

MUST PAY DUES IN THE ALIMONY CLUB

Pair of Ex-Husbands Haled Into Court for Their Delinquencies.

ONE IS PUT IN JAIL AWHILE.

Edward Bartlett Ordered to Relieve Wife's Financial Stress—Joseph Coult Will Pay When He Can.

Until Edward D. Bartlett, an engineer on the Rio Grande Western railroad, pays his divorced wife, Mrs. Mary E. Bartlett, \$100 alimony, he will re-

main in the county jail. This order was made by Judge Ritchie yesterday afternoon, when he adjudged Bartlett in contempt of court. Bartlett took his punishment in a stoical manner and said he would probably make his permanent residence there if he could not get out so that he could work.

For the last four months, Bartlett has failed to pay his wife alimony of \$25 a month as ordered in the final decree which was granted last November. When he was called to the witness stand to show cause why he did not pay the alimony he said: "If my wife will stop talking I would just as soon go back to work and pay the alimony. She has upset my mind so in the last few months that I have been unable to give attention to anything. It takes a level head to run an engine."

He explained that he had not worked for more than three months, but he believed that he could go back to work again. He admitted that he earned on an average of \$200 a month when he was employed.

Judge Ritchie did not think that this was a sufficient reason why Bartlett had not paid his wife alimony, and committed him to jail until he obtained the money to pay up the alimony in arrears.

They were married on Aug. 19, 1896, in Salt Lake, and have a daughter, Mable, who is now 10 years old. In her complaint, Mrs. Bartlett charged

him with non-support. Since the decree was granted, Mrs. Bartlett has conducted a boarding house at Seventh South and Main streets.

Joseph Coult, a farmer in Sandy, who was arraigned before Judge Ritchie yesterday afternoon, because he was \$40 in arrears in paying his wife, Mrs. Edith E. Coult, alimony, was released upon the promise that he would pay \$20 to her this week. Mrs. Coult is confined to her bed and she and her three children by a former marriage are now county charges.

Coult has a family of five children by a former marriage and he declared that he was not able to support his own children. In the last six weeks he has made \$50 teaming, but has not succeeded in getting it yet. He borrowed \$1 to come to the city yesterday and explain his financial condition. In her complaint, Mrs. Coult charges her husband with non-support. They were married on July 23, 1906. There are no children as an issue of this marriage.

WIFE BEEN GONE A YEAR.

Harry S. Brownlee seeks a divorce from his wife, Mrs. Hattie Brownlee, on the ground of desertion in a complaint filed yesterday in the Third district court. They have a child, Adine, 3 years old, of whom Brownlee asks the custody. They were married in Salt Lake on Dec. 24, 1901. They have lived in Bingham canyon for several

years. More than a year ago, Mrs. Brownlee deserted him according to the complaint.

SEEKS TO PROTECT TREES.

Mrs. Minnie Prior Quay filed suit yesterday in the Third district court against Jane Doe Pettit and John Blenkinshaw to restrain them from cutting down the trees and shrubbery in front of lot 5, block 24, plat B, Salt Lake City, and laying a cement sidewalk. She also asks for \$200 damages for the alleged tearing down of a fence from around the property.

TO DECLARE MORTGAGE VOID.

The Western Union Building company brought a suit against Mrs. Annie D. Power yesterday in the Third district court to declare a mortgage which she holds upon some property null and void. This mortgage clouds the title of the corporation to the property and the complaint alleges that it has been satisfied. The real estate involved is described as lot 4, block 70, plat A, Salt Lake City survey.

The biggest \$5.00 plume value you ever saw. **KEITH O'BRIEN Co.** The Bargain Basement will interest you.

We Never Had a WILLOW PLUME SALE BEFORE

True we have conducted Plume sales, and the feathers were splendid, but this is the crowning sale of all because they are Willows.

BARGAIN REDUCTIONS FROM CLOSELY MARKED REGULAR PRICES.

We never exaggerate values; never make assertions which are not substantiated by facts. It would be easy to inflate value prices—but we tell you unhesitatingly what the values really are—and the reductions are just as much as we can afford to make. But they are worth while, for each willow feather is an emphatic bargain. \$2500 WORTH OF BEAUTIFUL WILLOW PLUMES TO SELECT FROM. The Willow Plume is far the most magnificent of the whole ostrich family. It is the fashionable feather in Millinery. It is the most gorgeous hat trimming in the market.

If you have a willow plume it is a luxurious possession. It gives an air of quality to your head dress, it will elicit admiration. The cost of a willow makes it exclusive. And then it is graceful. It completes the garnishing of a hat—very little other trimming being required.

The white plumes are pure white; the black ones are dense black; the colors and shades are creams of delicacy in the art of plume making.

Willow means extra long fiber, a superior feather, one that is hand tied instead of being glued. The cost of Willow plumes is greater than the usual plume, because of the fact that a long, perfect flue is securely tied to the end of each one in the feather. The knots are small, yet safe. The Willow represents the highest type of work that can be produced.

So we say to you: COME TO THE SALE and see these elegant Willow plumes.

You never heard of a \$5 Willow plume before, The fact that you do now is because we are featuring it.

- \$ 7.50—15 inch for \$ 5.00
- \$12.00—15 inch for \$ 7.50
- \$15.00—15 inch for \$10.00
- \$18.00—20 inch for \$12.50
