

PITTSBURG PHIL STILL IN THE GAME

Report That He Was Dying at Asheville Is Emphatically Denied.

HE WILL RACE STABLE AGAIN

His Brother Makes the Announcement and Declares that "Phil" Will Have Big String This Season.

Regarding the recent reports to the effect that "Pittsburg Phil" the noted steeplechase rider would never appear in the racing game again, the following from New York will be read with interest by those interested in turf events in this country.

W. C. Smith makes a flat denial of the story sent out from Asheville, N. C., that his brother, George E. Smith (Pittsburg Phil), is in a bad way physically. The big trainer has just returned from Asheville, and said that he has been in better health than he had in several years or three or four years. Mr. Smith is not at a sanitarium, as reports had it, but is living at a hotel. He takes a great deal of exercise, and is feeling so well that he contemplates coming back to the turf the coming season with the largest stable he ever campaigned.

ON THE RACE TRACK.

Some Reasons Why Croker Was Placed Under the Ban.

London, Jan. 11.—A serious scandal promises to develop in racing circles as a result of the jockey club's action in suspending Richard Croker from training his horses at Newmarket. The history of Mr. Croker is that when, at the Newmarket sales in September, Mr. Croker appeared as a bidder for certain yearlings he was informed that he was opposed by Lord Marcus Brough, who it is well known, has entire charge of King Edward's racing stable. This did not deter Mr. Croker, and it was suggested to him that if he insisted in competing he would not be allowed to train his horses at Newmarket.

Bad Day for Favorites.

Los Angeles, Cal., Jan. 11.—Favorites had another disastrous day at Ascot, not a single one finishing first. The 2-year-old race was an upset for the favorite, Kiltie B., who was sent to the post with a 10 to 1, and Silver Sue, finishing ahead of her. Heather Honey and Rough Rider were the two stonewall players for the half mile race, but Silver Sue upset calculations by beating both of them out. Weather, clear; track, good.

My Offer to Kidney Sufferers

I will give you a full dollar's worth of my remedy free to try without cost or deposit or promise to pay.

I could not make this offer a full dollar's worth free to a man who has a weak kidney remedy. It is not, it treats not the kidneys themselves, but the nerves that control them. The cause of kidney trouble lies ALWAYS in these nerves. The only way to cure kidney trouble is by strengthening and vitalizing and restoring these kidney nerves. That is exactly what my remedy—Dr. Snoop's Restorative—does. Therefore, I can make this offer with the certain knowledge that every kidney sufferer who makes this trial will be helped.

When I say "nerves" I do not mean the ordinary nerves of feeling, thought, action, I mean the automatic nerves, which night, day, regulate and control, control and actuate and operate every vital process of life. These are the motor nerves. The kidneys are their slaves. Your mind cannot control them. Yet when they are strong, you are well and die. I have written a book on the Kidney which will be sent you free of charge. The book explains fully and clearly how these tiny, tender "inside" nerves control not only the kidneys but each of the other vital organs.

Dr. Snoop's Restorative

For Pain Take a Dr. Miles' Anti-Pain Pill, and the Pain will disappear Like Magic.

Not by paralyzing the nerves and glands, like opium, morphine, cocaine, and other dangerous drugs, but by increasing the natural secretions.

This action is obtained as a result of modern discoveries in medicine, making it possible to relieve pain without bad after-effects.

You can safely depend upon Dr. Miles' Anti-Pain Pills to relieve and cure such pains as Neuralgia, Headache, Rheumatism, Menstrual Pains, Rheumatism, Backache, Toothache, etc.

They will also, by their calming action on the nerves, almost instantly relieve such distressing feelings as Disgust, Grief, Nervousness, Irritability, Sleeplessness, etc.

Not merely do they relieve, but they also absolutely cure, because by persevering in their use, you do away with the cause.

Dr. Miles' Anti-Pain Pills are guaranteed that first package will benefit, or your money back. Never sold in bulk.

I am thankful for the good Dr. Miles' Anti-Pain Pills have done for me. Ever since the war I have had a hard attack, because I take a pill and the pain is gone. —GEO. BAUNDEIS, Greensburg, Ind.

FREE Write to us for Free Trial Package of Dr. Miles' Anti-Pain Pills. Also Symptom Blank. Our Specialist will diagnose your case, tell you what to do, and send you a Free Trial Package of Dr. Miles' Anti-Pain Pills. Write to: DR. MILES' MEDICAL CO., LABORATORIES, ELKHART, IND.

Events at Oakland.

San Francisco, Jan. 11.—In the handicap today, Nigrette, an odd on favorite, did not do any better than show. As there were but four starters in the event, there was not much of a contest.

Third race, selling, Brooks course—Ellie won, Rough Rider second, Heather Honey third. Time—1:43.

Fourth race, selling, six furlongs—Christy won, Sudden second, Sue (Christy) third. Time—1:37.

Fifth race, selling, one mile—Eleven Bells won, Eves G second, The Lieutenant third. Time—1:43.

Sixth race, five furlongs—Ralph Reese won, Light of Day second, Sweet Kitty Bellairs third. Time—1:34.

FOOTBALL IN ARIZONA.

Graphic Account of the Great College Game is Published.

Football in Arizona. Yes, they play the game down there, and an account of the game as seen by a reporter on the comestone Epitaph, is well worth reading and is hereby reproduced.

HERMAN WANTS TO QUIT.

Chairman National Baseball Commission Has Had Enough.

Cincinnati, Jan. 11.—A sensation was caused today by the announcement that August Herman, president of the Cincinnati club, will resign as chairman of the National Association and will return to his position as manager of the Cincinnati club.

Other changes in the agreement about which there was no contact were accepted by all concerned and will be formulated and sent to the National Association for its consideration.

The drafting season of the California league will open Friday, April 14, and that league to play longer season than the league in the east.

The national board of arbitration has announced the following decision: J. C. Flinn, manager of Houston, Tex., and Ardmore, released from all reservation.

Ralph Rose Barred.

Am Arbor, Mich., Jan. 11.—Ralph Rose, the champion shot, has been barred from the right to compete for all time by the board of control of athletics of the University of Michigan.

President Herman of the National commission has no intention at present of resigning.

SCIENTIFIC MISCELLANY.

One of the most remarkable of insect-catching plants seems to be a grass (Cenchrus echinatus Linn.) that is a great pest along the edge of Cuban cane fields.

A new use for carborundum has been discovered in Germany. Two large gas retorts becoming very leaky, a paste of carborundum was used for caulking.

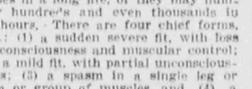

Powders for the temper are prescribed by Sir Lauder Brunton. As the irritability preceding an attack of gout comes on, he gives 20 grains of bicarbonate of potash in 10 to 20 grains of bromide of potassium.

The recent nutrition experiments have shown that man utilizes about 96 per cent of the energy of his food.

Epilepsy, though known to Hippocrates 2,000 years ago and numbering its victims by millions, still remains one of the most mysterious and neglected diseases.

The attacks may appear but a few times in a long life, or they may come on the hands and feet thousands of times in 24 hours.

The cut shows the beautiful new gateway recently completed at Leland Stanford, Jr., University.

The cut shows the beautiful new gateway recently completed at Leland Stanford, Jr., University.

The gateway is Italian in design and is constructed of the buff sandstone which enters so largely into the composition of the college buildings in the beginning of the broad, tree-bordered avenue which leads to the quadrangle.

Radant, the invention of two Englishmen, is well worth reading and is hereby reproduced.

RHEUMATISM IS NOT A SKIN DISEASE.

Several years ago I was afflicted with what the doctors called Sciatic Rheumatism, or Lumbago, suffering the most intense agony at times.

I was terribly afflicted with Rheumatism for eighteen months, and during my sickness tried the skill of many good physicians, all of whom pronounced my case hopeless.

Fiery liniments, drawing plasters and penetrating oils never cured a case of Rheumatism; because it is not a local or skin disease, but a disease of the blood caused by a sour, acid condition of that vital fluid.

The kidneys and the poisonous accumulations that should pass off through the usual channels of nature are absorbed by the blood and distributed into the muscles, joints and nerves through the circulation.

often give relief for a little while, but can do no permanent good, because the trouble is not within their reach; and even while the symptoms are being relieved by such treatment the blood is becoming more heavily charged with uric acid poison.

ash or other harmful minerals, but is purely vegetable and is recognized everywhere as the surest and safest blood purifier.

1905 Husler's Flour. Every resolution that I made for New Year's has been broken except the Husler's Flour. Habit—and, notwithstanding it is only 10 days old, it is already firmly fixed.

engineers, is claimed to increase the efficiency of gas fires as remarkably as the incandescent mantle adds to the light.

Whether matter undergoes any change of properties on being charged with electric current has been the subject of experiment. The results have been practically negative.

A very infusible fire-brick promising to serve many needs, is made by cementing quartz sand with magnesia, drying and carefully burning.

Some new and simple radium experiments have been described by Prof. Orazio Rebuffat, an Italian physicist.

The action of water as an anesthetic is illustrated in some recent cases brought to notice by Joseph Clements.

The melting of glaciers in winter has called for explanation. Dr. H. von Lendenfeld of Prague, believes that the earth's interior heat cannot account for more than three to six per cent of the effect.

Aside from errors of refraction, W. H. Rivers finds the eye of all races and classes of men to be practically the same.

FISH CULTURE.

Correspondent Offers Some Suggestions to the Legislature.

To the Editor: Will you please find space in your valuable paper for the following as it may be of interest to some of your readers, especially to our law makers, who are now in session.

Sickening Shivering Fits of Arie and Malaria, can be relieved and cured with Electric Bitters.

positions and some that I believe could be improved upon. It was upon reading the governor's message to the Legislature that caused me to write regarding the fish and game particularly of Utah county.

But it is not my purpose to dwell at length upon our winged birds, but rather upon the necessity of increasing our fish supply.

Take for instance the nation of Japan whose product in fish runs high into the millions yearly.

Now to come to our own streams and lakes. Certainly something ought to be done to increase our fish and game varieties of fish. I learn incidentally that Mr. A. O. Slade, our present county

warden, is in the race for state game commissioner and I think that he is a man that understands the business, and as Utah county produces more fish than any other county in the state, I think

At present there are about 12 different varieties of fish in Utah county, the carp being the most numerous, and very few people will eat them when they get a chance.
