There is a large sized thaw on, and as the robins are swarming all over Colorado, there is a quiet belief that "gentle spring" and the usual deluge of spring poetry will be sprung on a patient community. The streets are running rivers of water, and the mud is deepening as the frost is coming out of the ground. Consequently the walking is anything but pleasant, and collars in the lower part of the city are filling up.

Miss Fera S. Young of Ogden was married secretly Dec. 19 at Redwood City, Cal., to Charles M. McGreer, a young business man residing at Berkeley. On account of their youth, they feared there might be parental objection, so they did the thing up without any ostentation. However, the groom took his mother into his confidence the other day, and found she had no objection on condition that the couple be married over again by a Catholic priest, which was done. The bride was visiting in Berkeley when she succumbed to the tender passion.

ALVIRAS SNOW DISBARRED. Details of Trouble Which Terminated in Order of Yesterday Afternoon.

The supreme court, as noted last night, has handed down a decision in the disbarment proceedings against Attorney Alviras E. Snow, W. H. Wilkens and J. M. Bowman, in which Mr. Snow is disbarred from the practice of law in this state for a period of 60 days on account of certain scurrilous charges made by him against Justice Barch of the supreme court, in his answer filed in the suit of C. D. Morrison vs. the Morrison Mining company and Alviras E. Snow et al. defendants.

The charges against the two attorneys, who appeared on behalf of Mr. Snow in connection with the case, were dismissed. The opinion of the supreme court was written by Justice McCarty and concurred in by District Judge Marionaux. Chief Justice Baskin concurred in part with the decision, but he favored a more severe penalty. He favored disbarring Attorneys Snow and Wilkins for good and censuring Attorney Bowman.

The suit in which the charges were made against Justice Barch was brought by Morrison to recover 145,000 shares of stock in the above named company which it was alleged Snow fraudulently induced Morrison to sell to him at a nominal figure. In his answer Snow charged that Justice Barch conspired with Morrison in bringing the suit and that he was to receive one-half of the stock recovered from Snow. It was charged that Justice Barch used his judicial as well as his personal influence to induce the bringing of the action. Other charges were made against Justice Barch in regard to his conduct as president of the Morrison company.

When the disbarment proceedings were brought against the three attorneys, a committee from the state bar association appeared before the court and opposed bringing formal charges against the attorneys, but the court itself took the matter in charge with the result as stated above.

The Death Penalty. A little thing sometimes results in death. Thus, mere scratches, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent anything from getting into the cuts and piles between. Only 25c, at Z. C. M. I. Drug Dept.

LEGALIZING GAMBLING. Hobday Introduces Ordinance for Licensing Pool Rooms and Bucket Shops.

The license committee of the city council held a special meeting yesterday afternoon to consider an ordinance submitted by Hobday providing for the licensing of turf exchanges, bucket shops, pool rooms and bookmakers. The ordinance provides for a license of \$10 per day for each quarter upon any such establishment and a penalty of a fine of \$100 or 90 days in the city jail for any infraction of the ordinance. There were some objections to the ordinance on the ground that it would be legalizing gambling, so no definite action was taken in the matter yesterday.

SUNDAY SCHOOL UNION MEETING.

A Sort of Farewell Session Held in Barratt Hall Last Night.

TOUCHING ADDRESSES MADE.

Progress of Sunday School Work in Recent Years Has Been Very Marked—Resolutions Adopted.

What may be the final meeting of the present Sunday School Union of the Salt Lake Stake of Zion was well attended last night by very creditable representations from the several schools, all save the sixteenth ward branch and North Point responding to roll call.

The meeting was presided over by Supt. Burrows and assistants, and all other members of the board save one were in attendance. The opening song was "Improve the Shining Moments," and prayer was offered by Supt. Richard Chamberlain of the Eighth ward. "Hark! Listen to the trumpeters," was next sung.

Supt. Burrows briefly commented on the success of the recent convention, thanking the officers and teachers for their co-operation and the liberal response to requests for entertainment. He said the "valuable" addresses given should be remembered, and that those not subscribing for the Journal should do so in order to secure the papers, many of which are to be published in its columns.

With reference to the proposed division of the stake Supt. Burrows said the present session would, in all probability, be the last, and offering of suggestions and resolutions. He said his connection with the stake Sunday school work represented a most happy period of his life. It was, to him, an exalted and noble calling, and he hoped that the young and the old carry to their new fields the enthusiasm and earnestness that had characterized their efforts in the Salt Lake Stake of Zion. The speaker said he appreciated the earnest co-operation of his assistants in the Sunday school work, and the superintendents, officers and teachers generally. They had enjoyed many happy times together and hoped that their labors would prove an abiding blessing upon the world.

The speaker made reference to the growth and advancement of the work in recent years, and its general importance. Asst. Supt. Willard C. Burton also expressed great pleasure in the association of his co-workers in the Sunday school work. He spoke of his long association with the various superintendents of the original, as well as present Salt Lake stake, and pleasant experiences in traveling among the many and scattered schools. His speaker made reference to the growth and advancement of the work in recent years, and its general importance.

Asst. Supt. Chas. B. Felt next expressed his appreciation of the efforts put forth by the local workers in the interest of the Sunday school cause. He spoke of the great good that has been accomplished, and briefly compared the condition of today with that of but a very few years back; the changes are very great and as a result the schools are marked improvements. The universal movement is onward and upward. Said the speaker: "There are fields yet untrod which must be reconquered. The possibilities of the Sunday school are great in that its scope is unlimited, and its work is constant, and though every effort is put forth, we can not exhaust the possibilities for good. The Sabbath school worker should never weary in well doing, and never feel satisfied lest we leave fields untouched."

As usual the departments were conducted, though in all cases the usual program was departed from. In the superintendent's department very little routine business was conducted. Supt. Burrows read the annual report of attendance at the union meeting and the report of the return of delinquent preparation and annual reports. He also requested an adjustment of all accounts with the stake treasurer, if possible, before the perfecting of the division of the stake. Supt. Burrows and Burton both spoke on the division and offered some timely comments and counsel.

In the secretaries' department Secy. Joseph V. Smith offered some miscellaneous suggestions, including a recommendation to use, in connection with the minutes of teachers' meetings, the marginal note system advocated by Elder Burton of Davis stake at the recent convention.

Secy. James H. Garrett occupied a portion of the time, commenting on the condition of the secretaries' work throughout the stake, and offering general suggestions and encouragement to the local secretaries.

A number of questions were answered, and a very comprehensive daily statistical record and report card explained by Secy. Clawson of the Eighteenth ward.

The theological department indulged in an extended discussion of how to use the outlines, and the necessity of ample and previous preparation of the Sunday school lessons.

The primary and two intermediate departments also discussed future lessons while in the kindergarten a most instructive and interesting paper on "How to Prepare a Lesson" was read by Sister Emily Foster of the Fourth ward, followed by a short discussion. Also a consideration of the article on "Kindergarten Work" at the recent convention by Rebecca V. Morris.

RESOLUTION OF THANKS. On reassembling the retiring board was surprised by Supt. H. J. Walk, who offered the following resolution: "Resolved, That we, the officers and teachers of the several Sunday schools of the Salt Lake stake, do extend to Supt. Burrows and his associates, and to the officers and members of the stake board, our gratitude for, and appreciation of their intelligent and faithful direction, and to wish them all these blessings which we feel they so richly deserve" which received a unanimous vote of approval.

"If there's a quail in your heart" was sung with feeling and the meeting adjourned. Benediction was pronounced by Supt. Henry Gardner of the Twenty-second ward.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm. The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Parker Trippelet, of Grisy, Va., says that Chamberlain's Pain Balm gave him permanent relief from rheumatism in the back when everything else failed, and he would not be without it. When You Have a Cold. The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia.
