HEARING OF THE JUDGESHIP CONTEST
Before Judge Charles W. Morse—Attorneys Interpose Technicalities.

AFFAIRS OF WEBER COUNTY.
Session of City Council—E. D. Jenkins, The Murdered Man, Was a Miner—Officers Investigating the Affair.

Ogden, Utah, Feb. 7.—Judge Charles W. Morse yesterday began the hearing of the contest proceedings of Daniel Hamer against District Judge J. Albert Howell. The entire day was consumed in the consideration of technical questions, the arguments on the same being continued this morning. The court room was crowded. There were nearly 20 witnesses for the plaintiff, who were called this morning.

The attorneys representing the different litigants were in attendance. Judge Rolapp was present in court during all of the proceedings. Judge Howell called a rest with his attorneys, Daniel Hamer, the contestant, was present, and his attorneys engaged in the active prosecution of the case. C. C. Richards and C. W. Powers, occupied seats directly facing the judge, while A. R. Hayward, George McCormick, E. T. Hulanski, James N. Kimball and W. L. Maginnis occupied seats at the other side of the table with the others. Judge Morse, on court being declared open, announced that he was ready to proceed with the contest. He stated that James N. Kimball announced that he had a motion to quash the citation as not issued according to law, and one to dismiss the action.

He argued that Judge Rolapp made the order that court should be held Jan. 28 to the contrary of the order in the case, and that Judge Rolapp, being interested in the case, had no right to make any order; that Judge Morse made the order containing the case to Feb. 4, and the date of Jan. 18, when he was supposed to acquire jurisdiction; that the order was made in chambers, and by the court in regular court session, and by the court in any event, had no right to postpone the case for more than 20 days. Mr. Kimball occupied the entire forenoon session of court presenting his arguments in a thorough and logical manner, and dismises on the ground of lack of jurisdiction. In the afternoon C. C. Richards replied to the arguments of Mr. Kimball, and authorities in support of his side. Judge Powers followed, the two attorneys taking up the entire afternoon with their arguments. The general line of their defense was that the action at bar was not an impeachment proceeding, but one to inquire into the regularity of the election of Mr. Howell, and therefore the rules of procedure cited by Mr. Kimball and his associates did not apply. Judge W. L. Maginnis will close the arguments for the defense this morning.

MURDERED MAN WAS A MINER.
Yesterday afternoon Deputy Sheriff Seagrave and Undertaker Larkin made a thorough examination of the body of Rocco D. Jenkins, the man whose murdered body was found Saturday night at Little Mountain, under a pile of rocks. In his pocket was found a membership card issued to E. D. Jenkins, by J. E. Chandler of the Western Federation of Miners of Idaho Springs local No. 108, and that deceased was in good standing until May 10, 1904. A telegram to the Idaho Springs union was sent late yesterday afternoon by Sheriff Seagrave, and it is now believed his body will be located. The murder was thoroughly investigated in the hope of finding some clue to the murderers, and securing their arrest. The man who was killed is supposed to have been a miner.

WEBER COUNTY AFFAIRS.
At the regular meeting of the board of county commissioners, the following business was transacted: The board confirmed the appointment of Albert A. Larkin as assessor; Phil L. Orth, Huntville, W. R. McFarland, Garland, C. H. Chandler, Robert A. Jones, Kanawha, M. D. Harris, Huntville, C. Purdy, Ogden City, Miss. Carter, and Maguire was confirmed as office clerk.

HOSTETTER'S CLEBRATED BITTERS
If you are subject to indigestion during the winter months, we urge you to keep a bottle of Hostetter's Bitters handy. A few doses at the first symptom will save a lot of suffering. It fortifies the system against Chills, Colds, and La Grippe, also cures Indigestion, Dyspepsia and Constipation.

TREATMENT OF PILES.
Permanence of Cure the True Test.
Many so-called pile remedies will afford the user slight temporary relief and the disease returns afflicted do not expect more than this. The average sufferer after having tried every remedy recommended for the cure of piles, comes to the conclusion that there is no cure except by an operation, rather than undergo this last resort, he suffers on, resigned to the situation, so far as may be. The attention of sufferers is invited to the following experience: After ten years of suffering from blind, itching and protruding piles and after using every remedy I could hear of without any benefit, I finally bought a fifty cent box of Pyramid Pile Cure and used it with such good results I bought next a dollar box, which finished up the job. I was nearly six years ago, and as far as piles is concerned, am cured, and have never felt a symptom of them since. Many others have used this remedy with the same success. It is a cure, and I can recommend it to sufferers with all my heart. P. J. Hill, Surgeon, Kansas City, Mo. Formerly like this should convince the most skeptical of the Pyramid Pile Cure not only cures, but cures to stay cured. It is in the form of a suppository, can be applied in the privacy of the home, directly to the parts affected and does its work quickly and painlessly. Druggists generally sell this famous remedy for fifty cents a package and sufferers are urged to buy at once and give it a trial tonight. Accept no substitutes. A little book describing the causes and cure of piles is published by the Pyramid Drug Co., Marshall, Mo., and same will be sent free to any address for the asking.

uties working in the county will be paid \$2.75 per day, those in the city \$3.50 per day, and the clerk's salary will be \$2.50 per day. L. Bybee, Sr., was appointed road supervisor of Uintah, and Wm. Stimpson of Burch Creek. On motion of Commissioner Wilson, Chairman Stanford was appointed to investigate the advisability of putting electric light meters in the respective offices to ascertain which office is causing the excessive light expense. Commissioner Stanford reported that in company with Commissioner Madison and Civil Engineer A. F. Parker he had visited and inspected the steel bridge over the Weber river north of the sugar factory, and recommended that no action be taken looking to the lowering of the bridge till this season's high water is over. The bridge is five feet too high, but can be lowered at a cost of \$1,000.

SUDDEN DEATH OF MRS. JAMIESON.
Mrs. Janet Jamieson, the widow of George Jamieson, died very suddenly last night at her home, 2235 Grant avenue, of neuritis of the heart, in her 58th year. She had been enjoying the best of health until about 4:45 a hearty supper, arising from the table at about 6:30. She went to the door and looked out, but soon returned, put her feet on the bed, and in one or two minutes she expired. She was buried at 10 o'clock this morning. Mrs. Allen Brown, who was with her at the time, said she did not notice anything unusual about her. She was a hearty and cheerful woman, and her death was due to neuritis of the heart. Mrs. Jamieson was born in Glasgow, Scotland, but lived in Utah most of the time for the past 35 years. A few years ago she resided in Park City.

CITY COUNCIL SESSION.
At the session of the city council last night, the Ogden waterworks committee presented a bill for back hydrant rental to that amount of \$3,473.62, the bill having been accumulating since October, 1901. The claim was referred to the law committee. The council also received two veto messages from the mayor, in one of them he disapproved of certain repairs of special sidewalk and paving tax which had been recommended by the city engineer to be made to property owners on the sewer contract. The reason given for this veto was that the Ogden Sewer Pipe & Clay company had notified the city that Kelsey owed it for material and labor, and would hold the city responsible. The matter was referred to the city attorney for an opinion. Mrs. Mary Lynch presented a claim for \$3,000, alleging that on Jan. 28, while walking along Twenty-sixth street between Lincoln and Wall avenues, she fell into an excavation which had been carelessly left unprotected, and was severely injured. In consequence, this was referred to the law committee.

STOLEN PLUNDER RECOVERED.
Detective J. F. Pender last evening located the transit and tripod which was stolen last Saturday from the office of W. M. Bostach. The instruments were valued at \$200 and were pawned soon after they were stolen at the pawnshop of Uncle Sam, who did not reveal the fact to the officers until yesterday. However, inquiries were made as soon as the instruments were missed. BRIEFS AND PERSONALS. Postmaster Davis, who has been confined to his bed on account of sickness, is now able to be out. Nearly all of the High school pupils who were suspended for the part they took in the recent hazing of the freshmen yesterday morning, have apologized in accordance with the conditions laid down by the board of education and were reinstated. William Eccles and wife entertained at the residence of a banquet and card party last night at their home on Jefferson avenue. Mr. Eccles leaves today for Hood River, Or., to start construction work on the Mt. Hood railway.

Failed.
All efforts have failed to find a better remedy for coughs, colds and lung troubles. However, a remedy that stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, a chemist, has discovered a remedy which he calls "Cough Cure." It is a simple, safe and effective remedy for all coughs, colds and lung troubles. It is sold by F. J. Hill Drug Co. GARDEN CITY NOTES. Edward Scherer, formerly in the bakery business here, has returned from California and expects to resume business at this point. The case of Provo City vs. J. J. Knight, a case of selling liquor to minors, appealed by Mr. Knight, has been dismissed on defendant's motion. The family of Mr. and Mrs. Samuel J. Freshwater has been increased by the arrival of a daughter; all well. Judge Booth is in Heber holding court. E. L. Sloan was here yesterday and appeared before the county committee for the Utah Independent Telephone company. An ordinance granting a franchise over the county roads will probably be passed next Monday. The question of a franchise in the city was to have been considered by the council this evening, but on account of several business men wanting to investigate the advantages or disadvantages of two telephone systems the matter was deferred. J. M. George and B. S. Hinckley have commenced suit in the Fourth district court against A. C. Sorenson to collect \$272.70 with interest at the rate of one per cent per month from Feb. 9, 1897.

UTAH COUNTY AFFAIRS.
Proposition for a Municipal Light Plant Presented to City Council.
Special Correspondence. Provo, Utah Co., Feb. 7.—Michael J. Ryan, alias "Red," and Frank Wayne were arraigned yesterday before Justice Noon, charged with burglarizing the residence of S. R. Thurman Friday night. They took trial Wednesday night. Judge Thurman recognized the voice of Ryan as that of the man who replied to him, when he asked from the top of the stairs, who was below; and Mrs. Thurman recognized Ryan as the man who opened the door and looked into the bedroom. He had a burning vapor, held up before his face at the time, and Mrs. Thurman does not think there is any question about Ryan and the intruder being the same person. COUNTY BUSINESS. At the meeting of the board of county commissioners held yesterday, County Treasurer Johnson reported the following amounts on hand in the various funds: State school fund \$14,176.94 County school fund \$5,935.23 Jurors' and witnesses' fund \$10.20 County superintendent's contingent fund 20.68 The following amounts were reported received in fees for January: Treasurer \$18.50; sheriff, \$15.80; recorder, \$474.30; clerk, \$406.85. The report of George Haies, steward of the county infirmary showed the

expenditures of that institution for December, 1904, to have been \$17.50. Permission was given for the sheep and cattle men, who have driven sheep and cattle over the Hobbie creek canyon road to perform labor on the road under the direction of the county supervisor for the amount of damages to the road for which each is liable. The following road supervisors were appointed: Henry Tilley, Spanish Fork; R. A. Hills, Provo Bench; Mr. Williams, Tucker and Mr. Jernerson, Goshen. Architect Watkins is instructed to prepare plans for an addition to the county jail to be used as a residence for the sheriff. The plans also include additional cells, and improvements in the present jail. CITY COUNCIL. A communication was received from George Taylor and others, asking the crossing on Park and Center streets be paved. Referred to the committee on streets and alleys. A. Bascomb of Naples, Utah county, has written the mayor of Provo, Utah county, the city. The consideration of the waterworks extension and the erection of a municipal electric light system would be for the city to own its own lighting system. This could not be done by the city, as it would be overburdening the taxpayer; and the electric light system, when completed, would bring in a revenue which would assist in paying for the original cost. Other reasons for the extension of bonding. The matter was referred to the committee of the whole to be considered at some future meeting. Superintendent of Waterworks Amintore reported that he had collected in water rates for 1904, \$4,022.60. Referred to the committee on waterworks. The following water tax for 1905 was levied: Each city lot, 75 cents; each acre of farming land, 50 cents; Provo Excelsior mills, \$110; Provo Foundry & Machine company, \$40; E. J. Ward & Sons, \$100; Hans Poulson, \$10; Smeot & Sons, \$10; Provo Brick company, \$15. Monday, Feb. 20, at 10 o'clock, was set to hear complaint and correct errors in the assessment of water tax. Justice Neeson reported eight arrests, 18 1/2 days imprisonment, and \$14 collected in fines for January. B. Y. L. LECTURE COURSE. The Polytechnical society of the Brigham Young university has provided an interesting course of intellectual entertainments for the students and the people of Provo, commencing with dramatic recitals by Mrs. Bertha Kunz-Baker on Feb. 17. On Feb. 23, 25, 26, inclusive, Prof. Guthrie of the University of Chicago will deliver a course of six lectures, and on Monday, Feb. 27, the University of Chicago will give two dramatic recitals, afternoon and evening.

WEDDING BELLS.
J. F. Hutchinson, 23, of Mammoth, and Minnie Lambson, 23, of Springville, have received a marriage license. GARDEN CITY NOTES. Edward Scherer, formerly in the bakery business here, has returned from California and expects to resume business at this point. The case of Provo City vs. J. J. LAKE TOWN. S. S. ENTERTAINMENT. Visit of Elder B. H. Roberts to Seventies—News Briefs. Special Correspondence. Laketown, Rich. Co., Feb. 1.—Our Sunday school people gave a matinee on Saturday afternoon and an evening performance in Kear's hall following by a paper dated "The company purposes to show at Garden City on Thursday night. A rare treat was enjoyed by all here on Sunday last by the presence and labors of Elder B. H. Roberts of the First Council of Seventies. He met in the morning with the local Seventies, gave timely counsel and left his kind assistance in setting the quorum in order. He delivered an interesting discourse in the afternoon meeting. The stake presidency is expected here on Sunday to hold a series of meetings and to set the ward in order by filling the vacancy caused by the comparatively recent honorable release of Bishop Ira Nebeker, who so faithfully served our ward in that capacity for over 25 years. Stake Supt. of Religion Classes Heber C. Kestch met with the two branches of our religion class on Monday afternoon. Bear Lake rejoices in this week's liberal downfall of snow. The weather is so mild that much of it thawed and sank into the earth. But the good results will doubtless be realized. The "News" gets here with agreeable regularity and is ever appreciated and Laketown perhaps is entitled to the credit for taking more copies than any other town in proportion to the number of families therein. Terrific Race With Death. "Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit until I began to use Electric Bitters. The wonder was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at Z. C. M. I. Drug Dept. Price 50c.

States, the price averaged 20-30 cents for the year 1904. The annual report showed the company in a good financial condition, and a dividend of 3 per cent was declared. Nearly one million pounds of butter was made during the year, of which the greater part was shipped out of the state. The company is to make a large central plant, where all the cream can be made, and butter made and sold on its merits. Two new directors were elected as follows: Thomas Etherington, president; A. J. Hudman, vice president; Robert C. Latham, secretary; Walter Walker, Willard Cragan, C. S. Wood, S. N. Cook, P. L. Fay, H. C. Blackman, directors; Joseph Hirtz, secretary; H. H. Hudman, treasurer and manager. The officers are operating in various towns of this and Boxelder county, and the company is operating 19 stations and creameries besides gathering cream from different parts within a city-wide radius. Itch-Ringworm. E. T. Looze, Winco, Ky., writes, April 23, 1902: "For 10 to 12 years I had been afflicted with a skin disease known as 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all the remedies known to me, and a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for the same ailment, with the same result. I use and I'll bottle sold by Z. C. M. I. Drug Dept. BLOOMINGTON. MUCH RAIN IN DIXIE. Ground Well Soaked—Floods in Rio Virgin—Death of a babe. Special Correspondence. Bloomington, Washington Co., Feb. 4.—We have had stormy spells, interspersed with some very fine weather for nearly two weeks, with the result of rain. There have been several floods down the Rio Virgin, and it is now very high. A stormy weather has caused considerable sickness among the people, mostly among the little folks. The babe, Leona, of Mr. and Mrs. Nephi R. Fawcett passed away on Feb. 1, of pneumonia, and inflammation of the bowels, and was buried in the St. George cemetery on the 2nd inst. The ground, before this last storm, was set down 18 inches. Fall grain is looking quite green, and the alfalfa is beginning to grow. In St. George alfalfa has made a growth of two and three inches. Grass cleaning will be in progress during the storm subsides, and some more grain sowing. Give the children Hollister's Rocky Mountain Tea this month. It makes them grow and gives them rosy cheeks. Begins with the symptoms of a common cold, there is chilliness, sneezing, sore throat, hoarseness, and coughing, and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, and the cough will be relieved. It is the first sign of a croupy cold, apply frequently Ballard's Snow Liniment to the throat, and the croup will be relieved. Mrs. A. Vilet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup is the best I ever used. It is pleasant to use, and it cures. Sold by Z. C. M. I. Drug Dept. YOU NEEDN'T. You needn't be bothered after eating, nor belching, nor experiencing nausea between meals. In other words, you needn't keep on being dyspeptic, and you certainly shouldn't. Hood's Sarsaparilla cures dyspepsia—it strengthens and tones the stomach, perfects digestion, creates a normal appetite, and builds up the whole system.
