.

Connor opened fire on a negro on a roof and the shots were returned from windows of the house. Reserves arrived and soon cleared the streets. Then they chased the other rioters over the roofs, making several arrests and finally restored order.

WIND DAMAGED FRUIT.

Report Made at County Horticultural Meeting—Ravages of Fruit Pests.

At the meeting of the Salt Lake County Horticultural society, held in the county commissioners' rooms on Saturday afternoon, it was reported that the heavy windstorm of last week did considerable damage to the fruit crop. The wind made the Elbertas look as though they had the "yellows," stated one member of the society. The peach blight is reported as being rather prevalent in the county. The sprayings of apple and black locust in a limb of the tree and spreads until the tree is killed. The codling moth is also quite thick, but the apples and cherries are not so badly injured as last year.

WANT THEM OUT.

Friends of Duke and Robertson Working for Their Furlough.

The friends of Alexander A. Robertson and Harry T. Duke, the two Wells Fargo bank officials who are now serving a four-year term in the state prison for embezzlement, are taking steps to secure the pardon of the two men, and a petition to be presented to the state board of pardons will soon be circulated around town for signatures.

The first year of their sentence expires on July 19. After deducting the "copper" that is allowed for good behavior, the men will have to serve two years and ten months. Both have been model prisoners and neither has a single mark against him for an infraction of the prison rules. Robertson is a librarian and Duke is a dairyman. They are both hopeful that a pardon will be granted them. The petition will be presented to the board of pardons for a couple of months, but it is believed by the friends of the men that it will be granted when it is presented.

LABOR'S SIDE OF CONTROVERSY

What the Federated Trades People Have to Say on Situation.

NO TROUBLE ABOUT WAGES.

A Hit Back at the Contractors—No Change in the Situation—What It Is.

In order to explain to the public their version of the controversy with the contractors' association over the labor situation, the Building Trades Council through its committee has issued an address of considerable length which is herewith given:

To the General Public:—In regard to an article published in the local newspapers on July 3, and claimed to have been signed by some 49 contractors, members of a so-called Master Builders' association, we, the Building Trades Council, have made my statement of our side of the case, and as there is a general desire on the part of those who do not understand the working of the Building Trades Council of Salt Lake City, we would offer the following as a true and correct statement of the case as it now stands:

We, the affiliated building trades, under the name and constitution of the Building Trades Council of Salt Lake City, and affiliated with the National Building Trades Council of America, have this to say:

That just January, in accordance with our constitution and by-law, we notified the contractors that on and after the 1st day of May the card system would be strictly enforced, said card system being a card system of the Building Trades Council of America, and would not work on any job with a man working at any of those trades who did not carry the said card.

As to this part of the matter, we sent the printed notices in proper form, and they were received by the contractors, and no opposition shown until some time after the 1st of May, when now and then a contractor tried to work in a man not carrying a card, or in other words, a non-union man; and there is where the trouble began, and where the contractors show the bad system under which they try to do their work.

GOOD BY HELENA; WELCOME "ANGELS"

Salt Lake Still at the Foot of the League Ladder.

WONSATURDAY, LOST SUNDAY

Was Some Strong Playing in Last Two Games—Los Angeles Nine Said to be Very Swift.

The series of games between Helena and Salt Lake closed at Walker's field yesterday afternoon, with another scalp snatching at the belt of the haughty Senators. The last game was the strongest and best of the week, barring a few wretched errors. The score was 4 to 3, giving the radicals sixteen-four games out of the six, and leaving Salt Lake at the foot of the percentage column. But even at that the boys are not discouraged, nor are the fans, for they have eyes enough to see that the local boys are getting into the form and are ready to get the notch pitcher is prepared to argue the question with the best of them. The game on Saturday, which resulted in a score of 12 to 1 in favor of the locals, touched up the fans like a few hundred bolts of electric fluid, and demonstrated to them that Salt Lake is strong both at the bat and in the field. Quick pitched an excellent hitting opportunity—Egan, Mahoney, Lupton—Gigan. Weather fine. Time of game—1:30. Attendance—2,000.

LOS ANGELES TEAM HERE. California Boys Said to be Fastest in the League.

The Los Angeles baseball team will arrive in the city tomorrow afternoon, and the boys will be ready to pitch into the locals in 4 1/2 afternoon. The Angels are expected to be the fastest team in the league. One of the local players stated yesterday that the California boys are a "hot" team, and are what is called "heavy" players. That is to say, they are endowed with quick hitting opportunities—Egan, Mahoney, Lupton—Gigan. Weather fine. Time of game—1:30. Attendance—2,000.

MORE RACE HORSES ARRIVE. Over Seventy Head at the Park Ready for Meet.

Twelve more fast horses from Denver arrived in the city yesterday, together with two from Wyoming and three from Oregon. Another car of six head arrived this morning.

There are now over 70 horses at the track, and scores of enthusiastic horsemen go out every day to see them work. The races open on Thursday, and the crowd is expected to be large. The meet will offer to the people of Salt Lake the best horse racing they ever saw here.

FEATHERWEIGHT IS COMING. A telegram has been received by Biddy Bishop from Clarence English, the featherweight fighter, announcing that he will be in the city in a few days on his way east. English is returning from the coast, where he has been for the last two weeks, and he is expected to arrive in the city tomorrow.

HERRERA MAY BE MATCHED. The idea is being agitated to have Herrera meet Gardner within the next few weeks. The fight is expected to take place in Salt Lake, and the promoters are working hard to bring it off.

SEEN FROM GRAND STAND. "Slats" Davis failed to score yesterday for the first time during the series. Donahue got two hits and showed himself to be a player after the manner of the big league.

One of the richest plays ever seen on the Walker diamond was made by Hanley, in capturing Frary's fly in the middle of the field.

The way the fans yelled and cheered little Fisher, the short, when he fielded a sizzling liner run with it over to second and sent it down to Davis like an arrow, showed they appreciated the play.

All the games at Walker's field hereafter will begin at 3:30 instead of 4. The manager decided the former time was the best.

Helena has taken Ed Mahoney along with them. Ed was tried out in the last three games and delivered the goods neatly wrapped. He is a good man and the local fans wish him good luck until the next contest between Salt Lake and Helena.

It is pretty generally conceded that Wiggs is the best pitcher in the west. As a matter of fact he is the man who defeated the locals.
