

FOR JAPANESE LABOR EXCLUSION

President Assures Gov. Gillette He is Doing All He Can to Bring it About.

SHOULD NOT BE HAMPERED.

Proposed Submission to Voters of California of Question Very Unwise—Schmitz's Action Endorsed.

Sacramento, Cal., March 12.—Shortly before the adjournment of the legislature today Gov. Gillette transmitted the following telegraphic correspondence on the Japanese question between himself and President Roosevelt:

GOVERNOR TO ASSEMBLY.

"To the assembly of the state of California: I have the honor to advise your honorable body that yesterday I forwarded to the president of the United States a telegram, of which the following is a copy:

"Sacramento, Cal., March 11, 1907.—Hon. Theodore Roosevelt, President of the United States, Washington, D. C.:

"A bill is now pending in our legislature to submit to the voters two years from now the question as to whether or not Japanese labor shall be excluded from this country. Will the passage of this bill interfere with any of your plans or make it more difficult for you to accomplish what you have undertaken to do in the Japanese exclusion question. Please answer at once as our legislature is desirous of knowing concerning it.

(Signed) "JAMES N. GILLETTE, GOVERNOR OF CALIFORNIA."

PRESIDENT ROOSEVELT'S REPLY.

"In reply to this telegram I received from the president the following message:

"Hon. James Gillette, governor of California—I thank you for your kind and prompt attention to my request. Passage of a bill to give to the voters of California whether Japanese laborers shall be excluded would interfere with my plans and make it more difficult for me to accomplish, through the national government, what I am trying to do in the way of Japanese labor exclusion.

"The assumption of power by the voters of California to settle this question, if assented to by the national government, would immediately end all my negotiations with Japan for a friendly adjustment, because to negotiate a settlement we must have power to settle, while on the other hand California cannot ratify a treaty under the Constitution.

"It is said, however, to be perfectly clear that under the Constitution only the national government can settle the question of exclusion, and such a vote of California as is proposed would have to be treated as entirely nugatory, while it would probably be regarded by those opposed to exclusion as a threat to ignore the constitutional power of the United States and exclude Japanese in defiance of their treaty rights to come in.

"I earnestly deprecate the passage of any legislation affecting the Japanese. The national government now has the matter in hand and can in all human probability secure the results that California desires, while at the same time preserving unbroken the friendly relations between the United States and Japan.

"I have the interest of California most deeply at heart. I shall strive to accomplish for California, as for other states or sections of this country, everything that can conserve its honor and its interest. Any such action as that you mention would merely hamper the national government in the effort to secure for California what only the national government can secure.

(Signed) "THEODORE ROOSEVELT."

"I understand it is not the intention of the legislature to pass at this session any measure whatever affecting the Japanese. I believe this to be excellent judgment on the part of the legislature, because to do so, as suggested by the president, might interfere with and hamper the national government in

TWO SISTERS HAVE ECZEMA OF HEAD

Two Illinois Girls Suffer from Scalp Trouble—Another Sister Needs a Tonic—Friend Suggests Cuticura—They Use It and Now Give.

MUCH PRAISE TO ALL CUTICURA REMEDIES

"I must give much praise to all the Cuticura Remedies. I used but one cake of Cuticura Soap and one box of Cuticura Ointment, and that was all that was required to cure my disease. I was very much troubled with eczema of the head, and a friend of mine told me to use the Cuticura Remedies, which I did, and am glad to say that they cured my eczema entirely. Since then we have always kept the soap on hand at our home. Cures made in infancy and childhood are usually speedy and permanent.

EVERY CHILD Afflicted with Torturing Disfiguring Tumors

Becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfiguration is to be lifelong, and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the purest and most effective treatment available, viz: warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, the great Skin Cure made in infancy and childhood are usually speedy and permanent.

Complete External and Internal Treatment for Every Form of Infant, Child, and Adult Eczema, Scalds, Sores, Itch, and other Skin Diseases. Cuticura Soap, 25¢ per box. Cuticura Ointment, 25¢ per tin. Sold by all druggists.

San Francisco, March 12.—Mayor Schmitz today sent to President Roosevelt the following telegram:

"Theodore Roosevelt, President of the United States: A regular meeting of the board of education tomorrow resolutions agreed upon will be adopted. Would suggest notice of dismissal of suit by you same day. Will live up to spirit and letter of agreement.

"EUGENE E. SCHMITZ, Mayor."

This dispatch means that the board of education will tomorrow pass a resolution conforming with the agreement reached at Washington. The suit referred to is the one instituted by the federal government to enforce the rights of Japanese children. The following reply to Mayor Schmitz's telegram came from Washington:

"THANKED BY PRESIDENT."

"I thank you and congratulate the people of the United States and especially the people of California on the outcome. I have directed dismissal of suit to take place immediately upon the adoption of resolutions by the board of education as you request.

(Signed) "THEODORE ROOSEVELT."

NO PROTEST FROM JAPAN.

Washington, March 12.—Japan has made no protest to the state department against the action of the California legislature in the upper body of which passed a bill to separate oriental schools, and another to prevent land owners from making long leases

to Japanese before President Roosevelt interfered through his protest. Gov. Gillette said the assurance from California officials that these measures unfavorable to Japanese will not become law has not relieved the anxiety of the administration entirely. It is feared that the effect of the California senate's action on pending negotiations between Japan and the United States will be decidedly unfavorable.

CANAL COMMISSIONERS.

After Reorganization All Seven May Reside on the Isthmus.

Washington, March 12.—After the reorganization of the Isthmian canal commission, with Col. Goethals as chairman, it is believed that all seven of the commissioners will live upon the isthmus and the commission will become more of an administrative body than it was under Mr. Shonts. Under Mr. Shonts the commissioners were advisory and executive officials. They were consulted on engineering problems and in some cases on administrative policy, but the authority to direct affairs was largely centered in the chairman.

It is probable that the reorganization of the commission will not be completed until after Sept. 1st's visit to the isthmus. Without intimate knowledge of exact conditions upon the isthmus it is difficult to determine how the commission can best be organized. The secretary of war has no desire to outline the policy definitely until Col. Goethals and the army engineers who are assisting him have had an opportunity to familiarize themselves with conditions on the isthmus.

BROWNSVILLE INQUIRY.

Shows That Government Ammunition Is Not Very Closely Guarded.

Washington, March 12.—That ammunition used in infantry rifles is not guarded as closely as is claimed by discharged negro soldiers, and that it is possible for soldiers to obtain extra ammunition, was brought out in the Brownsville inquiry today before the military committee of the House. The testimony was given by Capt. D. W. Kilburn of the Twenty-sixth infantry, which regiment preceded the negro soldiers of the Twenty-fifth infantry at Fort Brown.

The same witness declared that citizens of Brownsville made threats that they would run negro troops out of town if they were brought there to supplement white troops, and on this point he was corroborated by Lieut. Edwin Thompson, who was quartermaster of the same regiment at Fort Brown. The charges were given concerning the bullets taken from the walls of houses in Brownsville after the affray, and it was developed that these bullets were taken from the ammunition intended for Springfield rifles and fired by Mauser rifles, which, according to previous witnesses, were in common use in Brownsville.

PRESIDENT STICKNEY FORESEES A GREAT PANIC.

Washington, March 12.—A. B. Stickney, president of the Chicago-Great Western Railroad company, who arrived here tonight in an effort to discuss the railroad situation, said:

"The people are now laying the foundation for a great and tremendous panic. Mr. Stickney said he does not believe that the crisis will be reached in the next two years, but he took the position that it certainly will come, and will be more disastrous than the panic of 1893.

He declared that if the present railroad agitation is kept up all the railroads are threatened bankruptcy and that 100,000 thousands of men will be thrown out of employment.

The great canal work, President Stickney said, is not due to the policy of President Roosevelt, but is brought about by "those legislators by the various state legislatures.

Mr. Stickney contended that the only solution of the canal problem is to grant all the power to regulate the roads to the federal government. He urged the establishment of a federal canal commission, its head to be a member of the cabinet and he asserted that the canal law as it stands is a failure because the power to act is placed in the hands of too many men.

He said that the canal law as it stands is a failure because the power to act is placed in the hands of too many men.

A JAPANESE CRUISER.

American Naval Officers Will Watch The Tsukuga at Jamestown.

Washington, March 12.—A large number of American naval officers will watch with interest the entry into Hampton roads May 8 next of the big Japanese armored cruiser Tsukuga. Their interest is explained by two facts:

RUPTURE

New Scientific Appliance, Always a Perfect Fit—Adaptable to Any Size Person—Easy, Comfortable, Never Slips, No Obnoxious Springs or Pads—Costs Less Than Many Other Appliances. For Men, Women or Children.

I have invented a rupture appliance that I can safely say that my own experience in the rupture business, is the only one that will absolutely hold the rupture and never slip and yet is light, cool, comfortable, conforms to every movement of the body without chafing or hurting, and costs less than many ordinary trusses. There are no springs of hard, lumpy pads and yet the rupture is held safely and firmly without pain or inconvenience. I have put the price so low that any person, rich or poor, can buy and absolutely guaranteed it.

of make it to your order—send it to you—your money back if you do not like it. I will refund your money.

That is the fairest proposition ever made by a rupture specialist. The bank or responsible citizen in Marshall will tell you that is the way to do business—always absolutely satisfied.

If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Write to-day and I will send you my book on Rupture and its Cure, showing my appliance and giving you prices and names of people who have tried it and been cured. It is a little book, but it tells you all that is to be known about rupture. No charge. Just a straight business deal. No humbug.

MUNYON'S SKIN SOAP. The Skin Soap. Soft as Velvet. Keeps Baby and Baby Sweet As Roses.

hardly look for such a combination to succeed."

Referring to the Japanese question on the Pacific coast, President Butler said:

"I like the way in which the mayor and school board of San Francisco went to Washington and acted with the president in bringing about a happy solution of the Japanese question. It was diplomatic. It appears to me that the conference resulted in finding a good way out of the difficulty. The chief engineer refused the demands and as a consequence the board of education in Washington to bring the questions at issue before President Roosevelt.

TRouble ON THE CANAL.

Steam Shovel Men Have Demanded an Increase of Pay.

Panama, March 12.—Steam shovel men employed on the canal have demanded an increase of pay and a withdrawal of the rules regarding the accumulation of vacation time. The chief engineer refused the demands and as a consequence the board of education in Washington to bring the questions at issue before President Roosevelt.

NOTICE TO CONTRACTORS.

Sealed proposals for the erection of an eight-room school building to be built at South Jordan, Utah, will be received by the Board of Education of Jordan School District, Jordan, Utah, on or before March 20, 1907, at 11 o'clock a. m. Plans can be seen at the office of Dr. J. C. Watson, Building, Salt Lake City. All proposals must be accompanied by a certified check for five per cent of the amount of bid, made payable to the Board of Education of Jordan School District, and left with the architect before the bid is received or mailed to the Board of Education of Jordan School District, Sandy, Utah. Separate bids will be received for mason and carpenter work, plastering, painting, tin and galvanized iron work, to be included in the contract. Bids will be opened at the office of the Board of Education of Jordan School District, Sandy, Utah, March 20, 1907, at 11 o'clock a. m.

DELINQUENT NOTICE.

THE LOWER MILL CREEK IRRIGATION CO., a corporation. Principal place of business, Mill Creek, Utah. Is delinquent upon the following described stock on account of assessment No. 1, of \$100.00 per share, levied on the 1st day of January, 1907, the amounts set opposite the names of the respective shareholders as follows:

Table with columns: Name, Shares, Amt. Includes: Allen, Louisa; Anderson, Christine; Anderson, Carl D.; Brown, Robert A.; Burum, Margaret N. D.; Carlson, John A.; Cannon, George; Davis, Margaret N.; Decker, Kate; Ferrill, Wm.; Eberl, Julius; Hansen, Christine P.; Huskinson, Neph; Jensen, Jacob; Muir, Joseph D.; Peters, Alfred S.; Pullman, Christine; Riches, John; Roden, Mary Ann; Sellers, Jessie E.; Winder, Richard.

AN ICICLE ACCIDENT.

Niagara Falls, N. Y., March 12.—A huge icicle dropped from the cliffs of the Niagara gorge on to a trolley car of the Gorge road this afternoon as it was passing the means of Niagara Falls. The icicle was about 100 feet long and 10 feet wide. It struck the car and broke it in two. The driver and several passengers were injured. The icicle was about 100 feet long and 10 feet wide.

NEW TORPEDO FACTORY.

Washington, March 12.—Admiral Mason, chief of the naval bureau of ordnance, has just completed plans for the construction of a torpedo factory at Newport naval station, and he expects to advertise at once for proposals. This will be the first time the government has undertaken to make its own torpedoes on a large scale. The ordnance bureau has available \$150,000 for beginning this work.

APPLICATION FOR PENSIONS.

Washington, March 12.—Commissioner of Pensions Warner stated today that 18,000 applications for pensions has been filed with the bureau since the new law enacted during the last month of the session of Congress just closed.

A JAPANESE CRUISER.

American Naval Officers Will Watch The Tsukuga at Jamestown.

Washington, March 12.—A large number of American naval officers will watch with interest the entry into Hampton roads May 8 next of the big Japanese armored cruiser Tsukuga. Their interest is explained by two facts:

WANDERING UTES.

Effort to be Made to Locate Them Temporarily on Cheyenne Reservation.

Washington, March 12.—An effort will be made by the interior department to obtain the consent of the Cheyenne River Sioux to temporarily locate on their reservation the members of the Ute band of Indians who left their reservation in Utah last year and were afterwards rounded up by the army. It is believed that the Utes are now wandering under way and of the other reasons the Utes say their reservation is not in a condition in which they can make a living at this time.

THIRD TERM TALK.

Dr. Butler of Columbia Says Under no Circumstances Will Roosevelt Run.

Los Angeles, Cal., March 12.—In an interview here today, Dr. Nicholas Murray Butler, president of Columbia university, said:

"President Roosevelt will not run for president again no matter what pressure is brought to bear upon him. The principle of the matter is that the president should be elected by the people and not by the party machine. The Republican party must support these principles no matter who its standard bearer may be. The very knowledge that will help your case. Her advice is free and always helpful.

facts: First, that this ship with a speed on natural draft of about 22 knots, which is better than any of our own cruisers can do, was turned out by a Japanese shipyard by Japanese workmen who are just beginning naval construction, yet, the ship is perfect in every detail, and, second, that the vessel was under commission and on the high seas within two years from the date her keel was laid down in Japan. No such speed of construction as this has ever been attained in American shipyards and the board of British naval experts, the Dreadnought, is only slightly better than that made by the Japanese in the building of the Tauruga.

TRouble ON THE CANAL.

Steam Shovel Men Have Demanded an Increase of Pay.

Panama, March 12.—Steam shovel men employed on the canal have demanded an increase of pay and a withdrawal of the rules regarding the accumulation of vacation time. Lost Vigor Restored

We treat MEN only and our experience in the past assures our patients straightforward and satisfactory treatment for the future. Many a MAN has lost his grip through brooding over his condition because he imagines he cannot be cured. To such we say investigate our methods of treatment and place yourself under our care and your weakness will disappear and confidence will be restored for the future. Our treatment has proved to be the best yet devised for restoring LOST VIGOR and that physical and mental incapacity which has made a wreck of so many. Our treatment for NEURASTHENIA does not stimulate temporarily but permanently. It stops every drain of VIGOR and builds up the muscular and nervous system—restores the spirits—brightens the intellect and above all restores the WASTED POWERS. Sometimes organic weakness and LOSS OF VIGOR arises from YARICOCELE and STRICTURE in such cases we have to get rid of the cause before we can obtain good effects. Too often these causes are overlooked and so in spite of any and every treatment the case does not progress and the patient often goes into physical and mental decline through want of success in curing his LOST VIGOR.

We take no case we cannot benefit or cure so you run no risks.

WOMEN WHO CHARM

Health is the First Essential Toward Making a Woman Attractive.

MISS HULDA KUGLER MISS ELIZABETH WYNN

There is a beauty and attractiveness in health which is far greater than mere regularity of feature.

A sickly, irritable, and complaining woman always carries a cloud of depression with her; she is not only unhappy herself but is a damper to all joy and happiness when with her family and friends.

It is the bright, healthy, vivacious woman who always charms and carries sunshine wherever she goes.

If a woman finds that her energies are flagging and that everything tires her; if her feminine system fails to perform its allotted duties, there is nervousness, sleeplessness, faintness, backache, headache, bearing-down pains, and irregularities, causing constant misery and melancholia, she should remember that Lydia E. Pinkham's Vegetable Compound made from native roots and herbs will dispel all these troubles. By correcting the cause of the trouble it cures where other treatment may have failed.

Miss Elizabeth Wynn, of No. 205 8th Avenue, New York City, writes:

Dear Mrs. Pinkham— "For months I suffered with dreadful headaches, pain in the back and severe hemorrhages. I was weak and out of sorts all the time. Lydia E. Pinkham's Vegetable Compound helped me when all other medicine had failed. It seemed to be just what I needed and quickly restored my health."

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.
