

BILL NEWTON IS GENTLY REBUKED

He Uses His Police Court Bluster Before the Bar of the Higher Court.

OFFERS PROFOUND APOLOGY.

Called the District Attorney a "Political Ward Heeler" When the Judge Put Quietus on Him.

"Bill" Newton, an alleged attorney, forgot that he was in the Third district court this morning when he assailed Dist. Atty. Fred C. Looftbourrow, calling him a "political ward heeler" and he was cut off short by Judge T. D. Lewis, who informed him that such language would not be tolerated in the third district court. After Newton realized that he was not in police court, he apologized profusely to both the court and Mr. Looftbourrow.

John Purvey, the ex-convict, who was found guilty by a jury last week of holding up Finch's car, was brought before the court to be sentenced. Newton, who represented him, made a motion for a continuance until he could have time to prepare a motion for a new trial. He claimed that he had discovered new evidence, but on account of his heavy business in police court was unable to present it in an affidavit.

Mr. Looftbourrow objected to a continuance and asked that the man be sentenced. In a second motion Newton was on his feet and delivered a tirade of abuse against Looftbourrow and his political methods. Judge Lewis soon brought him to his senses and inferred that Newton was not in police court. Judge Lewis declared that such language as he used was not customary among men who practice at the bar. Judge Lewis gave Newton until Tuesday to present his new evidence in an affidavit and move for a new trial.

Dennis Murray, charged with having assaulted James McDonald with a knife last January, was arraigned this morning and pleaded guilty. He was sentenced to 30 days in the county jail.

MACK CASES CALLED.

The first of the macaqueux cases in the criminal division of the city court began Friday afternoon in Judge Bowman's court. Atty. William Newton representing the defense and Assistant City Atty. Daly and Dalton prosecuting. The defense filed a demurrer and during the argument on it there was a lively tilt between Newton and Daly, the former accusing the latter of trying to force upon the court his interpretation of the vagrancy law. Judge Bowman took the matter under advisement until Monday at 2 o'clock when he will render a decision that will either mean the discharge of 24 parasites or their trial.

SIX MONTHS IN JAIL.

In Justice Bishop's court Friday afternoon, Nip Berryman pleaded guilty to stealing \$5.50 from James Ecomes of Bingham several days ago. Justice Bishop sentenced the man to six months in the county jail. It is Berryman's fifth offense during the past three years, and Justice Bishop told the man that unless he changed his ways he would finally land in the state prison.

VICTIM SEEKS DAMAGES.

George Leslie, a minor, by his guardian Hannah K. Leslie, filed suit Friday in the Third district court against R. Ronda and S. Kataka to recover damages in the sum of \$1,000 for an assault alleged to have been made upon young Leslie by the Japs on Feb. 25 last. Leslie is 29 years old and it is asserted that he was attacked by the Japs with a knife and severely wounded.

O'NEILL GETS VERDICT.

William O'Neill obtained a verdict of \$1,692.67 Friday in Judge M. L. Ritchie's court against the San Pedro, Los Angeles and Salt Lake Route for damages to his property. The tracks are only 22 feet from the house and the train, O'Neill claimed, settled the foundation and cracked the walls.

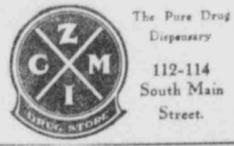

THIRDS ONCE MORE.

Mrs. Josephine Krouse filed another complaint for divorce against her husband, Albert W. Krouse, Friday following the dismissal of her suit last week. She charges him with non-support for the last two years. Mrs. Krouse wants to be restored to her maiden name Josephine Peterson. After being married 20 years, Mrs. Lillie L. Wilson seeks a divorce from George D. Wilson on the ground of non-support, in a complaint filed Friday. She asks for the custody of the four children and \$50 a month alimony.

SEEKS TO EJECT BLUE JAY.
C. W. Wilson brought a suit in the Third district court Friday to eject the Blue Jay Mining company from his property which was formerly the Blue Jay claims. Wilson says that in the last six years he has done work on the May Day property amounting to \$100 in the West Mountain mining district, but that the Blue Jay company claims the land and is encroaching upon it. He asks for an injunction pending the hearing of the case to establish the title.

MORRISON WILL FILED.
The will of Thomas H. Morrison, who died March 8, was filed for probate Friday in the Third district court showing that his estate was valued at \$30,990. It was accompanied by a petition asking that letters of administration be issued to Thomas H. Morrison, Jr., and George B. Morrison, as provided in the will. The estate consists of about \$5,000 worth of personal property and real estate amounting to about \$25,000. There are 16 heirs named in the will which was executed on April 12, 1909.

SEEKS WATER RIGHTS.

H. L. Thomas brought suit in the Third district court Friday against State Engineer Caleb Tanner and W. B. Albertson, receiver of the Salt Lake Public Service company, to compel the engineer to give him rights to water relinquished by the defunct public service company. The water rights involved are in Little Cottonwood canyon and Thomas' application is for the appropriation of 20 second-feet. It is alleged that Thomas filed his application on July 19, 1909 and Albertson filed his claim on Oct. 24, 1907 but that at that time the water was not open to appropriation, for the reason that there was a prior application filed on the same water by another party which had not expired. Thomas claims that his application was the first filing after the water was open to appropriation.

BISHOP SMITH RETURNS.

Says People of Honolulu Regard Latter-day Saints With Best Spirit.
David A. Smith, of the presiding bishopric, reached Salt Lake Saturday morning, from his trip to Honolulu, where he went several weeks ago to accompany home his brother, Wesley, who was taken with typhoid fever near the expiration of his labors in the islands.

Wesley has gained weight right along and except for his little lack of strength, is almost himself again," said Bishop Smith this afternoon. "I had gotten up from an operation for appendicitis a few days before I started on my trip, but I have gained 20 pounds, and am heavier than I have been for eight years, and am feeling fine. I found all the 20 missionaries out there feeling well, happy and contented. There are 2,969 saints in Honolulu alone. There is a good spirit existing towards our people out there, not only among the natives, but with the Americans as well. It is so uncommon thing for one of the other churches to invite a Mormon elder to occupy its pulpit. This is particularly the case with the Calvinistic churches. There was a great agitation on white I was there concerning the adoption of prohibition. The question is now before the people, and the prospects look favorable for Honolulu adopting prohibition. But the matter is being hotly contested by both sides, and will soon be decided by ballot. The only voters are the natives and the Americans."

ANNUAL REPORT OF L. D. S. HOSPITAL

Were 1,807 Patients Treated at That Institution During The Year 1909.

TOTAL EARNINGS, \$82,849.05.

Increase in Operations of 342 Over Previous Year, or 1,215 in All—Nurses Graduate.

There were just 1,807 patients treated at Groves' L. D. S. hospital during the year 1909, according to the annual report of John Wells, superintendent, to the board of trustees. Of these there were 69 remaining over from the previous year. Of the patients 1,392 were cured, 144 improved, 36 unimproved and 11 died. There were 38 births during the year. At the end of the year there still remained in the hospital 36 patients.

The expenditure for the year shows an increase of \$10,725.09 over that of the previous year, but some of this was due to the additional expenses of maintaining the new building. The medical department shows the largest increase, from \$4,470.60 in 1908 to \$9,577.81. There were repairs made which cost \$1,723.12. The two largest items of expense were for food and nursing. These were respectively \$26,382.26 and \$12,050.60. The total expenditures for the year were \$78,926.66.

It is in the earnings that the institution shows a marked increase. The total receipts for the year were \$82,849.05, an increase of \$14,335.07. The operations also brought in an addition of \$2,833.20. The total earnings amounted to \$85,682.25.

During the year there were 1,738 patients treated, of which 815 were male and 923 female. August was the record month with 189. There were 1215 operations performed, an increase of 342 over the previous year. Of these the females numbered 665 and the males 550. Additional operations performed by physicians were 1,303.

In his comment on the report, Superintendent Wells called attention to the generally improved service at the hospital, a marked raising of the standard of the medical staff. He notes that thirteen nurses have graduated during the year, a credit to the institution. The chiefs of all the departments of the hospital, with the one exception of pharmacist, are graduates of the institution.

BOUNTIFUL WANTS CARS.

Petition Received by Utah Light & Railway Company Today.

Bountiful has petitioned the Utah Light & Railway company to extend its lines to that town, guaranteeing right of way within the town and co-operation in securing from the county commissioners the right of way between Salt Lake and Bountiful. The petition was received today in the form of a letter signed by Willard G. Carr, secretary pro tem of the Commercial club of Bountiful.

The communication calls attention to the very inadequate service which is afforded by the present transportation and the vital necessity of bettering the present conditions. It is pointed out that Bountiful, with good transportation, would become a popular suburb of Salt Lake, as it has many points of vantage as a residence place. There is an electric lighting system and recently \$8,000 was voted for an extension of the waterworks system.
