SESSION OF BOARD OF EDUCATION

Wm. H. Williams Succeeds Dr. Joyce—High School Principal Not Named.

PRIMARY ELECTION MEASURE

Discussed by Republican Central Committee—Divorces Granted—Scarlet Fever Epidemic Under Control.

Ogden, August 22.—At the session of the board of education held last evening Dr. R. S. Joyce tendered his resignation as member of the board from the Second ward on account of his removal from that ward to the Fourth ward. Under the conditions the board accepted the resignation and named William H. Williams as his successor. Dr. Joyce has served as a member of the board for more than 11 years and has made an enviable reputation. He has been one of the most progressive spirits of the board and it has been during his service that the public school system has been raised to its present high plane. Mr. Williams is a member of the Shupe-Williams Candy company and one of the city's energetic young business men. He will serve the remainder of the unexpired term of Dr. Joyce.

The question of the election of a principal of the High school was not considered at last evening's session of the board, but it is expected that the new principal will be named at a meeting which will be held during the week.

The finance committee reported that there was \$9,621.34 cash on hand in the treasury.

The committee on buildings and grounds reported that all the schools would be ready for the opening of school on September 14.

Total	\$12,245.44
July warrants paid	\$ 1,549.32

REPUBLICAN CENT. COMMITTEE
Meets to Discuss Primary Election Under New Law.
Ogden, Aug. 22.—The Weber County Republican central committee holds a

meeting this afternoon for the purpose of setting the dates for the holding of the primaries and the conventions. Among other matters that will be considered will be the discussion of the primary election for the purpose of naming the candidates for that ticket. This system will do away with the county convention if it is adopted. There will be blank ballots with the names of the various offices printed thereon and the voter will be permitted to write in blank after the name of each office the name of the candidate. The candidate receiving the most votes will be declared the regular nominee of the party and placed upon the ticket for the general election.

The primary election system has been considered favorably by many members of the Republican party who have given some attention to the state law upon the same. They are also of the opinion that the result would be more satisfactory with the members of the party.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. E. J. CHENEY & CO., Toledo, Ohio.
