

MINING, BUSINESS AND STOCKS

LID ON TIGHT AT PARK CITY

All Producing Mines in the Summit County Camp Close New Year's Day.

THOUSAND MEN OUT OF WORK

Small Force to be Kept on Development—Shut-down In Definite.

Over 1,000 men employed in the mines at Park City will be out of work on New Year's day as a result of the decision of the management of the Silver King Condition, Daly West and Daly Judge companies to cease production entirely for the time being.

Over 1,000 men employed in the mines at Park City will be out of work on New Year's day as a result of the decision of the management of the Silver King Condition, Daly West and Daly Judge companies to cease production entirely for the time being.

Park City has never been in so sorry straits as it will be on the first day of the new year; for ore production will be entirely suspended and except for a little development going on here and there, the camp will be dead.

The Ontario company will continue the work in the drain tunnel and quite a force will be employed there.

The Daly Judge will keep a small force on development and the Washah, American Flag and Iowa Copper will go along under trimmed sails.

All of them suffered declines today—Sales of the Unlisted.

The local market for mining stocks displayed much weakness today. All Tintic issues suffered. There is a growing fear that some of the mines of that camp will be forced to adopt the drastic measures to be inaugurated at Park City at the close of the year.

Shareholders of the Newhouse Mines & Smeltering company today began to sell their shares in the stock market. The plaintiffs allege that through false representations the defendants induced them to part with their stock in the amount of \$2,448,000.

The names of the plaintiffs and the respective amounts demanded by them are as follows: Joseph F. Ullman, \$130,000; M. Blumenthal, \$30,000; Myer Shans, \$21,751; Charles A. Stix, \$60,000; Alexander Hyman, \$25,751; A. M. Stein, \$5,000; Morris B. Mayer, \$5,000; Isaac Ryder, \$1,471; S. M. Becker, \$12,142; Albert Heidecker, \$15,000; A. J. Levy, \$39,000; Samuel L. Elvas, \$13,900; Emanuel Bach, \$4,500.

The defendants named in the action are: J. E. Ramberger, John D. Wood, S. H. Ramberger, Walter C. Price, Frederick Phillips, J. A. Chandler, W. S. Porter and the Amalgamated Oil company.

The fact that a number of the defendants named in the foregoing are well known citizens of Salt Lake, the story is not lacking in local interest. However, the matter is being taken seriously here, even by those mentioned in the complaint against whom the suit has been brought.

At the time of the amalgamation, oil was down to 30, 40 and 50 cents a barrel, and Salt Lake Oil company was greatly in debt and operating at a big loss.

WELL CLOSE NEW YEARS DAY

Preparations Being Made to Draw the Fires at Highland Boy Smelter.

PLANT WILL SOON BE COLD.

Employees Take Steps to Save Jobs a Few Months Longer—Appeal to Committee.

The management of the Utah Consolidated Mining company is preparing to close the Highland Boy Smelter on Jan. 1. On New Year's eve the last ore will be fed into the furnaces and when the night shift goes off duty, practically all of the employees of the company will be relieved from further duty—only enough remaining to draw the fires.

Manager J. B. Risque, when seen today, stated that all of the ore bins had been emptied and only enough ore is being brought from the mine to keep the smelter in operation during the next few days.

A report came from Murray during the day that a committee representing the employees of the company would make an appeal to the farmers' executive committee to reopen negotiations with the hope of obtaining their consent to the operation of the smelter for three or four months longer.

Manager Watts of Seven Troughs Eclipse is Very Optimistic. C. W. Watts, manager of the Seven Troughs Eclipse Mining company, in a letter to the board of directors today displays his optimism by making the statement that "as far as quality and quantity are concerned, the Seven Troughs Eclipse has very other mine in the Seven Troughs district outclassed."

HAS THEM OUTCLASSED.

The company is extending the drift to the north of the 150 level and the value of holding out about as usual. A cross-cut run to the east recently, broke into another fissure carrying encouraging values.

CONCENTRATES.

The ore and bullion settlements reported late yesterday by McCormick & Co. for the week ending Dec. 27, 1907, are: \$15,000; base bullion, \$50,000.

RAILROAD NEWS.

J. M. Greaves, city ticket and passenger agent of the Salt Lake Route, tonight left for Chicago, Sunday, to fill a similar position there. L. M. Walton of Riverside will come here, the change being a swapping of positions.

NOT BUYING ENGINES.

The local representative of a large eastern manufacturing plant says that the locomotive fuel country has recovered from the effects of the recent financial and industrial collapse.

BELL WAS STRUCK BY RAILWAY CAR.

(Special to the "News") Boise, Ida., Dec. 27.—A investigation into the cause of J. M. Bell's death, whose body was found at one side of the Boise Valley line's tracks, resulted in a condition that he had been struck by a railway car.
