INSPECT ROUTE OF INTERURBAN ROAD

Question of Steam or Electricity For Street Traffic to be Decided Monday.

WILL OF MRS. MARTHA BROWN

Geo. A. Boyd Discharged, Evidence Too Flimsy to Hold—Frank Campbell Must Answer.

Ogden, May 14.—A trip over the Lincoln avenue route of the Bamberger road, on which the citizens of Lincoln avenue object to the temporary use of steam by Bamberger on his Interurban, was made yesterday afternoon by City Councilmen Austin, Peery, Brown, Humphries, Thomas, Wilson, Dana and Flygare, with Atty. C. R. Hollingsworth of the Bamberger road and James and Job Pingree representing the signers of the petition presented to the council.

The entire distance from where the road ends at the corner of Twenty-fifth street and Lincoln avenue to the road's edge over the Weber river was traversed. Every detail as set forth in the petition was noted. The party seemed more like a Quaker meeting or a deaf and dumb picnic as far as any conversation went. The members of the council were very guarded in their remarks and would not talk upon the matter whatever.

After the party returned to the city the only information given out was to the effect that the question would be decided next Monday night. The question now is, "Which shall it be? Temporary steam or electricity first, last and all the time." The report of the hearing of the council who acted as a committee of the whole yesterday will be submitted and made public next Monday night and it will probably be final as to whether Bamberger's Interurban road can operate temporarily steam engines into Ogden or remain outside the city limits until he can elect the road from Ogden to Salt Lake City.

WILL OF MRS. MARTHA BROWN.
The will of the late Martha H. Brown, who died May 3 of this year, together with a petition for the admittance of the same to probate, was filed with the clerk of the district court yesterday afternoon by Bruce L. Brown and

had lived in the United States for many years and had gone back to China, read a will and met the nephew, and urged him to come to America.

CHAUTAQUA IN OGDEN CANYON.

The Weber club is adding in the movement recently launched by J. R. Ellison to give a chaqueta in Ogden canyon this summer. The club has issued a call for a mass meeting at the Weber club assembly rooms this afternoon at 3:30 o'clock, to discuss ways and means for the holding of a chaqueta in Ogden.

JUNCTION CITY BRIEFS.

E. A. Burton, one of the managers of the "Idlewild" cafe in Ogden canyon, which is situated on the Bamberger property, has arrived in the city and is preparing to open the resort in a few days.

J. B. Randall, formerly of this city, but now of Oakley, Ida., has been appointed cashier of the State bank of that city. Mr. Randall was with the Ogden State bank this city for five years, and held a number of other positions of trust during his residence in Ogden.

BOYD IS DISCHARGED.

Ogden, May 14.—The case of the state against George A. Boyd of Plain City, who was charged with stealing 150 pounds of asparagus from the garden of Abraham Maw, was ended in the police court late yesterday afternoon by the discharge of Boyd. There was absolutely no grounds for evidence against the defendant, whose arrest had been brought about by Constable Hutchinson of Plain City, the rural detective.

All there was to the evidence went to show that the asparagus had been robbed and that there were foot prints in the soft soil which were headed toward the home of Boyd, like Sherlock Holmes, Hutchinson measured the tracks, then started out to find a man wearing a shoe the length of a twig which he carried and fit in the tracks of the asparagus thief.

Upon the request of the amateur hawkshaw, Boyd accompanied him to the asparagus bed and put his foot in the tracks which were said to be those of the person who stole the asparagus. Boyd's shoes fit the track and he was then placed under arrest.

HELD FOR GRAND LARCENY.

Frank Campbell, the young man who was arrested several days ago upon the charge of stealing a horse and buggy from the livery stable of C. M. Dee of this city, was arraigned in the police court yesterday upon the charge of embezzlement and grand larceny. The two charges were made by the hiring of it at Layton, at which point the young fellow was arrested by Sheriff Weir of Davis county. The value of the outfit was placed at \$200. Campbell was placed under \$200 bonds pending his preliminary and in default of the payment of the same he was remanded to the custody of the sheriff.

CHINESE DEPORTATION CASES.

The hearing in the deportation proceedings in the case of Han Shun, which were to come before U. S. Commissioner Patton yesterday afternoon, were postponed for one week to enable the attorneys who had only been retained for a day an opportunity to look up the facts of the case.

It is alleged that Han Shun came into the United States in violation of the emigration laws as a merchant and later failed in business and then took up the profession of gardening. He is not a laborer, it is asserted, and therefore is not subject to the same regulation that is enforced at the ports to limit the immigration of coolies to the United States.

In the event that the hearing does not terminate in Han Shun's favor before Commissioner Patton, an appeal will be made to the federal court. Ah Sun, another Chinaman, was ordered deported by Commissioner Patton last week. The evidence went to show that the celestial entered the United States with a passport and certificate belonging to an uncle who

SPRINGVILLE.

LIFE'S LABORS CONSUMMATED.

Francis C. Boyer Closes Brilliant Career at 65. After Long Illness.

Special Correspondence.

Springville, Utah, May 13.—The illness of Springville's noted citizen to answer the inevitable summons of the reaper is F. C. Boyer, who passed from this life last evening. For 13 weeks he was confined to his bed, having been aided by the best of medical skill, and the devoted and tireless attention of members of the family and host of friends. The cause of the demise was due to a gripe and attending complications.

Francis Christian Boyer was born in Union county, Pa., March 27, 1843, and came to Utah in 1864, with his widowed mother. He was a religious and devoted man. The family remained in Salt Lake City until the spring of 1886 when they came to Springville, where the deceased has since resided.

He departed was a prominent worker in all departments of the village life, in civic as well as religious, having been for 10 years city recorder, and served one term as mayor, and all his labors were performed with fidelity and much ability. For many years he was connected with the Co-operative store in Springville, working up from clerk to superintendent. He was numbered among the Black Hawk War veterans. In January last he was ordained a high priest of the Latter-day Saints church, having been previously ordained a Seventy, in 1872, at the time when he filled a mission to England. Among other work he was a life-long member of the church, having filled the position of superintendent for a long period.

Mr. Boyer was a man loved and respected by all classes, being of a very friendly nature, and having a heart that melted in all whom he knew. He leaves two wives and 12 children. The obsequies will be held in the meetinghouse Sunday at 2 p. m.

LIKES AMERICAN WOMEN BETTER

The Marchioness of Headfort Does Not Care for American Men.

AS TO MONEY AND MARRIAGES

Thinks it Very Selfish Because Americans Do Not Care to Have Their Heresses Marry Foreigners.

New York, May 14.—Before her departure for England with her husband, the Marchioness of Headfort, who has been in America for several weeks, discussed international marriages, American society and a new labor theory, which she dubs "a six hour work day." She said:

"I like American women better than American men. I was astonished to go to a luncheon where there were only women. In England we always have men to talk to three times a day. But I found it was rather cheery being with women and of course the women here are so refreshing and different. The type has an individuality that explains the success of American women in foreign society. But I did not see many men."

"I think both the English and American men might revise their modes of life. The Englishman does not work enough and becomes one-sided; the American works too much. Why can't they strike a happy medium, six hours a day is quite long enough for a man to work."

"The combination of English and American is especially happy. I am enthusiastic on the subject of international marriages. I believe the Americans do not care to see their heresses marry foreigners, but isn't that a bit selfish? American has lots of money and can easily spare the millions. I know so many American wives of Englishmen who are absolutely happy, but of course they are the persons who never hear of the children of those unions seem a high type physically and intellectually and one should work a bit for posterity."

In England the closest kinship between the two countries is a social one. The brotherhood of the two lands has been emphasized often and the English look upon Americans with genuine appreciation and affection."

Kokomo Woman Gives Fortune

To Help Women Who Suffer.

In the past few years Mrs. Cora B. Miller has spent \$125,000.00 in giving medical treatment to afflicted women.

Sometime ago we announced in the columns of this paper that she would send free treatment to every woman who suffered from female disease or piles.

More than a million women have accepted this generous offer, and as Mrs. Miller is still receiving requests from thousands of women from all parts of the world, who have not yet used the remedy, she has decided to continue the offer for awhile longer, at least.

This is the simple, mild and harmless preparation that has cured so many women in the privacy of their own homes after doctors and other remedies failed.

It is especially prepared for the speedy and permanent cure of leucorrhoea or whitish discharges, ulceration, displacements or falling of the womb, profuse, scanty or painful periods, uterine or ovarian tumors or growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness and piles from any cause, or no matter of how long standing.

Every woman suffering, unable to find relief, who will write Mrs. Miller now, without delay, will receive by mail free of charge, a 50-cent box of this simple home remedy, also a book with explanatory illustrations showing why women suffer and how they can easily cure themselves at home without the aid of a physician.

Don't suffer another day, but write at once to Mrs. Cora B. Miller, 6480 Miller Building, Kokomo, Indiana.

MONTANA REPUBLICANS

If Taft is Endorsed Delegates May Stampede to Roosevelt.

Butte, Mont., May 13.—Montana Republicans met here at noon today to elect six delegates to the Republican national convention at Chicago. Shortly before the convention opened it appeared certain that Secy. Taft would be endorsed. Many of the rural districts preferred the candidates, notably Hughes, and Silver Bow county, (Butte), which holds a balance of power in the convention, had not been instructed. But the anti-Taft men were discouraged, many of the Silver Bow delegates came out this morning for Taft, and his endorsement was said to be certain.

The resolutions, which will be presented late this afternoon, will endorse the administration of President Roosevelt. If Taft is not endorsed, the delegates probably will stampede to Roosevelt. Owing to the fact that Sen. Dixon, preferred Carter and Congressman Pray will not accept delegateships, it is difficult to say who will be selected.

You'll admit its wonderful merits, else it couldn't keep the reputation for thirty years of America's most reliable and surest tonic and blood remedy—Hollister's Rocky Mountain Tea. 35c Tea or Tablets—Godeb Pitts Drug Co.
