OGDEN NEWS.

The branch office of the Deseret Office in Ogden is at No. 465 Twenty-fourth street, where advertisements and subscriptions will be received.

WEBER COUNTY AFFAIRS.

The board of county commissioners held a short session and disposed of a number of special matters and appointed delegates to the trans-Mississippi Commercial congress and to the Irrigation congress.

Forgers and Other Calprits Held—Webster County School Census—Palmer-Hansen Nuptials.

The forgery of bogus checks seems to be the principal graft being worked in Ogden by the criminal element and almost daily some storekeeper, saloonman or other person reports having been taken in by these flim-flammers.

The police were busy all day yesterday running down forged checks and were successful in arresting one man who gives his name as Elmer Evans, who is suspected of having forged the name of Corey Brothers to a check for \$15.50.

A check for \$7 was cashed by B. Kohls, the secondhand dealer. While Evans did not cash the check, the police have every cause to believe he wrote the check and had someone else cash it for him.

Miss Ella Naisbit, daughter of Deponent, was arrested yesterday at her home in California where she has spent a pleasant month.

County Clerk Hollingsworth has three forces of clerks working night and day to get the 1903 assessment rolls ready.

SALEM, IDAHO.

Preliminaries for the Building of Another Immense Sugar Factory.

Salem, Fremont Co., Ida., Aug. 7.—The people here at Salem think they are strictly in the swim, for while they are now busily engaged in the beet fields they have been promised that in all probability there will be a huge sugar factory built in this district next year.

It is claimed that this valley is unsurpassed for its adaptability for best raising in the way of water and land. But we will certainly have to have more labor to perform so much work incident to supplying so large a factory, therefore good farm hands and those accustomed to beet culture will be in great demand.
