SESSION OF CITY COUNCIL.

Mayor Vetoes Action of Solons In Appointing City Hall Janitor.

MEETING OF COUNTY BOARD.

Shoshone Power Co. Gets Franchise— Civic League Would Settle Waterworks Question.

Ogden, May 8.—Mayor Conroy sent in a communication to the city council last night vetoing a resolution adopted at a previous meeting of the council appointing John V. Nelson janitor of the city hall. The mayor said he did not object to the appointment of Nelson, but he did object to it being done by ordinance as this was an appointive office. Action was deferred on the vote for one week.

George M. Hanson tendered his resignation on the library board and the mayor appointed Robert T. Harris in his stead.

Upon recommendation of the police committee, Chief of Police Thomas E. Browning was authorized to appoint an additional officer for the warehouse district. This action was taken upon the petition of Fred J. Kiesel and others.

Councilman A. H. Moyes introduced a motion to lead the street roller belonging to the city to Logan for a period of eight days with the cost of standing that Logan pay the cost of transportation and return the machine in as good order as when received. Nearly all of the councilmen voted on this matter with hesitancy, but a majority adopted by a unanimous vote. Finally P. O'Neill was awarded the contract for the city cement work for 1906.

Washington from Twenty-ninth to thirty-third was created a sidewalk district. Claims amounting to \$2,845.51 were allowed.

WEBER COUNTY AFFAIRS.

Shoshone Power Co. Gets Franchise— Extensive Orchard Planting.

Ogden, May 8.—The Shoshone Power company has been granted a franchise to construct, maintain and operate an electric transmission system through Weber county. This action was taken by the board of county commissioners after due and careful consideration. The company was refused a special franchise to survey its proposed line, and therefore filed a proposed franchise for the construction of the line, which the board acted favorably upon, the power company agreeing to furnish the county with power for lighting purposes for 4 cents per K. W. hour; and for power purposes for 2 1/2 cents per K. W. hour. The franchise also provides that work on constructing the line must be commenced within one year from date. It is the intention of the company to furnish electric lights and power from its plant

PROVO DEPARTMENT

The "News" is Delivered by Carrier in Provo at Seventy-Five Cents Per Month. R. J. Dugdale, Agent.

A ROLAND FOR AN OLIVER.

Light Co. Increases Price of Lights to Pay City License.

Special Correspondence.

Provo, May 8.—The following letter was received by the city council last evening:

"Provo City, May 4, 1906.

To the City Council:

"Heretofore this year we paid you the license levied against us as against other merchants in your city. Now you have placed in the hands of your city attorney the collection of another license fee against us and under date of the 1st instant, he demanded payment, saying that he desired to call your attention to some ordinances which you passed in December, 1905, requiring us to pay this new and additional license fee. We have not noticed these ordinances, but undoubtedly you have the legal right to make various license charges and other assessments at will against us. We have this day handed your recorder our check No. 2228 of even date for the sum of \$250, payable to the order of Provo City, in full settlement of your demands for all license fees to date for A. D. 1906, of which you have as yet given us notice or of which we have any knowledge.

"During all the years we have operated in Provo City we have furnished currents for lights for its streets and public places at a price less than the value of the current and at an actual loss to us. Your lack of appreciation of this attitude on our part, as evidenced by your assessment of these various license fees, compels us to make a new price for your current, a price which, though but more than is charged at most other places, will prove sufficient, we hope, to enable us to meet your license fee demands. Hence, beginning with and after June 1, 1906, and until you are notified of a further change, our charge to you for the sum of \$250, payable to the order of Provo City, is for lighting streets and public places, conditions as to furnishing them to remain as now, will be \$1 per month. We hope this change will enable us to continue our present service to the inhabitants of this city without increasing the price to them. This letter you will regard as a notice of our new price, as above set forth. Yours very truly,

The Electric Company, by J. J. Nunn, Manager."

This letter was in response to a demand for a license, under the ordinance requiring a license from electric light companies, express and telephone companies. The advance in the company's price of light is fifty per cent, the price now being 65-2-3 cents a light. The communication was referred to the committee on electric light. The council went into committee of the whole to consider the matter of the communication, and what action should be taken, but no decision was arrived at.

When Dr. Graves' Tooth Powder

is used twice-a-day you will have white teeth, hard gums, clean mouth, pure breath, good digestion, good health. Listen to your dentist's advice. He knows best.

In handy metal cans or bottles, 25c.

at Idaho to Salt Lake City and intermediate points.

County Clerk Matson called the attention of the board to the large amount of property held by the county under tax sale deeds, which can and should be sold some time during the month of May in accordance with the law, at public auction. He reported that during the past 15 years the county has bought 2,827 pieces of property on tax sales, and that all of this property has gone to tax deeds, and the taxes, interest and costs have accumulated until it amounts to more than the property is worth, and he recommended the sale of the same at public auction. The matter was referred to the tax committee with the clerk added.

County Fruit Tree Inspector R. E. Wilson reported that the planting of fruit orchards in Weber county was never so general and the demand for nursery stock never so great as it has been this spring. He reports having condemned 5,099 fruit trees received from eastern nurseries that were infected with the woolly aphis and the crown gall. He says the stock from the local nurseries is free from infection, and that already this season 25,000 fruit trees have been shipped from this county to other markets.

The commissioners were notified by the Harriman representatives that they would agree to deliver road material from the Hot Springs site to any three points along their lines, in Weber county for \$1.25 per car. The agreement may be entered into.

The board ordered the purchase of \$12 worth of R. M. B. Telephone toll coupons for \$100.

INCREASED TAX VALUES.

The commissioners received a communication from County Assessor DIX, giving the assessment of the county for this year, which shows an increase over last year of \$644,650. The report shows real estate, \$3,592,892, an increase of \$133,573; improvements, \$3,966,314, an increase of \$255,872; personal property, \$2,287,291, an increase of \$244,965, showing a grand total of all property assessed in Ogden City and Weber county of \$12,988,477. The increase in Ogden City is \$497,300, and in the county outside of the city, \$147,350.

CIVIC LEAGUE MEETING.

Effort to Settle Ogden Waterworks Question.

Ogden, May 8.—The executive committee and chairman of the various committees of the civic league movement held a lengthy meeting last evening, discussing a number of propositions for the improvement of Ogden.

The executive committee was organized to arrange a meeting with the Ogden Waterworks company's officials and endeavor to settle the litigation existing between them and the city, and to furnish the county with power for lighting purposes for 4 cents per K. W. hour; and for power purposes for 2 1/2 cents per K. W. hour. The franchise also provides that work on constructing the line must be commenced within one year from date. It is the intention of the company to furnish electric lights and power from its plant

with special articles on the city.

shoes, and has scars from powder burns on the left side of his face.

WORK ON IRRIGATION PROJECT BEGINS.

District Engineer Swendsen, in charge of the Strawberry valley irrigation project, has just received notice from the Provo postoffice, announcing that seven teams, four single hands and four carpenters are wanted to work on the irrigation system. Joseph Evans will receive applications at Spanish Fork city hall, Thursday. This marks the beginning of the construction work.

WEDDING BELLS.

Marriage licenses have been issued to the following couples:

Wells Crandall, and Helen Talpe, 22, both of Springville.

Ephraim A. Nye of Brigham and Laura Knudsen of Lehi.

Harry L. Bracken of Salt Lake, and Blanche Brown of Ogden. Mr. Bracken and Miss Brown came down in an automobile.

FIREMAN INJURED.

Albert Jensen of this city who is a fireman on the Rio Grande Western railway is represented to have been badly injured on the head and other parts of the body by falling off the train Sunday somewhere near Springville. He was taken to a hospital in Salt Lake. His relatives from Provo went up to see him yesterday.

UTAH COUNTY BUSINESS.

The county commissioners met yesterday and decided to order a county road from Manjion to Spanish Fork. It is expected a rural free delivery route will be established over the new road from the Spanish Fork postoffice.

The following amounts were reported collected for April by the officers named:

Treasurer \$ 20.50

Sheriff 22.29

Clerk 282.80

Recorder 354.75

The county treasurer reported the following amounts on hand in the several funds:

County schools \$ 589.45

County superintendent's contingent 1,791.20

State school 1,789.92

General fund 1,944.99

Juries and witnesses 23.69

ADDITION TO B. Y. U. FACULTY.

A continuous current dynamo has been installed in the B. Y. U. physics department for experiment purposes.

Among the new teachers engaged by the B. Y. U. for the ensuing year are, Chester Snow, M. A., of Harvard, physics; Louis A. Merrill, B. C., animal husbandry; Miss Pearl Adams, physical culture; Francis Kirkham, B. A., English; W. Horner, M. A., Cornell, horticulture.

M. I. A. REORGANIZED.

The Second ward M. I. A. associations were reorganized Sunday evening owing to the resignation of David Jensen, president of the Y. M. I. A. and Mrs. Emma Jensen, president of the Y. L. M. I. A. The following new officers were appointed: Edward Farrer, president, and Wm. Gay and Reed Scott counselors of the Y. M. I. A.; Miss Achsa Eggertsen, president, and Mrs. Hannah Cavender, Mrs. Elsie Scott, counselors of the Y. L. M. I. A.

A. C. U. WINS DEBATE.

The debate between the A. C. U. and

the B. Y. U. students last evening was on the question "Resolved, that the policy of the United States toward the Philippines ought to be directed with a view to the ultimate independence of the islands." E. D. Ferrell and Robert Hillman of the A. C. U. had the affirmative and Robert Robinson and John Nuttall of the B. Y. U. the negative. The A. C. U. was given the decision. The judges were State Supt. Nelson, Asst. Supt. Mathison and Supt. D. H. Christensen, of Salt Lake.

GARDEN CITY NOTES.

Miss Nelke's second year students in elocution will present the farce "A Gentle Jury," and the lyrical drama "King Rene's Daughter" tomorrow night in College hall.

Prof. J. E. Hickman's class in nature study has a fine supply of, early vegetables ready for market, grown in the experiment garden.

DR. SKEEN SERIOUSLY ILL.

Dr. Lyman Skeen is seriously ill at the home of his brother, Attorney J. D. Skeen, suffering from a spinal affection. He is being attended by three local physicians and a Salt Lake doctor. Morphine was administered in the hope of giving relief, but instead it seemed to have the opposite effect and made him delirious. Dr. Skeen's health has not been good for over a year, but he continued his practice until about a week ago when he had to give up, and the attending physicians are much concerned over his physical condition, and though hope of his recovery is entertained, yet it is admitted that it will take a long time for him to regain strength sufficient to resume his practice.

DISTRICT COURT HEARINGS.

Suit for Damages on a Contract—Divorce Taken Under Advice.

Ogden, May 8.—The damage suit brought by Henry Marks et al. against Richard Douglass et al. to recover \$1,965.25 is now on trial in the district court before Judge Howell and a jury. The prosecution is endeavoring to prove a number of witnesses that the defendant agreed and contracted to furnish the plaintiffs with 91,000 pounds of wool at 18 cents per pound, but only shipped 41,529 pounds under the contract, and that by cause of their failure to perform their part of the contract plaintiffs were damaged in the sum asked for.

The divorce suit of Grace Campbell against William M. Campbell was heard by his honor, the testimony showing that defendant deserted his wife and left the state and has failed to provide her with the necessities of life. The court, after hearing the testimony, took the matter under advisement, awaiting a supreme court decision rendered on divorces.

RELIEF COMMITTEE BILLS.

The work of paying bills by the San Francisco Relief fund committee is now going on, and all those who have any claims against the committee for anything furnished at their request, for the sufferers must present their bill before Friday. Up to the present time claims have been audited and allowed amounting to \$3,839.19, and the balance that may be left over will be forwarded to California to be expended in relief work.

BRIEFS AND PERSONALS.

Former Mayor C. M. Brough is spending a couple of days in Ogden, the guest of Dr. Epperson. Mr. Brough is en route to New York from his home in Los Angeles for the purpose of consulting eye specialists in a hope of restoring the sight of one of his eyes restored.

Mrs. Hulda Linsig, who has been visiting in Ogden for several months past with her daughter, Mrs. E. A. Larkin, will leave for her home in Philadelphia this evening.

"Globe" will be presented tonight at the Grand opera house.

The new voting machines which the county commissioners contemplate purchasing for use at future elections will be exhibited in Ogden tomorrow.

The "Money Boys" concert will be given tonight at the Ogden tabernacle, under the auspices of the high school.

Funeral services over the remains of Charles Decker will be held Wednesday at 2 o'clock at the Fifth ward meetinghouse. Remains will lie in state at the home, 2645 Barlow avenue, tomorrow from 10 a. m. to 1 p. m.

USE KILL-CORNS
Quick relief, sure cure for Hard and Soft Corns, Bunions, Calluses, Warts, Nicks, Nopals, Grows comfort to aching feet. Only effective corn killer. No surgery.
Never cut corns. No blood poison may result. Look for signature, HILLIARY, Newark, N. J.

County Fruit Tree Inspector Fenton and A. W. Harper of Pleasant Grove were in Provo yesterday on business before the county commissioners. Judge Christensen is holding court here, hearing the case of Provo City et al vs the Telluride Power company, a suit affecting the rights of the respective parties to waters in Provo river. A daughter has been born to Mr. and Mrs. A. E. Huish; all well.

IN A CLASS ALL BY THEMSELVES.

Whatever may be said or written for or against so-called patent medicines, there is this to be truthfully said of Dr. Pierce's medicine that applies to no other medicines put up for sale through druggists. They are entitled to a place all by themselves because they are neither patent nor secret medicines—all their ingredients being openly printed in plain English on their bottle wrappers. Then again they are entitled to a place all by themselves because they contain not a drop of alcohol in their composition, or make up.

Send your address to Dr. R. V. Pierce, at Buffalo, N. Y., with a request for a free booklet, compiled by him from standard medical works and you will receive at once a remedy in the hands of medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is what a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Wild yam root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Edwin M. Hale, M. D., of Hallehannem Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any other ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

Eminent doctors also praise the ingredients entering into Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Helonias Dioica) which is one of the chief ingredients of the "Favorite Prescription": "A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system." He continues: "In Helonias we have a medicine which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias Unicorn root. Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, men-

strated depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habit; uterine sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions... and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Of Black Cohosh, another ingredient of "Favorite Prescription," Prof. John King, M. D., author of the AMERICAN DISPENSARY, says: "In the painful conditions incident to imperfect menstruation, its remedial action is fully displayed. By its special affinity for the female reproductive organs, it is an efficient agent for the restoration of suppressed menses. In painful periods, it is of great utility in irritative and congestive conditions of the uterus and appendages, characterized by tensile, dragging pains, resembling the pains of rheumatism. It is a good remedy for the reflex 'side-ache' of women. It should be remembered in rheumatism of the uterus, and in uterine leucorrhoea."

Blue Cohosh root, and Yellow Lady's Slipper root, the two remaining ingredients not mentioned above, have just as strong endorsements for their curative merits in diseases peculiar to women, but we have room for no more. "Favorite Prescription" is a happy and harmonious compound of the above mentioned ingredients and faithfully represents them in its curative results.

The foregoing are only a few brief extracts taken from amongst the voluminous endorsements which the several ingredients entering into Dr. Pierce's Favorite Prescription have received from the most eminent medical writers of all the different schools of medicine. After reading these you can doubt that Dr. Pierce has selected and compounded his "Prescription" from the most valuable ingredients known to the medical profession for the cure of those chronic diseases of women for which he recommends it? A far more extensive endorsement will be mailed free, in form of a booklet of extracts from standard medical works, to any one sending name and address to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated, anti-bilious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not bog the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

WHEN BEECHAM'S PILLS

are used they quickly correct all evils. They act directly on the liver, cleanse and strengthen the stomach, regulate the bowels, remove all impurities from the system, and make you fit and well. You can have a healthy body, bright eyes and clear complexion if you let Beecham's Pills
