

FAIRBANKS AS THEIR CHOICE

Indiana Republicans Gather in Great Numbers to Honor Favorite Son.

WILL FAVOR LOCAL OPTION.

Aside from Instructions to Delegates, This Plank Will be the Strongest in the Platform.

Indianapolis, Ind., April 1.—Indiana Republicans went into state convention today to adopt a platform and formally present to the country Charles Warren Fairbanks, vice president of the United States, as their candidate.

For two days the hotel accommodations of the city have been strained to their utmost. The 1,470 delegates themselves make a goodly crowd, which has been doubled by as many roommates and multiplied 20 times by delegates to state, county and municipal offices, friends and supporters of contesting candidates, and the rank and file of the party from every corner of the state.

Prior to the opening session of the convention, which is scheduled to last two days, the delegates met by districts to name members of the convention committees which met immediately to complete their reports. According to the harmonious agreement of the party leaders, Representative Overstreet of Indianapolis, was selected for temporary chairman, Representative J. C. Chaney of Sullivan, for permanent chairman, for delegates to the national convention, U. S. Senators Albert J. Beveridge and James E. Hemenway, Governor J. Frank Hanly and James E. Goodrich of Winchester, for chairman of the state committee, were agreed upon.

It was agreed by a large majority of the party leaders that the most prominent plank in the platform, in addition to the strong resolution instructing for Vice President Fairbanks, should be one favoring local option with the county as a unit and the other urging a revision of the tariff by a special session of Congress to be called immediately after the fall election.

POPULISTS BALK ON PROHIBITION

Convention is Also Opposed to "General" Jacob Coxe For Chairman.

St. Louis, April 1.—Numerous delegates to the Populist convention arrived last night and early today, and it soon became evident from the expressions of the late arrivals that there is small chance of the convention taking any stand against Prohibition.

The matter will certainly come up in the meeting of the committee on resolutions and may be dragged into a debate on the floor of the convention, but the present probability seems to be that if any declaration is made it will be in favor of prohibition, rather than against it, a considerable number of delegates are against any plank in the platform touching upon prohibition.

The national committees of the people's party and of the various organizations which are also to take part in the convention meeting today to complete the arrangements for the convention. Some opposition has developed to the selection of Jacob S. Coxe as temporary chairman on the ground that there are Populists whose record of loyalty to the party is better than that of Coxe. J. A. Parker of Louisville has been mentioned for the position, but Coxe has far the stronger following.

When you plant Vogeler's seed you plant the best.

RETURN TOMORROW.

Kansas City, April 1.—It is believed here this morning that the 35,000 coal miners in Missouri, Kansas, Oklahoma and Arkansas, who are enjoying a holiday today, would return to work tomorrow pending a settlement of the differences with the officials of the Southwestern Interstate Coal Operators' association.

The operators and miners' convention met separately this morning, each to take steps looking to an early conference.

Rheumatism

Do you want to get rid of it? If so, take Dr. Miles' Nerve Modified as directed in pamphlet around bottle. In addition to the direct curative properties it has a soothing effect upon the nervous system by which the rheumatic pains are controlled, and rest and sleep assured. It has made many cures of this painful disease, some of them after years of suffering. If it will cure others why not you. If your case is complicated, write us for advice, it costs you nothing and may save you prolonged suffering.

"I was so crippled that I could scarcely walk. After having my shoes for an hour or two I was unable to walk by suffering the pain. Then I began to have pains all through my system. My doctor told me I had rheumatism. I read about Dr. Miles' Nerve Modified and bought a bottle and I am pleased to get better from the start. I have not had any more pain since I began to use it. I am able to walk as well as ever."

CHRONIC STOMACH TROUBLE

A great many people who are suffering from indigestion can be cured. Proper attention to the diet and the right remedy to tone up the weakened organs are all that is required.

The symptoms of stomach trouble vary. Some victims have a ravenous appetite, some loathe the sight of food. Often there is a feeling as if weight on the chest, a full feeling in the throat. Sometimes the gas presses on the heart and leads the sufferer to think he has heart disease. Sick headache is a frequent and distressing symptom.

Miss Julia A. Van Sickle, of 724 No. Ninth street, Fort Dodge, Iowa, says: "Last winter I suffered from loss of appetite, general weakness and exhaustion. I had no desire for food of any kind. I had a nervous headache nearly every afternoon, especially when I began to get tired. My heart all troubled me—skipping a beat every once in a while.

"My father urged me to take Dr. Williams' Pink Pills for Pale People. In a few days I saw they were helping me. My appetite returned and I have not been bothered by stomach trouble or nervousness since."

Sufferers from dyspepsia in any form who find their condition unrelieved or actually growing worse while using other remedies, would do well to try

BIG STAK MAY SETTLE AFFAIR

President May Be Given Latitude In Dealing With Venezuela.

DOCUMENTS IN THE SENATE.

Committee on Foreign Relations Will Meet Today to Consider Proper Retaliation Against Neighbor.

Washington, March 31.—Some of the members of the senate committee on foreign relations have decided to recommend that the committee, in view of Venezuela's refusal to arbitrate pending American claims, report to the senate resolutions providing for retaliation either by prohibitive tariff on coffee, the exclusion of Venezuelan asphalt or authorization of the president to deal with Venezuela as he desires. The committee will meet tomorrow.

Washington, March 31.—The president today sent to the senate the Venezuelan correspondence called for by the Lodge resolution. This correspondence covers the history of the five American claims which this government has so far in vain sought to have President Castro agree to arbitrate. They are the Jaurell claim, the Orinoco corporation claim, the Orinoco Steamship company claim, the United States & Venezuela company (commonly known as the Crito-held) claim, and the New York & Hernandez Asphalt company claim.

In explanation of the latter, the famous "Calhoun" report is for the first time made public. This does not absolve the asphalt company from blame in inciting the Matos rebellion against President Castro. Strong language is used by the solicitor of the state department in urging a vigorous prosecution of all these claims, and he holds that "at the time has come for language stronger than that employed in a request, and if the demand be met with procrastination or refusal, the dignity of this government would seem to require prompt and vigorous action."

OPINION OF SECY. FISH.

He also quotes Secy. Fish as saying: "It is useless to attempt to exhaust justice in a country where there is no justice to exhaust."

The solicitor's presentation abounds in other vigorous expressions of this sort. No suggestion or recommendation is made by either President Roosevelt or Secy. Root in transmitting the correspondence to the senate. Secy. Root's letter enumerates the documents which are transmitted and the president's letter is simply a formal statement that the resolution of the Senate Lodge has been complied with.

CAROLINA RIGHTS HERSELF.

CHANCELLOR DAY WILL NOT HAVE TO FACE TRIAL

New York, April 1.—The charges preferred against Chancellor Day of Syracuse university by the Rev. George A. Cooke of Brandon, Vermont, were ruled out of court by Bishop David H. Moore at the opening of the one hundred and ninth session of the New York Methodist Episcopal conference today.

Bishop Moore in dismissing the charges said he regarded the complaint against Chancellor Day as a direct insult upon free speech and free press. The decision was greeted with cheers and long continued applause.

LAUGHED AT A JOKE UNTIL WOMAN DIED

New York, April 1.—Overcome by laughter at a joke told by a member of the company at a party she was attending, Mrs. Anna Ferrer, a widow, 42 years of age, was unable to stop the laughing paroxysm. She fell to the floor and was lifted back into her chair gasping for breath and before the horrified guests realized that anything serious was the matter, she was dying. Before a physician who was summoned could reach the woman she was dead.

CRUISER MONTANA MAKES SUCCESSFUL TRIAL TRIP

Rockland, Maine, April 1.—The armored cruiser Montana left today for a series of 12 runs over the coast under conditions, which were to comprise her official screw standardization trial. A brisk gale was blowing and the wind, shifting suddenly to you as you were kicked up a heavy sea. This handicapped the craft, but the trial was continued.

BELIEVE ACCOLA NOTED SWINDLER

Government Agents Think He Operated Gigantic Frauds In This Country.

San Francisco, April 1.—In the arrest of Earl Accola, which was effected Monday by the United States postal inspector, J. Connelley here, the federal authorities believe that they have captured one of the two men who flim-flammed several large business houses in different sections of the United States during the last year. Accola, together with Fred E. Wolff, was indicted by the Chicago grand jury March 6 on several counts charging him with having used the mails to carry on a fraud.

According to the federal officers Accola and Wolff did business under a firm name of George E. Anderson & Co. There is a reputable mail order house in Chicago which has a name similar to the one used by Accola and Wolff. Among the concerns which were victimized were Max Platt & Co., 113 Division street, New York; the Winona Pur & Glove company, Winona, Minn., and the Northern Pur & Manufacturing company of Minneapolis.

Accola appeared before United States Commissioner Heacock yesterday afternoon and was ordered held in \$3,000 bonds pending a preliminary examination this afternoon. Wolff has been captured by the federal officers in Chicago.

FAMOUS MEN HAVE SAT IN FAMOUS AMEN CORNER

New York, April 1.—Four plush settees which have been in the "Amen Corner" of the Fifth Avenue hotel for the last 25 years have been turned over by the hotel proprietors to the members of what is popularly known as the "Amen Corner corporation." At a meeting of the members Monday, it is stated the question of re-locating the famous seats will be considered, their removal from the Fifth Avenue hotel having been necessitated by the demolition of that structure. The statement is made that there is not a president for 40 years, a governor of any great state, a notable United States senator, a distinguished foreign ambassador or a renowned American diplomat who has not occupied at one time or another one of those four "amen corner" seats.

COFFEE

Three-quarters of coffee is such that we can't touch it; we make five grades of the top quarter.

Your grocer returns your money if you don't like Scilling's Best; we pay him.

You Are Wrong

Some of you don't eat Mapl-Flake, simply because it costs 15 cents.

You are clinging to foods that you like far less because they are five cents cheaper.

But you are wrong; they are dearer. You are losing the food you like best—the one that's all food—the one with the maple flavor. And all through a mistake.

You forget the cream, in the first place. Add that cost to the food cost and see how trifling the difference. For cream costs the same on poor food as on good food.

Mapl-Flake is all nourishment because it all digests. That's why it costs more.

We spend 96 hours in preparing it. That's four times the time that some others spend. And the time is all spent for your good—your economy. Let us explain.

Starch—the main part of wheat—cannot digest until it is made soluble.

Raw starch won't digest. When it is half-cooked, half will digest. The balance is wasted—and worse. It ferments and breeds germs in the stomach.

So we make that starch all digestible. We create a food that's all food.

Our wheat is steam-cooked for six hours; then cured. Then flaked so thin that the full heat of our ovens gets to each atom. Then toasted 30 minutes at 400 degrees.

Omit the fact of the flavor—derived from pure maple syrup. Consider simply the question of food value. Is a food that half digests economical? Is it worth the cost of the cream?

The food that you buy because it is cheaper costs more than Mapl-Flake.

The only food served in individual packages in hotels, clubs, cafes, and on dining cars.
