to Baltimore, where he was housed in the box car a number of days until one night when the Maryland health authorities placed him secretly in the vestibule of a coach and he was taken through here to Parkersburg, where the Baltimore & Ohio officials refused to receive the train until after his removal. He was kept under a shade tree there a day or so, and then was run into Randolph county on a special train at night. At first the railroad company provided for his wants until the county and state authorities took charge of him. Later a nurse came from New York to look after him, but he circulated freely in the streets of Parkersburg and was assaulted and later shot at several times at the shanty.

VATICAN IS INDIFFERENT. Rome, Oct. 19.—The vatican is showing great indifference in the matter of the anti-clerical threats of the Spanish government, declaring that nothing serious will be done in this direction as any real attempt to injure Catholic interests in Spain might be answered by the vatican by the withdrawal of the prohibition to the Carlists to move against the present monarchy. This, it is declared, would mean civil war.

GEORGE BASHID, THE SYRIAN LEPER, DEAD. Charlottesville, W. Va., Oct. 19.—George Bashid, the Syrian leper, who several months ago was driven from various cities in the east because of his affliction, died here today in a shanty at Pickens, the cause of his death. The body will be cremated by the county authorities, but especially for him after his removal to that place by the Baltimore & Ohio Railway company a few months ago, and a nurse was placed in attendance.

where some 29 years ago Mr. Hughes was an instructor in languages in the Delaware academy. After an address in the Opera House, Mr. Hughes visited the academy.

Earlier in the day, on the way into the mountain country from Albany there had been stops at Cobleskill, in Schoharie county, and Delanson, in Schoharie county. In each place Mr. Hughes spoke briefly.

Returning from Delhi this evening, Mr. Hughes addressed a large crowd. There is a considerable labor element there employed in railroad shops. Mr. Hughes renewed his pledges of interest in labor and in clean government, with reform in the state departments wherever needed. He also devoted much of his speeches today to a more direct plea for Democratic support. At Delhi he said in part:

"It is particularly gratifying that the Republican party, in the good work that has been done in recent years, has had the support and has largely been able to accomplish that work through the support of patriotic members of the Democratic party, who respond quickly and enthusiastically to a call upon good citizens. And though the state nothing has been more gratifying than the action of old-line Democrats who have refused to be stultified by the proceedings of the Buffalo convention."

"They have thought more of the principles of their party than they have of their candidate. They have thought more of true Democracy than the pretense and the masquerade which they were asked to support."

Mr. Hughes' greeting here and at Delhi and at other stopping places today was marked by much enthusiasm.

DIVISION LINE QUARREL. Two Men Killed and One Probably Fatally Wounded. Rising Sun, Ind., Oct. 18.—Jackson Norris and his father, George Norris, were both killed and Joseph Richardson was probably fatally shot during a quarrel between the three near this place today.

The elder Norris and his son were working on their farm, which bordered on that of Richardson, when an argument arose as to where the dividing line between the farms lay. The younger Norris and Richardson engaged in a scuffle and the father of Norris drew a revolver and in attempting to hit Richardson, the bullet struck his own son, who died several hours later. Seeing that he had missed his mark, the elder Norris fired again, the bullet striking Richardson a glancing blow on the head. The latter was picked up a shotgun nearby and shot and killed the elder Norris.

Richardson had not yet been arrested.

PHILIPPINE GOVERNMENT. Radical Change in That of the Provinces is Imminent. Manila, Oct. 20.—A radical change in the system of provincial government is imminent if the Philippine commission approves the recommendation of the assembly of provincial governors, which session at Manila, the recommendation provides that another member of the provincial board shall be elected to the office. At present the treasurer and school superintendent are appointed. As they must be Americans, they constitute a majority of the provincial boards. The provincial governors want a member elected to replace the treasurer and school superintendent. The matter was referred to Washington. The governors also unanimously condemn the road law which requires that work be done on public roads in lieu of taxes. All fear that the law will be made oppressive the same as the old Spanish law, and that it will be badly administered in the hands of the municipal presidents.

The provincial governors advise the appointment of A. Forcman as a member of the Philippine commission and refuse to suggest a Filipino for the place.

BANKERS' ASSOCIATION. Currency Resolution Referred and the Convention Adjourned. St. Louis, Oct. 19.—The American Bankers' association adjourned today. The convention adopted a resolution to refer the consideration and formulation of a currency reform plan to a committee to be appointed by the executive council, which shall confer with the New York chamber of commerce committee and submit a plan for enactment into laws by Congress.

The assembly listened to the report of the banking legislative committee, read by Chairman Arthur Reynolds, president of the Des Moines National bank, introducing the currency subject and setting forth the plan formulated by the committee for a creditor currency clearance. The plan comprised 10 sections, and Chairman Reynolds stated that it was prepared with consideration as to the condition of the people, and the best interests of the citizens as a whole, aiming to protect the interests of the humblest citizen, as well as those of the wealthy.

The moment the reading of the committee's report was concluded the convention was in an uproar. Resolutions were offered to adopt the report as a whole, another to refer it back to the legislative council without recommendation, another to consider the sections ad seriatim, and all the while delegates wildly clamoring to discuss the subject and give expression to individually formulated plans. An hour's discussion was finally agreed upon and the discussion was without definite conclusion. At the expiration of the time limit a resolution to refer the report of the legislative council to a special committee was adopted and ended the matter.

Officers were installed and the convention adjourned.

A W. C. T. U. WOMAN ASSAILS THE MORMONS. Boston, Oct. 19.—An impressive memorial service for members who have died during the past three years was one of the leading events of the second day of the triennial convention of the world's W. C. T. U. in Tremont temple.

A constitutional amendment will eliminate this awful condition, and we shall have a constitutional amendment when you will it.

A strong resolution against Mormonism was introduced by Mrs. Emily Martin, and was unanimously adopted. This evening there was a public meeting in Tremont temple.

APPLICATION TO RECLAIM SAN PEDRO LAND REFUSED. Los Angeles, Oct. 9.—Applications and protests in the case of the tract of reclaimable land in the outer harbor at San Pedro for which the Southern Pacific and other transportation companies each made application, were refused and returned by the secretary of war yesterday to the local United States engineer's office. Notice is given by the government of the intention to establish new harbor lines in the outer harbor of San Pedro.

TOM REED'S ESTATE. Since Speaker's Demise It Has Trebled In Value. New York, Oct. 20.—The estate of Thomas Brackett Reed, ex-speaker of the house of representatives, has nearly trebled in value since the death of Mr. Reed, in December, 1902. At that time the approximate value of the estate was about \$200,000. This week Augustus G. Paine, who was an intimate friend of the ex-speaker, sent to Mrs. Susan P. Reed of the estate \$500,000, which represented the original investment holdings of the estate and the profits from these and other investments in the last four years.

It will be remembered that Mr. Reed, in railroad stock, and Mr. Paine, as executor, had entire charge of turning these securities into cash. It is said that Mr. Paine could have wound up the affairs of the estate months ago, but reinvested a large part of the estate funds at the solicitation of Mrs. Reed.

When asked last night if these assertions regarding the Reed estate were facts, Mr. Paine said: "It is true that Mrs. Reed is now in very comfortable circumstances. Whatever I have done for the estate I have done gladly. Mr. Reed was one of my greatest friends."

The widow is living in the old Reed homestead in Portland, Me. It will be remembered that Mr. Reed, when he retired from public life, did so a comparatively poor man. He said at the time that he retired to go into a business that would make a little money.

NEW YORK LIFE. Undermeyer Says Summary Action on Criminal Charges Will be Taken. New York, Oct. 20.—With the return of Samuel Undermeyer, its counsel, on the America today, the international policyholders' committee announced that summary action would be taken for its criminal charges filed with Suppt. Kelsey against the New York Life. Whether it will be the attorney general's office that will take action or place today.

It further delay, itself will begin action, will not be announced until Mr. Undermeyer shall have arrived and put himself in touch with the situation. It is pointed out, however, that George B. Scruggs, the committee's organization manager, might go before a police magistrate and apply for a warrant for the arrest of certain of the company's officers or agents on charges of insurance law violations.

MEXICAN KILLS A WOMAN. Baird, Tex., Oct. 20.—Alberton Agos, a Mexican employed at a hotel here, instantly killed Miss Emma Blakeley, a young white woman also employed at the same hotel yesterday, and then stabbed himself probably fatally.

Agos said he committed the deed because he loved the girl and because she would soon marry another man. He was wounded in the chest and abdomen. In his pockets were found three letters, one each to his mother, and his grandmother in Mexico, both in Spanish and one in English to the girl he killed. A lynching is probable.

FOR A FREE SYNAGOGUE. New York, Oct. 20.—The Rev. Dr. Stephen S. Wise, for the last six years in charge of a congregation in Portland, Or., arrived here yesterday from the latter city, will begin the work of establishing in New York a free synagogue. This, Dr. Wise explained, is to be an institution which will be on a higher ethical and spiritual plane than the present day synagogue, for which he has already, from men and women of like belief in different parts

of the world, secured a list of names of those who would be willing to contribute to the building of a free synagogue.

"77" Humphreys' Seventy-Seven Cures Grip and COLDS

There's nothing so bad for a Cough as Coughing. Coughing is like scratching a wound; so long as it is done, it will not heal. When tempted to Cough draw a long breath through the nostrils; hold it until it warms the air cells. The nitrogen thus refined, allays the desire to cough and gives the throat and lungs a chance to heal. The use of "Seventy-seven" will aid nature in her efforts to recuperate.
