HELMET, MASKETTE, FITZHERBERT. Judging by the large daily attendance and renewed interest that is being taken in the thoroughbred horse racing game, it is surely looked as if the sport of kings will within a short time regain the prestige it held some years ago before the anti-betting bills were passed. While the racing started at Aqueduct some weeks ago, the real opening of the eastern campaign begins at Belmont park May 12. The meeting promises to be a successful one from every standpoint. All the stars of the turf are mentioned as potential starters in the first big classic of the season, the Metropolitan handicap, to be run on the opening day. The distance is at one mile, for three-year-olds and upward, and enables one to get a good line on the field that will start in the Brooklyn and the Suburban. The entries include some of the best performers on the turf. It is in this event that Fitz Herbert will probably make his first appearance in the colors of his new owner, John E. Madden, King James, which won the Metropolitan last year, will try to duplicate his feat and take his former stable mate, Fitz Herbert, into camp. The entries are as follows: Charlie Hargrave, Prince Ahmed, Friscillian, Tasterful, Field Mouse, Magazine, Arcadio, Chieftain of Chesterbrook, Glorio, Apache, Berry Maid, Twilight Queen, Alfred Noble, Pulka, King James, Rostigouche, Pavette, Dalman, Joe Madden, Firestone, Bilarious, Helms, Maskette, Zwoyer, Linacre, Aronlack, Fannin, Roy H. Fitz Herbert, Hampton Court, Beauport, Falcaida, Glucose, Wise Man, Sir John Johnson, Trainer, Fashion Plate, Duke of Ormond, Everett Sandrian, Center Shot, Jack Atkin, Nealon, Par West, High Private, Stanley Fay, G. M. Miller, Baby Wolf, Sea Cliff, Sixty and Prince Imperial.

JEFF NURSES BLACK EYE AND BIG LIP

In Rough Bout With Bob Armstrong Gets Slightly Disfigured.

Ben Leonard, Col., May 9.—Jim Jeffries is nursing a black eye today as a result of his unsatisfactory fight with Bob Armstrong yesterday. Twice his negro opponent's glove marked the fighter's face. An uppercut scored skin from Jeffries' forehead in a spot which had been discolored by a blow from Billy Page's mitt last Saturday. His lip was also slightly split and bled continually while he and his black sparring partner were exchanging punches. It was a rough bout throughout and none of the cleverness the big fellow displayed in his boxing with Fitz Herbert and Paque Saturday was revealed. The trainers say that Jeffries' unusually heavy weight last night was partly responsible for the lack of glister in his sparring, the fighter having weighed himself by a steady run of four miles. The advent of Jack Jeffries supplies another heavyweight boxing partner for the former champion. It will require several days for the newcomer to condition himself to meet his burly brother, but he is expected to prove a valuable addition to the camp. Leonard and Paque have formed a strong friendship and the big fighter has asked the "Blind Tiger" to reappear following his fight with Joe Thomas in San Francisco this week.

JACK JOHNSON ARRANGES DAILY TRAINING PROGRAM

San Francisco, May 9.—Jack Johnson's followers are well pleased with the showing made by the fighter in his upset victory yesterday. The 13-mile road jog and many professed to be agreeably surprised at the excellent condition in which Johnson appeared. Johnson's announced intention of taking things comparatively easy while he generally recommended Johnson says that his road exercise yesterday was the first real work he had done in preparation for his meeting with Jeffries. What he did at Chicago, he declares, was more for the benefit of photographers than for himself. A tentative program has been outlined for Johnson's preliminary training. For the first two weeks he proposes to put on the gloves three days a week, Wednesdays, Fridays and Sundays. Later he will increase this to four days a week, appearing in the gymnasium on Tuesdays, Thursdays, Saturdays and Sundays. No boxing will be done until after the first week. After posing for pictures yesterday afternoon, Johnson wandered back to his quarters, accompanied by a crowd of fans. Wine was uncorked but the pugilist slipped away from the bubbling bottle and called for beer. "Buttermilk is good for you," he remarked. "It don't put on any weight and it keeps you in good condition."

WEALTHY CUBAN TALKS TOO MUCH BASEBALL

New York, May 9.—Because he talked too much baseball, Arthur Lacayo, a wealthy Cuban, who resides in this city, has been committed to Bellevue hospital for examination as to his sanity. The commitment was made at the request of his daughter, who became alarmed over her father's condition after he remarked in the lobby of an uptown hotel that he was confident he could "beat any ball player in the National League."

COLE TAKES TEAM MATE.

Bay City, Mich., May 9.—H. Cole as he was known in a regular catcher in the Chicago National League, and Miss Ada Seder were married last night. The wedding was the culmination of a romance which began when Cole was pitching for the Bay City team last year.

BASEBALL GOSSIP.

In the St. Joseph-Des Moines game of April 25 Des Moines made 22 hits and 24 runs in St. Joseph's 12 runs and 12 hits. Second baseman Coleman of Des Moines made four hits in five times up.

GIANTS HELD DOWN.

Chicago, May 9.—Pfeister held New York to three scattered hits today and Chicago won, 2 to 1. In the eighth inning a ball hit the pitcher and he was taken to the hospital.

USED SEVEN PITCHERS.

Pittsburg, May 9.—After 26 hits and 12 runs had been shared equally by Pittsburg and Brooklyn today, Pittsburg took the game in the ninth on two wild throws by catcher Ewing. Seven pitchers were used.

CARDINALS TAKE FIRST ONE.

Cincinnati, May 9.—Morgan and Beebe each had a lead inning today. Cincinnati made four runs in the sixth and Philadelphia tying in the eighth. In the ninth Philadelphia won out by hitting Morgan.

RALLY CAME TOO LATE.

St. Louis, May 9.—St. Louis took the opening game of the series with Boston today, 2 to 1. This was done despite a contributing rally on the part of the visitors. Manager Lajoie hit for a hit in the eighth, but the rally was too late.

CORBETT LEAVES FOR JIM JEFFRIES' CAMP

New York, May 10.—Jim Corbett, unless he changes his plan, will leave New York this afternoon for the training camp of Jim Jeffries. Corbett is in pretty fair condition himself and says that after he has been at Jeffries' camp for a few days he will be able to make things hum in the ring. Corbett is allowed to have unlimited authority at the camp. It is believed he will make several important suggestions, among them being the engagement of two negro heavyweights who can mix it up with Jeffries in earnest. Corbett's friends say he favors the engagement of a new heavy, Kaufman, Barry, Flynn or Ross, who can hit hard and is also big and strong enough to receive heavy blows without flinching. That kind of work, in Corbett's opinion, would do Jeffries more good than anything else, but it remains to be seen whether Jeffries accepts this advice with favor or not.

GIANTS FIGHTING DAYS OVER.

Baltimore, Md., May 10.—The fighting days of Joe Judge, who for many years held the reign of terror over the Baltimore club, are over. Judge is a victim of tuberculosis, and he has been ordered to go to a sanatorium in the mountains. The physicians believe that he can no longer stand the climate in the east, and therefore have ordered the western trip.

LOS ANGELES BOXING BOUTS.

Los Angeles, Cal., May 9.—Promoter J. J. McGraw announced today a series of boxing bouts definitely arranged or in process of arrangement for May and June. The Low-Powell-Jones Meniscus, 5-round battle will take place on May 10. Instead of the coming Saturday, the winner to be matched against Wolgast for the championship. The changing of date is due to an injury to Jones. The champion Wolgast will be pitted against Owen Moran in a 10-round bout being during June. The Jack Burns-Bernie Ferguson engagement will be switched to Vernon and made a 25-round affair. The fight between May 20, the winner to be matched against Sam Langford. Lightweights Frank Conley and Pat Moran of New York will clash in a 25-round bout at Vernon on June 4.

METROPOLITAN HANDICAP WILL BE RUN FRIDAY

New York, May 10.—John E. Madden's Fitz Herbert, the champion 3-year-old of last season, is the favorite to win the Metropolitan handicap, which is to be decided at Belmont Park Friday. Handicapper Walter B. White has put odds of 12 to 1 on Fitz Herbert and Morgan in to take up 130 pounds, while King James, his former stable companion, is under 125 with Jack Arkin, winner of the Metropolitan of 1909, at the same figure. Sir John Johnson is next, with odds of 22 as his impost, and Maskette leads the mares with 12. Maskette will probably not be at the race, however, as the mare, which ran such a brilliant race a few days ago, has become affected by the influenza which attacked the Keene 2-year-olds at Sheepshead Bay last week and is now sweeping through the stable. Her failure to race will be disappointing to the followers of the sport, as there was much interest in her performance meeting with Fitz Herbert, which was the first race since last season when they ranked as the best 2-year-old filly and 3-year-old colt in training.

Handicaps for the probable starters in the Metropolitan are as follows:

- Fitz Herbert, 120; King James, 125; Priscillian, 135; Rostigouche, 135; Dalman, 135; Prince Ahmed, 143; Alfred Noble, 135; Sir John Johnson, 125; Rocky O'Brien, 165; Magazine, 165; Fashion Plate, 100; Sixty, 85; Prince Imperial, 57; Farwest, 100; Charlie Hargrave, 80.

Collegians Who Have Made Their Mark in Baseball

In the mind of many baseball fans there still lingers a fixed and ineradicable belief that the college ball player added to a professional club is an oddity and a conspicuous proposition. If they read of a college man signing with a big league team, they expect to see a wild-eyed youth with long, flowing hair, a little cap set upon the extreme back of his dome and a bunch of educated language bristling with phrases too abstrusely complicated for any one outside of college.

Of the Brooklyns, McMillan went to some southern college, Marshall to a medical school, McInerney to some university in the south, Scanlon to a medical college, and Wilhelm, almost 20 years ago, was the crack pitcher of an Ohio school.

Overall, of the Cubs, was a football star at California university, Reulbach pitched for Vermont and Notre Dame; Chance went to some California college, and Hoffman, Kane and Stanley got pitched for Vermont and Notre Dame.

Huggins, of the Cubs, went to law school, Dubois to Notre Dame, and perhaps some more of the big boys are from the little colleges.

Nothing is known to the educational attainments of the other players, but it is likely that several of them went to inland colleges. Oh, yes, Dave Jones is from the little college at St. Louis.

S.S.S. BEST SPRING TONIC

Every one should take a tonic in the Spring; our systems require it. The change in the seasons produces a like change in our bodies, and more is required of the blood, from which source we receive physical nourishment and strength, at this particular time than at any other. Almost every one feels bad in the Spring. Some have no particular sickness, but are debilitated, run-down and weak, and their systems are in a general state of disorder. This deranged condition of the health is due to weak, anemic blood; the circulation is infected with impurities which have diminished its natural nourishing powers, and the body is suffering from deficient blood nutrition. The refuse and impurities which naturally accumulate in our systems are not properly expelled in Winter, because those members whose duty it is to perform this work of drainage do not receive sufficient stimulation from outdoor exercise, and therefore grow dull and sluggish in their action; nor is the skin as active in eliminating waste matters in cold weather because the pores are not so open as in warm seasons. These Winter accumulations pollute the blood and largely destroy its nutritive qualities, and when Spring comes, and everything takes on new life, and we change our method of living, the circulation is so weakened that it is unable to supply the increased demands of the system. Then we suffer from weakness, nervousness, loss of appetite, lassitude, etc. There is a constant worn-out feeling, sleep is not refreshing, and we do not feel able to perform the ordinary duties of daily life. This disordered condition demands the use of a tonic, and it should be one which has the additional qualities of a first class blood purifier, for to restore health and strength the blood must be pure. The healthful botanical ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they build up and strengthen every portion of the body, make it the best of all Spring tonics. S. S. S. is Nature's medicine, free from strong mineral mixtures and made entirely of the healing, cleansing juices and extracts of roots, herbs and barks; a safe and pleasant tonic for persons of any age. S. S. S. is not only the best Spring tonic, but its ability and worth as a genuine blood purifier is universally recognized. It builds up the depleted system in the true way, by purifying the blood and supplying an increased amount of nourishment to every portion of the body. S. S. S. removes all accumulations from the circulation, enriches and purifies the blood and overcomes the unpleasant physical ailments that always come with Spring. It rids the body of that tired feeling, improves the appetite, reinvigorates every fibre and tissue of the body, and imparts healthful energy to all who are run-down. The body cannot be strong and well if the blood is weak or impure, and no tonic should be used which does not thoroughly cleanse the circulation. If you select S. S. S. as your tonic this Spring you will experience better results and more vigorous health than ever before, because it will make your blood "just right." Insist on getting S. S. S., there is no other "just as good."

PRETTY GOOD EVIDENCE. I have used S.S.S. and found it to be an excellent blood purifier and tonic. My blood was weak and impure, and as a result my system became very much run down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in bad shape. Seeing S.S.S. advertised I began its use, and an well pleased with the results after using it for some little while. From 139 pounds to 165 is pretty good evidence of merit on the part of S.S.S. and as to my appetite, it is superb. My system and general health have been wonderfully built up, and I do not hesitate to give S.S.S. the credit for it. H. MARTIN. 50 Second St., Warren, O.

MASCOT SUFFERED MORE HARDSHIP THAN WESTON

After plunging through miles of thick mud, floundering about in seas of mud, climbing mountains and wading through the sands of the desert, the two-cylinder Maxwell ranabout, which has been described as Weston's constant companion through his hard journey on foot from the Pacific to the Atlantic, is now garaged in New York where it is inspected daily by hundreds of interested motorists. The car is a close second to Weston from an interest standpoint, as it is smeared with mud of various hues covered with adventitious stickers, hundreds of initials and scores of names scratched on by people in the states through which Weston passed on his record-breaking trip.

STARTS ACROSS COUNTRY ON ROLLER SKATES

New York, May 10.—Abraham Levine, a Patterson, N. J., newsboy, has just left New York on roller skates, with San Francisco as his objective point. He is accompanied by Max Bickel, another youthful enthusiast, who will follow him on a bicycle, carrying the necessary luggage. The boys carry a note from Mayor Gaynor to the mayor of San Francisco. They were started from the New York city hall by Edward Payson Weston, the pedestrian.
