Alderman Who Gave Sign of Becoming a Reformer Turns Up Missing.

COMMITTEE GETS RESOLUTION

Race Track Gambling Matter Not Allowed to Go by the Board Despite Fact of His Absence.

Councilman Louis D. Martin, who died last week as a moralist, reformer and philanthropist, much to the surprise of the other members of the council, did not "show up" last night at the meeting of the city council to present his resolution to instruct the chief of police to close up the horse races and betting ring which is being demanded by the business men and the citizens in general. It was rumored that Martin had made a flying visit during the week, and last night felt it his duty to attend the opening performance of "Three Weeks" at the Colonial.

They were appointed for thirty days without pay and each man was required to file a bond. The deputies are: E. A. Franks, N. O. O'Neil, P. Early, R. S. Stringfellow, M. Domm, George W. Richmond, George H. Crow, John Clawson, J. J. Smith and R. H. Stringfellow.

WOMEN WHO ARE ENVIED.

These attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They give the stomach, liver and kidneys, purify the blood, give strong nerves, bright eyes, pure health, smooth velvety skin, lustrous complexion. Many charming women owe their health and beauty to them. 50c at Z. C. M. I. Drug Dept., 112-114 S. Main St., Salt Lake City.

THE COUNTY FILM-FLAMMED.

After making some investigation last week the county commissioners discovered that they have been paying bounty on imported sparrow eggs. It is stated that eggs are being shipped in from Davis, Weber, Morgan and Utah counties where no bounty is paid. In view of this fact it was decided that the eggs should only be accepted at the sheriff's office on Saturday afternoons and the bounty is to be held there. The deputy in charge of the work has been asked to question the boys closely and to refuse bounty on eggs which have been shipped into Salt Lake.

PLEASING PIANO RECITAL.

The closing exercises of the piano department of Rowland hall were held last evening in the First Congregational church before an audience that entirely filled the auditorium. The program was one of pleasure for the many friends and patrons of the school who were present and a gratifying feature was the noticeable interest taken by the youthful performers in their work. A number particularly appreciated was the bridal chorus from Lohengrin by Prof. Flanders and Henry Oberdorfer at the piano, the Mrs. Skelton, violinist, and Mr. Presser, cellist. Bishop Spalding presented the medals, Miss Bonnie Miller being awarded the gold, and Miss Clara Higgins the silver medal, for general excellence in piano study during the year. The program included two solos from Mrs. Plummer, with a trio from Prof. Flanders, Mr. Skelton and Mr. Presser.

He was sentenced to six months on each charge, making 12 months in all he will have to serve in the city jail.

THE ROUND OF THE THEATERS

GRAND—Democritus the Abderite could not have laughed so heartily than did they who saw "The Blue Mouse" at the Grand last night. Being a Clyde Fitch comedy presented by the Shuberts it was expected to be above the ordinary and not sensational (trite) or dull. Such witness, such wealth of situation, such seeming tragedy seldom entered into a farcical comedy; and all hopes were fulfilled. But even droler Heracitus can be favored with too much of the rollicking philosophy of the Abderite, and so at the middle of the second act many were surfeited with merriment.

The first act is filled with spontaneity and humor; but the other two are overdrawn situations, and strained perplexity to such an extent that laughter becomes expressionless—a drag.

The story, a trifle racy, is based on the tangled web people weave when they mistake identities. Angus Rollett in order to win a railroad promotion introduces to the president, the "Blue Mouse" a pretty danseuse as his wife who cajoles and flirts with Lewellyn until he willingly grants her a divorce to make her "husband" superintendent. Mrs. Lewellyn suspects the real Mrs. Rollett; and so husband and wives are all confused.

As the "Blue Mouse" Elsa Ryan was charming, her thin little laugh and limblettish mannerisms of the amorous Messrs. Shubert having the keenest interest among the audience. Sharing equal honor with Miss Ryan was India Palmer as Mrs. Lewellyn, in fact the memory of her impersonation shines as quite the strongest of the whole play. In make-up, gesture, and voice she was a perfect specimen of the jealous old wife; and, joyful, as she was, over her divorce, her husband, it was the same—every movement a roar.

Just as good as Miss Ryan or Miss Palmer was Wilton Taylor as Lewellyn, the railroad president. Physically he is admirably fitted and histrionically he is good. It is little surprising that Messrs. Shubert have decided to "star" him next year.

Miss Eudora Daly was guest of honor at a pretty luncheon this afternoon given by Miss Edna Dunn, the decorations being carried out in the bridal colors pink, white and green, pink roses and bridal wreath being used with simlax and pink and white candle shades. GARBAGE MATTER DUE FOR AIRING

Health Commissioner Starts Something When Asking For More Help.

MEAT ORDINANCE PASSED.

Effective August 1. When Inspectors Will be Named—Market Under Consideration.

An investigation into the garbage department of the city board of health stirred up a bad odor last night at a meeting of the city council. It came up when Dr. M. R. Stewart sent a communication to the council asking for two extra wagons. Councilmen Fernstrom and Hall declared that the system was wrong and after some discussion the entire matter to the sanitary committee with instructions to install better service if possible.

The garbage haulers complain that their routes every day, but it is charged that the men gather up the heavy garbage and leave the light rubbish in the streets to blow back in the yards again. The garbage men are paid by the pound and they have found that they can not make quite so much money by hauling away all the garbage.

For the last three weeks complaints have been coming in so fast to the health department about garbage being left in the streets that it has taken two men to answer the telephones. Dr. Stewart believed that there was not enough teams to haul it away so he asked for two additional teams.

When his communication was read, Councilman Fernstrom said that there were plenty of teams if the men would do their work. "The system is wrong," he said, "that is what's the matter with the garbage department. If the city would pay the teamsters by the hour or the day the garbage would be moved without any trouble. As it is now the haulers take the heavy garbage and leave the rubbish and papers and stuff to blow about back in the yards, over the lawns and back in the lots again. I am in favor of giving the department two additional wagons until the matter can be straightened out."
