# Starting Our Great Warehouse Removal Sale

Showing our new warehouse in course of erection. Made of reinforced steel and concrete. Thoroughly fireproof. With its completion we shall have about five acres of floor space—the largest exclusive furniture building in the west

1/3 of all our furniture at prices to move the goods  
Our booming business forces us to build this new warehouse as illustrated.

87 1-2 feet wide and 165 feet long it will almost double our selling and storage space. Pending its completion we have been forced to store in our basement and fourth floor all our reserve stocks. Of the several thousand pieces, each article has been first accounted for in our office books, then properly placed, ticketed and listed.

## And Now Comes the Rub

As a different stock-system has been devised for the new warehouse, the removal of these goods from their present location means a relisting, a re-ticketing, a re-placing throughout: an entire change in the office books plus an infinite detail of labor, which we intend to avoid.

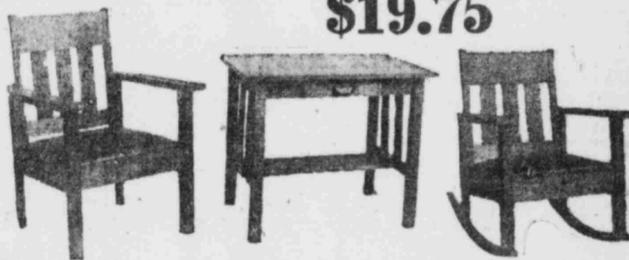

Into the new warehouse we shall not move a piece of furniture from our present quarters.

Therefore, furnish your home throughout at the lowest prices for which you ever bought high-grade furniture. Each piece of goods on sale—about 1-3 of the entire stock—is shown by a large red ticket in which is marked in plain figures the Removal Sale Price.

A feature of this great Removal Sale is the unusual easy terms—\$1 in \$10; \$10 in \$100. Better terms if wanted.

In this Removal Sale you can buy a set of Real Mission Furniture exactly as pictured for—

**\$19.75**

Though you would readily pay much more, the Removal Sale price is only \$19.75. \$1 payments.

## Offer Extraordinary! \$10 premium free with every

The Malleable Iron Range Co. maintain a standard price on their ranges.

Two months ago to celebrate the winning of the Gold Medal at the Seattle exposition, they permitted all dealers for a limited time to give a \$10 premium with each range.

Right at the start we sold so many ranges that the size assortment became broken and we were obliged, before the expiration of the time set, to discontinue the sale.

But by placing a conditional order for 5 cars we obtained permission again to offer with each range a \$10 premium.

The premium covers anything in the store—furniture, carpets, housewares, kitchen utensils, etc.—anything to the value of \$10.

In connection with this attractive offer we are demonstrating the advantages of the Monarch Malleable in our show window. Come in— with each Monarch goes a 10 year guarantee. Regardless of how long a time your Monarch has been used, we offer for it \$30 in gold.

**\$5 down, \$1 a week buys the Monarch Malleable**

## A dresser from our 3 room completely furnished outfit, **\$98.50**

Our three-room outfit gives you everything you need for immediate house-keeping. Bedroom, dining room and kitchen are complete to the last detail. If each article were bought singly the cost would be \$139.43, our special three room outfit price is \$98.50.

**\$1.50 a week pays for the outfit**

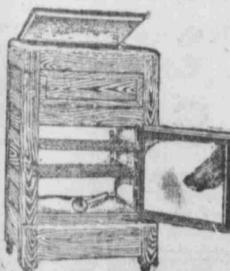

**\$1 down and \$1 a week buys this Refrigerator**

Buy your refrigerator now. \$1 down puts it in your home. In constructing our refrigerators, the manufacturers have only two thoughts in view—substantiality and service.

The outside cases are made of thoroughly air seasoned, kiln dried lumber. The inside is so constructed that the air is constantly circulating from ice chamber to provision chamber and return, hence the air is always cold, but dry.

Most of the refrigerators have adjustable shelves, removable waste pipes, spring hinges on provision chamber doors, metal ice racks, patent drip cups and all other up to date improvements.

Prices range from \$9.75 by easy steps to \$45.

As shown but with one shelf, \$9.75.
