TRIED PATENT MEDICINES IN VAIN. DRs. SHORES AND SHORES BRING QUICK RELIEF.

Read the Statement of Mr. A. L. Millar—he speaks from EXPERIENCE.

Mr. Millar says: "I have suffered with catarrh of the head, throat and stomach for about five years. I had to hawk and spit continually, nose filled up, breathing heavy, and everything I ate gave me distress.

I took fully 50 bottles of a widely advertised Catarrh Tonic, and it was like drinking so much water—it did me no good at all.

I went to Drs. Shores and I want to say that these Doctors know their business. I began to improve at once, and today I am feeling fine, eat three square meals a day without distress, sleep fine and feel better in every way, and I am glad to endorse Drs. Shores treatment and recommend these Skilled Specialists to my friends.

HAY FEVER. So many patients have applied to Drs. Shores and Shores for treatment lately, who have been suffering from Hay Fever and did not know what their trouble was that Drs. Shores have decided to explain the symptoms, effects and treatment of Hay Fever, that all may tell it at a glance.

In the beginning of an attack of Hay Fever the patient experiences a sense of uneasiness about the nasal passages, with a slight disposition to sneeze.

As the attack progresses, the symptoms increase and often there is an intense itching of the nasal passage, with a profuse watery discharge, which necessitates the constant use of a handkerchief.
