

persecution they will be treated by the troops and ignorant populace as revolutionists for whom a simple death is too good. Parliament must insist on the punishment of the guilty.

MASSACRE WAS ARRANGED. As proof of the charge that the massacre was prepared in advance, the Jews claim that the keepers of the government wine shops received notice the day before the outbreak to remove their cash from the shops to safer places. The tales of atrocities committed are innumerable, and while some of them may be exaggerated, enough has been established to make almost anything credible.

The mob seemed to delight in torturing the victims. Splashes of flesh were cut from their bodies, children were snatched from their mother's arms and taken by the legs and brains on the pavement before the eyes of their parents. An old Jew was beheld and the ghastly trophy was carried all day at the end of a plank through the streets. In many cases the heads of victims were beaten to a jelly with stones.

At the Halybrook railroad station, where the mob had been training for Jews, a rioter seized a five-year-old girl by the throat and held her at arm's length until she strangled to death. Little children seemed to take pleasure in pointing out the hiding places of Jews. Mutilated corpses, strewn with blood, were left lying about the streets in some cases for days.

FATAL TUNNEL ACCIDENT.

Two Men Lost Their Lives in One in New York.

New York, June 20.—Two men lost their lives, another was fatally injured and six more were severely hurt as a result of an accident in the Pennsylvania tunnel between Thirty-fourth street, this city, and Rock Island City today.

Twenty-four of the 21 men who were at work in the tunnel at the time of the accident escaped without serious injury after having faced death by drowning. The accident was caused by the tremendous air pressure necessary at the head of the tunnel to hold back the soft mud into which the shield is forced. The mud under this shield was blown out and two of the workmen caught in the flow of air, were swept to death in the river. When the heading was emptied of air, water rushed in through the opening and threatened to drown the survivors.

FINANCIAL CONDITIONS IN ZION CITY ROTTEN.

Chicago, June 20.—Wilbur G. Voliva, the present head of Zion City, who succeeded Dowie as manager of the city and its properties, was the first witness today for the defense in the hearing now going on before Judge Landis in the federal court to determine the rightful manager of the city and its interests. Voliva testified that when he had assumed control of Zion City he found in the candy industry a paid up stock of \$135,000, an actual investment of \$18,000, and a total of operating loss up to Jan. 31, 1904, of \$92,000. In the supply manufacturing association, invested in stock \$27,000, the amount actually invested \$22,000; total loss in operation, \$349,000. In the lace industry, paid on stock, \$224,000; actually invested, \$415,000; operating loss, \$1,206,000. Losses on the other industries were on Jan. 31, 1904, as follows:

Food supply, \$27,000; railway construction, \$4,000; printing house, \$150,000; hotel, \$117,000; transportation, \$11,000. "Zion City bank," said the witness, "had deposits amounting to \$900,000, but it is in the bank to pay any of the \$900,000. Every day there was a long line of people in front of the bank looking for their money. Some of them would get 50 cents, some 75 cents and some nothing at all. Everyone of these people had \$1,000 or more on deposit. I found out that \$2,000,000 had been diverted, and that the losses of operating the different industries up to that time amounted to \$2,525,000. I found that the laboring men were receiving only enough to exist upon and their pay was far behind. Many of them were paid in coupons, and when I assumed management about \$30,000 in these coupons was outstanding. I found many people on the verge of starvation, notably Mr. Hawkins, who had an annual income in Australia of \$3,000. I gave him a ton of coal and food to keep him alive."

Voliva declared that many men in Zion City had not been able to secure employment for two years and had been supported out of a benevolent fund, which he had established. He declared that he attempted to reform conditions, but was stopped by a rebellion from Dowie, who ordered him to allow things to remain as they were.

A DREAM OF WOMEN IN 2006.

Among the numbers given at the annual breakfast of the Woman's club last week was an original poem by Mrs. H. S. Stowe, who prefaced its reading with the remark that after a hard struggle trying to picture the club woman of the next century she fell asleep and dreamed the picture given in the poem, as follows:

A DREAM OF WOMEN IN 2006. Arriving at a fairy's maze A scene of strangeness met my gaze: Behold! Another and a newer age Where men have come to such a state That them the weaker sex we see. Creatures of dull inferiority; For things that never quite stand still But backward or onward as we will.

Since women's rights for fifty years Have practically made them peers, The hundred that I now had spanned, Had left the other six unspanned. So they at home the fort must hold, And woman to her bosom fold. The acts of state and questions grave And man was now the household slave.

Fair ladies at the bar were found, In medicine and arts profound. The business world was at their feet And usurpation was complete. And wrestling with the feeble fade Of fortune they did well succeed, Which further moved their right to lead.

They had no time for aught but work At offices or clubs must lurk. In every sphere of man excelled, And his ambitious son they quelled. They knew their worth and though 'twas hard, Clubs were formed and men were barred. Except on Thursday when they might Steal in and eat a tempting bite.

As Father Time flew on apace, He saw a change in the human race: No happy children with pattering feet Ran to the gate their sires to meet. 'New generations' had no hope, For woman abroad and man in tope. For he was made the helping-mate, And smiled serenely at his fate.

And took this dreadful state of things, Slept not a wink on heavy wings, And let the world was changed again, The old-time work came back to men. For fearing the danger of "race suicide," Woman relented and took up with pride. The duties of home, duties most fitting, She mended and darned and "tended her knitting."

Thus order out of chaos came, And woman was again the same, Though leader in the world of man She had a ton of coal and food to keep him alive.

REDUCED FARES STILL IN THE AIR

Short Line, Rio Grande and San Pedro Passenger Men to Meet Here.

WHAT 3 CENTS A MILE MEANS.

Round-Trip Fares Will be Cut Out in the Long Run the Public Pays.

Aside from the announcement made in Chicago last week to the effect that commencing June 1 the Harriman lines would reduce the fare to three cents a mile practically throughout the west, there is no official announcement forthcoming in Utah of the change. To date the Denver & Rio Grande and the Salt Lake Route have made no moves in this direction.

It is anticipated, however, that following the conference that has been called for a meeting of General Passenger Agents at Denver, the Oregon Short Line in this city at the end of this week, with Maj. S. K. Hooper and E. W. Gillett, respectively the heads of the passenger departments of the Denver & Rio Grande and the Salt Lake Route, there may be some definite announcement regarding the matter. The matter also will undoubtedly receive attention in Chicago this week, at the meeting of the trans-continental passenger meeting. If it is delayed that long it may be on the cards that the original order may be postponed until July 15, as there will be an immense amount of work attached to the getting out of new rate schedules governing the local rates between points.

It is understood that the various officials are not looking on the new order with the most favor, and when the pros and cons of the new order are duly weighed the public will realize the truth of that old adage governing occasions when Greeks come bearing gifts.

After all is said and done the railroads in the main, will benefit by the three-cent-a-mile change. When it is taken into consideration that 70 per cent of the people traveling on local trains ultimately return to the initial point or, in other words, purchase round-trip tickets, in numerous cases the railroads company will be the gainer by the new order in more ways than one.

In the first place it is argued that the reduced rate will stimulate travel, in the second the railroads will get more in solid dollars and cents each year out of those who make the round trip, as one and one-half fares for the round trip now in vogue will be abolished.

Take the round-trip fare to Logan, for instance. Right now it is \$6.70. Under the new order of things it will be twice as much, that is, \$13.40. Under the old order the round-trip fare was \$12.00, an item that would go to help the maintenance of the Logan route considerably.

While these conditions prevail on local lines, the railroads will get more in solid dollars and cents each year out of those who make the round trip, as one and one-half fares for the round trip now in vogue will be abolished.

NEW GOULD DEPOT.

Work to Start in Salt Lake on Big Passenger Station.

Work on the union depot for the Western Pacific and the Ignover & Rio Grande at the intersection of Third South and Fourth West, is to commence inside of the next 60 days, according to the railroad officials who have been busy during the last few days. General Supt. A. E. Welby states that the structure is to be in the neighborhood of 400,000, and will be one of the finest in the west.

Preliminary work on the surveys is now under way at the point where the street has been cleared. The junction for passenger trains for the depot from the main line will be made in the vicinity of Roper avenue and Tenth South. All of the existing tracks now used by the Rio Grande, together with the old depot grounds, will be used for freight purposes.

Moran, chief clerk of ticket accounts, in the auditing department, succeeds Mr. Lincoln in the office. Mr. Moran was selected by Mr. Green for his chief clerk.

O. S. L. BOILER EXPLODED.

Brummond advised. The boiler was slightly hot, although the force of the explosion derailed four cars and tore up 100 feet of track.

C. H. & D. REORGANIZATION.

Disputes Over Leases and Complicated Affairs to be Adjusted.

New York, June 20.—The Herald today says: It is understood that developments are now under way in the reorganization of the completed affairs of the Cincinnati, Hamilton & Dayton railway system, by which all the pending litigation will be adjusted, the disputes over leases amicably settled and the property subdivided, the units being turned over to other railway systems. It is expected that these arrangements will be completed within two weeks, even before the arrival of J. Pierpont Morgan from abroad.

The plan contemplates turning the Erie while the Cincinnati, Hamilton & Dayton probably will be linked with the Chesapeake & Ohio. Steps will be taken to effect a compromise with William A. Bradford, Jr. by which the latter will renounce the entire ownership of the Chicago, Cincinnati and Louisville road. The Toledo Railroad & Terminal company will become the joint property of an association of railroads composed principally of the New York Central and Pennsylvania lines.

The chief factor that is getting the re-organizational scheme of reorganization is the suit Mr. Bradford is pressing against the Morgan interests for the

INJUNCTION SUIT.

Filed Today Against Pioche Consolidated Mining and Reduction Co.

An injunction suit was filed in the district court today by William Gelder against the Pioche Consolidated Mining & Reduction company and W. S. McCormick & Co. to restrain defendants from disposing of the Hillside claim in Lincoln county, Nevada. Plaintiff claims that he entered into an agreement with the mining company to purchase the claim and that the deed for the same was placed in escrow with McCormick to be delivered to him when the purchase price was paid. All of the payments were met by plaintiff excepting the last \$500, and it is alleged that the mining company agreed to extend the time for that payment. When plaintiff did offer the sum and demanded the deed, the defendants refused to accept the money and also refused to deliver to him the deed. It is alleged that they now threaten to sell the claim to another party, and a restraining order is asked to prevent that. The defendants are compelled to accept the final payment and to deliver the deed to plaintiff.

DIVORCE DENIED.

Judge Morse Made Ruling Conforming With Supreme Court.

In denying Emma K. Aldrich a divorce from William F. Aldrich, Judge Morse has established a ruling in conformity with the late decision of the supreme court of the United States in regard to divorces by publication and it is probable that the case will be appealed to the supreme court to test the validity of the court matter. The defendant in the case resides in another state and service was made on her by publication. As the United States supreme court has rendered a decision declaring that divorces between parties not residents of the same state and thus requiring service by publication are illegal, Judge Morse refused to grant the plaintiff a divorce.

COURT NOTES.

Judge Morse has rendered a decree of foreclosure of mortgage in favor of plaintiff in the case of George F. Peit against August Westman. The amount of the judgment is \$397.73 and the property is to be sold on the 14th block E. New England addition.

An action has been filed in the district court by F. A. Virtue against Jerome Neokes to foreclose a mortgage on lots 19 and 20, Avondale Park subdivision. The amount of the judgment asked is \$400 with \$50 as attorney's fee.

The Clayton Music company has filed suit in the district court against J. C. Christensen & Sons to restrain the session of a piano which it alleges is unlawfully withheld from plaintiff. In the event that the piano cannot be recovered plaintiff asks judgment for \$100, its value. Plaintiff also asks damages for the sum of \$100 for withholding the possession of the instrument and \$25 as attorney's fees.

Judge Armstrong has granted a non-suit in favor of defendant in the case of Louis Borzaga against Ben Harries, which has been on trial in his court for several days. The action was brought to restrain defendant from using certain water out of Decker ditch. Parley's canyon and to recover \$3,000 damages for the alleged taking of the water by Harries.

Judge Armstrong has set two criminal cases for trial during the summer. One is the case against A. J. Colman, charged with the murder of J. P. St. Laurent in the city and county building grounds on the night of April 21, will be tried on June 28. The case of the state against Harry Le Roy, charged with stealing brass from the railroad companies in this city, will be tried on June 27.

A decree of partition by stipulation was rendered by Judge Lewis yesterday afternoon in the case of Charles A. Walker et al against George Walker et al. The property to be partitioned is the Walker farm in Big Cottonwood and the parties to the action are the heirs to the estate of Joseph R. Walker, to which estate the property belonged. E. O. Howard, Robert Connors and L. C. Van Voorhes were agreed upon as the commissioners to make the partition.

An action was filed in the district court today by T. J. Everill against Dr. A. C. Ewing to set aside a judgment of \$27.20, rendered in favor of Dr. Ewing against Everill in Justice McOmie's court at Murray on Aug. 18, 1905. It is alleged that the account sued upon was barred by the statute of limitations, and further that Everill was never served with a summons in the case, hence it is asked that the judgment be declared illegal and be set aside and that the defendant be enjoined from attempting to collect the same and from proceeding any further in the case. An order to show cause why an injunction should not be issued in the case was signed by Judge Morse today and made returnable in his court on June 29.

EXERCISES OF ST. MARK'S ACADEMY

Interesting Graduating Program Held Yesterday in Assembly Room.

FATHER KIELY PRESIDED.

Valdictory by Miss Mary Desmond on "The Mirror of Character"—Medals and Diplomas Presented.

The graduating exercises of St. Mark's academy were held yesterday at the academy on First West street, where the attendance filled the entire assembly room. The walls were prettily decorated in white and green, the school colors, and potted plants, spillax and roses abounded. Bishop Scoulan is absent from the city, so Vicar General Kiely presided, accompanied by Revs. Ryan, Cushman, Thompson, Deneaf, Eucher, Gulman, Rosser and Gueymard. The graduates were Miss Mary Desmond, Miss Katherine McDonough, Miss Lorena O'Neill, Miss Academic course, Miss Margaret Shields in the Commercial course, and Miss Martha Plumhoff in the department of music. The program opened with a chorus of 50 girls, "Joyful We Greet," accompanied by piano, harp and violin. An eight-part piano number followed from Misses Bixby, Murphy, Stewart and Whately. Miss O'Neill read a paper on "Word Values." The vocal department of the academy gave two songs, followed by an orchestral selection. The Merry Paddlers from Misses Plumhoff, Bayden, McDonough, Shields, Brogies, Caulinger, and White on violins, and Miss Nellie Mahan on the cello, and Misses Mulvey and Congrove on harps. Miss Fabian sang "My Beloved Queen," to a piano accompaniment from Miss Mulvey; Miss Humphrey gave as a mandolin solo, "A Polish Dance," and Miss O'Neill followed with a vocal solo, "Serenade," with violin obligato from Miss McDonough. Miss Katherine McDonough read an original poem, "The Spell of the Mountains," a selection from which reads as follows:

"I gaze on you, wondering In lonely, wistful mood, Lifting its voice in our thundering, Volunuous roll!"

And the following apostrophe gives a good idea of the whole: "Ah! here," he said, "tis surely good to be I feel present that I cannot see, This earth's most fitting temple to God's praise. By His own hand appeared in primal days: And on the lowly footstool of his throne, The mountaineer rejoiced with God alone."

The vocal students, Misses A. Carter, L. McKenna, F. O'Neill, K. Brennan, C. Bonner, N. Barry, A. Goddard, D. Seran, V. Bawdon, V. Guthrie, N. Mahan, A. Cosgrove, E. Campbell, J. West, E. Hamilton, E. McMillan and L. O'Donnell, sang "Waves of the Dagon" and were followed by Miss M. Plumhoff in a piano solo from Liszt's "Lieda."

The valedictory was by Miss Mary Desmond on "The Mirror of Character." Vicar-General Kiely presented the medals and diplomas to the graduates when Rev. Ryan made an address on "Religious Education," in which he said:

"We are here, also, to bear witness to the unselfish labors of these good women who conduct this school, for their souls are in the midst of a womanly character in the young women committed to their care. These good sisters have put the world and all its allurements behind them and have devoted their lives and services to doing good for others. Such consecrated souls should be passed on to the comprehension of the world, but it is known and honored by God. May his richest blessings be on them in all they do."

The occasion was entirely a success, the participants in the program performed their parts very well, and the occasion was most enjoyed.
