

PELTIER TO ASK FOR NEW HEARING

Jury Found Him Guilty on Three Counts After a Long Debate.

TWO COUNTS WERE IGNORED.

Defendant and Attorneys Much Surprised at Verdict and Claim New Trial Will Result.

J. C. Pelletier did not leave Salt Lake yesterday afternoon as he had hoped to. Instead his attorneys, Powers & Maroneaux, will be forced to continue the fight for his release, and will do so by moving for a new trial at the first available opportunity.

At the close of the trial, the jury returned a verdict of guilty on three counts, but it was ruled out of order until after the date for sentence had been fixed. The defense had submitted but little evidence in the fall belief that the case of the prosecution was insufficient to convict, and Mr. Pelletier himself will probably take the stand in his own behalf in the next trial.

By the close of the charge against Pelletier, the jury brought in a verdict finding him guilty on three counts, but it was ruled out of order until after the date for sentence had been fixed. The defense had submitted but little evidence in the fall belief that the case of the prosecution was insufficient to convict, and Mr. Pelletier himself will probably take the stand in his own behalf in the next trial.

BAKING POWDER

Made from pure cream of tartar derived from grapes.

PRICE BAKING POWDER CO., CHICAGO

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

The widow of Commodore Vanderbilt died in New York. President Cleveland and part of his cabinet visited the battlefield of Gettysburg.

Brigadier-General Irwin McDowell died in San Francisco. Twenty-five persons lost their lives by the collapse of a building in Brooklyn.

TEN YEARS AGO TODAY.

Lady Kimberly, the last member of the line of the earl of Clare, died in England. The execution of Dr. Buchanan, the New York wife murderer, was postponed indefinitely.

FIVE YEARS AGO TODAY.

One hundred bodies of victims of the Schofield explosion arrived in Salt Lake. Major-General McArthur was appointed to succeed General Otis in the command of the Philippines.

Thomas K. Gibson, a prominent old time Salt Laker, was found dead in his room. General Hart's command of British troops drove the Boers from Smithfield, South Africa, and occupied the town.

Five firemen perished at a fire in New York.

more intimate, friendly, social and business-like relations. The meetings of the association are to be held on the second Tuesday in April, July, October and January, the annual meeting being in April. The initiation fee is set at \$5, and the annual dues at the same figure.

An article of general interest is the one relating to rebates, which says: "The members of the association pledge themselves not to pay, or allow to be offered, in any way, shape or manner, any rebate or premium or any other special benefit whatsoever to any person as an inducement for placing insurance or otherwise. Expulsion from the association is the penalty for violating this rule."

A Positive Necessity. Having to lay upon my bed for 14 days from a severely bruised leg. I only found relief when I used a bottle of Ballard's Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a household necessity. Sold by D. R. Byrnes, Merchant, Droversville, Texas, 25c, 50c, \$1.00. Sold by Z. C. M. I. Drug Dept.

BENEFICIAL RAINS.

Weather Bureau Compiles Customary Weekly Report for Public Information. Weekly crop bulletin for week ending Monday, May 1, 1905: Cloudy and unsettled weather with frequent showers prevailed during the fore and latter parts of the week. These showers were of great benefit as they soaked the ground thoroughly and placed it in fine condition to work. During the middle of the week, clear weather with warm days and cool nights prevailed.

Herbina. Will overcome indigestion and dyspepsia, regulate the bowels and cure liver and kidney complaints. It is the best blood purifier and invigorator in the world. It is purely vegetable, perfectly harmless, and should be used by all suffering from disease, you will use it if you are well.

WESTERN CATTLE.

Coast Markets Overstocked and Shipments Are Sent East. Special Correspondence. Kansas City, Mo., May 1.—E. H. Harlen, Jr., of Reno, Nev., arrived on the yards today with seven carloads of hay-fed steers. These cattle came from a point on the Nevada and California line, and had been on the way since April 22. They were brought around by Ogden, Salt Lake City and Denver, but despite the long trip they looked well and came through without any mishap.

THE KANSAS CITY MARKET has been getting a great many Nevada and Pacific coast cattle this spring, said Mr. Harlen. "We have all alone depended on the Pacific coast markets to take our cattle, but some way they became overstocked this spring, when the cattle turned east, and the bulk of them have been shipped to Kansas City. Over 4,000 head have been shipped from that part of Nevada to these yards during the past few months."

MADE IT HOT FOR HIM. School Girl Swaps Down Upon a Burglar With Good Effect. A thief in the home of M. B. Crome, 711 south Ninth East street, about 4 o'clock yesterday afternoon, was given a warm reception by Mr. Crome's 15-year-old daughter Pearl.

NEWHOUSE MAKES PLAIN STATEMENT

Appears Before Council in Support of His Application for Light Franchise.

SALT LAKE'S COMING GREATNESS

Says that Within Two Years Immense Smelters Will be Erected in This Valley.

At the meeting of the city council committees on municipal laws and streets last night, the matter of granting a light and power franchise to Samuel Newhouse was discussed at considerable length, but action on the same was continued for two weeks as the council will convene for Los Angeles on Saturday evening, and will not have any meetings next week. In the course of the discussion on the proposition, Mr. Newhouse made some very important statements in regard to his proposed new enterprises for this city and also in regard to the city's promising future.

He said that in the next two years smelters would be in operation within 50 miles of this city which would treat 600,000 tons of ore a month, which is more than the entire output of the state of Colorado. With the advent of his proposed industry would be, he said, new stores, new homes, new factories and a greatly increased population for Salt Lake City. He believed, he would, within a few years, be the largest city between Chicago and San Francisco. Mr. Newhouse made it clear that he would not be content to have his light plant if it was necessary in order that it may be as modern and up-to-date as it is possible to construct, and that he would take great pride in having the citizens of this city 33 1/3 per cent in their light bills and in launching such enterprises as would make Salt Lake a great city.

FRANCHISE READ.

The proposed franchise was read, section by section, by City Recorder Critchlow, after which Mr. Newhouse was asked if he had anything to say in regard to the matter. In reply Mr. Newhouse said that the franchise was clear enough, but that he would gladly answer any questions or listen to suggestions made by any of the councilmen. In answer to Councilman Hartenstein, Mr. Newhouse stated that they would not be content to have a municipal ownership clause in the franchise, for the reason that the light and power plant would be needed by Mr. Newhouse for his other enterprises, and could not be turned over to the city.

TAX ON GROSS RECEIPTS.

President Hewlett wanted to know what lights and power would be given in exchange for the franchise. Mr. Newhouse replied that he had not thought of that matter particularly, but his idea was that the fairest proposition would be for the city to tax the company on its gross receipts. When asked as to what per cent of the gross receipts he would be willing to pay the city, he replied that from 1/2 to 1 per cent would be fair. Mr. Hartenstein stated that 1 per cent of the gross receipts would be equivalent to 10 or 11 per cent of the net receipts. In addition to the tax on the gross receipts Mr. Newhouse stated that the company would of course have to pay the general tax on all improvements on its property. He said if the city would rather give him 1 per cent of the gross receipts and the city free lights as the Utah Light & Railway company, but he thought the city should levy a tax on the gross receipts and then pay for the lights.

CONCESSIONS TO CITY.

In answer to a question he said that he would gladly allow the city to string its wires for municipal purposes on his poles and that he would make any other concession within reason. It is his intention to make a deal over the entire city where lines could be run without any great loss. It was stated by Mr. Hartenstein that the new company would exchange non-assessable, globe free of charge and would send an inspector to the houses to test them and make the exchange. This, he said, would be a business proposition, as it would give a great deal of power due to defective globes.

NO FORFEITURE CLAUSE.

The matter of a forfeiture clause was considered by Mr. Newhouse said that he would not be willing to invest \$1,000,000 in a plant and then have it taken away from him at the caprice of councilmen who might not be as fair as the present ones. He would be willing to have whatever protection for the city in that nature as is customary in other cities, provided that the forfeiture could be reviewed by the court and not left to the mere whim of the council. At the conclusion of the meeting an adjournment was taken for two weeks to review by the city attorney and the attorney for Mr. Newhouse will draw up an amended franchise covering the points suggested at the meeting.

FOR FIFTY YEARS.

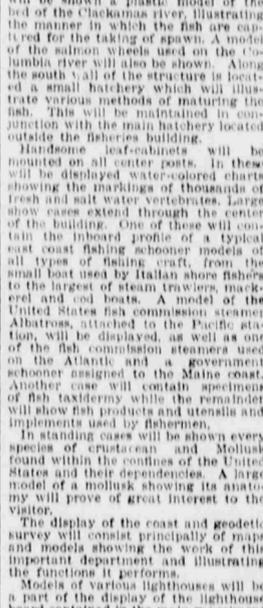

The proposed franchise will extend for a period of 50 years and will provide for lights to consumers at 18 cents per kilowatt hour. The city will be given 1 per cent of the gross earnings of the company and will be allowed to string its wires on the company's poles. It was stated by Councilman Hartenstein that perhaps the Utah Light and Railway company would accept a proposition of a tax of 1 per cent on its gross receipts instead of giving the city the free lights and power as at present.

FISH FROM ALL WATERS.

They Will Swim in Aquaria at the Lewis and Clark Exposition. Portland—In the fisheries building of the government group at the Lewis and Clark exposition are housed the exhibits of the bureau of commerce and labor, offering displays of the fish commission, coast and the geodetic survey. Most attention has been paid to the participation of the fisheries. Around the walls of the structure are located large tanks, in which will swim various kinds of fresh and salt water vertebrates.

VETERAN OF THREE WARS

Cured of Stomach Trouble By Pe-ru-na.

CAPT. W. W. JACKSON.

Pe-ru-na Proves Infallible For Catarrh of the Stomach. Capt. W. W. Jackson, 705 G street, N. W., Washington, D. C., writes: "I am eighty-three years old, a veteran of the Black Hawk, Mexican and Civil wars. I am by profession a physician, but long since abandoned the same."

Thousands have gone through this same ordeal. At last they try Peruna, when they get cured. The reason for this is that they have had catarrh of the stomach all the time. They have been doctored for almost everything else but catarrh of the stomach. They have been given artificial digestants, such as the active principle of gastric juice and pancreatic juice. All this availed nothing. Peruna alone afforded permanent relief.
