

REVIEW OF PREVAILING ATHLETIC SPORTS

TO NOW LIFT ENTIRELY OFF

It Lake to be Wide-Open So Far as Prize-Fighting Goes.

INGS IN DROVES FOREGATHER

m Thinks What Was Done at Saltair May be Done at Salt Palace.

After the encouragement given prize fighting at Saltair by the county authorities, Manager Hardy Downing takes off the limit in his bouts at Manhattan club and match amateurs and professionals as well at Salt Palace. For Monday night he will stage four six-round amateur fights as a beginner in taking off the limit. Three ten-round bouts will be on a week from Monday night and that time a match will be made between a twenty-round fight with professional prize money.

Downing went to the city Attorney Job P. Lyon to find out where he stood in the game. The city Attorney Lyon had no objection against the Manhattan club and no objection against the Saltair club. In fact, he was in favor of the Saltair club when the management was in the city. He was in favor of the Saltair club when the management was in the city. He was in favor of the Saltair club when the management was in the city.

Ben Lomond, Cal., March 21.—Brother Jack Jeffries professed great surprise at the speed shown by Jim in yesterday's boxing bouts. The three whirlwind setos in which the retired champion participated, left him strong and eager for more and as Jack watched Jim winding up his exercise with a pulling and hauling match with Farmer Burns, he remarked:

"Jim is a whole lot stronger and harder than he ever was before. I sparred with him continually in his former training seasons but I don't believe he was ever such a terror with the gloves as he is right now. Jim rushed me right off my feet. I thought he was going to do most of my boxing with Jim. If he is as good for three rounds as he used to be, he'll give me an awful good rub. I'm going to cut loose on him, and if he can stand the pace, there'll be some smashing bouts."

Mr. Lyon claims that "Peanut" Ogden is a "fake" fight here once and a while to allow him to fight again in the city. On this account several fights were taken to Ogden. Since the fight game has been opened in Salt Lake, prize fighters of all creeds have arrived daily by the "left ided" route and are begging for a star raiser every Monday night at Manhattan club. About every other night in the country has made a bid for a fight here since the game opened.

Johnnie Thompson is matched to fight 20 rounds with Frank Blinn at Saltair on June 7. "Pete" Sullivan was knocked out by Thompson in a fight here since the game opened. He is in town and has asked for a match with Leach Cross. Maurice Thompson also stated that he will fight Sullivan here.

Hardy Downing has wired for Jimmie again of San Francisco to come here to fight 20 rounds with Frank Blinn. He is in town and has asked for a match with Leach Cross. Maurice Thompson also stated that he will fight Sullivan here.

For Monday night the card at the Manhattan club has been announced. There will be four six-round fights. The card is as follows:

Lightweights—Harley Ross, Gardner; Young Forbes, St. Louis.

Welterweights—Chick Vaughn, Eymore; Kid Davis, Salt Lake.

Velterweights—ike Cohen, Denver; ik Fedden, Omaha.

Heavyweights—Jason Hays, St. ore; Jack Downey, Denver.

The card speaks for itself, and a "kicked house" is promised.

With riders coming from every direction the fastest bunch of bicycle racers ever seen at the Salt Palace track will open the season on Decoration day. Floyd McFarland and Jackie Clark, two of the fastest sprinters in the game, arrived this morning from New York. They have been racing in Paris during the winter season and took a good many of the big purses. Whittler, who broke all the world's records on the motor-drome in Los Angeles, leaves for Salt Lake on Tuesday. Browney Carslake of Kansas City will leave the middle of the week and Gordon Walker and Jack Keefe arrived from Australia last Tuesday.

Manager Harry Hoagren of the Salt Palace touched the wire, connecting with all the riders during the last three weeks besides a number of others. His telegraph and cable bills amounted to more than \$100. He has now had the boys all headed toward Salt Lake. Saxton Williams, Jack DeMara and half a dozen other riders will be here this week who are slow.

Valdberg, Hardy Downing, Wilcox, Tommy Morris and Gordon Walker, who are here, and a number of others are training every night at the saucer track for the coming season. The amateur season is also showing up well this week. Jack Hume will be back so will Phil Wright. The local riders will be in the lead.

Men besides several new riders from Los Angeles.

The saucer track will be in excellent condition this season. A new lighting system has been installed which makes the track as light as day. There are 22 arc lights around the track, eight more than last year, and they are hung out over the saucer track. The new stand to the reserved grand stand have been torn down and new ones about twice as wide and twice as high. The new stands have been placed in the reserved stand and about 20 additional chairs have been installed. The new stand has been repaired. The track is being repaired in several places and a fresh coat of paint has been placed on the sign on the inside of the arena.

Athletes From Provo, Logan and University Compete on Cummings Field.

In special trains from Logan and Provo, the B. Y. U. track team and the A. C. U. athletes, accompanied by hundreds of supporters, arrived this morning with colors flying to participate with the University of Utah in the state track meet which is being held this afternoon on Cummings' field. Each team has developed wonderfully since the final meets and several state records will go by the board if the stars repeat their practise performances. The division of points will no doubt be close as the rivalry is keener than ever this year.

U. in the mile will run his last race in this meet, for he graduates this spring. Coach Joe Madlock of the University also retires from his position which he has held for five years and the students will no doubt give him an ovation this afternoon.
