ARRESTED FOR TIMBER FRAUDS

George Loe and T. B. Snyder
Taken Into Custody at
Boise, and Held.

MORE INDICTMENTS COMING.

Moving Picture Machine in Empire
Theater Explodes Starting a Fire
Among the Audience.

Special Correspondence.
BOISE, Ida., Sept. 20.—In the investigation by the federal grand jury of the alleged timber frauds perpetrated in Washington county, this state, the first indictments have been returned against George Loe and T. B. Snyder, and they have been taken into custody. The present charge against Loe is a misdemeanor of perjury. His bond has been placed at \$2,000, which several friends of his locality proffered to furnish, but they were refused on the ground that they themselves were liable.
This is but the first of what is supposed to be quite a long line of indictments in the timber case raised from \$2,000 to \$5,000 in order to warrant his appearance at the time of the trial, which is expected to begin on Sept. 25. Snyder is 65 years of age, a commissioner, and a man of good standing.

EDITORIAL CHANGE.

The editorial management of the Deseret Evening News was this week changed by C. O. Broxon, former editor and proprietor of the Pocatello Advance. The political attitude of the paper will be Democratic, favoring the C. O. Siskeliger for governor, and the national principles of Democracy, but it will be anti-Dubois. It will consider Fred T. Dubois, senatorial candidate from Idaho, as a good Democrat. He is "out of the party" in the whole state, and he is becoming "the man without a party."

FIRE AT THEATER.

The performance at the Empire theater was in progress last Saturday evening, an explosion occurred in the moving picture machine, which immediately set fire to the building. Through the quick action of the fire department the flames were extinguished before great damage was done. Damage to interior furnishings, however, amounted to about \$2,000. There were not many in the theater when the accident occurred, and no one was injured. The operator of the picture machine, was very badly burned. He is being cared for at the hospital.

TRIED TO ESCAPE.

Yesterday afternoon John M. Runyon, a convict in the state penitentiary, made an attempt to escape, but was caught before he got out of the range of the electric fence. He was at work on his cot at the time in a quarry near the penitentiary. He is now being held before Justice Dasher.

D. & L. AGENT SENTENCED.

Sam L. Burns, former ticket agent at the O. S. L. Railway company, who had been charged with the theft of \$1,000 from the company, was sentenced to one year in the state penitentiary.

PROSPEROUS MARYSVILLE SEEN BY CORRESPONDENT.

MARYSVILLE, Ida., Sept. 20.—Marysville, Fremont county, is the closest ward to the national pack which is distant about 50 miles. The ward has an area of six by 20 miles embracing nearly all the best farm products and a natural home for the sugar beet, and crops of all kinds are in abundance. Crops of the completion of the Oregon Short Line at Marysville has given an impetus to the town that few can estimate at present. And work is being done as fast as men and teams can be had. By the 15th day of October the pack will be finished. About 14 miles of Marysville, and by or before the coming summer it will be made for traffic to near the park, making travel not only easy but pleasant.
The heavy rains of Wednesday, Thursday and Friday are something unusual here especially at this season of the year, but crops have not been injured to any great extent, and all crops have been abundant. People here have ranches all the way from 100 to 500 acres, but the trees will be cut up into smaller farms and these make homes for many hundreds of people, and all will be the better for so doing.
Several expensive canals have been completed since the town has been founded. During the past year \$25,000 has been expended in the construction and completion of the canal system, and since the organization of this town more than \$1,000,000 has been spent on the canal system of Marysville. The canal was organized 15 years last April and the canal is now being completed and suffering in the early part of the season. The men and women who were the pioneers who made Utah the great state of the West, and the word was organized July, 1891. Partridge, Cache county, as bishop, and the community over this province branch have been organized since the settlement of this ward. All the people are complete and it was a pleasure to meet with this young people ward, for most of the members are young married and single, and the church service on Sunday, and a splendid congregation of young people present. Forty pupils of all ages were in the young men and women were in the young class, and all were well dressed, and better order than I have seen in any school elsewhere. The moving among these people is quite a large number in business or ranchers. They are happy and always ready to assist the bishop and the Mormon people in

any and all enterprises for the benefit of the ward or people who may need their assistance or services in building up the country.
The bank here is doing a fine business and was opened this spring. It has a capital of \$10,000 and has a deposit account of \$25,000. C. C. Shuttler is cashier. Bishop Wilson is very proud of his ward and this is reciprocated by his people. He is a natural leader of men and his motto is "come boys," and they never fail to come and follow such a leader.

PARKER FARMERS ARE WEARING A BROAD SMILE.

Special Correspondence.
PARKER, Ida., Sept. 20.—It seems to be the opinion of the great majority of strangers who visit this section that the Eglin bench, which now embraces St. Anthony, Parker, Eglin and Plano, is the banner agricultural district of the Gem state. Not only in an agricultural sense does this hold good but as regards social and educational facilities. The growth of the village of Parker has been phenomenal. New buildings have been erected this season and improvements have been made on all sides.
The harvest is now over and threshing is now in full swing. The result is that all farmers report the best matured returns ever reaped in this district. Beets are excellent, as are all other root crops.
The political part is shimmering with but little heat for Fred T. Dubois in this section. One thing seems certain that the majority of the Democrats will not vote for those who are undertaking to disrupt things in this state.
The household of Frank H. Mason has been entertaining a little stranger since Sept. 5, a lively boy.
Among the recent weddings was that of Norman H. Mason and Julia Springstead of Bountiful, Utah. The marriage was solemnized in the Salt Lake Temple.
The record fall frost occurred here on the night of the 16th.

DEMISE OF MRS. ALLEN, RESIDENT OF WILFORD.

Special Correspondence.
WILFORD, Fremont Co., Sept. 20.—Mrs. Sarah Ann Fewkes Allen, daughter of Benjamin Fewkes and Anna Hucknall and wife of Elijah Allen, died at her home here Sept. 5. The deceased was born at Whitwick, Leicestershire, England, April 9, 1846. Her parents being members of the Baptist church, she was baptized when eight years old. After the death of her parents she emigrated to Utah in July, 1882, and resided at Heber City until her marriage to Mr. Allen, Aug. 16, 1885.
Then they made their home in Coalville, Summit Co., Utah, from which place they moved to Wilford in 1890. To them have been born 13 children, nine of whom survive her. She was a kind and loving wife and mother, a member of the Relief society, and a true and faithful saint. She has two brothers, John and Timothy Fewkes, still in England. The speakers at the funeral were E. Mers Donelson, Geo. Pinecock, B. Harris, and O. K. Meservy. She was interred in the Wilford cemetery Saturday, Sept. 5.

ALL THE WEEK'S NEWS BY BURLEY CORRESPONDENT.

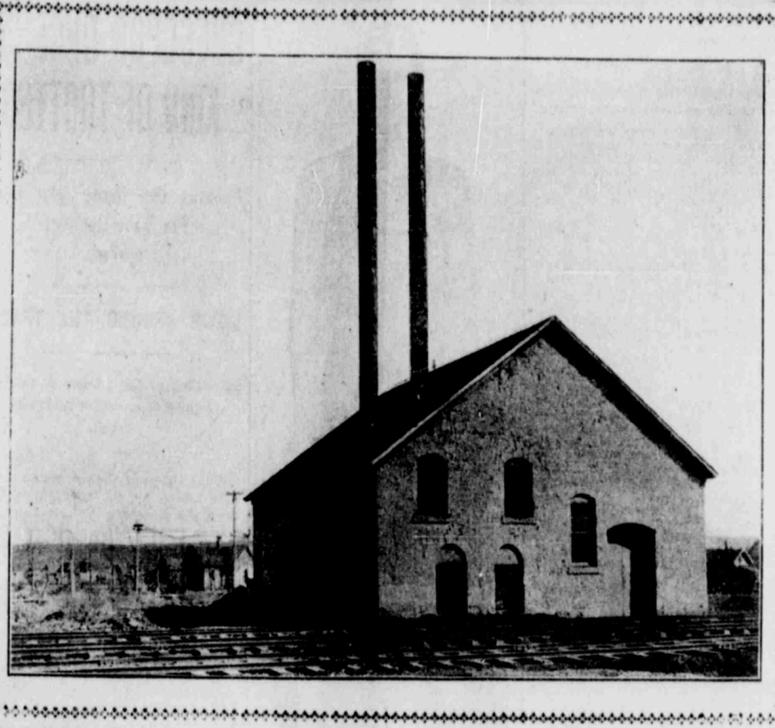

Special Correspondence.
BURLEY, Ida., Sept. 20.—Several young people went to Oakley Saturday to attend the Mutual convention held there last Sunday; Bishop O. A. Clawson and Mrs. Smith, both of Salt Lake, were present.
The remains of the little infant of Bishop Robbins were taken to Oakley Friday and laid by the side of another child of the bishops, which died about four years ago.
J. T. Spencer of Salt Lake came in town Saturday to visit his family, who had been living on their homestead west of town.
The stages running between here and Albion are taxed to their fullest capacity, carrying passengers on account of court, which is in session at the county seat.
William Monteith and wife of Basin passed through town on their way to Ashton to visit a daughter, who is sick at that place.
Taylor & Sons, who were burned out during the recent fire, have commenced work on a new place of business, located on Oakley avenue.

BRAKEMAN HURT IN WRECK NEAR MALAD.

Special Correspondence.
MALAD CITY, Sept. 20.—On Monday evening a passenger train ran over an open switch at Cherry Creek, about six miles from Malad, and the engine and baggage car were derailed. The only person injured was M. G. Lillig, a brakeman who had one rib fractured. The train which is due here at 8:30 came in 10:30 Tuesday, it being necessary to send to Ogden for a wrecking outfit.
Mrs. Burrows of Ogden, is visiting her daughter, Mrs. R. M. Thompson.
The Town family will appear at the Malad tuberculars in a concert performance on the 29th of this month.
The Republican campaign in Oneida county will be formally opened Tuesday, Sept. 25, at which time Congressman French will speak at the court house in Malad.
A great number of people left yesterday for Brigham City to join in the Peach day festivities.

ENTERTAINMENTS HELD AT FRANKLIN.

FRANKLIN, Oneida Co., Sept. 20.—The bazaar held here last week under the auspices of the Y. M. M. L. A. was an unqualified success, and the executive received substantial stimulation as the consequence. Practically everything put up for sale was home made. The bazaar closed with a very creditable entertainment in the form of that well known comic skit, "The Old Maid's Convention," and "The Spinster's Return." All in the cast took their parts like veterans.
One of the saddest deaths here for some time was that of Mrs. Tamer Olsen, wife of Ole Olsen of this place, who departed this life after fulfilling the duties of motherhood. The infant survives her. Funeral services were held at 2 o'clock from the meetinghouse, with Bishop L. L. Hatch presiding. The speakers who made creditable remarks were Elders Thomas Durant, John Love, Patriarch I. B. Nash and Bishop L. L. Hatch. There was a large congregation present, which followed the remains to the cemetery. The floral offerings were both numerous and beautiful. The deceased was the daughter of the late Abner Nelson, Sept. 12, 1867. She leaves the husband and nine children.

THE POWER HOUSE AT REXBURG, ONE OF IDAHO'S MOST FLOURISHING AND PROGRESSIVE CITIES.

SUGAR CITY NOW HIVE OF INDUSTRY

"Beets" is the Main Topic There
All Along the Line This
Week.

HARVEST IS IN FULL SWING.

Stock Gets Busy—Some Social Items
—Ideal Weather Prevails for
Getting in Crops.

Special Correspondence.
SUGAR CITY, Fremont Co., Ida., Sept. 20.—"Sugar beets" has been the main topic in these parts for the past few days. This morning the harvesting of beets commenced, and many of the fields in the surrounding country present a very busy appearance. Most of the beets are ripe and ready for harvest, and the plows are just keeping ahead of the Japanese who top and load the beets. The harvest is fully as heavy as has been expected, and the quality and quantity is considerably above the average. This year some of the beets will be pitted on the field, which will not make it so hard on the teamsters, as they will have longer time to haul the beets to the shed. In the factory the repairing, etc., is almost completed, and the mill will be in readiness to start operations on Tuesday, the 25th. The silo has been enlarged, as have the beet sheds, and everything presents a clean and neat appearance. Supt. Thos. R. Cutler, Jr., would like to hear from old employees who desire work in the factory this year.
Most of all the hay and grain in the surrounding country is down, and in the stacks, and considerable of the grain has been threshed. The weather is ideal for harvesting and everyone is busy "making hay while the sun is shining." Many residents and farmers are spending the day at the county fair, which is being held in St. Anthony. The exhibits there are above the average, both in the stables and in the buildings, which speaks well for

the people of Fremont county. People who think it is too cold to raise fruit in this beautiful Snake River valley should have been present and they would have soon been convinced otherwise, for there was all kinds of apples, prunes, plums and many of the smaller fruits.
There are several new faces among the office force the past few days. Mr. Win. Parkinson, who has been connected with the Fred Furniture company in Salt Lake, has accepted a position as stenographer for the company. Lawrence Timson of Iowa is also working in the main office. Morris Nelson of Rexburg has moved with his family to Sugar City, where he will have charge of one of the company's boardinghouses during the campaign.
G. F. Johnson, agent of the Short Line at this place, leaves this evening for Meadville, Mo., where he is called to attend the funeral of his mother.
The stock has been playing pranks with several of our business men the past week. Mr. Orlando Peterson, manager of the Sugar City Mercantile company, was presented with a girl. Principal J. T. Worlton has a beautiful girl to take care of and W. H. Richardson, machinist at the factory, has a boy.
Things have been pretty lively in the social world. Saturday evening Manager Fred H. Heath and Capt. Will Johns banqueted the "Beet" baseball team in celebration of their many victories. The banquet was held in the Commercial club rooms. The table was formed in the letter L and was prettily decorated with flowers and good things to eat. Games were played and a general good time was in order before supper was served. During the supper several of our business men the past week. Mr. Orlando Peterson, manager of the Sugar City Mercantile company, was presented with a girl. Principal J. T. Worlton has a beautiful girl to take care of and W. H. Richardson, machinist at the factory, has a boy.
