SHOCKLEY IS VERY BITTER.

"So He Peached on Me, Did He?" Exclaimed the Murderer Regarding His Pal Prothro.

ABOUT THE REWARD DIVISION.

Prothro Will Remain in Prison Until After Murder Hearing Then He Will "Get Up and Dust."

"He peached, did he—and after I fed him, risked my life for money to eat on and gave him half of all I had? Well, if that ain't the limit!"

So cried John Shockley, bitterly, when informed for the first time that Percy Prothro, his pal, had played him false. The police considered it wisdom to withhold from the confessed murderer of the street car men the knowledge of his companion's accusation.

Above is the only comment made by the murderer, but there was keen bitterness in his tone. He said it as though his only regret might be in going to the gallows without an opportunity to thrash his young accuser. He indicated his feeling towards Prothro by telling one of the guards that on the night of the murder the young man expressed a desire to go out and help him "turn a trick."

Shockley is in better shape than when he confessed. He acts as though a great burden had been taken off his mind and chats with the prison attendants, frequently expressing sorrow and remorse over his bloody deeds. He has no idea of occupying the death penalty, and I shall never fail to recommend it to any of my friends who may happen to be troubled as I was.

A PLAQUE OF THE NIGHT.

Hitching Piles and Other Rectal Troubles Easily Cured by a New and Safe Method.

A Remarkable Number of Cures Made by the Pyramid Pile Cure.

About one person in every four suffers from some form of rectal disease. The most common and annoying is itching piles, indicated by warmth, slight moisture and intense, uncontrollable itching in the parts affected.

The usual treatment has been some simple ointment or salve which sometimes give temporary relief, but nothing like a permanent cure can be expected from such superficial treatment.

The only permanent cure for itching piles yet discovered is the Pyramid Pile Cure, not only for itching piles, but for every other form of piles, blind, bleeding, instant relief. The first application gives instant relief. The continued use for a short time causes a permanent removal of the tumors or the small piles which cause the intense itching and discomfort of itching piles.

Mr. Collins of 410 Armatage Ave., Chicago, says: "Some time ago I contracted a disagreeable case of itching piles. After using five boxes of Pyramid Pile Cure I was entirely cured of the disagreeable ailment, thanks to this excellent remedy, and I shall never fail to recommend it to any of my friends who may happen to be troubled as I was."

The Pyramid Pile Cure is probably the only pile cure extensively recommended by physicians, because it is so safe, so prompt in the relief afforded and so far as known the only positive cure for piles.

All drug stores now sell it at fifty cents per package. Address the Pyramid Co., Marshall, Minn., for book on cause and cure of piles. If suffering from any form of piles ask your druggist for a package of Pyramid Pile Cure and try it tonight.

STRONG BOARD OF PUBLIC WORKS.

Personnel of Important Body Named by Mayor Morris Last Evening.

COLONEL WALL IS CHAIRMAN.

President Hewlett Announces New Committees—Minority Gets One Chairmanship.

The above is the personnel of the new board of public works appointed by Mayor Morris and confirmed by the city council last evening by a unanimous vote. The new board consists of three Democrats and two Republicans and is composed of representative business men of the city. The mayor is being commended on every hand for the selection of such men as the new board and also because of the fact that the city engineer was not named as a member. It is a well known fact that there has been friction between every city engineer and board of public works the city has had since the creation of the board. It is believed by many that the troubles between these two departments of the municipality will now be largely reduced and a great deal of annoyance and delay in public improvements will thus be avoided.

MANY PERSONS PRESENT. The council convened promptly at 8 o'clock and every member but E. H. Davis, was present. The chamber was crowded with spectators who were being filled and people were standing in the aisles. Under a suspension of the rules, President Hewlett named the standing committees for the ensuing year. In every instance except one, the chairman of the committees are Republicans. The exception is Fernstrom, who was appointed chairman of the municipal law committee, one of the most important of all. In naming Fernstrom as chairman of that committee, President Hewlett said: "Gentlemen, I want to tell you that I have unsolicited or without consulting with any person whatsoever, taken it upon myself to name a member of the minority to an important chairmanship. They have a man that is just fitted to do the work and as we want it done well and as it is an important chairmanship, as I have said, I name him chairman of the committee on municipal laws."

GOING TO SCOTLAND.

Trip is the Result of a Little Romance Between a Miner and Chambermaid.

If the fates are willing, John Oldham and Miss Jean O'Neill will get married today, somewhere within an hour's ride of Salt Lake. The union will be especially notable as the culmination of one of those romances so frequently heard about where ever there exists a mine. Mr. Oldham is about 30 years young. He is engaged in mining at Park City and well-to-do. Miss O'Neill was a chambermaid at the St. Elmo hotel, and after 25 years of age, the old miner used to let his eyes follow her about the house until he became perfectly fascinated with the artistic way in which she wielded a broom. She was graceful, yes, she was stately, and the picture of health. What she could do with that broom was hardly worth doing, but one look into her mild, smiling eyes convinced the author that he would be taking no chances on that account. He fell in love with her. The day after New Year's he proposed, she accepted. He showed her with gifts—silk dresses, a watch, wraps and furs without number, and they are now ready for their honeymoon.

It was partially admitted by the couple last night that they will be married in Ogden today. They will visit San Francisco and then start for Scotland to visit the bride's mother and make her comfortable in her old age.

Miss O'Neill has not been in this country very long. It has been her ambition to save sufficient means to bring her aged mother from the old country, but she will no longer have to struggle for that purpose. Mr. Oldham has lived at Park City about 26 years. He went there as a prospector and of late years has been very prosperous.

SLEIGHING PARTIES.

Mill Creek and Lowell Schools Have a Jolly Time Yesterday.

The trustees, teachers and pupils of the Mill Creek school, Thirtieth district, had a jolly sleigh ride yesterday afternoon. There were about 150 in the party and these occupied 15 bob-sleds, some drawn by four and others by two horses. In their run-around they visited the state prison where, through the courtesy of Warden Dow they had the privilege of viewing the institution and had pointed out to them the cell occupied by Jack Shockley. All had a most enjoyable time and were profuse in their expressions of appreciation to Principal Hils and under whose direction the ride was given.

Last night the teachers of the Lowell school with Supt. Christensen and Miss Pollock, numbering 24 in all, enjoyed a sleigh ride through the city, the whole terminating with a Dutch supper at the home of Miss Foster.

STRONG BOARD OF PUBLIC WORKS.

Personnel of Important Body Named by Mayor Morris Last Evening.

COLONEL WALL IS CHAIRMAN.

BOARD OF PUBLIC WORKS. E. A. Wall, chairman, Dem. Fourth municipal ward. Stephen Hays, Dem. First municipal ward. Albert Fisher, Dem. Second municipal ward. W. W. Ritter, Rep. Fifth municipal ward. J. D. Wood, Rep. Fourth municipal ward.

The above is the personnel of the new board of public works appointed by Mayor Morris and confirmed by the city council last evening by a unanimous vote. ONE NEW COMMITTEE.

One new committee was added to the list known as the engineering committee, and the committee on improvements was increased from three to five members. The word "plumbing" was added to the title of the sewerage committee, making it the sewerage and plumbing committee. These changes were made in accordance with the recommendation of the special committee on rules appointed at the first meeting of the new council. The only other change in the rules made by the committee, was in relation to the hour of meeting. From Nov. 1 to April 1 the council will meet at 7:30 o'clock instead of 8 o'clock, and from April 2 to Oct. 31 it will meet at 8 o'clock.

THE NEW COMMITTEES.

Following is a list of the standing committees appointed, the first named person being the chairman: Public Grounds—Hobday, Freese, Barnes, Hartenstein, Neuhausen. Improvements—Martin, Wood, Tuddenham, Black, Hobbay, Wells, Fernstrom. Municipal Laws—Fernstrom, A. J. Davis, Wells, Hobbay. Streets—Wood, A. J. Davis, Tuddenham, S. H. Davis, Martin. Library—Neuhausen, Dean, E. H. Davis.

FINALLY SHELVED.

The only matter which created a discussion during the session was the communication from the old board of public works, which was rejected by the bid of Kennedy & Co. for the sewer extensions during the year 1904. The communication which was published in the "News" on last Monday, arraigns the old council for rejecting the bid and recommends that the council reconsider its action and award the contract to the above named firm. W.H. moved that the council be referred to the waterworks and sewer committees. He thought that the council should consider the matter. Hartenstein and Martin stated that the new members wanted to know something about the matter. A. J. Davis opposed going over the matter again and stated that if the new members read the papers they certainly knew enough about it.

FERNSTROM TELLS A STORY.

Fernstrom said that the communication had no place before this council and should not be considered. He moved that the action of the old board in rejecting such a communication be remanded to the men and women who engaged in a dispute over the implement used in cutting a log in two. The woman said it was cut with scissiors and the man insisted that it was cut with a saw. The woman still insisted that it was cut with scissiors so the man threw her into the river. He then asked her if she still insisted that it was cut with scissiors. For twelve or thirteen years I know that my kidneys were not in the best of shape and after an attack of the grip in the winter of 1901 my suffering proved to be true for the sharp pain across my loins became so pronounced that I could neither stoop nor straighten after sitting without suffering. I noticed that my head aches very severely and that when in the violent stage dimness of vision occurred. I tried everything in my power to check the cause and spent lots of money for physicians' treatment, but all my endeavors were futile. I was induced to try Doan's Kidney Pills and went to the F. J. Hill Drug Co's store for a box. To say that the treatment surprised me is putting it very mildly. Relief came in a few days and a short time afterwards the last attack stopped.

Sold for 50 cents per box by all dealers. Poster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

REWARD APPROPRIATED.

By a unanimous vote the council approved the action of Mayor Morris in offering a reward of \$200 for the arrest and conviction of the murderer of Mortimer Amasa A. Gleason and Conductor Thomas Brighton, and the amount was placed on the appropriation list to the credit of the mayor's contingent fund.

FOR TEN DAYS.

The request of City Recorder Critchlow to retain former Clerk Kegler, of the board of public works, until he completes his annual report, was granted by the council. The employment shall not exceed 10 days.

REISER IS CLERK.

Street Supervisor Condie notified the council that he had appointed former City Auditor Albert S. Reiser as clerk in his office to fill the position temporarily. The appointment was confirmed by a vote of 9 to 5.

MISCELLANEOUS.

Chief of Police Lynch submitted the appointment of George H. Moore as a patrolman to fill a vacancy in the department. The appointment was confirmed unanimously. The council granted permission to the Utah Philippine Veterans to use the council chamber for their meetings, held every other Sunday afternoon.

An Epidemic of Pneumonia.

New York, Jan. 11.—Deaths from pneumonia in this city last week aggregating 264 are causing the department of health to adopt energetic measures to check the progress of the disease. "In my opinion," said Commissioner Darlington of that department, "the habit of expectorating in public places has much to do with bringing on the disease. Last week's increase of deaths from that disease—nearly 100 more than for the corresponding week last year—is positively alarming, and I have taken measures to try to keep the disease from spreading."
