

WESTERN PACIFIC GRADING STARTS.

Three Miles of Dirt Bank Thrown Up in Steptoe Valley, Nevada.

WATTIS IN SAN FRANCISCO

President of Utah Construction Company Goes to Coast to Get More Instructions—Outfits Shipped.

Flower Lake, Nev., in the Steptoe valley, between Ely and Omar, comes into the geographical limelight as being the scene of the first active construction on the Western Pacific.

The first step toward actual construction in earnest is due tomorrow when the outfits of the Utah Construction company will be loaded at Hazen and shipped on to Orville, Cal., at which point work is to be commenced within the next 10 days.

Locally nothing is forthcoming regarding the movements of the outfit on the line. In answer to all inquiries the local force contents itself with the statement that it is awaiting orders.

SAN PEDRO CONNECTIONS.

Line May Be Thrown Open to All Except the Burlington.

"With what lines from Chicago is the San Pedro to establish their connections, and on what terms and arrangements," says the New York Commercial.

The new road naturally looks like a good thing for all lines operating between Chicago, Denver and Salt Lake, but with just what road it is to hook up to is a mystery.

The Rock Island desires to supplement its southern route to California with a service via Salt Lake, while the Pacific coast line is to be equipped with a good arrangement with the new road until their Western Pacific line has been finished.

AUTOMOBILE LINE.

Salt Lake Route Has Made Good Its Promises at Vegas.

Rhyolite Herald. An important change for the better has been inaugurated by the Salt Lake Route for the accommodation of passengers between Las Vegas and the terminus at Bullfrog district.

BUSINESS NOTES.

Today's bank clearings aggregated \$607,728.78, as compared with \$574,079.15 for the same day last year.

CLARK WANTS FIGURES.

Tells Malcolm McDonald to Produce Tonopah Data on Ore.

Malcolm McDonald, the Tonopah man who recently is said to have received \$200,000 for the Shoshone mine, is in receipt of a letter from President W. A. Clark of the Salt Lake Route wherein he says: "If you will show me sufficient data on the Bullfrog district I will build a railroad in there from Las Vegas."

SPIKE AND RAIL.

The Rio Grande western will bring in the troops from Heber City at 3 o'clock this afternoon.

The Oregon Short Line will run an excursion to Ogden on Sunday morning when bicycles will be carried free.

General Manager Ridgeway and Traffic Manager Hughes of the Rio Grande left for Denver on No. 4 last night.

The Rio Grande has put in a special rate of \$18 from Denver to Salt Lake and return, good for 30 days, in connection with the G. A. R. encampment.

One of the features in the G. A. R. parade in Denver this week was three tons of snow on wagons which bore the signs "Snow from the Moffat road, 60 miles from Denver."

The California delegation of the American Association of Traveling Passenger Agents will arrive over the Salt Lake Route on Sunday morning and will be met by a local committee at the depot.

President Tripp of the Tonopah railroad says that the tide of travel through the desert wastes has set in earnest, and that there are three people going in to every one coming out of the Nevada goldfields.

The Salt Lake Route is advertising and seeking excursions to Las Vegas every Tuesday, Thursday and Saturday during September and October. In connection with the railroad an automobile line is now running to Beatty, Bullfrog, Gold Center and Rhyolite.

Tomorrow morning a special train will go down to Mantel carrying the governor, his staff, 1000 invited guests and as many excursionists as care to take advantage of the reduced rate.

The train will leave at 8 a. m. from the Rio Grande depot and will return home on Sunday evening. Traveling Passenger Agent Frank Greenbeck will accompany the party.

SUMMER COLDS.

Laxative Bromo Quinine, the world-wide Cold Cure, removes the cause. Call for full name and look for signature of E. W. Grove, M. D.

WARD ENTERTAINMENTS.

Second Ward—A farewell reception in honor of Elder L. G. Hardy, Jr., who leaves soon on a mission to Europe, will be given in the Second ward meeting house tonight. The following program will be rendered:

Piano solo.....Miss Jessie Gudgell
Duet.....Messrs. Clawson and Margereth
Soprano solo.....Miss Lizette Robinson
Remarks.....Missionary
Address.....Bishop Iverson
Prof. J. A. Anderson accompanist.

LATE LOCALS.

U. S. Revenue Collector E. H. Callister, Mrs. Callister, and her father William Edgington, have returned to Salt Lake from a trip to Portland and other coastal cities.

William L. Haggerty, who for the past five months has been chief clerk at the Kenyon, has resigned the position. He will leave Saturday for southern California.

A tool box in front of 310 Canyon road, was broken open last night and about \$35 worth of carpenter tools stolen. The matter was reported to the police and they are trying to locate the stolen property.

Mrs. M. Harris, aged 84 years, died last night at the home of her grand daughter, Miss Kittie Harris, 210 C street. The immediate cause of death was acute gastritis. Mrs. Harris has lived in Salt Lake for the past 29 years and was well known and loved by a large circle of friends.

The Daughters of the Confederacy will meet at the Kenyon parlors tomorrow afternoon at 2:30 o'clock. This will be the initial meeting of the new year series and it is expected to be unusually interesting in that the work of the year will be outlined at that time. A full attendance is desired.

The instructors of the ninth grade in the county schools met in the office of County Superintendent Smith today and adopted a course of study for that grade in the schools in which it will be taught. The course embraces algebra, English, drawing, physical geography, European history, music and Latin.

Herman Applebaum, a cigar maker residing at 34 West Fifth South street, reported to the police today that while working his way home at an early hour of the night, he was knocked down and robbed of \$15. The assault occurred on East Temple street between Third and Fourth South.

Acting Mayor Hewitt today approved the resolution introduced by Commissioner Dean providing for the appropriation of \$1,000 for the manufacturing of Second South street from Seventh to Ninth West. He also approved the plans and specifications of the city engineer for the construction of Fifth South and State streets to Ninth South and Fourth East.

Acting Mayor Hewitt today approved the resolution introduced by Commissioner Dean providing for the appropriation of \$1,000 for the manufacturing of Second South street from Seventh to Ninth West. He also approved the plans and specifications of the city engineer for the construction of Fifth South and State streets to Ninth South and Fourth East.

PRINCIPALS OF CITY SCHOOLS.

Board of Education Makes Assignments and Names Teachers of High School.

OTHERS UNDER CONSIDERATION

Board Actively Engaged Arranging for Grand Opening on Monday Next.

The board of education, at a meeting held this afternoon, adopted the report of the committee on teachers and school work with reference to the assignment of principals to the different schools; also that recommending the corps of teachers for the high school. The assignment of teachers generally was under consideration by the board at a late hour this afternoon. The principals and their places for the school year are as follows:

- Bonneville—W. N. Paulsen,
Lafayette—J. H. Coombs,
Emerson—Mary Dyar,
Franklin—E. S. Hallock,
Fremont—D. R. Coombs,
Grant—A. F. Martin,
Hamilton—W. W. Barton,
Jackson—D. A. Nelson,
Jordan—Grace Frost,
Lincoln—E. L. Powers,
Lafayette—J. H. Coombs,
Lowell—Wm. Bradford,
Oquirrh—L. M. Quailtrough,
Riverside—W. D. Prosser,
Sumner—Oscar Van Corder,
Taylor—Elizabeth McMillan,
Church in Utah District—E. L. Fritz (at salary of last year),
Union—W. S. Wallace,
Wasatch—J. O. Wallace,
Washington—H. B. Johnson,
Webster—F. D. Geeler,
Overlook School between Riverside and Franklin—Evelyn Reilly,
High School—Geo. A. Eaton.

HIGH SCHOOL FACULTY.

The High School faculty is as follows: Principal—George A. Eaton, B. A., M. A., Harvard; Stenographer, Ruby Armstrong.

Mathematics: Head of Department and Vice-Principal—L. M. Gillilan, B. A., Ohio university; W. I. Brown, B. A., M. A., Middlebury College; Marjorie R. Paine, B. A., University of Michigan; Mattie B. Prosser, B. A., Hamilton College; Carlisa Eberhart, B. A., Stanford university; Etta Goss, B. A., University of Utah.

English—Miss Ella M. Dukes, Indiana State Normal; Mante J. Moffett, Midway, N. Y.; Elizabeth McMillan, University of Utah; Alice M. Paul, B. A., University of Utah; Mildred M. Tibbals, B. A., Pacific university, M. A., Wellesley college; Mabel Anna Jones, M. A., Oberlin college; Harriet Travis, B. A., Albion college.

Latin and Greek—Alice E. Rowe, B. A., Upper Iowa university; Eleanor K. Peterson, B. A., Knox college; Anna E. Buchanan, Pennsylvania State Normal; Valenta R. Murphy, B. A., University of Utah.

French and German—A. C. Rees, University of Geneva; May U. Critchlow, Stanford university; Chas. H. Miles, University of Utah; Belle E. Bickford, Iowa university.

History and Civics—Jra D. Travis, Ph. D., University of Michigan; Fanny M. Thome, Ph. D., University of Chicago; Nancy A. Leatherwood, B. A., University of Utah.

Science—A. O. Clark, B. S., Upper Iowa university; A. O. Garrett, M. A., University of Kansas; C. S. Spooner, B. S., Amherst college; Austin B. Larrabee, B. S., Harvard; Rose M. Cassidy, B. S., University of Michigan.

Art—J. T. Harwood, Ecole des Beaux Arts, Julian Art academy.

Manual Training—Head, Shop Work—Samuel Doxey, University of Illinois; Nags, Sweden; Mechanical Drawing—Marjorie Mayne, Salt Lake High School; Commercial Department—Head, book-keeper, Commercial Law, Penmanship—Wm. McKay, Stenographer, Emily C. Curtis, Typewriter, Susie H. Wilk, English—Elizabeth Bond, University of Chicago.

Military Tactics—Captain Wm. C. Webb, N. G. U.

WILL APPEAL THE CASE.

Smelters Not Satisfied With Judge Marshall's Recent Ruling.

The opinion recently handed down by Judge Marshall of the federal court assessing heavy damages against the Utah Consolidated Smelter for damages done to the McCleery and other farms, and taking a decided stand against the right of the smelters to continue operations without paying damages to the farmers whom they injure is evidently not satisfactory to the smelters. The decree was signed this morning by Judge Marshall, and attorneys for the defense are now perfecting an appeal to the circuit court of appeals of the eighth district. The grounds on which they will base their application are not yet known.

WEATHER REPORT.

Record at the local office of the weather bureau for the 24 hours ending at 6 a. m. today:

Barometer reading at 6 a. m., 29.77 inches; temperature at 6 a. m., 54 degrees; maximum 73; minimum 34; mean 64, which is 2 degrees below normal.

Precipitation since the first of the month .36 inch, which is 64 inch above the normal.

FORECAST TILL 6 P. M. SATURDAY.

Local forecast for Salt Lake City and vicinity fair tonight and Saturday.

WEATHER CONDITIONS.

Precipitation occurred over portions of Utah, Colorado, Arizona British Columbia, Assiniboia, Manitoba, Oklahoma, Arkansas, Texas, Minnesota, South Carolina, Massachusetts. Heavy rainfall occurred at Oklahoma, 1.43 inch. Thunderstorms were general. It was raining this morning at Oklahoma.

The temperature changes were generally slight. The relative humidity at Salt Lake City this morning was 76 per cent.

SUES UTAH LIGHT AND RIO GRANDE.

Annie Pickering Demands \$20,000 Damages for Alleged Injuries.

TRAIN STRUCK STREET CAR.

Result of Accident Which Occurred on The West Side About Ten Days Ago.

The Rio Grande Western Railway Company and the Utah Light & Railway company were made defendants in a suit filed in the district court today by Annie Pickering, to recover damages in the sum of \$20,000 for injuries received by her on Aug. 31, 1905, by a collision between one of the Rio Grande trains and a car of the Utah Light & Railway company upon which she was riding. The accident occurred on Fifth West street between Second and Third South streets, and as a result of the collision plaintiff was thrown violently to the floor of the car and was severely bruised and injured.

HURT ON LAGOON TRAIN.

Mary E. Butterworth Demands \$8,000 For a Bruised Leg.

Mary E. Butterworth filed suit in the district court today against the Salt Lake & Ogden Railway company to recover damages for the sum of \$8,000 for personal injuries received while returning from Lagoon on one of defendant's trains on July 12, 1905. Owing to the crowded condition of the cars plaintiff alleges that she was compelled to ride on the platform of one coach and when the train reached Bountiful the draw-head pulled out which connected the two coaches and an iron bar struck plaintiff on the leg, greatly bruising and injuring it. She asks \$8,000 as damages and \$65 for medicine and treatment made necessary by reason of the injuries.

Another U. C. Contract.

The Utah Construction company has secured the contract and has started the work of constructing a huge ice lake for the Union Pacific on the Bear river near Evanston. The company has filed 20 acres forming a lake which will supply the railroad company with 80,000 tons of splendid ice this season.

Attached Before Leaving.

Benjamin Putnam against Harry B. Gibson to recover \$510 and interest alleged to be due on a promissory note executed by defendant in favor of plaintiff on Dec. 15, 1904, and payable on May 14, 1905. The affidavit for the attachment alleges that defendant is about to depart from the state to the injury of his creditors.

Gilbert Will Filed.

A copy of the will of Lester H. Gilbert, deceased, was filed for probate in the district court today together with the petition of Charles H. Link asking for letters testamentary. The testator died in Grand Junction, Colo., on Dec. 29, 1904, and left an estate in this county consisting of real estate in Salt Lake City of the total value of \$7,000. There are four heirs to the estate, all of whom reside in Colorado and Missouri.

COURT NOTES.

On Monday morning Judge Lewis will make a setting of cases for trial in his division of the district court during the September term of court. He will go to Greenville today to hold court.

APPLICATIONS TO FOREST RESERVE SECURED.

Those of Henry Lowell, D. W. Wolph, Vendetta Mining Co., and J. S. Hokenson, to Erect Building on Bitter Root Reserve, Allowed.

(Special to the "News.")—The application of Henry Lowell to erect and conduct a way station and store on his patented placer claim, that of D. W. Wolph to conduct a general merchandise store on patented Junction placer mining claim; that of the Vendetta and Orogrand Mining company to occupy a quarter acre of patented Junction placer mining claim for a livery stable, all in the Bitter Root forest reserve, Idaho, have been approved by the forest service.

LETTER CARRIERS.

Convention Discusses Proposed Advance in Insurance Rates.

Portland, Or., Sept. 8.—The convention of the National Letter Carriers' association spent all this morning in a discussion of the proposed advance in the insurance rates of the benefit branch of the order, to the rate in vogue at present among the fraternal organizations. A majority report of the insurance committee recommending this change, which will amount to an increase of about 40 per cent in the present rates, was opposed by a minority report, which contended that the advance would tend to drive letter carriers to other fraternal insurance organizations.

The discussion that followed indicated that the majority report of the committee will be adopted at the session of the convention tonight. Consideration of the insurance problem was so extended that the nominations for officers for the ensuing year, which were to have taken place this morning, went over till the night session. Except for the withdrawal of President J. C. Keller from the race for the presidency, the list of candidates for nomination for that office remains unchanged. The selection of the next convention city will probably take place some time tomorrow. Canton, Ohio, Atlantic City, N. J., and Minneapolis remain the aspirants for the distinction.

AFTERNOON ON EXCHANGE.

This afternoon's sales on the mining exchange consisted of the following: Grand Central, 500 at 3.25. Silver Shield, 500 at 17. May Day, 1,000 at 9.

HAVE YOU THE CHURCH WORKS?

No Latter-day Saints' home should be without a copy of the standard Church publications on the center table or in the library. Send for the new free catalogue, Deseret News Book Store, Salt Lake City, Utah.

GUARD IS DOING SPLENDID WORK.

Boys Have "Made Good" in Their Maneuvers and Are Feeling Fine.

GOVERNOR'S DAY TOMORROW.

Camp is in Good Shape and Companies Vie With Each Other in General Excellence.

(Special to the "News.")

Mantel, Utah, Sept. 8.—After four days of hard camp life, the spirit in the National Guard of Utah is becoming more buoyant as it is realized how fully the guard has "made good" in the maneuvers. The general distrust at the beginning, and the frequent assertions that the guard was going to camp in depleted and disorganized form, has perhaps been an element in forcing hard work upon the men. Now the feeling is that the era of experimentation is past, and that when Gov. Cutler arrives tomorrow to inspect the troops, he will find as fine a body of men as ever mustered in a state encampment. The first battery has worked hard at individual training, as well as gun, platoon, and battery formation, and the excellent way in which the men have field pieces in mounted drill is causing much favorable comment. Capt. Barton and his three former regular army sergeants are responsible for a camp that is up to the standards of regulations, and as neat as a battery camp could be.

CAMP IN FINE SHAPE.

The influence of the regular battery men has extended beyond the confines of the battery street, and is resulting in attention being given to many little details heretofore overlooked in camp life.

The sanitation is excellent, and to date the hospital corps has to make its first demonstration of ability to meet serious ailments reported.

The good continues to be a matter of favorable comment. Two good cooks to each company and abundant provisions have kept the men in excellent humor towards the bill of fare, a condition heretofore unapproached.

Troop A will act as an escort to the governor tomorrow, and has spent today getting down some finer points of drill maneuvers that have heretofore been attempted. Two sergeants of the troop are former regular army soldiers, and have done much to bring their men into form.

CRACK COMPANIES.

Company B of Ogden, under Capt. Kinross, is so far making the finest record among the infantry for care of its camp and general excellence, while company H of Salt Lake under Capt. Bassett is rounding into shape as a crack organization at drill.

Company D of Salt Lake, which is not larger than a good sized squad, and which has been accused at times of seeking its own destruction by suicidal methods, is under the command of Capt. Troop A will act as an escort to the governor tomorrow, and has spent today getting down some finer points of drill maneuvers that have heretofore been attempted. Two sergeants of the troop are former regular army soldiers, and have done much to bring their men into form.

The Signal corps is indulging in but little drilling, and a large amount of serious work is being done by all of its men as now send and receive difficult messages on standard time.

GOVERNOR'S DAY.

At Governor's day tomorrow a large number of visitors from all parts of the state are expected, and they will include many relatives and friends of enlisted men.

CLAVIER PIANO SCHOOL.

Miss Florence Rosburg, after several years' study with Mr. A. K. Virgil in the Clavier Piano School of New York City, is ready to receive piano pupils at her studio, 26 East First North. Pupils desiring to enroll call from 10 to 12 during September.

CHINESE DOCTORS.

A physician has just returned from China, laden with stories of Chinese medicine. "Medical consultations are carried to their extreme limit in China," he said, "where, when anyone becomes seriously ill, a consultation of fifteen or twenty doctors is held. The doctors fill the house with their arguments. They make as much noise as a political convention. But such a consultation as that would be considered small and futile if a great man—a mandarin, say, of the third class—were to be ill. To consult on his case at least a hundred doctors would gather together. A member of the royal family was taken sick while I was in China, and my Chinese host told me with a good deal of pride that the largest consultation known to history had been held over the sick man. No fewer than 316 physicians, he said, had come from every part of the kingdom to study and discuss the case. The royal patient, I heard afterward, died. This mammoth consultation has been held in vain."

"THE GREAT SALT LAKE Present and Past."

JAMES E. TALMAGE, Ph. D., F. R. S. E., F. G. S., Professor of Geology, University of Utah.

A Book of 116 Pages, beautifully illustrated. The first complete and authentic work on the renowned saline sea.

Price 25 Cents. Postage prepaid. For sale by the Deseret News and all news dealers.
