THE SEMI-WEEKLY NEWS

The Great Country Paper of the West.

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

High School Dance—The associated cadet officers of the Salt Lake High school will meet on the 15th inst., to arrange for a dancing party.

Weather Man in Vernal—Section Director R. J. Hyatt of the weather office left last night for Vernal on a tour of inspection, to be absent a week.

Prize Fruit Story—Frank Hewlett writes from Payette, Ida., that the fruit trees there are so heavily loaded that one orchardist alone has had to expend $280 for lumber with which to prop up the boughs of his trees.

C. D. Willcutt Resigns—Chief Clerk C. D. Willcutt to General Supt. Somers of the Bell Telephone company, has resigned, and will remove to Los Angeles, as he finds his health is likely to be seriously impaired by this high altitude.

C. A. Quigley Goes East—Manager C. A. Quigley of the Studebaker company left yesterday for South Bend, Ind., to be in attendance on an annual meeting of representatives of the company for general consultation. He will be away three weeks.

Totally Uncalled For — Attorney General Breeden, a prominent G. A. R. veteran, agrees with other prominent non-"Mormons" that the tirade of Rev. F. B. Short against this city was entirely uncalled for, and calculated only to work injury here.

W. A. Korb Promoted—Veterinary W. A. Korb of this district, bureau of animal industry, has been appointed cattle and horse shipping inspector in the Philippines, besides being government veterinary at Manila. He will be absent three years from the states.

New Agents Appointed—J. B. Moreton and R. C. Naylor have been awarded the agency here of the Equitable Life Assurance comany of New York, with offices in the Judge building, in place of C. A. Quigley, resigned on account of business pressure elsewhere.

Charles B. Hahn Returns—Charles B. Hahn has returned after a year's absence in Indiana, where he has been engaged in boys' work. He held a prominent position at the Winona lake encampment, where he had charge of a boys' club. Mr. Hahn is to return to his work in the east later.

Boy Falls Off Train—Elling Olson, aged 14, of 738 west Fourth North street, fell from an open car on a Lagoon train, near Centerville, Monday night, and broke his collar bone, besides sustaining other injuries. The train stopped, and Olson was picked up and brought to the Groves' L. D. S. hospital for treatment.

Returns With Degree — William Lund, instructor of chemistry at the state university, has just returned from a year's course of professional study at the University of Pennsylvania, where he was given the degree of Ph. D. Mr. Lund resumes his home duties next week with the opening of the university for the fall term.

Not Fault of Operatives—Investigation of the death of Mrs. Littlefield through the street car accident of Monday evening, by the company's agents fail to attach any blame to the motorman or conductor. Manager J. S. Wells remarked today that in most instances of severe or fatal street car accidents, the sufferers have been from the country, or from the smaller municipalities.

Still in Suspense—Chief Leavitt of the bureau of organization of the forest service, has carefully collated opinions and facts relative to the claims and advantages of Salt Lake and Ogden for the headquarters for this district of the service, and sent the same to Washington for Chief Pinchot to consider. Prof. Pinchot will give his decision in a few days, and the same will be made known through the Associated Press.

Councilman from Spokane — City Councilman Leonard Funk of Spokane is at the Cullen, as a delegate to the coming carpenters' convention, and is here early to assist in the preliminary arrangements. He says Spokane has recently installed an incinerating plant to burn garbage, and the plant's capacity will shortly be doubled, as the scheme is found effective. He expresses himself as much pleased with many features of this city, noticeably the arrangement of the gutters at the street corners, and the parking of Sixth East street.

UNIVERSITY OF UTAH,
S[illegible] City.

DR. SHORT STILL IN THE LIMELIGHT

Uncalled for Assertions Against Salt Lake City Move Citizens to Protest.

M. AND M. DIRECTORS TALK

Sentiment That Rash Statements Should Not Be Allowed to Pass Unchallenged—Ought to Boost.

The uncalled for assertions made in Cincinnati last Sunday, by Rev. F. B. Short of the First Methodist church in this city, are stirring up things here. Secretary Haddock of the M. & M. association says:

"If Dr. Short is correctly quoted, all I can say is that his statement is a lie. It is not true. Things of that sort have a very injurious effect upon the city's prospects and ought not to be allowed to pass unchallenged. It is such misrepresentations in the past that aroused so much prejudice in the east not only against Salt Lake but against the entire state of Utah and which we have to work so hard to remove. The effect upon prospective investors is very bad, to say the least. People with families are certainly not going to come to a city to make their homes which they believe to be as bad as Dr. Short is trying to make out. Even if the statements were true, they ought not to be made, and they certainly are not true. If the Methodist Episcopal mission people are paying his expenses through the east to make such statements as he is credited with making, they are as bad as he is. Every commercial organization in the city ought to take the matter up and see to it that a denial of the statement is sen east. Every organization in the state ought to take it up. I think the directors of the M. & M. should act. Several of the directors talked to me about the matter yesterday, and I think they will give it consideration.

O. H. Hewlett says:

"The effect of it is very harmful. We, here, of course, know that the statements are not true, but the people of the east have been hearing these things for years and they have their effect. Every commercial organization in the city ought to take the matter up officially and send telegrams to Cincinnati and deny what has been said. The circulation of such charges should be stopped and stopped at once. We are trying to advance the interests of Salt Lake, and we cannot afford to have residents here go east neutralizing the effect of what we have been doing."

Rev. Albert Buxton of the Central Christian church says:

"His charges are rash, and that is not the sort of talk that ought to be made. We ought to boost, boost, boost all the time. Salt Lake is a pleasure-loving, gay, fast city, but it is in no sense immoral. It ranks well with other cities of the country in point of morals. The people of Salt Lake like to have a good time, but they are not immoral. We ought not to talk, however, of the bad we find, but of the good. We ought to talk of the best that we can find in politics, in business, and in church matters. Play up the best there is. Boost for Salt Lake. Tell what a good town we have, for it is a good town, and there are good people here. Play up the best that we have."

Very Rev. Dean Brewster of St. Mark's cathedral says:

"I do not know what Dr. Short said or is supposed to have said, but I do not think there is any danger of Salt Lake or Utah being destroyed by fire. There is a great deal of good and a great deal of bad. Salt Lake should not be especially singled out as an object of condemnation."

FOR A SPRAINED ANKLE.

A sprained ankle may be cured in about one-third the time usually required, by applying Chamberlain's Liniment freely, and giving it absolute rest. For sale by all druggists.

STATE FAIR CONCESSIONS.

The directors of the State Fair association awarded the following concessions last eveing: Restaurant, Madsen Amusement company; beer and cigars, H. Hertz; ice cream, Madsen Amusement company; candy and confectioner, J. E. Langford; soft drinks, Frank Wood of Provo; photograph gallery, Jed Woolley. Nearly 100 men are at work now on the grounds; putting the premises into shape for the coming exhibition, and nearly all the judges have been selected. The printing work is being completed. Entries close Sept. 30.

DELVES INTO ARCHIVES

Examiner from Department of Justice Going Through Local Federal Court Files.

William Hornbeak, examiner in the department of justice, is now directing his attention to the offices of the clerk of the federal court. He is closeted during the day with Clerk Letcher and the two spend hours in the vault, wherein is kept the files of the federal court for this district. Tons of paper and barrels of ink have been used in putting everything which has happened in the courts here down in black and white. The federal courts are particular to have everything on paper and each case, even to the humble petition and adjudication of bankrupts, consumes pads of paper as thick as an unabridged dictionary of the school room style. In the vault are the files of an old law suit. Eight pads of foolscap each the thickness of a loaf of bread, represent the matter jotted down during the hearing of this trial. Three of the pads contain nothing but bills and receipts of one of the concerns involved. These were unnecessary, yet must be kept now. The vault now in use will be filled with files within a few years and the appropriation given Salt Lake by the last Congress would have been necessary for the building of a warehouse for the steady accumulation of court papers if nothing else. The government of the United States adopted the old English system of procedure years ago but is now studying ways and means of simplifying matters. Mr. Hornbeak will be here for a month.

Are You in Doubt Where to Spend Your Vacation?

The Grand Trunk Railway System (double track) offers the choice of many delightful resorts. Special low round-trip fares to many of them. If you will advise how much you have to spend for railroad fare, a publication describing attractive routes to the sections you can reach, together with fares, will be sent you. Geo. W. Vaux A. G. P. & T. A., 135 Adams St., Chicago.

ZION'S CO-OPERATIVE HOME BUILDING AND REAL ESTATE CO.

Geo. E. Romney, President and Director.
Miles A. Romney, Vice-President, Director.
Miles R. Taylor, Secretary and Director.
John C. Cutler, Jr., Director.

This company was incorporated Aug. 26th, 1908, with an authorized capital of $250,000, of which $80,420 was paid up. Since that time about $20,000 worth of stock has been sold at par of $1 per share, so the company now has $100,000 of assets. $30,000 worth more of the stock will be sold at par or $1 per share. Buy now if you want a good investment.

They own their own lumber company, and have recently acquired valuable vacant pieces of property on Brigham, Second South and Main Streets, and will improve the same by erecting nice modern cottages which they will sell.

The best way to save money is to invest it in proper securities.. If you want to make good interest on your money, buy one dollar shares in this company at the same price that the directors paid for their stock.

If you want to buy stock call and see me or write.

JOHN C. CUTLER, JR.,
Investment Banker.
239-240 Constitution Bldg.

SUCCUMBS TO APPENDICITIS.

A sad event occurred yesterday, at the Holy Cross hospital, in the death from appendicitis of Olaf Nilson, aged 19, of 1914 Fourth East street. Young Nilson had been a valued clerk since May, 1907, in the office of the auditor of passenger accounts of the Oregon Short Line, and was taken ill two weeks ago. His associates deeply regret the young man's untimely demise, for he was faithful to his duties and well liked.

NOT GREATLY IMPRESSED.

Messrs. Silver and Haddock Report Today on Kentucky Steel Plant.

The Salt Lake Real Estate association, the committee on industries of the Commercial club, and the M. & M. association are discussing this afternoon, the report of J. A. Silver and L. J. Haddock who went to Louisville, Ky., to inspect the steel plant there which J. E. Jones of Waukesha, Wis., proposes to remove to Salt Lake, and which has been idle four years. It is not believed that the report will warrant favorable action on the part of this city.

A SAFE STRONG BANK FOR SAVINGS DEPOSITORS.

Savings accounts draw 4 per cent interest, compounded semi-annually.

Accounts can be opened for churches or fraternal organizations and be under the control of two or more officers. Minors may open accounts, subject to their own control. Parents may open accounts for children and retain control. Married women may open accounts in their own names.

With the strength given by ample capital, the strength given by careful and conservative management and the strength given by experience, this institution has grown to be one of the largest savings banks between Chicago and San Francisco, and continues to add steadily to the number of its depositors.

You'd be surprised to know how many of our commercial customers and savings depositors go out of their way to induce others to open accounts with us.

We believe this is a pretty fair indication of the confidence and cordiality they feel toward this bank.

Still better, this sentiment seems to be universal among all the patrons of this institution.

Make our bank your bank.
