

# HARVARD TEACHER TO BE ARRESTED.

## Erich Muentzer, Instructor in German, Charged With Murdering His Wife.

### SAID TO HAVE POISONED HER.

#### Chicago Authorities Intend to Hold Him, If They Can Find Him.

Cambridge, Mass., April 27.—The Cambridge police tonight issued a warrant for the arrest of Erich Muentzer, an instructor in German at Harvard university, on a charge of murdering his wife in this city about two weeks ago. It is alleged that Mrs. Muentzer's death was caused by arsenic. The body was taken to Chicago on April 17, but the case was not made public until this evening.

Muentzer was born in Germany. He formerly taught school in Chicago, and before coming to Harvard less than two years ago he was an instructor at the University of Kansas, at Lawrence, Kan.

He is 35 years of age. His wife was formerly Miss Leone K. Krembs of Chicago. The attention of the authorities was called to the case just after the woman's death, April 15. Ten days before that time a child was born to Mrs. Muentzer, who was attended by a faith cure doctor, and by two nurses of the same cult. The physician was a Mrs. Nicholson of Winchester.

Some time after the child was born two regular physicians, Drs. Frederick W. Taylor and Herbert McIntyre, were called. Both decided that Mrs. Muentzer was suffering from some ailment of the stomach. They prescribed for her, but later, it is alleged, withdrew because they ascertained their directions were not being followed. Mrs. Muentzer died April 16. Muentzer applied to Dr. McIntyre for his signature to the certificate of death, but Dr. McIntyre decided that the case needed investigation and notified the medical examiner, who performed an autopsy and sent the stomach to Prof. W. F. Whitney of the Harvard medical school. Muentzer and the two nurses were then permitted to take the body to Mrs. Muentzer's former home in Chicago. The party left Cambridge April 17.

Today a report of the analysis of the stomach was received by Medical Examiner Swan. Prof. Whitney reported that he had found marked traces of arsenic and Diastase. Sanderson notified the Cambridge police. A warrant for Muentzer charging him with the murder of his wife was issued and the Chicago police have been notified to hold the man if he can be found. Arrangements are being made to send out circulars containing a complete description of him.

The university authorities stated tonight that Muentzer was appointed instructor in German nearly two years ago while he was stationed at the University of Kansas. He at no time had acted as professor at Harvard, but received his appointment as instructor temporarily, that is from year to year. He was serving his second year here. It was learned late tonight that since his departure from Cambridge Muentzer has written to several friends here, the letters bearing a Chicago postmark. In none of these letters did he reveal his address. It was learned tonight that Muentzer had submitted his resignation to the university authorities, and it will probably be acted upon next Wednesday. There was an unverified rumor at the college tonight that Muentzer had been seen in Boston yesterday.

Muentzer came to the United States from Germany about 10 years ago. He taught school in Chicago and matriculated at the University of Chicago, receiving the degree of A. B. from that institution. The subject of Muentzer's thesis in the graduate school here was "Insanity in German Romantic Literature."

Those who were closely acquainted with him say that he was a man of

# COULD NOT REST NIGHT OR DAY

## With Irritating Skin Humor—Whole Body Affected—Scalp Itched All the Time and Hair Began to Fall Out—Wonderful Result From

### APPLICATION OF CUTICURA REMEDIES

"I am never without Cuticura Soap and Cuticura Ointment since I tried them last summer. About the latter part of July my whole body began to itch. I did not take much notice of it at first, but it began to get worse all the time, and then I began to get uneasy and tried all kinds of baths and other remedies that were recommended for skin humors; but I became worse all the time. My hair began to fall out and my scalp itched all the time. Especially at night, just as soon as I would get in bed and get warm, my whole body would begin to itch and my finger nails would keep it irritated, and it was not long before I could not rest night or day. A friend asked me to try the Cuticura Remedies, and I did, and the first application helped me wonderfully. For about four weeks I would take a hot bath every night and then apply the Cuticura Ointment to my whole body; and I kept getting better, and by the time I used four boxes of Cuticura I was entirely cured, and my hair stopped falling out, but I continue to use the Cuticura on my scalp. It keeps all dandruff out and scalp it always clean. I always use Cuticura Ointment on my face after shaving, and have found nothing to equal it. I will never be without it." D. E. Blankenship, 319 N. Del. St., Indianapolis, Ind. Oct. 27, 1905.

### RECOMMENDED TO ALL MOTHERS

I have used Cuticura Ointment for clearing of infants, and as they grew older all skin diseases were given treatment with that and the Cuticura Soap. I never found it necessary to call a doctor, as these Remedies are a sure cure, if used as directed. I am glad to recommend them to all mothers." Sincerely Mrs. F. A. Kennard, June 21, 1905. St. Paul Park, Minn. Cuticura Soap, Ointment and Pills are sold by all druggists. Cuticura Ointment is made by the Cuticura Manufacturing Co., Lowell, Mass.

# FAINTING SPELLS

## CAUSED BY WEAK CONDITION OF THE BLOOD.

### Cured by Dr. Williams' Pink Pills, the Remedy Which Actually Makes New Blood.

Anemia makes the patient short of breath so that there is often a sense of suffocation, sometimes there is a cough and the sufferer seems to be going into consumption, at others there is a murmur of the heart and heart disease is feared. In the following case severe fainting spells were an alarming symptom resulting from "too little blood."

Mrs. George Forrester, of 7 Curtis street, Watertown, N. Y., says: "Some time ago I took a heavy cold and it left me in a very weak condition. I became worse and worse until finally I had anaemia. I lost flesh and appetite. Had no color and was subject to fainting spells. Sometimes they would attack me suddenly and I would fall to the floor with hardly any warning. I had one of our best physicians, but after he had been attending me for about a month without any improvement in my condition, I decided to see what Dr. Williams' Pink Pills would do for me."

"The pills were well known to me for, about two years before, members of my family had taken them with the best results. I soon found that the pills were just what I needed for I began to notice an improvement. After I had taken them a while longer I was entirely cured, and we all believe in Dr. Williams' Pink Pills and recommend them highly."

Dr. Williams' Pink Pills cured Mrs. Forrester because they actually make new blood. They do that by getting rid of the deficient in red corpuscles. Dr. Williams' Pink Pills increase the number of these red corpuscles and in this way send health and strength to every tissue. Medical authorities are agreed that the health of the nervous system depends directly upon the red corpuscles in the blood and in this way Dr. Williams' Pink Pills have cured many nervous disorders as well as blood diseases that have not yielded to ordinary treatment.

All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, post paid, on receipt of price, 50 cents per six boxes of \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

high principles, but had become somewhat morbid because of overwork.

### WIFE'S FATHER TALKS.

Chicago, April 27.—Mrs. Muentzer's father, A. Krembs, 478 Fullerton avenue, this city, from whose residence the funeral services were held April 19, does not believe his daughter was murdered.

"My son-in-law is a Christian Scientist, and this may have led to the suspicion that my daughter's death was not from natural causes, as I understand she did not have medical attendance during her illness."

Mr. Krembs said that his daughter's body was cremated on April 18 and buried in Graceland cemetery. Muentzer started for Cambridge immediately after the funeral, but since then Mr. Krembs has not heard from him.

"Muentzer and my daughter, so far as I know, were happy in their married life, and there was nothing between them that I know of that would lead him to kill her," Mr. Krembs added.

### GEN. GREELY SUBMITS FURTHER LIST OF DEAD.

Washington, April 27.—Gen. Greely today submitted the following additional list of dead as the result of the San Francisco earthquake and fire:

- Andrews, Andy.
- Butler, Boss.
- Burger, Frank.
- Borchers, Frank.
- Bullard, Margaret.
- Clarton, Sarah.
- Earlier, John.
- Foley, Mammie.
- Hansen, Sarah.
- Hansen, William C.
- Isaac, Marcus.
- Kelly, Annie.
- Kerr, John.
- King, James Morris.
- Kirkpatrick, Gerald.
- Lenders, Charlie.
- Manning, John.
- Manning, George.
- Matoli, Louis.
- McGill, Henry.
- Merkle, Jane.
- Merkle (baby boy).
- Merkle (baby girl).
- Nichols, George.
- Forason, John D.
- Schartau, Benjamin.
- Shaw, Mrs.
- Spain, two sons.
- Stafford, Jerry W.
- Stell, Mrs.
- Sztrak, F.
- Stanford.
- Timson, John.
- Vancouver, Nathan.

Gen. Greely says: "It is practically certain that the dead in the Valencia hotel did not exceed 25, instead of 70, previously estimated."

"Summarizing, there have been reported 269 names of dead, of whom are 147 reported unknown, of whom doubtless a number are among those identified later and reported by name. Additional names of dead and seriously injured will be forwarded as received."

### "SCOTTY" CHARGES DISMISSED.

San Bernardino, Cal., April 27.—All charges against Walter Scott, "Scotty," were dismissed this morning in the superior court from lack of jurisdiction. It was proved that the scene of the alleged ambush and shooting was in Inyo county.

### SUGGESTION FOR REBUILDING SAN FRANCISCO SCHOOLS.

San Francisco, April 27.—H. C. Chamberlain, state director of the Educational Association of California and dean of Throop Polytechnic institute, has sent the following telegram to Hon. Nathan C. Schacter, president of the National Educational association:

"Galveston suggests that the school children of America rebuild the San Francisco schools destroyed by fire. After the 1906 flood at Galveston the schools of that city were so reconstructed and for a time maintained. Nearly 40 of the school buildings of San Francisco were destroyed and some 25,000 children are affected. Suggest your direct appeal to all school interests of the United States asking school children for assistance in reconstruction. The world sympathizes with our sister city, and she is appreciative. Supt. A. Roosevelt is hard at work. Send funds to Hon. James D. Phelan, chairman citizens' finance committee, specifying for schools."

### DORA JENNINGS ACQUITTED.

Grant's Pass, Or., April 27.—Dora Jennings has been acquitted of the murder of her father, Newton M. Jennings, who last September was shot and killed in the house while his children slept. Her brother Jasper is under conviction of the crime.

### ALL INSURANCE BILLS PASS.

Albany, N. Y., April 27.—All of the nine bills of the special insurance investigating committee are now state laws. Gov. Higgins today signed the bill generally amending the insurance law, and earlier in the day signed the so-called anti-perjury bill.

# WORKING FOR SAN FRANCISCO.

## Meetings of Citizens, Committees And Army Representatives Showed Good Feeling.

### NO MISUNDERSTANDING NOW.

#### First Building Permit Issued, and it is for a Twelve-Story Building.

San Francisco, April 27.—Harmony and pledges of good feeling marked the meetings today of the various bodies of citizens, committees and representatives of the army which are administering the affairs of San Francisco.

The last signs of confusion and misunderstanding, which at the time existed, have disappeared, and the first signs of the return to normal conditions were the resumption of street car traffic in certain sections and the taking out of the first permit for a modern steel structure upon the ground occupied a few days ago by a less substantial one.

Archbishop Riordan appeared at the meeting of the citizens' general committee today, and in an eloquent speech counseled harmony between those who are striving to bring order out of chaos, and predicting a city greater, more beautiful and a more striking example of American pluck and enterprise than the old San Francisco. "Union should be our watchword," said the archbishop, "and whatever differences may have existed between the men of this community in the past should be wiped out. The Catholic church is perhaps among the very heaviest losers, but we are undismayed, and I come here today to tell you that the noble men and women over whom I have direction are at your service."

These ringing sentences of the archbishop were enthusiastically cheered. Mayor Schmitz replied to these sentiments in a speech equally eloquent, saying that harmony already prevailed, and that whatever enmity may have been felt in the past was wiped out, and the citizens of San Francisco had but one object in view—the immediate rebuilding of a newer and better municipality.

Dr. Edward Devine, on behalf of the Red Cross society, added to the general feeling of the occasion by reading a telegram from Secy. of War Taft, in which the latter told of the gratification of President Roosevelt at learning of the harmony that now exists in the carrying out of the immense work which has been put upon San Francisco.

The reappearance of the first electric cars upon the streets of San Francisco since the great disaster was celebrated as quite an event. City and railroad officials and invited guests filled the first car started on the run across the city. Mayor Schmitz acting as motor-man. Everywhere the sight of the car was greeted with cheers from thousands of pedestrians. A continuous service was re-established later in the day on several of the cross-town lines, and thousands of people were carried free of charge.

The first building permit was applied for and granted today. It was for a 12-story steel structure to be erected by Thomas Magee, and is one of the first substantial evidences that the business men of San Francisco intend losing no time in getting down to business.

A cold rain fell for several hours last night and this morning, and brought additional hardships upon the people sheltered only by tents and temporary buildings in the parks. To further add to their discomfort, the wind blew a gale from the north all day, scattering dust and ashes everywhere, in some places throwing down the tottering walls of burned buildings. Tonight is one of the most uncomfortable since the great fire, and the lack of heat in the tents of the homeless, as well as in the houses of the more fortunate brings extreme discomfort.

### CASH SUBSCRIPTIONS FOR THE SUFFERERS.

San Francisco, April 27.—Chairman Phelan of the finance committee of the relief and Red Cross funds, gave out a complete statement of money contributions made for the relief of San Francisco up to and including April 26. The list shows the grand total of \$4,821,083.42, of which \$215,959 was contributed locally.

### RELIC HUNTERS MAKE FINDS IN CHINATOWN.

San Francisco, April 27.—Relic hunters are having a rich harvest digging among the ruins of Japanese and Chinese bazooka stores, particularly in the district formerly inhabited by the Chinese. Hundreds of people from across the bay have visited these ruins, where assiduous sifting of the ashes yields profits that are more than worth the labor. Vases of Satsuma and Cloisonne ware, brasses, bronze ornaments that in the days before the fire commanded high prices, are being carried away by the relic hunters in large numbers. Sixshooters of the kind formerly carried by the hired assassins of the Chinese districts are being found in great quantity.

### STORIES OF HEROISM FROM BURIED RUINS.

San Francisco, April 27.—Many stories of heroism lie buried in the ruins, but some that make the heart tug are slowly filtering through official sources. This is the story of the noble work performed by Mrs. Wane, matron of the detention hospital, and Policeman John McLean, who was detailed there the night of the great earthquake.

The insane patients at the ruined city hall were kept in locked cells from which only the keys of the warder could free them. At the hour of dawn on that fatal Wednesday morning the structure where the courts were housed was the first to fall. The weight of its western wing crashed down upon the detention hospital, which was on the ground floor. Steward

Manville was so badly injured by the falling ruins that he died two days later. Mrs. Kane and Policeman McLean, however, managed to rush outside to momentary safety. Both of them are well advanced in years, but the nurse is a woman of intense nervous energy and the officer a man of giant frame. As soon as they reached the open court they were greeted by the terrified shrieks of the insane that pierced through the smoking ruins around. They refused to leave their helpless charges, and both went back into the chaotic debris.

Fortunately only six patients had been held by the insanity commissioners. There were all pinned in their cells, more closely prisoned than when they were under lock and key. McLean and Mrs.

Kane went to work at once. Where they could not drag the prisoners through the gaping holes that great timbers had made in the walls they smashed in the doors with stones. After all had been rescued none of the lunatics proved to be injured, though frightened into imbecility by their terrible experience.

In charge of their rescuers and captors the little band was marched to the Presidio, where the unfortunates were temporarily turned over to the federal authorities. In the excitement of the common calamity both Mrs. Kane and McLean forgot that they had done anything remarkable. The nurse went into the general hospital, where she remained 24 hours on duty without rest, and the policeman reported for duty as usual.

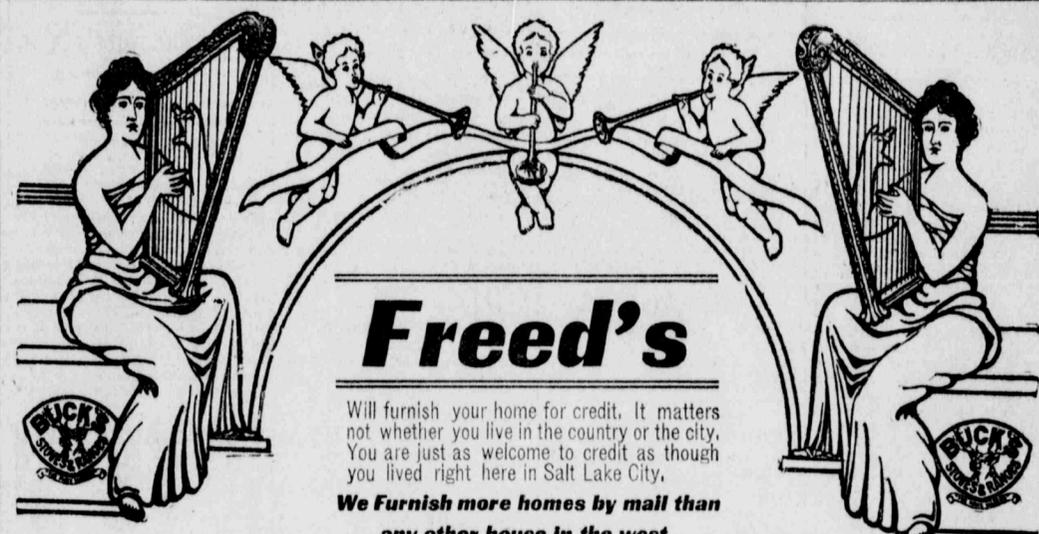

### REVOLUTIONARY NEST FOUND.

Libau, Courland, April 27.—The meeting place of a band of revolutionists has been captured by the police, who found in it a complete plan of the fortress of Libau, showing the telephonic communications and the location of magazines, etc., and also a photograph of a local lieutenant of police, who had been condemned to death by the revolutionists.

### NOTED MUSICIAN DIES.

New York, April 27.—Florence Clinton Sutro, founder of the National Federation of Music clubs and societies, died here today. She was the wife of Theodore Sutro, the lawyer and author of legal works. Mrs. Sutro herself was the author of several musical treatises.
