

FEUDIST ADMITS DOUBLE KILLING

Two More Victims Added to the Dead List of the Hancock County, Tenn., Feud.

CLAIMS IT WAS SELF DEFENSE

Men Slain Were Unarmed—One of Last Hatfield-McCoy Feudists Pleads Guilty.

Knoxville, Tenn., Nov. 4.—A Hancock county feud of years' standing has broken out afresh, and today two more victims were added to the roll of the dead. James Yount, aged 20, and George Green, aged 16, are the last victims.

James Yount, who admits the double killing but says he did it in self-defense, surrendered to the authorities at Smeedville.

HATFIELD PLEADS GUILTY.

Los Angeles, Cal., Nov. 4.—With an eloquent plea that he knew he had committed a crime and was willing to take his medicine, but imploring the court to release him from prison before he became a gray-haired old man, J. W. Hatfield, one of the last survivors of the famous Hatfield-McCoy feud in Kentucky and a roan rider who fought at San Juan, told Judge Davis today in the superior court that he had run away with 14-year-old Pearl Eastman of Ventura county because he wanted to marry her.

Hatfield's brief and simple recital of the story of his life brought tears to the eyes of the listeners.

"I have done wrong," the prisoner said, "and I want to be sentenced, judge, and to serve a prison term; but I don't want to come from prison a white-haired man. I want a chance to be a good citizen and to help my old mother when I come out."

"I want to marry this girl. She was willing but her grandparents would not let us. I was a hired man on their place at Ventura. When her grandfather opposed our marriage we ran away. Back in Kentucky that was no crime."

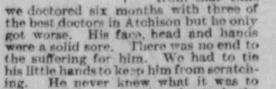

"My father was killed from ambush by one of the McCoy's. My mother has no one left to support her. I served in

LITTLE SUFFERER FROM ECZEMA

Grew Worse in Spite of Six Months of Ablest Treatment—Face, Head and Hands Masses of Dreadful Humor.

A SINGLE SET OF CUTICURA CURED HIM

"I feel it my duty to let you know with what success I have used the Cuticura Remedies. When our baby was seven weeks old he broke out with what we thought was heat but which gradually grew worse. We consulted a doctor. He said it was eczema and from that time we doctored six months with three of the best doctors in Atchison but he only got worse. His face, head and hands were a solid sore. There was no end to the suffering for him. We had to tie his little hands to keep him from scratching. He never knew what it was to sleep well from the time he took the disease until he was cured. He kept us awake all hours in the night and his health wasn't what you would call good. We tried everything but the right thing. Finally I got a set of the Cuticura Remedies and am pleased to say we did not use all of them until he was cured. We have waited seven months to see if it would return but it never has and today his skin is clear and fair as it possibly could be. I hope Cuticura may save some one else's little one's suffering as their pocket-books. John Leason, 1403 Atchison St., Atchison, Kan., Nov. 3 and 17, 1908."

of the Spanish war at San Juan hill. I have been a ranger in Texas and Arizona and have been a deputy sheriff in California. I know I have violated the law and want to pay the penalty."

He accepted sentence without a word.

GEN. J. J. COPPINGER DEAD.

Washington, Nov. 4.—Gen. John J. Coppinger died tonight at his residence here of pneumonia.

Gen. Coppinger married Alice Blaine, oldest daughter of the late James G. Blaine, in February, 1882. Mrs. Cop-

pinge died in 1880, leaving two sons, Blaine and Conor Coppinger, who survives. Since his retirement he had resided in Washington. He was for years one of the governors of the Metropolitan club, to which office he was re-elected but a few days before his death. The funeral will be held Saturday morning.

PREST. TAFT URGES LOYALTY TO LAW

Macon, Pa., Nov. 4.—President Taft in his speech at the fair grounds today touched on the constitutional limitations placed on the authority of the executive and declared he did not think regarding the statutes was the best method of removing limitations that interfere with reform.

The Federal Constitution, he said, had been drawn with great wisdom and there were few respects in which it could be improved. "All I have said," he went on, "brings me to a little sermon on the wisdom and necessity of following the law as it is. Sometimes in the past and enthusiasm consequent on desiring reform, we find impatience with the limitations of the statutes that prevent the immediate accomplishment of our purpose and we are tempted to disregard and ignore them."

"But I think you will agree with me that it is not the best way to get rid of the limitations that interfere with progress. The people should be told of the limitations, they should be aroused to the necessity of wiping out these limitations and to the necessity of a change. They should not leave it to the executive to disregard the written law, because what he proposes to do is the law of higher morality."

Such a disregard of the law, the president said, would soon lead an executive to a wilderness out of which he could not guide himself.

"First make your law according to your desires and ambitions," said the president, "and then follow it."

"I am telling you of these limitations of the executive and of the duty of the Congress, because this winter I expect to recommend a lot of things to Congress and I want you to know where the responsibility lies if they fail to pass."

THOUSANDS OF BLUE LAW INDICTMENTS DISMISSED

Kansas City, Mo., Nov. 4.—More than 4,000 indictments, returned during a "Sunday blue law crusade," made by Judge William H. Wallace, were dismissed by Judge Lathrop today. Prosecutors Vigil Combs moved that they be dismissed, in keeping with a pre-election promise.

The Wallace crusade was the most spectacular ever attempted here. Immediately following his appointment to the criminal bench by Gov. Folk, in 1908, Judge Wallace announced that

CURES ECZEMA QUICKLY

New Discovery Has Revolutionized the Treatment of Skin Diseases.

Nothing in the history of medicine has ever approached the success of the marvelous skin remedy known as poslam, which, it is safe to say, has cured more cases of eczema and skin diseases than any remedy ever offered for these ills.

The success of poslam is not at all surprising when it is considered that even a very small quantity applied to skin stops itching immediately and cures chronic cases in two to three days. Worst cases of eczema as well as acne, herpes, tetter, piles, salt rheum, rash, crusted humors, scaly scalp and every form of itch, yield to it readily. Blemishes such as pimples, red nose, muddy and inflamed skin disappear almost immediately when poslam is applied, the complexion being cleared overnight.

Every druggist keeps both the 50-cent size (for minor troubles) and the 32 jar, and either of these may be obtained in Salt Lake City at the E. J. Hill Drug Co., as well as other reliable drug stores.

But no one is even asked to purchase poslam without first obtaining an experimental package which will be sent by mail free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

He intended closing the town on Sunday. He called a special grand jury to return indictments against all persons who worked or kept their places of business open on the Sabbath.

Hundreds of indictments were returned daily.

The theaters were the special mark of the inquisitors. Blanket indictments were returned against whole companies. Only nine cases were tried. Seven resulted in acquittal and two in conviction.

JURY SECURED TO TRY LEROY BRINK

Basin, Wyo., Nov. 4.—Little difficulty was experienced today in securing a jury to try Leroy Brink, the first of the only cattlemen charged with the murder of three sheepmen in the Tom-bleep last summer. The jurors, most of whom are young ranchers, are: Robert Carroll, Penrose; William Lewis, Basin; W. W. Packard, Burlington; Frank Young, Metcalf; J. E. Brown, Clark's Fork; Charles Duncan, Lovell; Joe Vogel, C. E. Nelson, Lee Pratt, John Rutrough, Cody; John Donohue, Hyattsville; Charles Walton, Manderson. Difficulty is expected in paying the expenses of the prosecution, as the county is without funds and the banks have refused to cash the county warrants issued to jurors and witnesses. A number of wealthy sheepmen had promised to finance the prosecution today refused to accept the warrants.

ELEVEN MEN INJURED IN REAR END COLLISION

Great Falls, Mont., Nov. 4.—According to a special to The Tribune from Minot, N. D., 11 stockmen were injured by the rear of the Great Northern train running into the rear of a stock train at Rugby, N. D.

All of the injured were Montana stockmen except one railway man from Devlin's Lake. The stock train had taken the siding to allow the fast mail to pass, but the first named train had not completely cleared when the mail train came along. The latter struck the caboose on which were the stockmen, on their way to Chicago with cattle shipments.

The caboose was smashed and the inmates thrown in every direction, one three men in the caboose escaping unhurt. A car of horses was also smashed and the animals killed. The caboose caught fire, but no one was burned.

INTERCHANGEABLE OPERA FOR CHICAGO

Chicago, No. 5.—A gigantic system of interchangeable opera, giving Chicago a study in the continuous services of all the greatest operatic artists during an entire winter season, is to be an outgrowth of the city's newly established grand opera company.

With the arrival from New York yesterday of John Shaffer, publisher of the Chicago Evening Post, who has

purchased the Auditorium theater lease of Klaw & Erlanger for the establishment of the Chicago Grand Opera company, several new details of the project came to light. The most striking of these was the fact that arrangements have already been made for the establishment of a "gentleman's agreement" whereby the best American and European stars beginning next season are to be "syndicated" throughout the country instead of being retained in one city.

The focal points of the arrangements will be the Metropolitan Opera company in the New York, the Boston Opera company and the projected Chicago Grand Opera company. During the negotiations in New York, option contracts were entered into with several of the Metropolitan stars by which they are to be exchanged at frequent intervals with members of the Chicago company and similar arrangements are to be made with the Boston organization.

This will quickly cure symptoms of kidney and bladder trouble, such as pains in the back, rheumatic pains in joints, soreness in hips or groin, frequent highly colored urination, distention of the abdomen, puffiness under the eyes, etc. Chronic rheumatism, Bright's disease, diabetes can be avoided if these symptoms are treated promptly.

ITALIAN PRISONER MANACLED HAND AND FOOT

New York, Nov. 3.—Manacled hand and foot, Paolo Carminita, who is wanted in Italy on a charge of murdering his father, six years ago, has been brought here from Vera Cruz, Mexico, on the Spanish liner Montevideo. The man, who is a giant in stature, fought constantly against being taken home, and so strenuous were his efforts after the vessel sailed that he was put in irons and locked in a cell aboard ship. The same vessel will convey him from here to Italy.

We are the world's largest canners of solid tomato meat. We drain off all extra water. Most of our other brands, those that must sell on the cry of cheapness, are not so carefully packed and contain a great deal more water.

You will always be safe if you insist on Del Monte. While we probably put up whatever brand is offered you, you will not be sure of getting our choice unless it is Del Monte. Del Monte carries our name and guarantee. Most dealers can supply you. The price is 12½ cents a can everywhere.

This year we put up more than a million bushels. These were of varying grades and packed under 400 different labels. Some were for dealers who own their own brands. Many belong to us. But our choice brand, the one under which we pack the selected Tomatoes, using only those that are large, vine ripened and firm is Del Monte. Some few dealers have us put up for them a few of the Del Monte quality. A can of Del Monte Tomatoes is principally Canned Fruits and Vegetables Packed Where They Ripen The Day They're Picked
