City Treasurer Frank Swenson Issues Report of Balances For August.

LOOTING OF STREET FUNDS.

In the Past Three Months Over \$100,000 Has Dropped Out of Sight—Juggling in Order.

Frank Swenson, city treasurer, by his own figures, in his report of balances for the month of August, shows an alarming condition to exist in the city funds. The street fund has been completely looted, there is less than \$2,000 in the general fund and in view of demands which will be made upon the city's bank roll during the next two months a crisis confronts the American party's officeholders which will fall of any solution other than that which has been practiced—juggling the city funds from one account to another and supplementing this with reckless expenditure. In three months over \$100,000 has sunk from the balance at the close of business for August show the following conditions to exist in the various funds:

General fund	2,559.63
Waterworks fund	47,471.19
Library fund	1,106.61
Water deposits	8,422.70
Bond fund	249,914.96
Sinking fund	10,152.23
Special funds	83,171.94
Total	\$402,153.83

LAME BACK. This is an ailment for which Chamberlain's Pain Balm has proved especially valuable. In almost every instance it affords prompt and permanent relief. Mr. Lake LaOrange of Orange, Mich., says of Lake LaOrange for three weeks for a lame back. I purchased a bottle of Chamberlain's Pain Balm, and two applications effected a cure. For sale by all druggists.

SALT LAKERS INDICTED. Officials of Utah Fuel Co. Connected With New Mexico Land Frauds.

Word has been received in this city from Santa Fe, New Mexico, that indictments have been returned by the federal grand jury there against certain officials of the Utah Fuel company of Salt Lake in connection with land frauds in San Juan county, New Mexico. Officers of the same company were indicted at the previous term of the grand jury in Santa Fe, on charges of conspiracy involving coal entries.

Superior to Lemonade. HORSFORD'S ACID PHOSPHATE. A teaspoonful added to a glass of cold water, with sugar, makes a delicious summer tonic.

HOW TO SAVE DRY CROPS. Bishop Farrell of Smithfield Tells of His Experience in Booklet.

"Before I learned how to dry farms," said Bishop G. L. Farrell of Smithfield, "I lost my crop three successive years." In his booklet just issued, entitled, "How to Make Dry Farming Pay," Bishop Farrell tells how to avoid his disastrous experience in arid land cultivation. The booklet is neatly printed in large type, and may be had from Deseret News agents at any point for 25 cents per copy.

For a mild, easy action of the bowels, a single dose of Doan's Regulax is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

KILLED AT BINGHAM. Sixteen-Year-Old Boy Crushed to Death by Car of Silica.

While at work as a swamper at the United States smelter, Fred Steiner, a 16-year-old boy, was killed yesterday afternoon. A car on the motor train, filled with silica, was tipped almost upright and in endeavoring to right it young Steiner turned to the car the wrong way and was crushed beneath it. His head was crushed, and though an operation was performed soon afterwards at the Murray hospital, death resulted in a short time. He was the only son of a widowed mother, and was the main support of the family.

TERMINAL SITES SELECTED. David H. Moffat Says He Has Secured Yard Grounds in Salt Lake.

David H. Moffat is now in Denver and to the papers of that city talk enthusiastically about the future of the road which is to bring Salt Lake and

DAVIS SHOE CO.

Through Courtesy Salt Lake Photo

Yesterday morning two great engines of the Oregon Short Line road were ending their careers of usefulness in a head-on collision, and this morning the road is open as usual, while regular trains run past the scene of the wreck, marked only by a few new ties, a bit of scrap iron by the track, and a couple of battered engines at a siding to the north. Except for a few injured people, who will have to recover slowly and painfully from the experience, the wreck is now a matter of history and official reports. The superintendent of the Utah division will make an investigation, it will bring "on the carpet" the crews of both trains, and fix the blame, if any is to be fixed. Then volumes of typewriting will carry all the information about it to various heads of departments, and to the in-

Denver 100 miles closer to each other. He says trains will be running between the two terminals within two years. This will be made possible by the organization of a construction company by Utah magnates, headed by Jesse Knight of Provo, from where the Utah division of the road will be built to meet the Moffat road at the state-line. The route has not been selected. Mr. Moffat told the Denver Post he had selected yards and terminal sites while in this city a few days ago, but did not tell where they were located. This will probably be withheld until the ground is purchased and rights-of-way secured.

FEDERAL HEIGHTS TROUBLE. Controversy With U. of U. Regents in Fair Way to Be Settled.

The controversy between the board of regents of the University and the owners of Federal Heights seems in a fair way to reach an early settlement. A conference was held yesterday afternoon on the ground, members of the city council, members of the Telluride Realty company and President Kingsbury being present. The series of arguments began when the Telluride Realty company announced its intention of building a row of residences with their back doors facing the University buildings. This was of set with the announcement of a project in view at the University. It was said that a row of professors' houses was to be built with their back doors facing the Telluride Realty company's houses or else the University itself. After these two announcements the council has been flooded with petitions from both sides to the argument. In order to adjust affairs, the conference was held yesterday.

The agreement which may be reached will provide for the dedication of a street by the University with the same concession by the realty company, in addition to which they will promise to pave the street, lay curbs and gutters, put in sidewalks on both sides of the street and park the center and plant two rows of trees there. President Kingsbury would make no offer on behalf of the University, but said that the council would be provided with letters explaining the reasons for the University's objections to the general plan. Those present at the conference yesterday were: Councilmen Black, Fernstrom, Wells, Ferry, Barnes, Martin, Hobbay, Hobbay, L. C. Kelsey, city engineer; A. W. Wrench, E. C. Lackner, President J. T. Kingsbury of the University, and E. B. Palmer.

CHARMING RECITAL BY MRS. KNAPPEN'S PUPILS.

The pupils of Mrs. Effie Dean Knappan gave a good account of themselves and of their teacher's methods in a charming recital at the First Methodist church last evening. The building was thoroughly filled with friends of the performers and the welcome each received was of an unmistakable character. The young singers were aided by Prof. George Skilton, violinist, and Prof. J. J. McClellan, hornist, who acquitted themselves in their usual standard fashion, Mr. Skilton playing two obligatos to the singers and also filling in with a solo, on account of the absence of Miss Bradford. The program opened with two songs by Miss Claire Williams, of which the "Cradle Song" was especially pretty. Later she rendered "Mad Cap Margery" and "Ich Liebe Dich," the first a very fetching little selection. Miss Williams' style and tone production are especially good. Miss Betta Pyper, a contralto mezzo soprano, in whose progress Mrs. Knappan takes deserving pride, made a fine impression in her several numbers. Some of them were quite

terstate commerce commission, which now insists on a record of all railroad wrecks, with their causes, in order to store an information for use in possible laws to better railroad service. As more evidence pours in on the exact cause of the wreck, it seems to verify the contentions of the freight engineer, that he was backing his engine when it occurred, and that he had a sagging aneurism who tried desperately to stop the passenger by signalling with his hat only to have his signal mistaken for a sign of greeting. He had left the freight without the danger flag, which he should carry, and which the engineer of the passenger evidently looked for. The freight left Salt Lake at 7 o'clock, and became "stalled" on account of the air breaks "sticking" so that it could not make the speed necessary to get to the siding where it

held two days' session. State Barber Examiners Dispose of Much Business.

The state board of examiners of barbers closed its labors last evening, after being in session two days. Twenty-nine applications for licenses had been considered, of which number 21 were given certificates, others were continued, and only one person was disqualified. Reports were received from various parts of the state, showing the barbering interests generally as being in a most favorable condition. A few cases of dermatitis are said to exist in Davis county, but unclean shops are not responsible for them.

Following are the names of the successful candidates: Alex. Pappas, George Spencer, Herman Strine, Carl A. Benton, James C. Nolan, Richard Maas, George W. Smith, George Cox, John F. Davis, W. H. Schwartz, George Gardner, City Engineer, John Davis, John E. Dwyer, Jacob Nudelsohn, F. J. Bartels, Mathew Stephens, F. J. Downing, Alfred Peterson, Archie Myers.

AMUSEMENTS. Theater—This afternoon and evening the long talked of and eagerly awaited production of "Robin Hood" by the Salt Lake Opera company will open at the Salt Theater. There has been a heavy advance sale, indicating a big and fashionable audience at the opening performance.

Orpheum—All the acts are now here and the Orpheum bill can be said to be one of the best thus far put on. Miss Grace Van Studdiford continues the headliner.

Grand—"No Mother to Guide Her" will continue the attraction at this house for the remainder of the week.

Lyric—The vaudeville bill now running will continue until Saturday afternoon, when an entire change will be offered.

TWO-CENT FARE CASES. Judge Lochren Tells N. P. Attorney He Has No Case.

St. Paul, Sept. 10.—In the hearing before Judge Lochren in the United States court today, E. S. Robert, attorney for the Northern Pacific Railway company, asked for leave to file an amended petition in the fight of the railroads against the 2-cent fare and reduced freight rates enacted by the Minnesota legislature.

He had admitted that the states had a right to regulate state transportation, but argued that in a matter involving also transportation beyond the confines of the state the states had no authority. Judge Lochren heard Mr.

PATCHES. Why Brown Ones Come on Faces. When a woman can get rid of brown patches on her face by changing her diet it is worth while for other women who care for their complexions to know something of the method.

A lady in Michigan City says that coffee caused the brown patches on her face to which she had long been subject, then putting her nerves out of order, and the result was shown in her complexion. She quit coffee and began using Postum Food Coffee and in less than a month the stomach trouble disappeared and within two months her complexion cleared up and is now fine and rosy. She speaks of two men at Westfield, Ind., who have both been improved in health by leaving off coffee and taking in its place Postum Food Coffee, also a husband and wife of the same place, who were in poor health and suffered from stomach trouble. They quit coffee and after using Postum a short time the result was natural sleep, return of appetite, and a gain in strength as fast as nature could rebuild. She gives the names of a number of other persons who have been helped by leaving off coffee and taking Postum Food Coffee. It is a safe proposition that if any coffee user has stomach or nervous trouble, or had complexion, he or she can get rid of the trouble by discontinuing coffee and taking Postum Food Coffee. It is easy enough to prove the truth of this by making trial. Read "The Road to Wellville," in pgs. "There's a reason."

Constipation deranges more lives with nervousness than any other abnormal condition.

DR. PRICE'S WHEAT FLAKE CEREAL FOOD

is made from the whole grain of the wheat, celery infused, making it nature's evacuant.

10 cents a package. For sale by all Grocers

Robert through and then informed him he had no case. This led to the attorneys for the railroads being in a conference and a change of tactics and the request to file an amended petition which was granted. The amended petition alleges constipation. This had been pleaded in regard to passenger rates, but now the same is alleged in regard to commodity rates.

FINE ACCOMMODATIONS

Are afforded to those who have a safety deposit box in our fire and burglar proof vaults. You can get a safety deposit box most anywhere in a dingy vault open from 8 a. m. until 2 p. m. Ours are new, well lighted, open until 6 p. m. with an attendant who does nothing else. In connection with the vaults there are private booths and writing rooms for every one. SALT LAKE SECURITY & TRUST CO. 2-4 Main St.

JEALOUS HUSBAND'S DEED.

Murders His Wife and in Turn is Shot To Death by Possess.

Weatherford, Okla., Sept. 10.—Crazed by jealousy over attention paid his wife by another man, and ignoring the pitiful plea of his little daughter clinging to his knees, Lee Leedy, proprietor of a hotel here, today fired three shots into his

wife's body, killing her instantly. Two hours later Leedy was shot and instantly killed by a posse of citizens who surrounded him in a canyon a mile from town when he attempted to make his escape.

After the inquest the coroner's jury waited upon R. D. Frya, piano dealer, and gave him until morning to leave town. He declined he would stay as long as he lived and another killing tomorrow is feared if he remains.
