

CITY TAX LEVY NOT YET FIXED.

Finance Committee Discusses the Matter Without Reaching A Decision.

SOME FAVOR ELEVEN MILLS.

Auditor Felt Submits Estimates and Recommends a Levy of Ten Mills.

No agreement was reached by the members of the finance committee of the city council yesterday afternoon as to the tax levy for the city for the year 1904, and it will be necessary to have another meeting of the committee to further consider the matter.

An estimate of the expenditures for the year was submitted by City Auditor Felt with a recommendation that the levy be fixed at 10 mills, an increase of one mill over the levy of last year.

Table with columns: FUNDS, Estimated Expenditures, Estimated Receipts, Difference, Balance on Hand, Taxable, Actual, Available to Raise, Tax Rate.

The estimate is based upon an assessed valuation of city property of \$38,914,717, an increase of \$2,267,487 over last year.

Some of the committee thought that the contingent expense fund would require 9 mills instead of 4.90 mills as recommended by the auditor.
