## ENTHUSED OVER ENCAMPMENT

### Utah Delegates Return from Annual Gathering of G. A. R. At Toledo, Ohio.

## OGDEN FIREMEN ORGANIZE

### Branch of State Association—Truex Divorce Suit—Steel to Double Track U. P. Purchased.

Ogden, Sept. 11.—Filled with enthusiasm over the coming of the next encampment of the Grand Army of the Republic to Utah next year, former Department Commander W. M. Bostaph and Senior Vice Commander Thomas Lundy, returned to the city yesterday from the encampment at Toledo, Ohio, where they went as part of the Utah delegation. The gentlemen report having had one of the best times that any encampment ever put up and are fully determined that when the encampment comes to Salt Lake City, the veterans will be given a true example of the much advertised western hospitality and entertainment.

In speaking of the winning of the encampment for this state Mr. Bostaph said that the time to begin preparing for the meeting was not within the next month or two but right now. He said that the Salt Lake meeting would be one of the biggest things for Utah that has ever happened in the history of the state and Ogden must see that she assists in the entertaining of the old soldiers and receives her share of the benefits derived. In his estimate it is safe to figure on about 12,000 veterans attending, which means about 40,000 guests.

Patrons are requested to make immediate complaints regarding unsatisfactory delivery.

Mr. Bostaph said that Ogden must see to it that at least one day of the time of the encampment is spent in this city. There will be ample opportunity for Ogden to show what it can do in the entertainment line in the one day if that is all that can be secured. In the past this city has covered itself with glory in entertaining delegations but none that will be the size of these attending the encampment. In Mr. Bostaph's opinion the visitors to the meeting next year will spend close to half a million dollars in the state during the five days of the encampment.

**FIREMEN'S ASSOCIATION.**  
The fire fighters of the city have organized a local association for the purpose of sending delegates to Salt Lake to attend the organization of the State Firemen's association. Representatives from the central station, station No. 2, and the Five Points volunteer department were present at a meeting which was held Wednesday evening and elected Chief T. J. Paine as president who will appoint 10 delegates to the state meeting, which convenes in Salt Lake City, on the 16th and 17th of this month. U. J. Hinton was made secretary and treasurer and James Harrop of Five Points was elected vice president.

It is the intention of the firemen of the state to get a bill passed by the next legislature providing for the setting aside of a portion of the insurance receipts as a benefit fund for injured firemen.

**SUIT FOR DIVORCE.**  
A suit for a divorce was filed in the district court late yesterday afternoon by Frances R. Truex against George R. Truex, alleging that for more than a year past the defendant has deserted the plaintiff. The couple were married at Meeker, Colorado, Nov. 9, 1902, and have one child of which the plaintiff

asks the custody together with whatever relief the court may deem just.

**STEEL FOR U. P. TRACK.**  
While in Ogden, on Wednesday afternoon, Vice President and General Manager A. H. Mohler of the Union Pacific stated that the steel for the completion of the double track between Ogden and Omaha had been purchased and was now in storage. He thought the work would start early next year if the conditions were favorable.

For the past two days the members of the Ogden police force have maintained a sharp lookout for Dave Logan, the negro who shot and killed Dick Hawkins, another negro, in Salt Lake City early yesterday morning. Immediately upon the receipt of the news of the shooting officers were detailed to the "jungles" along Ogden and Weber rivers and a thorough search was made for the colored murderer. It is the opinion of the officers that Logan will remain in Salt Lake in hiding until he thinks it will be safe for him to attempt to leave.

**TEACHERS' CONVENTION.**  
The teachers of the Weber county public schools began this morning a two-days' institute, in the county court room, County Supt. Thomas E. McKay in charge.

At this morning's session an address on music was given by Prof. Evan Stephens, director of the Salt Lake Tabernacle choir. As music will be one of the features of this year's school work, considerable interest attaches to the subject.

This afternoon W. M. Bradford, of the Silver-Burdett company, will deliver an address on "Languages." Tomorrow morning Supt. Nelson and County Supt. McKay will talk on the work of the school year. There is a large attendance, and much interest and enthusiasm are in evidence.

**DISTRICT COURT.**  
In the district court this morning, before Judge Howell, John Chambers, John Maguire and Thomas M. Dilling were arraigned on the charge of highway robbery, each entered a plea of guilty and will be sentenced on Monday at 2 p. m.

**OUT ON BAIL.**  
Frank W. Fielding, who has been held at the county jail for more than a month past awaiting trial on the charge of obtaining money by fraud, was last evening released on \$1,000 bonds, his sureties being R. Carter and Mrs. Fielding, the latter being the defendant's mother.

Just five years ago in a rail-road wreck on the R. G. W. She now lives with an only child, a little girl seven years old.

The engine that caused the lad's death was being driven along Main street by John Baxter his uncle. In boyish excitement or fear Gilmore stepped immediately in front of the engine, and the train struck him and killed him. Deep sympathy is felt for Mrs. Peterson in her bereavement.

Of the seventeen autos that left Salt Lake City yesterday, only one has reached here as yet, but five are on the way from Nephi this morning.

Extensive preparations had been made for the reception of the students, but owing to the delay and the uncertainty of their coming at all, the program was carried on without them, the part of the town being guests at the banquet.

**OPENING OF SCHOOLS.**  
Increase of Attendance Expected at Branch Normal.  
Special Correspondence.  
Cedar City, Utah, Sept. 9.—Last Monday the public schools of Cedar City opened for the year. There have been some changes in the personnel of the teaching corps. Ray Stewart of Fairview, Sept. 25, 1899, in New Hampshire and came to Utah with his parents in 1863, his parents being numbered among the saints in early days. He died Sunday, Sept. 25, 1899, leaving a wife, two brothers and three sisters.

Schools have begun work this year under very favorable conditions. The new high school building, which is being erected, is to be finished by the close of the year. It will be a modern, up-to-date building equipped for high school work in every particular. The high school will remain in the old quarters until the new building is finished.

After the gale from the southwest all day Monday a fine shower lasted all night and until noon Sunday, which was very acceptable after such a long dry spell.

Threshing of grain is being done very rapidly. The Springville canning factory is running at full blast. Fruit crop is good this year, as is also the sugar beet crop.

**BOY'S TRAGIC DEATH.**  
Head Crushed Under Traction Engine—Belated Auto Racers.  
Special Correspondence.  
Gunnison, Utah, Sept. 2.—A most distressing accident happened here yesterday. Gilmore, the nine-year-old son of Mrs. Libbey E. Peterson, was run over by a steam thrashing engine, the result being the instant death of the boy and causing instant death.

Mr. Peterson's husband was killed

**SOLDIER TURNS PASTOR.**  
Rev. McPherson, Formerly Stationed At Ft. Douglas, Now in Spokane.  
The Rev. J. Gordon McPherson, well known among the colored population of Salt Lake as a soldier preacher and as a missionary among the soldiers at Fort Douglas, has recently been appointed new pastor of the Calvary Baptist church of Spokane.

It was from Salt Lake that Mr. McPherson left with the Twenty-fourth infantry for Cuba, which regiment did such valiant service at San Juan hill and otherwise engaged with the Rough Riders and other famous commands. At the termination of the Spanish-American war, McPherson resigned and has since been superintendent of the colored Baptist missionary work in the northwest and had charge of a church in Seattle, and later in California.

McPherson enlisted in the regular army in New Orleans, his home, in 1896. From there he went with his command to Fort Bayard, New Mexico, being assigned to membership in company G of the Twenty-fourth infantry. It was at this time that the command was ordered to Fort Douglas. During his service in the army McPherson engaged in active missionary work among the soldiers. In 1898 he went to Cuba with his regiment, under General Shar-

ter. The 1st of July the regiment took part in the storming of San Juan hill. Soon after their arrival the soldiers went over the ground where Col. Ross and the Rough Riders were ambushed at Gausaus. From there they went to the front. At 4 o'clock in the morning the call to arms was sounded, and the regiment went into action.

## ENTERTAINMENT PLANS

**Committee of Local Brotherhood Expects to Show Carpenters' Convention Delegates a Good Time.**  
Entertainment provisions for the delegates to the fifteenth biennial convention of the Brotherhood of Carpenters and Joiners were discussed yesterday at a joint committee meeting of the Commercial club conventions committee and the carpenters' entertainment committee.

The plan brought out includes a trip to Bingham, an organ recital, a trip to Saltair, and a smoker to be given in Armory hall.

The convention will open Tuesday, Sept. 22, after a parade on Monday, and will be opened by addresses from Gov. Cutler, Mayor Bransford, and President W. J. Halloran of the Commercial club. Responses from President W. D. Hurber and Secretary Frank Duffy of the brotherhood, after which an adjournment will be taken until afternoons when the routine work of the convention will begin. The representatives of the carpenters present at last night's meeting were: W. G. Wilson, F. A. Ellis, E. L. Diefenbacher, J. G. Wilkes and Fred Christensen. For the Commercial club, A. R. Martineau, Charles F. Warren, W. A. Lieblein, Joy F. Johnson and Fisher Harris were present.

## SOCIAL AND PERSONAL

An announcement which will come as a surprise to many friends is that of the approaching marriage of Mrs. Winifred Sprague Walker and Herman A. Prosser, the wedding to take place on next Monday morning at Idlewild. The future bride and groom met something like a year and a half ago, when they were in New York City, his family being among the oldest and best known of the state. Mr. Prosser is a mineralogist, and has business interests in this line throughout the west, as well as in his native state. After the ceremony he will leave immediately for New York, where they will sail for Paris. Upon their return they will reside in New York, although they expect to spend their summers in Salt Lake. They will receive the congratulations of many friends.

Mrs. Ray Walker was hostess at a luncheon yesterday at the Country club, in honor of Miss Elsie Ridge of California, the table being decorated in asters and covers laid for 15 guests.

City Poll Tax Department Sends Notice To "Mr. McKee Baby."  
One notice sent out from the office of the supervisor of streets for the recipient to appear at a certain time and in a certain place "with pick and shovel," to work out poll tax, will not be complied with, neither will non-compliance result in judicial punishment. The said notice was addressed to "Mr. McKee Baby." A "baby" does not have to pay poll tax, and this "Baby" is especially exempt, being a mining company. The joke on the department is being heartily appreciated.

**MRS. PASSEHL NOW MRS. AST.**  
Mrs. Ida Passehl, who a week ago was divorced from Harry Passehl, was yesterday granted a marriage license by the county clerk, that she might wed John Ast. The first marriage took place in Tooele county, Aug. 4, 1905, and seven days later Passehl deserted his wife. After supporting herself for a period of three years, Mrs. Passehl determined again to venture into matrimony.

Mrs. J. H. Johnson was hostess at a party yesterday, 500 being the number of guests. The tables were decorated in yellow and white, and lavender asters, the library and hall

## VERNAL

### DASTARDLY DEED OF INDIAN.

### Drags Girl from Horse and Brutally Assaults Her.

Vernal, Utah Co., Sept. 10.—On Saturday last, Henry Johnson, a Ute Indian, the stepdaughter of the Fort Duchesne postmaster while she was out riding dragged her from her horse and brutally assaulted her. The girl made a desperate fight, losing part of her hair in the struggle, and her clothing torn to shreds. The Indian, who was crazed with drink, made his escape, but he was captured on Sunday by Capt. Hall, Indian agent, and W. S. Lowe, deputy in the Indian service, who rode all night from White Rocks to make the arrest.

On Monday Johnson confessed his crime and said he got the liquor from W. B. Ten Brock's saloon at Fort Duchesne. Capt. Hall, E. E. Johnson, chief special officer of the United States Indian service, and the latter's deputy, went to Brock's saloon and arrested him together with an Indian and a Mexican. On the way to the jail at the fort two other troublesome Indians were arrested and all six were placed in jail. They made the night hideous with their yells until silenced by the hose being turned upon them. Tuesday they were brought to Vernal.

The charge of selling liquor to Indians is made against Brock, the saloonkeeper, whose bonds have been placed at \$6,500.

## AMERICAN FORK

### SCHOOL OPENING.

### Large Enrollment in High and Grade Schools—Teachers and Principals Special Correspondence.

American Fork, Utah Co., Sept. 9.—The public schools of American Fork commenced active work Tuesday with the largest enrollment ever recorded in the history of this city. Under present plans every student must be enrolled during the first two weeks. This accounts for the heavy registration during the first few days. There are over 1,200 children enumerated in the school census. Of this number over 900 have thus far been enrolled.

The buildings and grounds are in an excellent condition, and all text books and supplies have been received. Most of the last year's teachers were retained. The names of the instructors, together with the grades which have been assigned for the coming year, appear for the first time as follows:

District superintendent, Prof. Osmon Justensen; supervisor of music, Lottie Owens; principal of High school, Prof. Henry Sole, B. A.; principal of the Forbes building and eighth grade, B. V. Black; principal of the Harrington building and fourth grade, Miss Clarice Arnold; seventh grade, W. D. Stewart and J. Welton Ward; sixth grade, George Larson and Miss Duncombe; fifth
