

CONFERENCE OF PIONEER STAKE

The Eleventh Quarterly Session Was Held in Stake House And Tabernaole.

GOOD REPORTS ARE RECEIVED.

They Indicate That the Spiritual Affairs of the Stake Are in a Satisfactory Condition.

The eleventh quarterly conference of the Pioneer stake of Zion was held yesterday, the morning session convening in the Pioneer stake hall. The general authorities were represented by President John R. Winder and Elder George Teasdale. The stake authorities and officers were all in attendance. The meeting commenced by the choir and congregation singing the hymn, "How Firm a Foundation." Prayer was offered by Elder John De Grey Dixon. The choir sang: "Come Follow Me."

President Sylvester Q. Cannon reported the condition of the stake as a whole. He said a general improvement was noted in nearly every department of church work. This improvement was indicated, not in its broad sense, by the wonderful increase in the amount of tithes paid during the current year.

Only a little cold in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the invader with Ely's Cream Balm applied straight to the inflamed stuffed up air-passages. Price 50c. If you prefer to use an ointment, ask for Liquid Cream Balm. It has all the good qualities of the remedy in solid form and will rid you of catarrh or hay fever. DEAD BABY FOUND.

Body Was Discovered Lying on a Rubbish Heap by Two Young Women.

At the morgue of Eber W. Hall lies the body of a male child, which was found Saturday afternoon on the banks of the Jordan river, near the White bridge. The discovery was made by the Misses Larson and Clara Emma, who chanced to pass a garbage dump upon which the remains, wrapped in cloth and wrapping paper, had been placed. The young ladies told W. Gettings, who resides at 118 Park street, of what they had seen, and he in turn notified the police authorities.

An examination of the little body revealed the fact that the child had been born alive, and at decomposition had not set in, it was plain that it was not more than a day or two old. The man who hauled the garbage in which the infant's body was concealed was Charles Kauler, but as he had a wide area to cover in gathering his load, he has no idea where he picked up that particular bundle.

The acting coroner is making an investigation and will use every endeavor to trace the parties responsible for the inhuman if not criminal act.

TO ABANDON INSURANCE.

Of the A. O. U. W. in This Jurisdiction—Frequency of Death.

The insurance feature of the A. O. U. W. in this jurisdiction is to be abandoned because of the frequency of deaths and the burden imposed on the order in consequence, the social and fraternal features of the organization remaining as usual.

Members of the lodges in the three states embraced within this jurisdiction may apply, however, for membership and insurance in the supreme lodge at Philadelphia, being carried in the same way and subject to the same rates as has been the case before in the level or annual rating. It is said that there has been a large number of deaths in Utah, the claims amounting to between \$3,000 and \$40,000, found impossible to pay, or because of death the service too high in the west because so many of the members of the order are miners and railroad men, the proportionate contributions in fees and assessments from these states being below those of other sections of the country. The supreme lodge contemplates paying off of these claims upon an installment basis, paying the beneficiaries \$1,000 on their first anniversary and thereafter at the rate of \$50 per month until the faces of the policies are paid.

FUNERAL OF RALPH KIDDER.

Spanish War Veterans and Other Commanders Honor Him.

The funeral of Ralph W. Kidder of the Utah batteries was buried yesterday afternoon, from the Phillips Congregational church, with interment in the city cemetery. The remains were escorted to and from the church by Wedgewood camp of the Spanish War Veterans, and the local lodge of Brotherhood of Locomotive Firemen. Rev. Simpson, the pastor of the church in which he compared the taking away of the young man's life to the uprooting of a tree in a storm. "Some day, however, we will see the tree in its full development. Death is not a conqueror, but the servant that comes to minister to humanity." Reference was made to the years of the deceased who served four years in the Thirty-eighth Iowa infantry, and to the service of the deceased in the Utah batteries.

A quartet composed of Mrs. P. A. Simpkin, Miss Irma Dunham and Messrs. S. A. Abbott and E. D. Wilkins, rendered "Rock of Ages" and other songs.

DRIVING AND DRINKING

A Hard Worked Doctor Cautions "Drinks."

The country doctor who has to drive for miles and miles in all kinds of weather, at all times of the day and night, is not to be envied. They get personal experience as well as experience from others.

"I have seen a great deal of driving and drinking a great deal of coffee," writes a doctor. "I found it was not only injuring my stomach, but was causing dizziness and was interfering with my circulation."

Since using Postum, I have had none of those unpleasant symptoms. I shall take pleasure in recommending it to others.

Send the book, "The Road to Wellville," in pkgs. "There's a reason."

"Abide With Me," two of the favorite hymns of Mr. Kidder. At the cemetery there was a brief prayer, a firing squad from the Twenty-ninth infantry fired three volleys over the grave, and Bugler Elmer Thomas of A. battery, U. L. A., blew taps. The pallbearers were Lieut. R. C. Naylon and Privates Thomas Holberg and Frank Vincent of the same company, and Charles McElroy, George Duery and L. L. Arney of the Brotherhood of Locomotive Firemen.

AMUSEMENTS.

Tabernaole—The Wagnerian concert by Miss Nanita Tout occurs at the Tabernaole this evening. Seats are on sale at the principal music and book stores, and they may also be obtained at the door prior to the performance.

Orpheum—"Primary No. 23" will be the stellar attraction at the Orpheum tonight. This is claimed to be one of the cleverest acts with the vaudeville stage today. In addition there will be plenty of comedy and dancing, together with a comedy sketch and a Japanese juggling and foot balancing act.

Theater—The return of the famous Wagnerian drama "Parsifal" to the Theater next Friday and Saturday evenings, with Saturday matinee, is attracting a great deal of attention among play goers and music lovers alike. The spectacular drama, with its great moral lesson, is something decidedly new for the vaudeville stage. The Martin & Emery company ought to be greeted by some handsome houses.

Grand—"Peck's Bad Boy" opens today for three nights and a Wednesday souvenir matinee.

Lyric—"Her Bitter Atone ment" by the author of "Dora Thorne," will run the entire week with matinees Wednesday and Saturday.

HAWAIIAN BAND TO RETURN.

Musio lovers and the public generally will be interested to learn that the Royal Hawaiian band, whose Saitar engagement during the summer was so successful, is to return to Salt Lake at the end of this week. The concert will be given, the first on Friday evening next, assisted by the Tabernaole choir, the second on Saturday afternoon, and the third on Sunday school choir, and the final on Saturday evening. A feature at the latter concert will be the farewell songs of Hawaii, including that written by the famous Queen. The band will be accompanied by the Hawaiian Glee club, and the full band. Since its appearance in Salt Lake, the band has been touring in the east, and is now on its return to Honolulu.

TO ENFORCE LAW.

Board of Education Will Take Steps Regarding Compulsory Attendance.

Beginning with this date the city board of education will take very decided steps towards the enforcement of the compulsory attendance law and Truant Officer Clayton will be kept busy looking up all children between the ages of 3 and 15 years, who are not now attending school.

Under the law children between the ages of seven and nine are compelled to attend school at least 30 weeks during the school year. Six weeks of the school year have passed leaving only 24 weeks so it is necessary that the children attend school during the remainder of the year. The law makes it a misdemeanor for any person, firm or corporation to prevent a child from attending school 30 weeks each year so that merchants who are now employing children are being prevented from attending school are subject to punishment for a misdemeanor. Notices are being served upon the parents of such children and upon their employers so that they may have an opportunity to be heard in their own defense and should they fail to do so they will not doubt be compelled to answer to the court for their conduct in that matter.

FISHERIES QUESTION.

Newfoundland Legislature Will Meet To Consider Matter.

St. John, N. F., Oct. 28.—The colonial legislature will meet to consider the American fisheries difficulty. This is nearly two months prior to the session of the legislature. The legislature will enact measures asserting the colonial authority in such a manner that the United States will find it difficult to veto them. It will also appeal to Canada, Australia and South Africa to support the colony in industry. The speaker of the legislature is respecting her own people. It is held that the modus vivendi tramples upon this power.

FRIGHTENED TO DEATH.

Italian in the Tombs Who Was Awaiting Trial.

New York, Oct. 28.—Antonio Spinelli, 29 years old, awaiting trial in the Tombs for the murder of a fellow countryman, died last night. The cause of death, the man was frightened to death. They say that some friends called to see Spinelli last week after his arrest and he had been sentenced to die in the electric chair.

The child Spinelli about 10 became badly scared, could think and talk of nothing else and began to fall. Last night the leavers found him unconscious in his cell. He died in half an hour.

RUSSIAN CONSTITUTION.

Precaution to Prevent Trouble on First Anniversary of Proclamation.

St. Petersburg, Oct. 29.—On the eve of the anniversary of the publication of the imperial manifesto giving a constitution to Russia, Oct. 30, the prefect of police has caused the city to be placarded with proclamations, recalling Trepo's famous phrase: "Do not spare bullets," warning the public that in case of disorders, demonstrations, or even the assembling of crowds, arms force will be used with all the vigor permissible under the rules of "extraordinary security." Patrols already are on duty in the suburbs.

CHORUS GIRL COMMITS SUICIDE.

New York, Oct. 29.—In a fit of despondency, with her husband's love letter torn to bits and scattered around her, Hazel Cooper, a chorus girl in the "Zart and the Girl" company, drank carbolic acid in her apartments in the Hotel Hamilton and died at the hospital early today. The girl is said to have been the wife of Edward Walsh, a jockey. She was 20 years old.

RIGHTS OF WAY IN RHYOLITE

Las Vegas & Tonopah Railroad Has Secured Them Through Towns.

WILL BUILD ON TO GOLDFIELD.

What General Freight and Passenger Agent Green Says—Activity of Other Roads.

Special Correspondence. Rhyolite, Nev., Oct. 28.—The excursionists who came to the Bullfrog district from Salt Lake and Los Angeles, with the exception of the few who came here to locate, have returned to their homes, and this camp has settled down again to the regular routine.

Before President J. Ross Clark and party departed the matter of a right of way settled and there is now nothing standing in the way of the rapid completion of the Las Vegas & Tonopah railroad from Beatty, the present terminus. President Clark and associates say the last spike will be driven within the next 30 days, which will be followed by another railroad way celebration in which the citizens of Rhyolite expect to play the roll of host. They are going to extend an invitation to the whole world to come here and have a good time; the mines will be open to them for inspection just as they were when the Beatty folks had their little demonstration during the present week.

General Freight and Passenger Agent H. E. Greene of the Las Vegas & Tonopah was asked today what the program would be after the Rhyolite spur is finished, to which he replied: "It is the intention to push right on to Goldfield from Beatty. Some 45 miles south of Goldfield the road would be built into that camp and its promise is to be carried out to the letter. The right of way has been secured for the road to the Goldfield & Tonopah railroad, and is through a country where no difficult engineering problems will be encountered. Trains will be operated into Goldfield by the Las Vegas & Tonopah early next year and will be the shortest route into that great camp from either southern California or Utah points."

The Goldfield & Tonopah company has completed laying track to a point 45 miles south of Goldfield and the management expects to reach the Bullfrog district with its line not later than Jan. 1 next.

The Las Vegas & Tonopah company also has surveyors in the field to locate another line to the Greenwater, Cal., copper district. This branch will leave the main line at Amargosa station, and the length will be a little over 50 miles and will head off the Tonopah & Tidewater road being built by "Borax" Smith. The Greenwater district promises to become a copper camp of great importance and it is a race between the two roads to control the trade from that region.

TO SUPREME COURT.

Case of Joseph S. Richards Against President Joseph F. Smith.

In order that an appeal may be taken to the supreme court without further delay, the motion for a new trial in the case of Joseph S. Richards against Joseph F. Smith, trustee-in-trust for the Church of Jesus Christ of Latter-day Saints, has been denied by stipulation in Judge Lewis' division of the district court. The action was brought by Dr. Richards to recover \$55,500 damages for an alleged breach of contract of sale of certain real estate entered into between he and the late Bishop Edward Hunt-

er. The matter was submitted to a board of arbitrators, two of whom were selected by plaintiff and two by defendant, and the fifth by the four thus chosen. The arbitrators found in favor of defendant and that decision was later sustained by the district court. Dr. Richards filed a motion for a new trial and that has now been denied by stipulation and the case will go to the supreme court.

Mrs. Gladys Cook Given Nine Months—Mandate Subsequently Suspended. For contributing to the delinquency of a girl two years her senior, Mrs. Gladys Cook, a 13-year-old wife, was sentenced by the judge of the juvenile court to nine months in the county jail. Sentence was suspended, however, during the good behavior of the girl-wife and she was released on her own recognizance. It was claimed that Mrs. Cook kept Myrtle Arnold, a girl 16 years of age, away from her home at night and led her astray so that she is beyond the control of her mother. The Arnold girl was ordered committed to the Industrial school at Ogden.

Mrs. Cook was formerly Gladys Selma and was committed to the Industrial school by the juvenile court last July. She was released from that institution by her marriage to a young fellow by the name which she now bears. When met on the street yesterday by an officer of the juvenile court she stated that she was married and that the court could no longer have jurisdiction over her. She was brought in on the charge of contributing to the delinquency of a juvenile, however, and sentenced as stated above after which sentence was suspended.

COURT NOTES.

Judgment by stipulation has been rendered by Judge Lewis in favor of defendant in the case of Jessie D. Stevens against the Pacific Mutual Insurance company for the sum of \$1,000. The action was brought to recover on insurance policy on the life of plaintiff's husband.

Rosenbaum Brothers have filed suit in the district court against C. S. Vadner and Phoebe Vadner, executors of the estate of Samuel Vadner, deceased, to recover \$129.11, which it is alleged they paid out for taxes on property bought from defendants and which should have been paid by defendants.

Suit has been filed in the district court by E. S. Lund, doing business as the Western Art Stone company, against James Roman and J. H. Heron to foreclose a mechanic's lien for material furnished to Roman and used in the construction of a house for Heron. The amount due for the material is \$255, and with the costs of filing the lien and attorney's fees, the total amount of the judgment asked is \$289.50.

ANDREW CARNEGIE RETURNS.

New York, Oct. 28.—Andrew Carnegie, accompanied by his wife and daughter, returned from Europe today on the steamship "Columbia" and had something to say regarding reformed spelling. "Efforts were being put forth," he said, "to have the English and American branches of the Reform Spelling association meet in conference. It was expected that Canada and Australia would send delegates to such a conference. In his opinion reformed spelling was bounded to come. He declared that President Roosevelt had done more to accomplish this reform than all the philologists together. Mr. Carnegie is in good health and expressed himself greatly pleased to be home again."
