ANOTHER TRICK BY SUPERIOR TRIO

Moreton, Mulvey and Reed Spring One More Game on The Council.

TRYING TO LAND LICENSE.

Desperate Attempt to Give Emil Lehman Privilege of Selling Liquor At Salt Palace.

In a last desperate attempt to give Emil Lehman a license to operate a saloon at Salt Palace on its opening day, Memorial day, Councilmen Moreton, Mulvey and Reed, last night attempted a trick that even included a violation of the statutes governing the council.

It being the regular committee meeting night, President Ferry, an opponent to the granting of a license at Salt Palace, was not present, and his absence gave Moreton and Mulvey what seemed to them their opportunity.

Just as the members of the various committees were settling down to their work, they were surprised to hear City Recorder Rivers being read of a call for a special meeting of the council. The call had been hastily prepared by the trio who are so anxious to accommodate Mr. Lehman. The call was hardly concluded before Mr. Mulvey moved that Councilman Moreton be made president pro tem. As soon as Mr. Moreton took the chair Councilman Reed was on his feet ready to move that the former action of the council denying the license to Lehman should be rescinded and the license granted.

The Councilman Fernstrom got in first with an objection to the holding of the meeting and Councilman McKinney joined in the protest. Councilman Hall also protested, denouncing the holding of the meeting as being wholly irregular. Messrs. Mulvey and Reed contended that the meeting was legal in every way, but Mr. Hall drew the state's attention to the fact that a special meeting of the council may be called by any two members yet all members of the council must be notified either by mail or by leaving word at their homes. It was admitted that W. Mont Perry, E. G. O'Donnell and A. J. Davis had not been notified, but when it was suggested that Mr. Ferry could be communicated with by telephone, the plotters were willing enough to adjourn their "special" meeting. There will be no record of the meeting made upon a minute book of the council proceedings.

L. D. S. HIGH SCHOOL SENDS OUT EIGHTY

Well-Equipped by Generous Education For Manly Part in Life's Battle.

Barratt hall was crowded Thursday night by distinguished visitors, the faculty, instructors, students and friends of the L. D. S. university, who had gathered to listen to the commencement exercises given in honor of the 80 graduates from the high school department. President Anthon H. Lund delivered the diploma. The hall was artistically decorated in the university colors, gold and blue.

Miss Martin rendered a piano solo. Joel Richards delivered the valedictory address, the theme of which was the encouragement to higher learning held out by the Mormon Church, paying a high tribute to the industrial and spiritual triumphs of the country.

Prof. William C. Clive rendered a violin solo, receiving a hearty encore. President Anthon H. Lund gave the students a strong fatherly talk.

John C. Summerville rendered a tenor solo. President Joseph E. Taylor delivered the principal address of the evening. He reviewed the history of the university, and congratulated the young graduates on the success, and advised them to employ the knowledge thus gained in wise and legitimate channels.

COUNCIL COMMITTEES.

Street Railway Traffic to be Regulated—Fourth North Grading.

After having before it for some time the proposed new ordinance relating to street railway traffic, the municipal law committee last night approved the ordinance in its amended form and will recommend its adoption by the council. The ordinance is designed to improve the traffic on the highway and to protect the public from accidents. The ordinance will come into effect on Monday, June 6.

The petition for the improvement of Floral avenue was approved by the engineering committee last night. The committee recommended that the petition be referred to the board of public works for their consideration.

The Finance committee will recommend that the petition of the Spanish War Veterans for an appropriation of \$100 to defray the expenses incurred in the observance of Memorial day be granted.

J. W. Mellen will be permitted to complete the work of grading Fourth North street between the city hall and the Washuta drive, after having been stopped by order of the city council. The council some time ago held up the contract, but the streets committee last night decided to have the work continued. The time lost by the contractor through the action of the council will be added to the board's extension.

SWINDLER CAUGHT.

Alfred Donald Walk, Check Manipulator, Arrested at Williamsport, Pa.

Word was received here Thursday of the arrest Wednesday night at Williamsport, Pa., of Alfred Donald Walk by Pinkerton detectives for swindling the National Bank of the Republic out of \$75 by an intricate "checking in" system. The offense was committed May 7, and since that time detectives have followed him to this country.

The man traveled under many aliases and it is claimed swindled scores of banks in various parts of the country. He opened an account at the local bank of \$20, drawing the same on the Mercantile National Bank of San Francisco. On May 5 he presented a check for \$75 at the National Bank of the Republic and succeeded in getting the money. He then fled for Denver and Pinkerton detectives chased him from city to city, finally arresting him at Williamsport.

A complaint has been filed by the county attorney against Walk, and requisition papers were issued from the governor's office Thursday afternoon. He will be brought back by Sheriff J. C. Sharp.

CINNAMON BEAR KILLED.

Near the summit of the mountains east of Kayville, Charles Jacobs, a shepherd, the forepart of this week met and vanquished a 400-pound cinnamon bear which had destroyed about 20 head of his sheep. When within a few yards of him, Jacobs opened fire with his rifle, and today the body of the four-footed sheep stealer is on exhibition at a meat market in this city.

SWALLOWED THE EVIDENCE.

Jury in Linnor-Selling Case Too Thirsty or Too Inquisitive.

Apparently not only desirous to "weigh" all the testimony but to test the evidence as well, the jury in the case of J. M. Doull, the druggist, charged with a violation of the liquor license, yesterday consumed one of the most important pieces of evidence. The body of exhibit A—a pint bottle of whiskey. The smile of lingering satisfaction, however, faded from the jurors' faces as they heard the testimony of the witness who told the jurors what he thought about the testing of the evidence.

Mr. Doull was arrested after he sold to Herman Bauer, secretary to Chief of Police Barlow, a pint of whisky on the night of Oct. 15, when he was in the police court and sentenced to pay a fine of \$20, but appealed to the district court. Yesterday the jury in the case returned a verdict of guilty to the charge of violating the liquor ordinance, but the district court judge says the jury will likely result in motion for a new trial being granted, and the state has lost some of its most important evidence.

The defendant will have until June 4 in which to move for a new trial.

WONDROUS CONSTRUCTION.

Some of Engineering Feats on Western Pacific Are Amazing.

E. C. Mulcahy of Elko, Nev., who until a few days ago was division head-keeper of the Western Pacific, with headquarters at Elko, is registered at the Cullen. Mr. Mulcahy says some of the engineering and construction feats shown on the west end of the line are an education even to old railroaders. A great many tunnels and cuts were necessary to keep the road to its rigidly enforced policy of a 1 per cent maximum grade. By July 1 it is expected to have passenger trains daily speeding over the various divisions from Salt Lake to San Francisco. When the Western Pacific railroad will be a factor in transcontinental railroading to be figured on, as its 500 miles of practically level roadbed gives it an advantage over nearly all long lines. The passenger time between this city and the coast will be reduced between four and five hours to begin with, and with a thoroughly seasoned roadbed this first passenger schedule will be considerably shortened.

"STICKERS' CLUB" OUTING.

The boys of the Y. M. C. A. "Stickers' Club" start out on their outing on Big Cottonwood canyon tomorrow, May 28, one party leaving at 2 p. m. and the other party at 10 p. m. The trip will be in charge of the "Stickers' Club" but any members of the Y. M. C. A. who want to go, are invited to get their tickets as quickly as possible and join the crowd.

GOLDFARB REARRESTED.

Nathan L. Goldfarb was released from custody in the criminal division of the city court Thursday afternoon

when Mayme Evans, with whom Goldfarb was accused of having improper relations refused to testify against him. The young man was immediately rearrested and charged with a statutory offense. The young woman was also arrested and complaints have been filed against them by the county attorney. It is understood that Goldfarb and the girl expressed willingness to marry to avoid prosecution, but it is doubtful if the authorities will permit it.
