AFFAIRS OF WEBER COUNTY

Commissioners in All Day Session—Increase Salaries of Deputy County Officers.

OGDEN'S VITAL STATISTICS.

Tabernacle Organ Recital a Brilliant Success—Habeas Corpus Suit in Behalf of Miss Rose Rolley.

Ogden, Jan. 15.—The board of county commissioners were in session practically all day yesterday. The morning session was entirely taken up in disposing of some tax matters. A two hours' executive session was held in the afternoon, at which the salaries of deputies were considered. In Sheriff Sebring's office B. B. Wilson was made chief deputy at a salary of \$100 per month. Robert Shaw, criminal deputy, \$85, and each of the other deputies, Cave, Clark and Ritchie will get \$50 per month.

In Recorder Wallace's office the salary of Seth Thomas was made \$23. Mrs. Evelyn Clark, \$75, Anis Brown \$75.

County Clerk Mattson's deputies all received a raise in salary. Ernest Brown, W. D. Van Dyke, Thomas Matthews will each receive \$83.80; Carl Alshon, \$80; P. F. Dalton, Frank Henderson, Miss Edith Reed and Jeannette Bingham \$75, each. George D. Folkman was reappointed janitor at a salary of \$60 per month. Hon. Joseph Stanford, overseer of poor, sent a communication to the board calling attention to the fact that during the past year 14 cases of wife desertion occurred in Weber county. In most cases the wives were left without any means of support and the county had to lend assistance. Mr. Stanford recommends that the commissioner use their influence with the legislators to pass a law making it a felony for a man to desert his wife and family. The board appointed as a committee on this matter Chairman Madison, Clerk Mattson and County Attorney Frisby, who will use their influence for the enactment of such a law. The board passed a resolution requiring the county attorney to attend all sessions of the board.

TABERNACLE ORGAN RECITAL.

Prof. McClellan Shows Grand Possibilities of Beautiful Instrument.

Ogden, Jan. 15.—The Ogden tabernacle rang with sweet music last evening as it never rang before, the occasion being the grand concert given by Prof. John J. McClellan and the Ogden tabernacle choir. The auditorium was filled with an appreciative audience, who received each number with rounds of applause. From an artistic standpoint it was a magnificent success. The new organ, under the master hand of Prof. McClellan, charmed the large audience. Everyone was pleased and felt that the \$5,000 spent for the instrument had been well spent. Mr. McClellan had selected a fine program with which to display the wonderful notes that could be played on it as well as the very sweetest. He played 16 different selections during the evening, especially selected for the occasion, so that the people of Ogden might realize what a fine instrument it was.

The choir under the direction of Prof. McClellan sang three choruses in a most creditable manner.

HABEAS CORPUS PETITION.

Effort to Release Miss Rose Rolley From Duranville.

Ogden, Jan. 15.—An effort is being made by Attorney J. H. Shields, of Park City at the request of the relatives of Miss Rose Rolley, who is now confined in the county jail, to secure her release if possible on a writ of habeas corpus. The application for a writ has been made before Judge Howell, but as he was out of town yesterday, the hearing on the petition was continued today. The affidavit sets forth that Miss Rolley is being restrained from her liberty by Sheriff C. A. Sebring, who keeps her confined in the county jail; that he is detaining the applicant on a certain writ of commitment issued by Judge A. B. Patton out of the juvenile court, who, it is claimed, had no right to order her held to the higher court, but should have sent her to the reform school, and in doing otherwise, his act was illegal. Should the writ be granted, she would be immediately released, and the writ of commitment issued by Judge Howell, from whom she embezzled several hundred dollars while working as cashier at his store, does not propose that she shall go unpunished for the alleged crime.

A few doses started the brick-dust like stones and now I have no pain across my kidneys and I feel like a new man. It has done me more good than any other medicine." For sale by F. J. Hill Drug Co.

FRIGHTFUL MINE ACCIDENT.

Miners Drill Into Mined Hole With Fatal Results. Special Correspondence. Milford, Beaver Co., Jan. 14.—Thomas Singleton of Greenville and Joseph Joseph of Adamsville, Beaver county, met with a very serious accident at the Old Hickory mine this morning. They were drilling and struck a mined hole that had been loaded and forgotten, causing a terrific explosion. They are both very badly mangled, with many broken bones. Dr. Barton did everything in his power for them, and took them to the Holy Cross hospital at Salt Lake City, where Joseph died early this morning. Singleton will probably recover. The weather is extremely cold here compared to Salt Lake and Provo weather last week. There is considerable sickness here at present.

Jacob Bigler Falls Heir to Fortune—Commercial Club Smoker.

Special Correspondence. Mt. Pleasant, Sanpete Co., Jan. 14.—The bunch of sheep sold by J. H. Seely to the government experiment station at Laramie, Wyoming, was shipped last week, also two other fine animals were shipped to Colorado.

HEIR TO SNUG FORTUNE.

Jacob Bigler, an aged and well known resident of this place, has had a snug sum of money, amounting to about \$20,000, perhaps more, come to him as an inheritance from a family estate in Germany. Mr. Bigler's mother died recently, therefore the dividing of the inheritance to the several heirs.

Mr. Bigler came to America in 1870. He has spent most of his life in Utah, however, he lived in Arizona for a few years. Fourteen years of his time have been spent in Mt. Pleasant, where he has many friends who are pleased and congratulate him upon the fortune he has fallen heir to.

Last Friday evening the Mt. Pleasant Commercial club held a business meeting and a "smoker" combined. The question of starting a steam laundry was discussed. From present indications a \$1,500 plant is not an unlikely proposition. Mr. Ole Hansen, local creamery man, will advance the money and put up an up-to-date plant if assured support, which the club decided to give as much as possible. After the meeting was over, luncheon was served, with toasts and sentiments.

PRESIDENT LUND HONORED.

Yesterday evening, President C. N. Lund of North Sanpete stake was given a surprise at his home in honor of his sixty-first birthday. His nearest co-laborers and friends with their wives were invited. A sumptuous feast and an appropriate program were enjoyed.

Drs. A. J. Stewart and W. W. Woodring went to Salina yesterday to attend a medical meeting held by the physicians of Sanpete and Sevier counties.

Messrs. J. H. Seely, N. S. Nielsen and W. D. Candland will represent Mt. Pleasant at the wool growers' convention at Salt Lake this week.

For a few days Mt. Pleasant people were worrying over the coal question. In the past 10 days, four car loads have come in; also several loads from the Huntington mine. So the town is supplied for awhile at least.

Another improvement to the public school—two beautiful white enameled drinking fountains—have been purchased and set up.

A blizzard struck Mt. Pleasant yesterday. Four inches of snow now covers the ground, and it is still snowing.
