

COUNTY ADDS \$2,500 FOR ENCAMPMENT

Board of Commissioners Appropriates Additional Amount to Assist Committee.

PAUPER REPORT SUBMITTED.

Clerk Sabine Shows Expenditure for July of \$2,164.20, With Which 864 Persons Received Assistance.

In order to further assist the executive committee of the forty-third G. A. R. encampment in properly entertaining the veterans at the encampment to be held in this city next week, the county commissioners, in their regular session this morning, appropriated the further sum of \$2,500 to be turned over to the committee. This action was taken after full consideration of the circumstances, represented by Col. F. M. Sternett, executive director of the forty-third encampment. The expense of entertaining the veterans will be very heavy, and this additional sum voted by Salt Lake county will materially assist in making the encampment a decided success.

PAUPER CLERK'S REPORT. The report of the pauper department of the county for the month of July, was submitted by Pauper Clerk James Sabine. The report shows that a total of \$2,164.20 was expended for the relief of the poor during the month, of which \$1,784.60 was for merchandise and coal and \$380.60 for rents and railroad fares. During the month 259 families, consisting of 864 persons, were given assistance, the average amount received by each family being \$7.42, or an average per person of \$2.88. The report also shows that the amount expended during July of the present year was \$65.66 less than during the same month in 1908, when the relief of the poor of the county.

LITERARY WOMAN HERE.

Dr. Rosetta Luce Gilchrist the Guest Of Mrs. Emmeline B. Wells.

Dr. Rosetta Luce Gilchrist, a well known literary woman of Ashtabula, Ohio, left for the east this morning after spending Sunday in Salt Lake as the guest of Mrs. Emmeline B. Wells with whom she was intimately associated in women's work in Washington some time ago.

Mrs. Gilchrist, accompanied by her cousin Mrs. Francis Blakesley, has been on a trip to the northwest and took in Yellowstone park before coming to Salt Lake. Here she attended to services in the tabernacle and took a drive around the city in which she takes great interest from the fact that her father-in-law, William Parowan, was well acquainted with the Prophet Joseph Smith whom he knew in the old Kirtland days and of whom he speaks in high regard. She further remarks that the city of Parowan but time being pressing she could not take the long trip to meet them.

Mrs. Gilchrist is an authoress of some talent and is also a newspaper woman of ability. She expressed herself both interested and charmed in Salt Lake which she said gave every evidence of being a great city in the near future.

ARRESTED FOR LARCENY.

Frank Edginton, a young man of about 25 years of age, was arrested by Patrolman Pierce, this afternoon, at the Kenyon hotel, as a man wanted at Idaho Falls for larceny. Edginton is said to have stolen a suitcase, with a quantity of clothing and other articles, from some parties in Idaho Falls. When arrested Edginton refused to make any statement as to his guilt, and the police are now waiting to hear from the Idaho authorities.

DEATH OF MRS. PRIESTLEY.

Estimable Young Woman Crosses the Silent River, Saturday Night.

A particularly sad death occurred in this city Saturday evening at 7 o'clock, in the passing of Mrs. Nellie E. Priestley, wife of Donald H. Priestley, a respected employee of the Deseret News newspaper department. About an hour before her demise, the young woman had given birth to a fine little girl. For several months past her health had not been good, a persistent and distressing cough having greatly reduced her strength. Everything that medical skill, faith and loving care of relatives and friends could do was done in her behalf, but without avail. The deceased was the daughter of Mr. and Mrs. John Williams of the Fourth ward and was in the twenty-second year of her life. She was always active in church work, being a devoted Latter-day Saint, and among other positions which she filled with fidelity and ability, until recently, was that of member of the State Sunday school here. She was of a most gentle and lovable disposition, and greatly endeared to all who knew her. Her death is a great blow to her husband and family, who have the sympathy of a host of friends in the hour of their great bereavement. The funeral will be held tomorrow (Tuesday) at 2 p. m. at the Fourth ward meetinghouse. Friends of the family are invited to be present.

SEEKING NEW LOCATION.

Juvenile Court Commission Holds Meeting This Afternoon.

The juvenile court commission is holding a meeting this afternoon, at which the question of a location for the court will be considered. The court was ordered to vacate its present quarters in the joint city and county building a month ago. It is understood that the commission has inspected a suite of three rooms in the Dooly block, which is probably the best location for the court that can be secured.

ONE MORE WEEK OF PREPARATION

Next Monday Forty-Third Annual Encampment of G. A. R. Begins.

MORE FLOWERS ARE NEEDED

Committee Asks That Contributions Be Sent to Its Quarters in Boston Building.

One week from today and Salt Lake City will be the scene of the opening of the forty-third annual encampment of the Grand Army of the Republic. That the encampment will be well attended and a great success is confidently predicted by those in charge of arrangements for decorations, reception and entertainment. The various committees are working overtime and, although they have but five days more to work, it is expected all the details will have been worked out by that time and everything in readiness for the brave soldiers who fought to preserve the Union.

The work of decorating continues and will be completed by the middle of the week, so far as the main streets are concerned, but residents are urged to decorate as extensively as possible. In this connection an appeal has been sent out by the flower committee, asking the citizens to give all the flowers they possibly can during encampment week. They will be needed for button flowers, for the decoration of the float, and for decorations generally. The flower committee has headquarters at 223 Boston building, and those donating flowers are asked to send them there.

MANY ENTERTAINMENTS.

That the old soldiers will be well entertained while in this city is a certainty. Resorts will be open to them and they will be made to feel welcome. They will have free transportation over the city and into the resorts and the committee, wearing a little bronze button will find his money useless. The Saltair management has given Mrs. W. H. Jones, of the women's citizens' committee, wearing tickets for the wives and friends of the veterans. They will be given free transportation and the resort will be thrown open to them.

Another interesting contest will be for the next meeting place of the G. A. R. and St. Louis is out with a strong bid for the honor. A list of prominent business men asking for the encampment is one of the arguments, and the fact that the Business Men's league has offered \$100,000 for expenses. The delegation will leave St. Louis Aug. 6 over the Burlington route and arrive here on Monday, Aug. 9.

Death of Halseet Child—The friends of Ruth Wilson Halseet, who have been following her progress with anxiety, will regret to know that one of the most recent diagnoses of this morning, the mother was making fair progress to recovery and it is hoped the set back caused by her affliction, will only be temporary.

WHEN EXPERTS. Spend years in experimenting, and studying the most reliable methods, and the quality is sure to result. That is exactly what our experts did in developing PRUITED BITTER-SWEET.

Startup Candy Co., Provo, Utah, THE CANDY CITY.

of Two Cities," relates the killing of a boy under the wheels of a French aristocrat's fast driven equipage, as he returned from a ball in Paris to his villa—how he had a gold coin to the distraught father—how that coin was dashed through the window of the carriage at the feet of the occupant, by the outraged parent.

But there is no need of drastic measures on the part of the people, if the city authorities, both judicial and executive would keep the auto driver down to a pace, that would make the horse the equal of the automobile. If the driver of the \$2,000 or \$3,000 monster, the horse was here first—has the right to fast locomotion. Yet in the desire of fast locomotion, the auto has been allowed to usurp rights, which are not in accord with justice and equity.

Has the athlete weighing 200 pounds, the right to dash into a crowd of children just out of school, scattering them in all directions? Has the auto driver, leaving his little victims bruised and wounded, because he chooses perchance to crash through?

Has the man the right to stop his buggy to pick up his whip? This is not conceded by the man at Provo, who, with his hand on the wheel, has advised men out of their buggy lately.

The auto has come to stay, says the owner, and Mr. Farmer and horse owner, your team must get used to them—have you a horse, and a buggy, and a road to drive at a rate that your fastest horses can't maintain; now get out of the way or take the consequences, you have been advised.

Our old time friends, W. Phelps, wrote, "If you could tie to Kolob in the twinkling of an eye, there is no need of trying it, a poetical idea only; no practical way of doing it, though the spirit of the age is for speedy travel. Trains run over a mile a minute. Autos have exceeded this."

But the most cautious with any degree of human nature so strongly, it becomes necessary that the auto should be restrained, you that have the power, instead of a menace to public safety, and that the auto under condemnation, and that there are many owners of autos who use them in a manner that is not objectionable, facing men and people who recklessly speed themselves to death, may go to their graves with the same ease as the fools who, from some coarse, unprogressive mind.

CARRIED TOO MUCH WEIGHT.

Greek is Overcome by His Load With-in and Without.

Gust Gleppace, a Greek, tired under the weight of a trunk weighing 160 pounds and a bottle of whisky, fell down, tired and weary, alongside of track eight miles west of town yesterday afternoon to rest—and to cause more excitement and flurry in the police and sheriff's departments than has been experienced in months. Another man, however, contributed to the excitement, or rather, was largely the principal when he dropped a word in telephoning to Police Lieut. Hempel that "a man was lying dead beside a trunk."

After all the available policemen and officials, including Chief of Police Barry and Chief of Detectives Sheets, Sheriff Sharp and deputies had hurried to the scene of the supposed crime, it was found that it was only a simple trunk which he had attempted to carry from Garfield, and too much "booze."

The Greek was brought into the emergency hospital, where his stupor was overcome, and today he related a story of having been held up and robbed by two other men. His story was too weak, however, for the reliance of the police or sheriff's office.

COURT NEWS.

HEATHS SUE JAPANESE.

More Litigation Involving Affairs of The Salt Palace.

Heath, Bros., owners of the Salt Palace, have filed suit in the Third district court against G. T. Hearsold and T. Maysuya, doing business as Hearsold & Co., George and S. E. Larson. In the suit the Heaths seek to restrain the Japanese firm from removing a fence, bleachers and improvements erected under contract with them on June 23 last. In the complaint it is set forth that Heath Bros. have a lease on the east one-third of lot 14, block 22, plat A, big field survey, and sublet a portion of it to Hearsold & Co. for two nights a week at \$300, payable \$15 a week. Plaintiffs allege that no part of this money has been paid, and there is now due the sum of \$125. The Japanese firm has threatened to remove the improvements on the premises, and this the plaintiffs seek to prevent by order of court.

RECEIVER IS ASKED.

Suit has been brought in the Third district court by John Reagan against Frank and Katherine Reagan, proprietors of the Reagan hotel at Garfield, asking that a receiver be appointed for the hotel, and that the amount be awarded him in the sum of \$5,550, alleged to have been advanced by him as a loan to the hotel on Jan. 13, 1908. The loan, it is alleged, was made to buy furniture and equipment for the hotel, and plaintiff claims that no part of the borrowed money has been returned to him.

RESISTS MOVING OF FENCE.

Charles H. Worthen, on behalf of the Fourth ward corporation of the Church of Jesus Christ of Latter-day Saints, has filed suit in the district court against the American Fox from removing part or all of a fence on the south boundary of land owned by the corporation in lot 8 block 16, plat A, Salt Lake City survey. A restraining order was issued by the court.

MAY FILE PETITION.

In Judge Ritchie's court this morning the Central Foundry company was granted permission to file a petition with the court in which the company's claim for damages for pipe furnished for the Salt Lake Public Service company, or the restitution of the pipe, is in the hands of a receiver. The petition of the foundry company to sue the Public Service company was denied, but permission to file the petition was given in lieu.
