BRIGHAM CITY. SCANDINAVIAN PIONEER DEAD.

Patriarch Peter A. Forsgren Closes Remarkable Career at 82.

Special Correspondence. Brigham City, Utah, March 2.—The Scandinavian pioneer and patriarch, Peter A. Forsgren, died at his home in Brigham City, March 1, 1908, after an illness of about four days. Sunday morning he felt much better until about 10 o'clock when he grew worse, and he slipped off at 12 o'clock surrounded by family and friends.

Peter A. Forsgren was in his 82nd year, having been born in Gefle, Sweden, July 25, 1825. He has the honor of being the first person baptizing immigrants by divine authority in the Scandinavian countries in this dispensation, being baptized by his brother, John E. Forsgren, on his birthday July 25, 1850. This was about a month before Erastus Snow com-

enced to baptize in Copenhagen, Denmark. It will be remembered that Elder John E. Forsgren was called in 1849 to accompany Apostle Erastus Snow to go and organize the Scandinavian mission. He arrived in Copenhagen in the summer of 1850 and Elder Forsgren continued on to Sweden. When he arrived in his native town, Gefle, he learned that his sister, Ericka Forsgren, had, sometime previous, a remarkable vision which had made a deep impression on her and the brother Peter. She was sitting in church on Sunday morning, having previously engaged in devotional exercises, as the hymn was sung she saw clearly a personage standing before her and said: "Oh the 6th day of July a man will come to you with three books and all those that believe in the things written in the books shall be saved." She did not think that man would be her long lost brother John, who went to sea when a young boy, but when Elder Forsgren arrived with the Bible, the Book of Mormon and the Doctrine and Covenants, Peter and Ericka both believed the gospel message their brother presented to them; Ericka being baptized August 4, 1850. Peter, at that time, was suffering with consumption and the doctors stated that he could not live, but he was completely healed through the ordinances of the gospel and prayer and faith. When Elder Forsgren returned from his mission he was in charge of the first regular company of saints from Scandinavia. His brother Peter and sister Ericka went with him, leaving Copenhagen, Denmark, in December, 1851, they crossed the Atlantic ocean on the ship Forest Monarch, after a

temptuous voyage of about ten weeks they reached New Orleans, whence they proceeded to St. Louis, At Keokuk Iowa, Peter A. Forsgren married Miss Anna Christina Knudson, a member of the company, May 8, 1852. At this point several companies were joined together and armed and equipped they started out on their weary trip across the desert, arriving in Great Salt Lake City, September 23, 1853, shortly afterwards they moved to Brigham City, where the deceased has lived ever since, except the years he has spent on missions.

Peter A. Forsgren has been true and faithful to the cause that he espoused in his native country 55 years ago. Was for many years counselor to Bishop Henry Tracy of the First ward. At the Scandinavian celebration in Brigham City in July, 1907, he was ordained a patriarch by President Joseph F. Smith. He is the father of 19 children and has also 67 grand children and 16 great grand-children.

The funeral services will be held in the Brigham City tabernacle, Tuesday afternoon at 1 o'clock.

LONDON. WIDOWS AND OLD FOLKS.

Festined and Entertained in Royal Manner by London Ward. Special Correspondence. London, Utah Co., The London ward entertained its old people and widows royally last Saturday at the meeting-house and amusement hall.

In the morning, beginning at 10 o'clock, and in the afternoon at 2, excellent programs were rendered by members of the ward at the meeting-house. After the morning meeting, the old people were taken in carriages to the hall, where an elegant banquet was enjoyed.

About 60 old people, besides widows and orphans from neighboring towns participated in the feasting and pleasures of the day. Immediately following the afternoon program, a dainty luncheon was served to the old people and other guests. The day's entertainment ended with an excellent theatrical performance, given es-

temporarily along the road in an abandoned way and missing the road about dark fell into the spring, and was drowned. A man passing that way about dusk said he saw and heard some object wallowing in the spring, but thinking hogs were in the spring took no note of it.

Besides his daughter here, he has two children living in Salt Lake City, Walter Thorpe and Mrs. Lizette Stull. The funeral will probably be held Tuesday in the Third ward hall.

CO. SCHOOL COALITION.

A mass meeting was held in the Brigham Young college yesterday composed of representative citizens from each school district of the county. The meeting was called by the county commission to have the matter of the consolidation of the Cache county schools discussed and to ascertain where the people stood on the matter.

Supt. Ashton of the Granite district of the Salt Lake county schools and D. C. Hubbard of the Boxelder county schools were present at the request of Supt. J. L. McCarrey and showed up the experience of their counties. They put forth some telling arguments.

T. R. Cutler of Trenton took issue with those present who favored consolidation and in a masterpiece of oratory railed down on the thought of consolidation. The only serious objection he had to the question was that each district should take care of the education of its own children. He said he had studied the matter thoroughly and had talked against the matter in nearly every district in the northern part of the county.

Samuel Oldham of Paradise, a former superintendent of the county schools, told why he favored the move and compared some of the outlying districts with the more central ones, and said that eloquence did not satisfy the conditions that now prevail. Some of the districts in this county have but one school while all the grades and as long as they have been districts there has not come a single eighth grade graduate from them. He named several districts in this condition.

Mr. Cutler wanted it distinctly understood, after Mr. Oldham had finished, that he had not come to make a talk and consequently had left his "facts and figures at home."

The general meeting adjourned and a committee meeting was called to find out where the districts stood on the question, local meetings having been held in nearly all the districts and a vote taken. The report showed the districts very much divided. Of those reporting the following favored consolidation: Richmond, Coveville, Mountain Home, Riverside, Wheeler, Avon, Paradise, Hyrum and Wellsville are divided, while the following districts are against the proposition: Smithfield, Clarkston, Mendon, Petersboro, Greenville, Trenton, Cornish, Lewiston and Stephenson.

Commissioner J. C. Knowles made it emphatic that the county schools would have to be either consolidated or the districts readjusted, and the school funds more equitably divided. He holds that the county wealth must go to educate the county children, but as it now is some districts get from the county funds \$3.00 while others through the present distribution get over \$42.

The commissioners meet Monday and it is thought some action will then be taken on the matter. A considerable amount of sentiment is now worked up in regard to the matter and the people will watch with interest any action that might be taken.
