

MAN DROWNED IN LAGOON LAKE

Had Been Drinking and Fell Into Three Feet of Water.

BARNES CAME FROM ENGLAND

Deceased Had Only Been in This Country a Year—Verdict of Accidental Drowning.

A man by the name of Henry John Barnes, 50 years old, whose home is in Farmington, was drowned in the lake at Lagoon resort some time Saturday night, and his body was found shortly after 8 o'clock Sunday morning by one of the employees of the resort. The man had been drinking at the bar the evening before in company with a man named Alma Smith, also from Farmington, and had evidently been imbibing considerably previous to his arrival at Lagoon from Kayville about 5 o'clock in the afternoon. Several of the employees noticed that he was pretty well intoxicated at the time for closing the gates at 10:30, and the manager of the grounds ordered him escorted to the road outside. He was also accompanied by Mr. Smith, but after leaving the gates at the time stated, nothing further is known of the man's movements until the finding of his body in three feet of water at the edge of the lagoon yesterday morning. When found the man's hands were clutching bunches of grass, showing that he tried to keep himself afloat by falling down the embankment. He was found face downward, partially on his knees, indicating that he had made an instinctive effort to get out of the water, but was doubtless too much overcome by liquor to save himself. The place where he rolled into the water was about half way along the track which is open to the water for probably a hundred yards or more. The roadway outside the railroad tracks is of ample width to allow wagons to pass without difficulty, and it is supposed that Barnes just staggered over the bank and grasped at the grass and weeds as he rolled down into the lake. A coroner's jury was empaneled and an inquest was held at the resort yesterday, the Farmington justice presiding. The jury rendered a verdict of accidental drowning, after listening to the testimony of Alma Smith, who left the gates in company with Barnes. Mr. Smith said they parted company soon after leaving the resort, he going in one direction and Barnes in another. It is understood deceased had only been in this country about a year, having come from England. He had one daughter in this country, the wife of Section Foreman Reed of the Oregon Short Line. He was buried at Farmington this afternoon.

HONEYMOON INTERRUPTED.

Mrs. W. T. Herold Is Sent to Reform School for Violating Her Parole.

The state industrial school is not a very pleasant place to spend a honeymoon, but nevertheless, Mrs. W. T. Herold, formerly Irene Wry, will have to spend her honeymoon there and will doubtless have to stay there until she becomes of age. As for her husband, it is not known what will be done to him, but the juvenile court authorities will charge him with contributing to the delinquency of a juvenile ward of the court and if convicted will probably have to serve a term in the county jail. Irene is about 16 years of age and was committed to the reform school about a year ago for immoral conduct. Al Miller, the man in the case, is now serving five years in the state prison for his offense.

Irene was released from the school about a month ago because of her good behavior and several days ago she married W. T. Herold without first getting the consent of the board of trustees of the reform school. In doing so she violated the terms of her parole and the result is that she was taken into custody by Deputy Sheriff Elmer Emery yesterday afternoon and returned back to Ogden this morning to stay until she becomes of age. As soon as her husband is located he will be brought into court and will no doubt be sent to jail.

"VINDICATION MEETING."

Big Labor Gathering at Salt Palace Is Due This Evening.

At 7 o'clock sharp this evening there will be a labor meeting at the Salt Palace and a large and enthusiastic crowd is expected to be on hand. This gathering is known as "The Haywood Vindication Meeting" and delegations will come from Murray, Bingham Junction, Bingham, Park City and other points. Managers Halvorsen and Nelson of the Salt Palace company have tendered the use of the resort to the labor people for this meeting. W. S. Dalton, a local labor leader, will be chairman of the meeting and promises a treat for those who attend. The speakers of the evening will be Judge A. J. Weber and A. B. Edler.

A Matter of the Making

Wherein lies a valuable secret, gives to Sweet's Milk Chocolates that superior flavor not possessed by others of the higher grades. To eat Sweet's Milk Chocolates is to familiarize yourself with the highest achievement of the Candy Maker's Art. By the Bright Red Package you will know them.

Sweet Candy Co., Manufacturing Confectioners.

SALT LAKE ROUTE REBUILDS TRACK

Main Line Between This City and Milford Now Under Reconstruction.

MEANS REDUCTION IN TIME.

Hour to Be Lopped Off by Substitution of Heavy Rails and New Ties.

Not only in the Meadow valley wash is the Salt Lake Route spending big amounts of money to put its through line into shape. The line between Salt Lake and Milford is to be entirely reconstructed, in fact the work is already well under way. The 207 miles of track between this city and Milford is to be improved with new ties and 75-pound rails. The line between these two points is built with 75-pound rails across the Lemington cut-off but below and on this side with lighter steel. Owing to the great demands being made upon the road heavier tracks are needed. This was decided by the company some time ago and 60 miles of new rails and ties and rebuilt roadbed are already laid this side of Milford. The distance between the two places mentioned is 207 miles, as explained, and the reconstruction of this amount of track is a big and important undertaking. Considerable time will be consumed in its accomplishment but when it has been completed the Salt Lake Route will have an excellent road across the desert.

WILL LOWER SCHEDULES.

A decided difference is now noticed in smoothness and quickness in running over the new tracks. The running time between Milford and Salt Lake is about 12 hours for the express and local trains and 7 hours for the "limiteds." With the reconstructed line in use it is believed this time will be reduced to seven for locals and five hours for the "limiteds." This reduction, or one less, will be an important thing as railroads are planned, and the reconstruction of this amount of track is a big and important undertaking. Considerable time will be consumed in its accomplishment but when it has been completed the Salt Lake Route will have an excellent road across the desert.

NEW PROJECT RUMORED.

Easterners Planning to Build Road From Salt Lake to Rhyolite.

It is reported that 33 prominent railroad men located in New York, Pittsburg and Boston have organized a syndicate to build a road from Salt Lake to Rhyolite. Of the \$40,000,000 required, it is said \$20,000,000 in cash is in the treasury with which to begin operations; \$20,000,000 is to be paid by Sept. 1. Nothing can be learned of this project in this city.

CLARK ROAD PROSPEROUS.

The report of the Los Angeles, San Pedro & Salt Lake company for the past year shows an increase over last year. The gross earnings for 1906 were \$361,054.55, with a net income from operations of \$214,335.81. For 1907, the gross earnings were \$1,188,034.54, while the net income from operations was \$288,325.54.

COAL MINERS SCARCE.

Five mines in the Kemmerer district of Wyoming produced 15,000 more tons of coal during July than they did the previous month (June). For commercial purposes there was mined 34,000 tons and the Oregon Short Line consumed 54,000 tons. This is not as large a production as is recorded for the month of July of last year. The difference is accounted for by a shortage of miners. There was no car shortage felt during any part of July.

RINGLING'S SHOW GREATEST EVER

Twelve Hundred People to Be Added to Salt Lake's Population Tomorrow.

CIRCUS A TRAVELING TOWN.

Parade Takes Place at 10 O'clock, and Is Fitting Prelude to Big Performance.

The biggest circus institution in the world is due here tomorrow morning. It will add 1,200 people to the population of Salt Lake for a day. These strange persons come from 22 different countries, and they range in color from white to yellow, brown and black. The first section of the show is scheduled to arrive before daylight. The railroad officials promise that the entire train of show people, animals and properties will be in Salt Lake at early dawn.

WILL WATCH IT UNLOAD.

There is no form of amusement in the world that attracts human nature like the circus, and the unloading of the horses and caravans never fails to attract crowds. The rumble of the circus wagons sure to draw a large sleeper, and find a welcoming crowd along the roadway. Forty ponderous elephants trudging along the quiet parade route will be the first of the show, and the company of erect and shapely horses, alert and well groomed attendants and gilded dens, from which proceed weird noises, are sights enough out of the ordinary to attract the curious and justify crowds. Ringling Brothers' circus is known in Salt Lake as the highest expression of the art of the show business, and which they offer showmen always a prepossessing affair, the 1,200 or more people connected with the show take part, and the atmosphere of each tent is a study in itself. The parade in their surroundings, and punctuated by the obvious fact that the management is particular and ambitiously dignified.

A TRAVELING TOWN.

Ringling Brothers' circus is now the biggest traveling enterprise of the world. It carries more people and has been more impressively effective because of organization and attractive features. There are now 1,200 people on the payroll of this big traveling outfit, and 40 elephants and 375 ponies and figure importantly in the circus settlement. In this year's program there are 100 numbers, and 375 people, most of them acrobats and jugglers. The circus is a big and important undertaking. Considerable time will be consumed in its accomplishment but when it has been completed the Salt Lake Route will have an excellent road across the desert.

THE BIG PARADE.

Ringling Brothers are particularly well liked because they never misuse their patrons and the circus features are singularly attractive and admirably adjusted to popular enjoyment. The circus parade, for which they are famous, is announced to leave the show grounds tomorrow morning at 10 o'clock. This is a circus parade worth going out of one's way to see. It is not only longer but more variedly interesting. Every man, woman and child in the show usually takes part, and they wear the air arranged by performer. The several hundred horses of the big show take part, with their well groomed drivers and graceful riders form a street spectacle to be pleasantly remembered. The circus parade is an animal den, frolicking clowns, oriental groupings, baby menagerie, concert bands, clown band, and a whole lot of other interesting things, project in the procession, and it is above all others of its kind for novelty, richness and extent of display. This parade will be the longest and richest ever seen in Salt Lake.

AUTOISTS SCURRY AWAY.

Occupants of Red Machine Run Over Youngster But Do Not Stop.

First South street in the neighborhood of Third East was thrown into a flurry of excitement yesterday, but the accident which caused it all happened and came to an end so suddenly little can be learned about it today. It seems a small boy playing in the street was run over by a big red automobile. The machine is said to have been going at a lively clip and did not stop when it bore down on the little fellow, nor after it had passed over him. The red automobile and occupants were out of sight before those who saw the accident could get to the spot where the boy lay as if dead. Street car No. 77 was going out east on First South at the time. The motorman saw the affair and brought the car to a stop. Indignation ran high and it would not have been long before the occupants of the red machine had they appeared while car 77 stood still and its occupants discussed the affair in anything but calm mood. Several passengers in the car noticed the number of the "red auto," and if an investigation now under way is as successful as it promises to be a chauffeur and others may be called upon to explain their criminal recklessness and their indifference to the fate of the little fellow they ran down and then left to die or live—witnesses assert it didn't seem to matter which to the automobilists. In the excitement of the moment, very little was learned about the accident's victim, himself.

METHODIST CONFERENCE.

The annual Methodist conference for the Utah mission will be held in the Methodist church, Salt Lake, Aug. 28-Sept. 2, with Bishop T. E. Neesley of Buenos Ayres, S. A., presiding. The bishop will land in New York on the 21st, and come immediately west. He will preach Sunday morning, Sept. 2, in the city, and then return to his home, Rev. Dr. P. J. Maveest of Kansas City will preach.

FIVE DIVORCES IN ONE MATINEE

Several attorneys got wind that Judge Armstrong was holding a session of court this morning and accordingly the for more than six months past defendant which five divorces were granted. Three of them were granted upon the recommendation of referees who heard the evidence while the other two were heard in open court. Tina C. Dallas was divorced from John W. Dallas, the cigar manufacturer, upon recommendation of referee J. U. Eldredge, Jr. The ground for divorce was failure to support. The parties were married in Denver, Colo., on July 9, 1901, and it was alleged by Mrs. Dallas that for more than a year past the defendant has failed to support her.

HUSBAND FAILED TO SUPPORT.

Grace E. Julian was granted a divorce from Herbert Julian, an employee of Thompson-Starrett company, on the same ground. They were married in this city on May 25, 1906, and had an impromptu divorce matinee and had failed to support his wife. She was also allowed to resume her maiden name, Grace E. Woodard, and was given \$20 per month alimony and \$25 as attorney's fees.

JESSEN DESERTED HER.

Desertion and non-support are the grounds upon which a divorce was granted to James Jessen when she married at Mantl on Sept. 15, 1894. The desertion occurred in the spring of 1898.

SAME WITH KELLY.

Maggie J. Kelly was divorced from Charles M. Kelly on the same ground as in the Jessen case. The testimony was heard by Howard A. King, referee, and it was upon his recommendation that the divorce was granted. This Kelly's were married in this city on Nov. 8, 1905, and have one child, the custody of which was awarded to plaintiff. Kelly deserted her a month after their marriage, and she has failed to support her.

EDWARD ALSO FAILED.

Failure to support is the cause assigned by Bertha F. Ray for wanting a divorce from Edward Ray, whom she married in St. Louis, Mo., on Aug. 2, 1900. Since Dec. 7, 1905, her husband has failed to provide for hence she was granted a divorce.

W. J. LACY, RECEIVER.

Judge Armstrong Appoints Him for The Western Stores Company.

Judge Armstrong today appointed W. J. Lacy as receiver of the Western Five and Ten Cent Stores company, doing business at 128 south Main street. The appointment was made upon application of H. W. Griffith, W. F. Core, B. E. Parrott, E. L. Middleton, L. G. Deschler, Charles Stanley and J. T. Griffith, who filed a complaint alleging that the company is insolvent and unless a receiver were appointed at once great loss would result to the stockholders and also the creditors of the company. The plaintiffs represent 178 shares of the stock of the company valued at \$100 per share. The company was incorporated in May, 1906, for \$25,000 and it has stores at Ogden and at Trinidad, Colo., as well as in this city. The company is \$25,000 and of that amount \$7,500 is due Parrott, Middleton and H. W. Griffith. The stock and fixtures of the three stores of the company are valued at \$20,000. Upon the showing made the court appointed a receiver under bond in the sum of \$25,000 and authorized him to sell the business of the company.

TOMORROW'S ORGAN RECITAL.

FINE AFFECTED STOCK MARKET

New York, Aug. 5.—Prices of stocks broke sharply in the opening dealings from a pessimistic influence of the heavy fines imposed upon the Standard Oil company on Saturday. The London market was closed for a holiday, but the dealings showed considerable animation. Brooklyn Rapid Transit fell 2 1/2, Ancon 1 1/2, Union Pacific, Southern Pacific, Northern Pacific, St. Paul, Reading, Amalgamated Copper and American Smelting 1 1/2, Atchafalpa and Rock Island 1 1/2, and Texas and Pacific 1 1/2. A few related selling orders, the market met support immediately after the opening and recovered about half its decline. The Hariman stocks rallied briskly, but Union Pacific became feverish and heavy upon the rise. The market was quite dull at 11 o'clock and heavy in tone. Canadian Pacific, Great Northern preferred and Ore Certificates led 1 1/2 to 1 3/4 and Chicago & Alton preferred 1 1/2.

Speculation was a little firmer in tone after noon. Professionals had placed up a title because the immediate selling seemed to have been completed. National Smelting preferred advanced 5 points, while Railway Steel Stock declined 1 1/2.

LIVESTOCK.

CHICAGO. Chicago, Aug. 5.—Cattle—Receipts, 23,000; market steady. Yearlings, 5.00@5.50; wethers, 6.00@6.50; ewes, 4.50@5.00; lambs, 5.50@6.00.

WOOL.

ST. LOUIS. St. Louis, Aug. 5.—Wool, steady. Territory and western medium, 20@25; fine medium, 18@24; fine, 18@20.

PRODUCE.

CHICAGO. Chicago, Aug. 5.—Wheat market opened easy today because of low prices on the Minneapolis curb, but later rallied because of a strong market for oats. Prices then eased off somewhat on selling by pit traders. September wheat opened 1/4 to 1/2 lower at 95 to 92 1/2 and sold at 92 1/2@92 3/4, and then declined at 91 3/4.

The corn market was active and prices were firm in sympathy with oats. September corn opened unchanged to 1/4 lower at 54 to 54 1/2, sold up to 55 1/2, and then declined at 54 1/2.

The oat market opened wild and excited with bulls buying strongly and shorts covering their lines as rapidly as possible. The impression exists among many traders that the market has been largely oversold. September oats opened 1/4 to 1/2 lower at 44 to 44 1/2, sold up to 45, and then reacted to 44 1/2. The provisions market was very quiet and prices more steady. There were no early quotations on pork. September lard

The high perfection which McDonald has attained in Chocolate making is due to the fact that he makes Chocolates exclusively.

Bitter Sweets, the highest quality, highest priced Chocolate made in the World—40c and 50c. Dutch Chocolates, on everybody's tongue—in a class to itself.

opened unchanged at 9.25. Ribs were 7 1/2 lower at 8.75. Cash: Wheat—No. 2 red, 90¢@91¢; No. 3 red, 86¢@87¢; No. 2 hard, 86¢@87¢; No. 3 hard, 86¢@87¢; No. 1 northern and No. 2 northern, nothing doing; No. 3 spring, 90¢@91¢. Close: Wheat—Sept., 91¢@91 1/2; Dec., 90¢@90 1/2.
