

MINISTER OF GOV. GOEBEL OF KY.

Mrs. Lulu Clark Makes Affidavit That It Was Committed By Turner Igo.

MAN ACCUSED IS NOW DEAD.

Says She Heard Shot Fired, Saw Man Who Fired It and Heard Him Boast of Deed.

Richmond, Ind., Sept. 21.—Turner Igo of Farmers, Rowan county, Ky., is charged with the killing of Gov. William Goebel of Kentucky, in an affidavit by Mrs. Lulu Clark, which was published exclusively today by the Richmond Evening Item.

Mrs. Clark, whose maiden name was Lulu Clark, lived at the time of the Goebel murder at Mt. Sterling, Ky. She has a cousin named Gertrude King, who then lived at Maysville, Ky.

Miss King was at that time according to the affidavit "keeping company" with John Sanford of Covington, Ky., a son of an attorney who was killed by William Goebel in a fight in Covington some years ago. The fight was the result of a political quarrel.

Mrs. Clark asserts that on the day Goebel was murdered she and her cousin, Miss King, went to Frankfort, Ky., and that they started to enter the house by the back entrance. While on the steps a shot was fired. At the same time they noticed a man standing just inside the door, whom they recognized as Sanford.

The man who fired the shot was a second man who came running out of the building, dressed like a mountaineer and carrying a rifle. He ran to Sanford and said: "Get the d—d—".

Both men ran out of the building to a fence, where Sanford gave a pair of shoes he was carrying to Igo, who exchanged his boots for them. The men then disappeared.

The Evening Item also publishes correspondence between Caleb Powers and the persons who secured the affidavit, and afterward investigated its accuracy. The investigation showed that the expenses for the information gained were paid from the powers defense fund.

JOHN SANFORD.

Cincinnati, O., Sept. 21.—The John Sanford mentioned in the Richmond, Ky., affidavit is the late Attorney General of Kentucky. Goebel was acquitted, but young Sanford was many times quoted as saying that he intended to kill Goebel. The verification, showing that the expenses for the information gained were paid from the powers defense fund.

THE CLARK WOMAN.

Indianapolis, Ind., Sept. 21.—W. S. Taylor could not verify the statements in the dispatch from Richmond. The Clark woman formerly lived here, and was a braiceman who was divorced, it is said, two years ago.

TURNER IGO DEAD.

Farmers, Ky., Sept. 21.—Turner Igo, who is charged with the killing of Gov. William Goebel, is dead. Samuel Igo, a cousin of Turner Igo, said this afternoon: "Turner Igo has been dead three or four years. At the time Goebel was killed, he may or may not have been at Frankfort. I never heard of any acquaintance he had with Sanford, nor any but that they were connected, even remotely, with Goebel's death."

BODY OF UNKNOWN GIRL FOUND IN A TRUNK.

Seattle, Sept. 22.—The body of an unknown girl about 18 years of age was found in a trunk today on the beach at South Alki, about two and a half miles south of Elliott Bay. The girl had evidently been strangled, and had been in the trunk for some time. In the trunk were the girl's clothing, the clothing of a man, and two letters, one of which may lead to her identity.

The police have no theory as to the murder, though they are inclined to the belief that the trunk was thrown into the sound from the boat. It was weighed with rocks, but the murderer did not weigh it sufficiently to prevent it from floating.

When two men in a small launch discovered at 10 o'clock this morning they drew it upon the beach. In the tray were two rocks. Lifting the tray, they saw a woman's head. An examination of the trunk revealed a woman under a lot of clothes, the body of a girl. There was a rag in her mouth. An autopsy revealed no marks of violence, except that she had been strangled. No motive is disclosed for the crime.

SOCIALISTS OPPOSED TO BEER IN WORKING HOURS

Essen, Germany, Sept. 21.—The temperance question was again discussed today at the Socialist national convention in this city. Only one vote against the socialists' resolution, the main feature was an expression of opposition to the use of alcohol in any form during working hours, thus setting the socialists at loggerheads with the party against the German factory system of beer drinking at regular intervals throughout the day.

DEWEY FAVORS KEEPING PHILIPPINES.

Washington, Sept. 21.—Admiral Dewey strongly resents the proposition that has been discussed in a more or less academic way to surrender the Philippines, which he captured in a leading flag in bringing under the American flag. In an interview today the admiral sets out the reasons which impel him to insist upon the retention of the islands. The strong point of his argument is not based upon the military or naval importance of the islands, but upon the great sales present and prospective of the Philippines to America in the extension of our trade with the orient.

DESERET PLANS SPECIAL TRIP

Western Journey Program Not Quite Completed but Arrangements Well Under Way.

THREE DISTINCT OBJECTS.

Dedication of McKinley Mausoleum, Inspection of Mississippi River, A Period of Recreation.

Washington, Sept. 22.—While the preparations for President Roosevelt's western trip have not been completed, the program has been sufficiently arranged to make it certain that the tour will be one of the most spectacular ever undertaken by him. He will leave here a week from today and will be absent from the seat of government until the 23rd or 24th of October. The trip has three distinct objects: The dedication of the McKinley mausoleum at Canton, O., the inspection of the Mississippi river with a view of arousing interest in the ship channel from its mouth to Keokuk, Ia., and the great tour of the west.

The stay at Canton, Monday, the 20th, will be of only little more than sufficient duration to permit the president to pay his tribute to the memory of his immediate predecessor. He will then visit West Virginia, where he will meet Vice President Fairbanks and other people of note and will make a long speech. He will then proceed to Keokuk, Iowa, on Tuesday, Oct. 1, where he will give a notable public reception, deliver an address and begin his journey by boat down the Father of Waters, said to be with the exception of the first trip on the river made by a president.

At Keokuk, the presidential party will be met by the governors of 23 states, all interested in all projects looking to the deepening of the channel of the Mississippi and the general improvement of inland navigation, among which are another boat than that on which the president will travel, will constitute his guard of honor to Memphis, where the party will arrive Oct. 4. There will be two important stops on the voyage, at St. Louis, Oct. 2, and at Cairo, Ill., the day following, and at both points speeches bearing upon the country's needs will be given. At St. Louis, the president will be met by the mayor and a number of them will accompany him all the way to Memphis. At Memphis, the president will find the deep waterways convention in session, and he will deliver a speech.

The president will turn his back on civilization for a period of rest and sport in the wilds of the northern part of Louisiana. This part of the program has been arranged largely by Civil Service Commissioner McElmurray, a Louisiana sportsman of good record, and who has hunted many times over the ground and has recommended the area in terms of its sporting value. It is stocked with game, both large and small, and sufficiently secluded to prevent intrusion.

The president will be accompanied to the border of this game section by a staff from the executive office here—by Asst. Secy. Latta and also by representatives of the press association; but they will not be permitted to enter on their quest. A miniature White House will be established at a convenient place, and Mr. Latta will keep his chief formed of important developments in affairs of state. The exact location of the hunting camp will not be announced until it is established. The camp life will be shared by Mr. McElmurray, his family, and a few other intimate friends, and they will have the services of local guides. The party will be in camp from the 6th to the 12th of October, and then the president will speak at Vicksburg and at Hermitage, near Nashville. At the latter place, he will pay his respects to the memory of President Jackson.

HIS SUMMER'S WORK.

Oyster Bay, L. I., Sept. 22.—President Roosevelt's summer vacation at his Sagamore Hill home will end at 10 o'clock Wednesday when he, with Mrs. Roosevelt, members of the family and the executive staff will take a special train for Washington.

try will ever do that. Certainly it should not, because it has altogether too much to do as it is only one control over the Philippines that makes it possible for us to insist upon the open door in the east, toward which our diplomacy has been directed for years. We want our share of the enormous commerce of the east and we can't keep the door open for it unless we hold the islands. Why did Spain for 200 years dominate the commerce of the orient? Just because she had the bay and harbor of Manila as a great commercial and naval base. This base can be just as useful to us commercially as it was to Spain. For 10 years every strong European nation has been trying to get a foothold for commercial and naval purposes in the far east. Through the fortunes of war the United States obtained the best position possible, giving us superior commercial and naval advantages over the nations. What sort of a common sense would it be for us to give up this position?

Suppose we should dispose of the Philippines and Japan acquire them. See how the islands stretch along the coast. Here are the Philippines and Japan had them she could command every gateway to the orient and the United States would be completely shut out. Every one concedes that the future of the great trade of the principal commercial operations of the world. We ought to be leaders, but we must at least have a share in the commerce of the world. In order to do so we must maintain the position we have occupied. I think it is plain that we must have a commercial base in the Pacific. TIMELY INFORMATION

The Jamestown exposition at Norfolk, Va., in its completeness, is indeed, a handsome spectacle. Located, as it is, overlooking Hampton Roads, a short ride from Norfolk and Portsmouth near Old Point Comfort, Hampton and Newport News, in a region full of historic interest and places, in a state which has a wide and varied scenery, it is the first great exposition to be held at the seaside, in a beautiful country, and in a city which is the center of civilization. The potency of the combination is obvious. Delegate, soldier, sailor, diplomat, and civilian meet there to commemorate the third anniversary of the nation's birth.
