NORFOLK STYLES are included and single and double breasted Reefers; satin lined; best make; fancy mixtures, domestic and foreign weaves; medium and dark colors. Peculiar style distinguishes this fashionable and perfectly tailored clothing for Youths, Boys and Juveniles. The maker has stood at the head of this branch of the high-class industry for almost a quarter of a century. Never has he been approached for beauty and exclusiveness of styles and superb tailoring. These suits, splendid in point of materials, striking in their tailored effects, represent the fullest measure of value for the money.

We can buy cheaper clothing—in which case equal wear and style cannot be given. Each suit holds its shape—it is for these corresponding features that we pay the very highest prices.

When style is retained to the last day of the usefulness of a suit—long and satisfactory service—then it is that mothers appreciate most the superiority of our lines—at a cost no more than usual makes.

It is from these reasonable prices the reductions are made—lines and prices with which hundreds of mothers are cognizant.
